15B. CONTRACTOR/OFFEROR	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA	16C. DATE SIGNED
(Signature of person authorized to sign)		(Signature of Contracting Officer)	

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

Block 14 (Description of Amendment/Modification): Amendment 0005

1. Questions and answers, Attachment XI, is updated.
2. Updated pricing guide instructions, Attachment IX.
3. Sections H and M are updated.
4. The Performance Work Statement, Attachment VIII, is updated.
5. FAR clause 52.222-90 is incorporated by reference.

Section A - Solicitation/Contract Form

The following changes have been made:

INFORMATION	FROM	TO
Response Due Date	05 May 2026	15 May 2026

Section H - Special Contract Requirements

Miscellaneous text in this section has been modified to:

SECTION H: ADDITION OF CONTRACTORS (ON-RAMP AND OFF-RAMP DURING THE LIFE OF THE CONTRACT) (SEP 2015)

To maximize the anticipated cost, management and technical benefits derived from the issuance of task orders issued under this Multiple Award, Indefinite Delivery/Indefinite Quantity (IDIQ) contract, the Government intends to add additional prime contractors over the life of this contract in order to maintain a sustainable environment at the task order level in support of a new and expanding academic programs.

If during the life of the contract, a prime contractor's academic offerings expand to include academic programs not originally included in its base contract award scope, the Government reserves the right to "on-ramp" these programs into the prime contractor's base contract. In addition, the Government reserves the right to "on-ramp" new academic programs not yet identified to the prime contractors' base contracts. The Government will issue a request for capability statements regarding the new program area and will "on-ramp" that program to contractors determined capable.

The Government reserves the right to issue an "on-ramp" solicitation for additional contract holders when the need arises for new academic programs. The solicitation will be preceded by a "sources sought" synopsis on the NECO (Navy Electronic Commerce On-line) and the GPE websites (<https://www.neco.navy.mil> and sam.gov, respectively) to help the Contracting Officer determine if potential additional prime contractor sources exist. It is anticipated the contracts resulting from the on-ramp solicitation will have a base ordering period that runs concurrent with the balance of the (base) ordering period of the contracts awarded on initial offers and the option period. Nevertheless, the Contracting Officer reserves the right to conduct the on-ramp earlier, if necessary to support the evolving needs of the existing academic programs.

The Government reserves the right to exclude contract holders from continued participation should they fail to adequately perform any aspects of their contracts or fail to actively participate in the task order performance.

MINIMUM AND MAXIMUM QUANTITIES (FFP, MULTIPLE AWARD IDIQ) (SEP 2015)

This contract is one of a set of Multiple Award Contracts (MAC). As referred to in paragraph (b) of the "Indefinite Quantity" clause of this contracts, each MAC contract has a total contract minimum quantity of \$500.00 worth of orders. The contract maximum for this individual contract is a total of \$ insert individual contractor's proposed amount at time of award worth of orders.

The maximum value of the MAC program is \$ insert the value of the largest individual contract at time of award.

APPOINTMENT OF CONTRACTING OFFICER'S REPRESENTATIVE (SEP 2015)

(a) The Contracting Officer hereby designates the following individual as Contracting Officer's Representative(s) (COR) for this contract:

NAME

CODE

MAIL ADDRESS

TELEPHONE NUMBER

(b) In the absence of the COR named above, all responsibilities and functions assigned to the COR shall be the responsibility of the alternate COR acting on behalf of the COR. The Contracting Officer hereby appoints the following individual as the alternate COR:

NAME

CODE

MAIL ADDRESS

TELEPHONE NUMBER

The limit on total orders under this contract is the total estimated dollar amount of the contract, as awarded.

Task Order Procedure Language per FLCN Handbook:

TASK ORDER PROCEDURES UNDER MACs (CPFF-FFP) (OCT 2019)

(a) General: Supplies or services to be furnished under this contract shall be furnished at such times as ordered by the issuance of a Task Order on DD Form 1155 by the Ordering Officer. All orders issued hereunder are subject to the terms and conditions of this contract. In the event of any inconsistency between any task order and the contract, the contract shall control. When mailed, a task order shall be "issued" for purposes of this contract at the time the Government deposits the order in the mail, or, if transmitted by other means, when physically delivered to the contractor. The contractor agrees to accept and perform orders issued by the Ordering Officer that are within the scope of this contract.

The base contract awards will identify which academic program area(s) a prime contractor is eligible for. The anticipated enrollment numbers will be based on the Government's anticipated needs with actual enrollment decisions being determined by the students and not USNCC.

(b) Ordering Procedures

As academic programs areas are identified in the base contract awards, task Orders will be issued based on the programs included in the contractor's base awards and anticipated student enrollment for the requested period of performance.

The Government reserves the rights to issue RFQs to obtain current credit pricing.

1. Request for Quotations (RFQ)

If applicable, the Ordering Office will issue an RFQ to current credit pricing. The anticipated enrollment numbers will be based on the Government's anticipated needs with actual enrollment decisions being determined by the students and not USNCC.

The RFQ will include the following elements:

Task order type (FFP)

Performance Work Statement (PWS) to include period of performance

- Maximum Credit Hours

- Inspection/Acceptance standards (if necessary)

Response date for receipt of quotations

2. Source Selection Process

Task order awards will be issued based on enrollment numbers and established pricing.

(c) Content of Task Orders. Task Orders will contain the following information:

1. Date of order
2. Contract number and order number.
3. For supplies and services, contract item number and description, quantity, and unit price and extended price or estimated cost and fee.
4. Delivery or performance schedule.
5. Place of delivery or performance (including consignee).
6. Any packaging, packing, and shipping instructions.
7. Accounting and appropriation data.
8. Method of payment and payment office, if not specified in the contract

(d) Oral Orders: Oral orders may be placed hereunder only in emergency circumstances. Information described above shall be furnished to the contractor at the time of placing an oral order and shall be confirmed by issuance of a written Task Order on a DD Form 1155 within ten (10) working days of the placement of the oral order.

(e) Modifications of Task Orders: Task orders may only be modified by the Ordering Officer. Modifications to task orders shall include the information set forth in paragraph (c) above, as applicable. Task orders may be modified orally by the Ordering Officer in emergency circumstances. Oral modifications shall be confirmed by issuance of a written modification within two working days from the time of the oral communication modifying the order.

Section J - List of Attachments

The following attachments were added:

Attachment IX Pricing Guide Instructions

Attachment XI Solicitation questions and answers

The following attachments were deleted:

Attachment VIII - USNCC CIAS PWS
Attachment XI - Solicitation Q&A

Section M - Evaluation Factors for Award

Miscellaneous text in this section has been modified to:

FAR 52.212-2 "Evaluation - Commercial Products and Commercial Services"

NOTE: Please see FAR 52.212-1 "Instructions to Offerors - Commercial Products and Commercial Services" above for information regarding the submission and evaluation of Step One submissions.

EVALUATION OF PROPOSALS (FFP BEST-VALUE/TRADE-OFF)

Proposal Evaluation:

Proposals will be evaluated in accordance with the instructions set forth in FAR 52.212-1, as well as the evaluation criteria contained in this section. The Government intends to award multiple FFP IDIQ contracts to the responsible offerors whose proposals represents the best value after evaluation in accordance with the factors in the solicitation by utilizing the tradeoff source selection process. The non-price factors will be rated utilizing adjectival ratings and definitions consistent with those provided in Table 3, Table 4, Table 5, and Table 6, as applicable, of the DoD Source Selection Procedures (which can be found at <https://www.acq.osd.mil/dpap/policy/policyvault/USA000740-22-DPC.pdf>). The offeror's proposal shall be in the form prescribed by and shall contain a response to each of the areas identified in FAR 52.212-1 "Instructions to Offerors - Commercial Products and Commercial Services." The Government reserves the right to award a contract to other than the offeror with the lowest priced proposal or to other than the offeror with the highest technically rated non-price proposal; award a contract without discussions; or award a contract after discussions, whichever is in the best interest of the Government.

All proposals will be reviewed for timeliness. If the proposal is received after the solicitation closing date and does not meet the criteria for "late proposals" in the solicitation, the proposal will not be evaluated. Timely proposals will be reviewed for compliance to the solicitation. If the proposal is not compliant to the solicitation, it will NOT be evaluated, and the Offeror will be notified that the proposal is non-responsive and, therefore, will not be considered for award.

The Government reserves the right to award without discussions. Accordingly, the offerors should submit its most favorable terms from non-price and price standpoints. However, the Government reserves the right to conduct discussions if later determined by the Procuring Contracting Officer (PCO) to be necessary. Offerors simply providing general statements or paraphrasing/parroting the PWS in whole or in any part may result in a rating of "Unacceptable."

The selection of offerors for award will be conducted in two Phases. Phase I will consist of evaluation of the Institutional Characteristics. Offerors who are determined to be Acceptable upon review of the Instructional Characteristics shall move on to Phase II. Offerors who are not determined to be Acceptable in Phase I will be notified that their proposal is no longer eligible for award and will not be included in the Phase II evaluation. Phase II will consist of the evaluation of Performance Approach, Academic Capabilities, Past Performance, and price. The non-price will be considered significantly more than price. Within the non-price proposal, Performance Approach, Academic Capabilities, and Past Performance are equally weighted. The Government's best-value award decision will be based upon the factors evaluated in Phase II.

The non-price factor of Performance Approach must be determined to be Acceptable or better in order to be eligible for award. If an offeror's Performance Approach is rated less than Acceptable that concludes the evaluation of that proposal (i.e., if Performance Approach is rated less than Acceptable, Academic Capabilities, and Past Performance shall not be evaluated).

A rating that is less than Acceptable in any non-price evaluation factor and/or less than a Satisfactory

Confidence rating in the Past Performance evaluation factor will render a proposal ineligible for award

consideration as submitted.

Institutional Capabilities:

-

The Institutional Capabilities factor will be evaluated in accordance with the Institution Capabilities instructions in FAR 52.212-1.

Performance Approach:

-

The Performance Approach factor will be evaluated in accordance with the Performance Approach instructions at FAR 52.212-1.

Academic Capabilities:

-

The Academic Capabilities factor will be evaluated in accordance with the Academic Capabilities instructions in FAR 52.212-1. Offerors may only be awarded an IDIQ in support of the academic programs in which they are determined to be capable of supporting.

Past Performance:

The Past Performance factor will be evaluated in accordance with the Past Performance instructions at FAR 52.212-1.

In considering the relevance of an offeror's past performance, the past performance references provided by the offeror will be evaluated individually and in the aggregate. The method of aggregation shall be at the discretion of the Government. Individual references determined to be not relevant shall not be included in the aggregate evaluation. Only references exhibiting a meaningful degree of relevance in scope shall be considered in the aggregate. If subcontractor past performance is provided as part of the three (3) most relevant contracts or efforts, the subcontractor past performance will be given weight proportional to the scope, and magnitude of the aspects of the work under the solicitation for which the subcontractor is proposed. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. When an offeror is determined to have relevant or somewhat relevant past performance, the quality of such past performance will be evaluated. Offerors lacking any relevant or somewhat relevant past performance history will not be evaluated favorably or unfavorably under the Past Performance factor. However, the proposal of an offeror with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous proposal to the Government and, thus, may be an unsuccessful proposal when compared to the proposals of other offerors. The evaluation of Past Performance is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the offeror's past performance will be used as a means of evaluating how capable the offeror is of successfully accomplishing the requirements of the solicitation. In determining the rating for the Past Performance evaluation factor, the Government will give greater weight to the contracts or efforts which are determined to have greater relevance to the solicitation. An offeror whose past performance demonstrates either a low expectation or no expectation that the offeror will be able to successfully perform the required effort will be considered ineligible for award.

NOTE: A rating of "Limited Confidence" for the past performance factor means that the proposal submitted in response to the solicitation is not awardable without a change or changes to the proposal. A proposal that includes a "Limited Confidence" rating is considered to be susceptible to correction if the contracting officer determines that an exchange is appropriate and said exchange is conducted. A rating of "No Confidence" for the past performance factor means that the proposal is not awardable, is not susceptible to correction, and will not be further evaluated.

Price:

A price analysis will be used to evaluate price reasonableness. A price realism analysis will not be conducted.

Offerors responding to this solicitation are advised that, prior to award, the Government may request offerors to submit information /data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts. Failure to submit the requested information may result in disqualification of the submitted offer.

The Government may evaluate any and all information submitted by the vendor to support the reasonableness of prices proposed. The method of evaluation used by the Contracting Officer is solely within the discretion of the Contracting Officer.

FAR 52.217-8 "Option to Extend Services" will be evaluated pursuant to solicitation provision FAR 52.217-5 "Evaluation of Options."

The Government will evaluate offers for award purposes by adding the total price for the option period to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option period.

The evaluated price will be the offeror's total proposed price. The total proposed price is determined by adding together the proposed prices for all CLINs. The total evaluated price will be evaluated as fair and reasonable using techniques in FAR 15.404-1 as elected by the Contracting Officer.

A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

NOTE: Proposals submitted in response to this solicitation shall be valid for a minimum of 180 days from the solicitation closing date.

(End of provision)

ADDITION OF CONTRACTORS (ON-RAMP AFTER DISCUSSIONS) (SEP 2015)

In accordance with FAR 52.215-1, the Government intends to evaluate proposals and award a contract or contracts without discussions with offerors. Provided there are sufficient initial contract awards to support competition for task orders, the Government intends to immediately issue task order RFQs to those offerors awarded contracts without discussions. These initial contracts will have a five year (base) ordering period and one six month ordering period pursuant to FAR 52.217-8.

Should the Contracting Officer determine it to be in the Government's best interest to add additional prime contractors beyond those awarded contracts without discussions, the Government reserves the right to draw a competitive range among the remaining unsuccessful offerors and conduct discussions for the purposes of making additional contract awards. Prime contracts resulting from discussions will have an (a base) ordering period that runs concurrent with the balance of the (base) ordering period of the contracts awarded on initial offers. Options, if any, will be identical to the option periods included in the contracts awarded without discussions. Prime contract holders awarded contracts resulting from discussions will be included only in those task order RFQs issued on or after the dates their contracts were awarded.
