

MARKET RESEARCH-- REQUEST FOR INFORMATION. NO SOLICITATION EXISTS.

This is a **MARKET RESEARCH /SOURCES SOUGHT NOTICE** for Market Research purposes **ONLY**.

The Internal Revenue Service (IRS) is conducting a market survey to determine the availability of contractors capable of providing Facility Support Services for its Andover, MA location.

Z1AA refers to **Maintenance of Office Building** services for federal government installations

The services to be furnished under this contract include consolidated facility management services for the Andover Service Center (ASC) NY. The contractor shall provide services for facility management, operation, preventive maintenance, pest control, custodial, snow removal, repair services for buildings, structures, grounds, utilities and related support systems and equipment at U.S. Department of Treasury, Internal Revenue Service (IRS), Andover Service Center (ASC), 310 Lowell St, Andover, MA 01810. The period of performance is as follows:

Base Period	01 April 2027– 31 March 2028
Option Year I	01 April 2028 – 31 March 2029
Option Year II	01 April 2029 – 31 March 2030
Option Year III	01 April 2030 – 31 March 2031
Option Year IV	01 April 2031 – 31 March 2032
FAR 52.217-8	01 April 2032 – 31 October 2032 (If necessary)

Interested vendors are requested to submit a capability statement outlining their ability to meet or exceed this requirement no later than 4:00PM (Eastern Standard Time), April 13, 2026, to Tamela Lewis at tamela.t.lewis@irs.gov.

Responses should include: (1) Sources Sought Number 2032H8-26-Q-00016; (2) Company name, address, POC name, phone number, fax number and email; (3) Contractor UEI; (4) Size of business; and (5) If the Items can be solicited from a General Services Administration (GSA) schedule contract vehicle or Open market.

The Government will not review general capability statements. Please ensure submissions are tailored to this requirement and describe the firm's ability to perform the requirements outlined in the PWS. Submissions shall not exceed 15 pages. Submittals will not be returned to the responder.

The Government will use the result of this announcement to determine whether the acquisition of the above requirement should be solicited as a Competitive small business (SB) Set-Aside, or whether Full and Open Competition procedures will be utilized.

It is anticipated that any resulting solicitation will be for a Firm Fixed-Price (FFP) contract. The NAICS code for this requirement is 561210 and the small business size standard is \$47M.

The capability statement provided in response to this Sources Sought Notice is NOT to be considered a response to a Request for Proposal (RFP) in that no RFP exists at this time. Responses to this notice are not offers and cannot be accepted by the Government to form a binding contract. Responses will not restrict the Government to a particular acquisition approach or be construed as a commitment by the Government. The Government will not pay for the information requested herein. Evaluation results will not be provided to contractors responding to this synopsis. No phone calls will be accepted. This notice does not constitute a RFP, or a promise to issue a RFP in the future. This notice does not commit the U.S. Government to contract for any supply or service. Further, the U.S. Government is not seeking proposals at this time and will not accept unsolicited proposals in response to this Sources Sought Notice.

This requirement is currently being performed by: Native Energy and Technology, Inc. under contract 2023H2-22-F-00001. The information collected in response to this survey will be used to determine market conditions and the availability of other potential small businesses capable of meeting the Government requirements. The Government anticipates issuing a single award, Firm-Fixed price contract for the entire requirement outlined below using NAICS 561210.

REQUEST FOR PRICING INFORMATION (FOR PLANNING PURPOSES ONLY):

The Government is conducting market research to estimate a fair market price for this potential future acquisition. To assist in this effort, interested parties are requested to provide **preliminary, non-binding pricing information** as described below. This information will be used for internal planning and budgetary purposes only.

1. **Proposed CLIN Structure:** Provide a recommended Contract Line Item Number (CLIN) structure that aligns with the requirements described in the SOW/PWS. Your proposed structure should break down the work into logical, separately identifiable line items, considering elements such as labor categories, materials, travel, and deliverables.
2. **Rough Order of Magnitude (ROM) Pricing:** Provide general pricing or a Rough Order of Magnitude (ROM) for the proposed CLINs. This pricing should be for planning purposes only. Include a brief explanation of the methodology used to develop these estimates (e.g., historical data, commercial pricing models).

3. **Pricing Feedback:** Offer feedback on potential pricing models (e.g., Firm-Fixed-Price, Cost-Plus-Fixed-Fee, Time & Materials) that you believe would be most suitable and efficient for this requirement, along with supporting rationale.
 4. **Contract Vehicle Information:** Indicate if these services/items are available on an existing Federal Supply Schedule (FSS) or other Government-Wide Acquisition Contract (GWAC) you hold, and provide the contract number.
- **NOTE:** Responses are for **information only** and do not constitute an offer. Do not submit a formal, detailed proposal with specific pricing as if it were a formal solicitation; such information will not be considered a proposal. The information requested here is solely for the Government's use in market analysis and acquisition planning. The level of pricing detail requested should be appropriate for market research (e.g., ROM or general pricing, not a detailed cost proposal).

No phone calls will be accepted. Responses shall be in writing and sent via email to Tamela Lewis at tamela.t.lewis@irs.gov on or before 4PM, April 13, 2026.
