\*Options may or may not be exercised within one year of the award date and is at the unilateral discretion of the Government in accordance with FAR 52.217-7 Option for Increased Quantity-Separately Priced Line Item below.

Required deliveries made under this contract shall be FOB destination NUWC DIVNPT Newport, RI and any shipping costs shall be included in unit pricing.

NOTE: This requirement contains documents that are designated as Distribution Statement D/Export Controlled. Distribution is authorized to the Department of Defense (DoD) and United States DoD contractors with a valid Joint Certification Program (JCP) certification. Only offerors with an active registration in JCP will be provided access to the technical specification drawing. To obtain access to the drawing, the offeror's JCP Custodian shall email [Amy.K.Prisco.civ@US.Navy.mil](mailto:Amy.K.Prisco.civ@US.Navy.mil) and attach a copy of the company's valid DD2345.

The request must be sent by the JCP Custodian; the drawing will not be provided to any other points of contact.

Once JCP certification and JCP custodian are confirmed, the drawing will be sent to the JCP Custodian via DoD SAFE. Additionally, in accordance with DFARS supplement rule 2019-D041 (Assessing Contractor Implementation of Cybersecurity Requirements), only offerors with a summary level score of a National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171 DoD Assessment, of not more than three (3) years old from the date of this combined synopsis and solicitation, posted in the Supplier Performance Risk System (SPRS) will be eligible to receive a copy of the drawings. Further, in accordance with Contractor Compliance With the Cybersecurity Maturity Model Certification Level Requirements, the CMMC level required by this RFQ is Level 2 (Self) as further outlined below.

Award will be made to the Lowest Price Technically Acceptable offeror. To be considered technically acceptable, quote packages must include:

1. Indication of best delivery lead time. Anticipated award month: April 2026.

## 2. Technical Capability

The contractor shall submit its planned technical approach to meet the requirements IAW with Government supplied drawings. At minimum, the contractor's plan shall address the following:

- a) The contractor shall identify its equipment to be used for the manufacture and inspection of material.
- b) The contractor shall identify major process steps to be followed for the manufacture of material, detailing steps in the annealing process.
- c) The offeror shall submit a report of its recent, relevant similar performances, not to exceed three contractual references and two pages. References shall contain point of contact. If the Offeror does not have any recent and relevant past performance references available, the Offeror shall submit a statement indicating as such.

Additionally, the Government will consider past performance information within the Supplier Performance Risk System (SPRS) whereby any negative information may render a quote deemed technically unacceptable.
