

Request for Information (Sources Sought)

Solicitation ID: FA489726QA015

Project Title: Rubber Removal and Markings

Geographical Location: Air Field, Mountain Home Air Force Base

This notice is NOT a solicitation for offers. No offers will be considered or accepted in response to this notice. The information requested by the Request for Information (RFI) is for market research and acquisition planning only; responses are voluntary and will not be reimbursed. Nothing in this notice shall be considered to have obligated the Government to any agreement or expenditure of appropriated funds.

The 366th Contracting Squadron (366 CONS) at Mountain Home Air Force Base (MHAFB), Elmore County, Idaho, is seeking responsible contractors to compete via forthcoming RFQ services to remove rubber and markings on the Mountain Home Air Field.

The purpose of the RFI is to gain knowledge of interest, capabilities, and qualifications of the Small Business Community: Small Business, Small Disadvantaged Business (SDB) to include the 8(a) Program, Historically Underutilized Business Zones (HUBZone) Program, Service-Disabled Veteran-Owned Small Business (SDVOSB) Program, and Women-Owned Small Business (WOSB) Program. The Government must ensure there is adequate competition among the potential pool of responsible contractors. Secondary purpose of this notice is to stimulate the interest of the greatest number of prospective contractors.

This is a construction project for which the Contractor shall provide all labor, materials, equipment, supervision, and perform services in accordance with the attached, draft-only project scope.

The solicitation will be publicly posted to SAM.gov and conducted through the Procurement Integrated Enterprise Environment (PIEE) Solicitation Module.

It is anticipated that award will be restricted to small businesses; the Government will determine if further set-aside to a Small Business Program is appropriate based on responses to the RFI.

Sources Sought

The following information is requested from responsible, qualified construction firms in one (1) response and include the following information:

- Firm's name and SAM.gov Unique Entity ID, address, primary point of contact, phone number, and email address.
- Firm's expressed interest in submitting a response as the prime contractor on FA489726QC015 (as described in the project scope above).
- Firm's statement describing its qualifications and capability to perform a contract of this magnitude and complexity, including any financial capability and relevant technical experience. Include surety bonding information.

- Firm's small business status representations (e.g. SDB, SDVOSB, etc.)

Responses to this RFI are requested via email by **April 8, 2026, and not later than 4:00 p.m. local time (Mountain)**. All interested firms must be registered in SAM (www.sam.gov) to be eligible for award of Government contracts. Send responses to:
