

INTENT TO AWARD SOLE SOURCE CONTRACT

Marine Forces Reserve/ Regional Contracting Office

Classification Code: NAICS 611699

Posted Date: 26 March 2026

Response Date: 30 March 2026

SB Set-Aside: 100% SDVOSB (FAR 6.206)

Description

This is a notice of intent to award a sole source contract and is not a request for competitive quotes. The Government intends to award a firm-fixed-price contract to **Ragged Edge Solutions LLC** under the authority of FAR 13.106-1(b)(1) or FAR 6.302-1, Only One Responsible Source.

Requirement

The Government requires specialized medical training in support of 3d Reconnaissance Force for prolonged field care capability development. This training is critical to enhancing operational readiness and ensuring Marines are capable of delivering advanced medical care in austere and expeditionary environments.

Justification

Ragged Edge is the only responsible source capable of meeting the Government's requirement. Market research conducted by the Government did not identify any other vendors capable of satisfying the minimum requirements.

Ragged Edge provides uniquely integrated training that aligns with mission-specific objectives and includes comprehensive, scenario-based instruction not available from other sources. Its facilities are specifically configured to support realistic training environments necessary to achieve required learning outcomes.

Additionally, Ragged Edge is the only vendor within reasonable geographic proximity to 3d Reconnaissance Force Headquarters that offers a fully integrated training solution. This includes academic instruction space, access to a hospital for medical laboratory training, and on-site lodging and dining facilities. This consolidation is essential to ensure continuity of instruction, reduce logistical complexity, and maintain training effectiveness.

No other vendor has been identified that can provide the required combination of specialized instruction, facilities, and support services within the required timeframe and geographic

constraints. Award to any other source would result in unacceptable delays and failure to meet mission requirements.

Responses

This notice is not a request for competitive quotes; however, interested parties may submit a capability statement demonstrating their ability to meet the Government's requirement.

Capability statements shall be submitted via email to the Point of Contact listed no later than the response date identified in this notice. Submissions must clearly demonstrate the ability to provide equivalent training, facilities, and support services.
