N32205.52.211-9Z02 Ship & Base Access

(Jun 2025)

Base/Repair Facility Access: Permit is required to access Navy facilities. Base/Repair Facility Access Request is desired seven days prior to ship check or performance start date. Submit forms per the document instruction and to the Port Engineer.

Defense Biometric Identification System (DBIDS) is being implemented for access to DoD facilities in CONUS, HI, Guam and Puerto Rico (replaces RapidGate). Vendor is responsible to acquire DBIDS credentials prior to performance start date. Delays that may result from inadequate planning are contractor responsibility. Vendor instructions and program information is available at <https://www.cnic.navy.mil/om/dbids.html>. DBIDS credentials require (in succession) (1) Present a letter or official document from the Government sponsoring organization that provides the purpose for your access, (2) Present valid identification, such as a passport or Real ID Act-compliant state driver's license, (3) Present a completed copy of the SECNAV 5512/1 form to obtain your background check, (4) Upon completion of the background check, the Visitor Control Center representative will complete the DBIDS enrollment process, which includes your photo, finger prints, base restrictions, and several other assessments, and (5) After all of this is done, the contractor will be provided with the DBDIS credential. For vendors with existing Navy Commercial Access Control System (NCACS) cards, see <https://www.cnic.navy.mil/om/dbids.html> for instructions to obtain DBIDS credentials. Vendor is responsible to confirm that each employee held DBIDS credentials are active for the specific facility and performance period in accordance with DBIDS.

Additional access permissions may be required in the future.

Vehicle Access: Required for vehicle access to Navy facilities. Follow supplemental instructions on Base Access forms or base-specific vehicle access forms.

Ship Access List (Vendor-Provided): On company letterhead attachment via email, the vendor is required to provide the ship master (courtesy copy the Port Engineer) with an accurate, current list of performing personnel prior to being admitted aboard the vessel. **Under no circumstances will a hand-delivered list be accepted.**

T-AKE email address: MASTER@AKE#.NAVY.MIL

(example: master@ake8.navy.mil, where "8" is the hull number).

All other hulls address: MASTER.SHIPNAME@MSC.NAVY.MIL

(example: master.siuox@msc.navy.mil).

252.232-7006 Wide Area WorkFlow Payment Instructions.

(Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

Not Applicable

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

Invoice 2-in-1

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF	Data to be entered in WAWF
Pay Official DoDAAC	<u>N50082</u>
Issue By DoDAAC	<u>N40443</u>
Admin DoDAAC	<u>N40443</u>
Inspect By DoDAAC	<u>N62387</u>
Ship To Code	<u>N62387</u>
Ship From Code	==
Mark For Code	==
Service Approver (DoDAAC)	<u>N62387</u>
Service Acceptor (DoDAAC)	<u>N62387</u>
Accept at Other DoDAAC	==
LPO DoDAAC	<u>N62387</u>
DCAA Auditor DoDAAC	==
Other DoDAAC(s)	==

(*Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert "See Schedule" or "Not applicable.")

(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)

(4) Payment request. The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

TBD at time of Delivery Order Issue

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

(End of clause)

Additional Regulation or Supplemental Clauses Incorporated by Full Text

N32205.52.232-9Z01 MSC Specific Wide Area Workflow (WAWF) Instructions

(Jun 2025)

The information contained in the table in DFARS 252.232-7006 is for WAWF purposes only. Contradictory information elsewhere in this contract, e.g. Ship to DoDAAC, shall be followed per the terms and conditions of the contract.

When entering the invoice into WAWF, the Contractor shall fill in the DoDAAC fields or DoDAAC extensions exactly as shown in the table in DFARS 252.232-7006. Fields that should not be filled in when entering the invoice into WAWF will be indicated with the direction, "Leave Blank."

In some situations, the WAWF system will pre-populate the "Pay DoDAAC," "Admin By DoDAAC" and "Issue By DoDAAC." The Contractor shall verify that those DoDAACs automatically entered by the WAWF system match the information in the table in DFARS 252.232-7006. If these DoDAACs do not match, then the Contractor shall correct the field(s).

If submitting a COMBO invoice and receiving report, ensure that the "Inspection" and "Acceptance" defaults of "destination" for both fields are not changed in the WAWF online interface.

The CLINs on the WAWF invoice shall be entered exactly as set forth in the contract document including CLIN number (e.g. 0001), Quantity (may be adjusted for actual quantity or dollar value delivered and invoiced), and Unit Price (e.g. \$1.00). The dollar amounts on each CLIN or SubCLIN on the WAWF invoice shall reflect final performance values, but in no instance can the dollar amount for each CLIN or SubCLIN (plus any previously submitted amounts submitted against the same CLIN or SubCLIN) exceed what is specified in the contract document. The Contractor shall bill to the lowest level, e.g., the SubCLIN level. The Quantity and Unit of Measure fields must be filled out exactly as indicated in the CLINs and SubCLINs to reduce the possibility of the invoice being delayed or rejected during processing.

Before closing out of an invoice session in WAWF, but after submitting the document or documents, the Contractor will be given the option to send additional email notifications by clicking on the "Send More Email Notifications" link that appears on the page. The Contractor shall click on this link and add the email address(es) listed below. This additional notification to the Government is important to ensure the acceptor/receiver is aware that the invoice documents have been submitted into the WAWF system.

(End of instructions)

Section H - Special Contract Requirements

SPECIAL CONTRACT REQUIREMENTS

(a) ORDERS IN EXCESS OF THE MICRO PURCHASE THRESHOLD (MPT). The following procedures and criteria will be utilized:

(1) GSR IDIQ MAC holders will be notified of ship repair requirements in writing through the issuance of a Request for Order (RFO). The RFO will provide the following information:

(i) Submission timelines including:

a. Ship check information (if offered)

b. Question submission due date

c. Due date and time that RFO submission must be received in the email account of the designated contracting POC(s).

(ii) SOW for each WI;

(iii) Applicable references, manuals, drawings, etc.

(iv) Required POP

(v) Lowest Price Technically Acceptable (LPTA) Proposal evaluation factors (technical, past performance, and price)

(vi) Confirmation of DO contract type (FFP)

(vii) RFO submission instructions; and

(viii) RFO submission content instructions

(2) RFO submissions will establish labor rates and markup ceilings rates at the DO level and for growth and new work. The FBLR and markup ceiling rates will include all indirect costs and profit.

(3) Government provided pricing spreadsheet will be utilized for RFO pricing submissions.

(i) Other Direct Costs (ODC)

Subcontracting. Subcontracting proposals will breakout materials (Part number, Order Quantity, Unit Price, and Total Price), equipment (Part Number, Order Quantity, Unit Price, and Total Price), labor (FBLR), Proposed Labor Mix/Categories, and Proposed Man hours), and travel costs.

H-2 DELIVERY ORDER GROWTH

(a) The Government may utilize growth in terms of Additional Growth Requirements (AGR) for, and not limited to, man-hours, material, and subcontractor costs generated from a discrepancy found between WI and the current conditions, or a needed repair found during the open and inspect phase of the WI and any material associated with the labor hours. This work may consist of supplemental, emergent, or new work. Growth does not include work performed pursuant to DFARS Clause 252.217-7005, "Inspection and Manner of Doing Work," 252.217-7013, "Guarantees," or other contract clauses relating to the correction of defects. The contractor agrees that growth, if ordered, shall be performed concurrently with the original WIs, during the contract's performance period, without impacting, accelerating, or causing delay or disruption to the work required by the aforementioned WIs, to any other Government contract, or to any other work in progress for the Government.

(b) As a result of a discrepancy found between the WI and the current conditions or a needed repair found during the open and inspect phase of the WI, the contractor may submit a Condition Found Report (CFR) to the Contracting Officer and Port Engineer. As a result of this report submission, the Contracting Officer may request a proposal from the contractor. Whenever the Government orders growth pursuant to this clause, the contractor shall submit a price proposal for such work. This proposal shall be submitted within three days of the receipt of the Government's request for a proposal, or within such additional time provided in writing by the Contracting Officer. The contractor's failure to submit its proposal within the three-day period, or such extended period of time, may be considered a failure of the parties to negotiate a fair and reasonable price for the growth and will permit the Contracting Officer to take any of the four **(4)** options set forth in paragraph (d) below. Growth proposals shall be priced using the FBLR and material/ODC markup rates set forth at the time of DO issuance. These rates will be used in evaluating the contractor's proposal and will also be used for negotiating changes as required by this clause. These rates represent ceiling rates and shall not be exceeded for DO growth. As part of the contractor's proposal submission for growth, the following shall be included:

(1) Labor

- (i) Fully Burdened Labor Rate
- (ii) Proposed Labor Type
- (iii) Proposed Labor Mix/Categories
- (iv) Proposed Man Hours
- (v) Total Proposed Labor

(2) Material & Equipment

- (i) Part Number
- (ii) Order Quantity
- (iii) Unit Price
- (iv) Total Price
- (v) Markup Rate

(3) ODCs not captured above

- (i) Travel
- (ii) Per Diem (lodging, M&IE daily rates)
- (iii) Subcontractor Proposal Breakdown shall include, but is not limited to, Material (part number, order quantity, unit price, and total price), Equipment (part number, order quantity, unit price, and total price), Labor (FBLR, proposed labor mix/categories, and proposed man hours), and ODC (travel and per diem)
- (iv) Etc.

(c) Considering rates have been set at the time of DO issuance, proposal evaluation may be limited to: (1) evaluating whether the mix of labor categories and associated man hours, mix of material, and mix of other direct costs proposed are fair and reasonable to meet the Government's minimum requirements in addressing these discrepancies or repairs found; and (2) the labor, material, and other direct costs are fair and reasonable in accordance with FAR 15.404-1(b) - *Price analysis for commercial and non-commercial items*. In the event a fair and reasonable price cannot be negotiated, the Contracting Officer reserves the right to procure growth utilizing alternative means described in paragraph (d), below.

(d) Upon receipt of the contractor's price proposal for the growth, the contractor and the Administrative Contracting Officer (ACO) shall negotiate the scope of the effort. If a fair and reasonable price cannot be negotiated between the contractor and the ACO, the ACO reserves the right to:

- (1) Have the work performed by the Government; or
- (2) Have the work performed by another contractor; or
- (3) Issue a unilateral modification; or
- (4) Cancel the requirement.

(e) The contractor knowingly and voluntarily waives all claims against the Government and/or other third party contractors for delay, disruption, loss of efficiency, or other impact arising out of or based upon the Furthermore, in cases described in paragraphs (d)(1) and (2) above, the contractor waives any right to

claims of interference under the DFARS Clause 252.217-7011 - Access to Vessels.

(f) The contractor is to perform and invoice against the GROWTH CLIN ONLY for work that has been AUTHORIZED through a settled Contract Change Order (CCO) and incorporated into the DO through a DO modification. The Government reserves the right not to include the GROWTH CLIN in the RFO. However, the Government reserves the right to add this funded CLIN to the DO if growth is identified. All funding remaining on the growth CLIN at DO completion will be de-obligated.

H-4 UTILIZATION OF TRAVEL AND PER DIEM IN CONDUCTING CHANGE ORDERS

The contractor shall demonstrate due diligence in the assessment, evaluation, and determination resulting in the proposed utilization of other than local specialized labor resources.

Only with Contracting Officer authorization to proceed (ATP) will a contractor, technical representative, or subcontractor be reimbursed for reasonable per diem costs (transportation, travel expenses, lodging, meals, and incidental expenses) required in connection with the associated change order. Per diem costs are considered reasonable, allowable, and reimbursable only to the extent that they do not exceed the allowed per diem rate in effect at the time of travel as set forth in the Federal Travel Regulations, Joint Travel Regulations, or Standardized Regulations as set forth in FAR 31.205-46.

H-5 ACCESS TO GOVERNMENT FACILITIES/SITES

The contractor is responsible for all base access requests for its suppliers, its subcontractors, and its employees. The contractor will receive no additional compensation should the access to the site become further restricted due to increased security levels or other events resulting in restricted access to the site.

H-6 INDEMNIFICATION

The contractor agrees, in accordance with federal law, to save, indemnify, and hold harmless the United States from any damages, costs, expenses, fees, liabilities, fines, or penalties assessed by local, state, or federal agencies for the contractor's failure to properly follow applicable regulations in regards to releases, discharges, emissions, spills, storage, or disposal of materials or waste resulting from the contractor's occupancy, use, or operations of Government-owned facilities or equipment. The contractor's obligations herein shall apply whenever the United States incurs costs or liabilities for contractor's activities as provided hereunder. This provision shall survive the expiration of this contract.

H-7 RESERVED

H-8 DROPPING AND ADDING MAC HOLDERS

(a) Withdrawal and Removal. The Government will initially establish the awardee pool by competitively screening multiple-award eligibility holders. As future delivery order (DO) requirements within the program ceiling totals materialize over the life cycle of this program, any multiple-award contract (MAC) holder may inform the Government that it no longer wishes to be a MAC holder and such may upon notice to the Government withdraw from the IDIQ. Further, the Government will periodically re-assess MAC holder responsiveness to requests for orders (RFO) and performance and reserves the right to remove selected MAC holders who have not participated in the RFOs and/or have not performed adequately under the IDIQ.

(b) Recompetition. The Government reserves the right to reopen the competition under this solicitation if it is in the Government's best interest to add new contractors to the original pool of IDIQ MAC holders. When/if the Government decides to reopen the solicitation, an announcement will be posted via SAM.GOV allowing new offerors the opportunity to compete in a full and open competition after exclusion of sources for an IDIQ contract and delivery orders to meet the new requirements. Any existing IDIQ contract holder will not re-compete for an IDIQ contract. The competitions will use the same evaluation methodology and documentation (updated to reflect changes in regulatory provisions, requirements and certifications) as the original competition

FAR Clauses Incorporated by Full Text

52.211-11 Liquidated Damages-Supplies, Services, or Research and Development. (Sep 2000)

LIQUIDATED DAMAGES-SUPPLIES, SERVICES, OR RESEARCH AND DEVELOPMENT (SEPT 2000)

(a) If the Contractor fails to deliver the supplies or perform the services within the time specified in this contract, the Contractor shall, in place of actual damages, pay to the Government liquidated damages of \$to be noted in respective Delivery Order per calendar day of delay [*Contracting Officer insert amount*].

(b) If the Government terminates this contract in whole or in part under the Default-Fixed-Price Supply and Service clause, the Contractor is liable for liquidated damages accruing until the Government reasonably obtains delivery or performance of similar supplies or services. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(c) The Contractor will not be charged with liquidated damages when the delay in delivery or performance is beyond the control and without the fault or negligence of the Contractor as defined in the Default-Fixed-Price Supply and Service clause in this contract.

(End of clause)

52.216-18 Ordering. (Aug 2020)

ORDERING (AUG 2020)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from ____ through ____ [*insert dates*].

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) A delivery order or task order is considered "issued" when-

(1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;

(2) If sent by fax, the Government transmits the order to the Contractor's fax number; or

(3) If sent electronically, the Government either-

(i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor; or

(ii) Distributes the delivery order or task order via email to the Contractor's email address.

(d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.

(End of clause)

52.216-19 Order Limitations. (Oct 1995)

ORDER LIMITATIONS (OCT 1995)

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than \$10,000.00[insert dollar figure or quantity], the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor-

(1) Any order for a single item in excess of \$3,000.00[insert dollar figure or quantity];

(2) Any order for a combination of items in excess of \$5,000.00[insert dollar figure or quantity]; or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (*i.e.*, includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 2 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of clause)

52.216-22 Indefinite Quantity.

(Oct 1995)

INDEFINITE QUANTITY (OCT 1995)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; *provided*, that the Contractor shall not be required to make any deliveries under this contract after 6 months from the last calendar day of the ordering period[insert date].

(End of clause)

52.216-32 Task-Order and Delivery-Order Ombudsman.

(Sep 2019)

TASK-ORDER AND DELIVERY-ORDER OMBUDSMAN (SEPT 2019)

(a) In accordance with 41 U.S.C. 4106(g), the Agency has designated the following task-order and delivery-order Ombudsman for this contract. The Ombudsman must review complaints from the Contractor concerning all task-order and delivery-order actions for this contract and ensure the Contractor is afforded a fair opportunity for consideration in the award of orders, consistent with the procedures in the contract. Dr. Sabrina N. Caldwell, Director, Policy Compliance Division (N106)471 E C St, Norfolk, VA 23511-3905 Phone: 757-443-5876, Email: sabrina.n.caldwell.civ@us.navy.mil[Contracting Officer to insert name, address, telephone number, and email address for the Agency Ombudsman or provide the URL address where this information may be found.]

(b) Consulting an ombudsman does not alter or postpone the timeline for any other process (e.g., protests).

(c) Before consulting with the Ombudsman, the Contractor is encouraged to first address complaints with the Contracting Officer for resolution. When requested by the Contractor, the Ombudsman may keep the identity of the concerned party or entity confidential, unless prohibited by law or agency procedure.

(End of clause)

52.217-8 Option to Extend Services.

(Nov 1999)

OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 1 day of contract expiration[insert the period of time within which the Contracting Officer may exercise the option].

(End of clause)

52.219-14 Limitations on Subcontracting.

(Oct 2022)

LIMITATIONS ON SUBCONTRACTING (OCT 2022)

- (a) This clause does not apply to the unrestricted portion of a partial set-aside.
- (b) *Definition. Similarly situated entity*, as used in this clause, means a first-tier subcontractor, including an independent contractor, that-
 - (1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and
 - (2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.
- (c) *Applicability.* This clause applies only to-
 - (1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);
 - (2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);
 - (3) Contracts that have been awarded on a sole-source basis in accordance with subparts 19.8, 19.13, 19.14, and 19.15;
 - (4) Orders expected to exceed the simplified acquisition threshold and that are-
 - (i) Set aside for small business concerns under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or
 - (ii) Issued directly to small business concerns under multiple-award contracts as described in 19.504(c)(1)(ii);
 - (5) Orders, regardless of dollar value, that are-
 - (i) Set aside in accordance with subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or
 - (ii) Issued directly to concerns that qualify for the programs described in subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 19.504(c)(1)(ii); and
 - (6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.
- (d) *Independent contractors.* An independent contractor shall be considered a subcontractor.
- (e) *Limitations on subcontracting.* By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for-
 - (1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;
 - (2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;
 - (3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or
 - (4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.
- (f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause-

[Contracting Officer check as appropriate.]

☐ By the end of the base term of the contract and then by the end of each subsequent option period; or

☐ By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protégé and its mentor approved by the Small Business Administration, the small business protégé shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protégé in the joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

(End of clause)

52.219-28 Postaward Small Business Program Rerepresentation.

(Jan 2025)

POSTAWARD SMALL BUSINESS PROGRAM REREPRESENTATION (JAN 2025)

(a) *Definitions.* As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (d) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) If the Contractor represented its status as any of the small business concerns identified at 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, for the NAICS code assigned to an order (except that paragraphs (c)(1) through (3) of this clause do not apply to an order issued under a Federal Supply Schedule contract at subpart 8.4)-

(1) Set aside exclusively for a small business concern identified at 19.000(a)(3) that is issued under an unrestricted multiple-award contract, unless the order is issued under the reserved portion of an unrestricted multiple-award contract (e.g., an order set aside for a woman-owned small business under a multiple-award contract that is not set-aside, unless the order is issued under the reserved portion of the multiple-award contract);

(2) Issued under a multiple-award contract set aside for small businesses that is further set aside for a specific socioeconomic category that differs from the underlying multiple-award contract (e.g., an order set aside for a HUBZone small business concern under a multiple-award contract that is set aside for small businesses);

(3) Issued under the part of the multiple-award contract that is set aside for small businesses that is further set aside for a specific socioeconomic category that differs from the underlying set-aside part of the multiple-award contract (e.g., an order set aside for a WOSB concern under the part of the multiple-award contract that is partially set aside for small businesses); and

(4) When the Contracting Officer explicitly requires it for an order issued under a multiple-award contract, including for an order issued under a Federal Supply Schedule contract (see 8.405-5(b) and 19.301-2(b)(2)).

(d) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(e) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(f) Except as provided in paragraph (h) of this clause, the Contractor shall make the representation(s) required by paragraphs (b) and (c) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, or with its offer for an order (see paragraph (c) of this clause), that the data have been validated or updated, and provide the date of the validation or update.

(g) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (f) or (h) of this clause.

(h) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

(1) The Contractor represents that it ☐ is, ☐ is not a small business concern under ____ NAICS Code assigned to ____ contract number.

(2) *[Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.]* The Contractor represents that it ☐ is, ☐ is not, a small disadvantaged business concern as defined in 13 CFR 124.1001.

(3) *[Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.]* The Contractor represents that it ☐ is, ☐ is not a women-owned small business concern.

(4) Women-owned small business (WOSB) joint venture eligible under the WOSB Program. The Contractor represents that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [The Contractor shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(5) Economically disadvantaged women-owned small business (EDWOSB) joint venture. The Contractor represents that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [The Contractor shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(6) *[Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.]* The Contractor represents that it ☐ is, ☐ is not a veteran-owned small business concern.

(7) *[Complete only if the Contractor represented itself as a veteran-owned small business concern in paragraph (h)(6) of this clause.]* The Contractor represents that it ☐ is, ☐ is not a service-disabled veteran-owned small business concern.

(8) *Service-disabled veteran-owned small business (SDVOSB) joint venture eligible under the SDVOSB Program.* The Contractor represents that it ☐ is, ☐ is not an SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. [The Contractor shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(9) *[Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.]* The Contractor represents that-

(i) It ☐ is, ☐ is not a HUBZone small business concern listed, on the date of this representation, on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration, and no material changes in ownership and control, principal office, or HUBZone employee percentage have occurred since it was certified in accordance with 13 CFR part 126; and

(ii) It ☐ is, ☐ is not a HUBZone joint venture that complies with the requirements of 13 CFR part 126, and the representation in paragraph (h)(8) (i) of this clause is accurate for each HUBZone small business concern participating in the HUBZone joint venture. [The Contractor shall enter the names of each of the HUBZone small business concerns participating in the HUBZone joint venture: _____.] Each HUBZone small business concern participating in the HUBZone joint venture shall submit a separate signed copy of the HUBZone representation.

[____ Contractor to sign and date and insert authorized signer's name and title.]

(End of clause)

52.219-28 Postaward Small Business Program Rerepresentation. (Alternate I)

(Jan 2025) Alternate I (Mar 2020)

Alternate I (MAR 2020). As prescribed in 19.309 (c)(2), substitute the following paragraph (h)(1) for paragraph (h)(1) of the basic clause:

(h)(1) The Contractor represents its small business size status for each one of the NAICS codes assigned to this contract.

NAICS Code	Small business concern (yes/no)
_____	_____
_____	_____
_____	_____

[Contracting Officer to insert NAICS codes.]

52.222-42 Statement of Equivalent Rates for Federal Hires.

(May 2014)

STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 2014)

In compliance with the Service Contract Labor Standards statute and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C.5341 or 5 332.

This Statement is for Information Only: It is not a Wage Determination

Employee Class	Monetary Wage-Fringe Benefits
_____	_____

==	==
==	==
==	==
==	==
==	==

(End of clause)

52.223-3 Hazardous Material Identification and Material Safety Data.

(Feb 2021)

HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL SAFETY DATA (FEB 2021)

(a) "Hazardous material," as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No.313 (including revisions adopted during the term of the contract).

(b) The offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Material Safety Data Sheet submitted under this contract.

Material (If none, insert <i>None</i>)	Identification No.
=====	=====
==	==
==	==

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No.313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No.313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No.313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to-

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with paragraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(End of clause)

52.247-63 Preference for U.S.-Flag Air Carriers.

(Jan 2025)

PREFERENCE FOR U.S.-FLAG AIR CARRIERS (JAN 2025)

(a) *Definitions.* As used in this clause-

"International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.

United States means the 50 States, the District of Columbia, and outlying areas.

U.S.-flag air carrier means an entity granted authority to provide air transportation in the form of a certificate of public convenience and necessity under 49 U.S.C. 41102.

(b) *U.S. Government-financed international air transportation.* 49 U.S.C. 40118, Government-financed air transportation (commonly referred to as the Fly America Act), requires that all Federal agencies and Government contractors and subcontractors use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the General Services Administration to issue regulations that, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

(c) *Use of U.S.-flag carriers for international air transportation.* If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

(d) *Statement of unavailability of U.S.-flag air carriers. Use of U.S.-flag carriers for international air transportation.* In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons (see section 47.403 of the Federal Acquisition Regulation): _____ [State reasons]:

(End of statement)

(e) *Subcontracts*. The Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

(End of clause)

52.248-1 Value Engineering.

(Jun 2020)

VALUE ENGINEERING (JUN 2020)

(a) *General*. The Contractor is encouraged to develop, prepare, and submit value engineering change proposals (VECP's) voluntarily. The Contractor shall share in any net acquisition savings realized from accepted VECP's, in accordance with the incentive sharing rates in paragraph (f) of this clause.

(b) *Definitions*.

Acquisition savings, as used in this clause, means savings resulting from the application of a VECP to contracts awarded by the same contracting office or its successor for essentially the same unit. Acquisition savings include-

(1) Instant contract savings, which are the net cost reductions on this, the instant contract, and which are equal to the instant unit cost reduction multiplied by the number of instant contract units affected by the VECP, less the Contractor's allowable development and implementation costs;

(2) Concurrent contract savings, which are net reductions in the prices of other contracts that are definitized and ongoing at the time the VECP is accepted; and

(3) Future contract savings, which are the product of the future unit cost reduction multiplied by the number of future contract units in the sharing base. On an instant contract, future contract savings include savings on increases in quantities after VECP acceptance that are due to contract modifications, exercise of options, additional orders, and funding of subsequent year requirements on a multiyear contract.

Collateral savings, as used in this clause, means those measurable net reductions resulting from a VECP in the agency's overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

Contracting office includes any contracting office that the acquisition is transferred to, such as another branch of the agency or another agency's office that is performing a joint acquisition action.

Contractor's development and implementation costs, as used in this clause, means those costs the Contractor incurs on a VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the Contractor incurs to make the contractual changes required by Government acceptance of a VECP.

Future unit cost reduction, as used in this clause, means the instant unit cost reduction adjusted as the Contracting Officer considers necessary for projected learning or changes in quantity during the sharing period. It is calculated at the time the VECP is accepted and applies either-

(1) Throughout the sharing period, unless the Contracting Officer decides that recalculation is necessary because conditions are significantly different from those previously anticipated; or

(2) To the calculation of a lump-sum payment, which cannot later be revised.

Government costs, as used in this clause, means those agency costs that result directly from developing and implementing the VECP, such as any net increases in the cost of testing, operations, maintenance, and logistics support. The term does not include the normal administrative costs of processing the VECP or any increase in this contract's cost or price resulting from negative instant contract savings.

Instant contract, as used in this clause, means this contract, under which the VECP is submitted. It does not include increases in quantities after acceptance of the VECP that are due to contract modifications, exercise of options, or additional orders. If this is a multiyear contract, the term does not include quantities funded after VECP acceptance. If this contract is a fixed-price contract with prospective price redetermination, the term refers to the period for which firm prices have been established.

Instant unit cost reduction means the amount of the decrease in unit cost of performance (without deducting any Contractor's development or implementation costs) resulting from using the VECP on this, the instant contract. If this is a service contract, the instant unit cost reduction is normally equal to the number of hours per line-item task saved by using the VECP on this contract, multiplied by the appropriate contract labor rate.

Negative instant contract savings means the increase in the cost or price of this contract when the acceptance of a VECP results in an excess of the Contractor's allowable development and implementation costs over the product of the instant unit cost reduction multiplied by the number of instant contract units affected.

Net acquisition savings means total acquisition savings, including instant, concurrent, and future contract savings, less Government costs.

Sharing base, as used in this clause, means the number of affected end items on contracts of the contracting office accepting the VECP.

Sharing period, as used in this clause, means the period beginning with acceptance of the first unit incorporating the VECP and ending at a calendar date or event determined by the contracting officer for each VECP.

Unit, as used in this clause, means the item or task to which the Contracting Officer and the Contractor agree the VECP applies.

Value engineering change proposal (VECP) means a proposal that-

- (1) Requires a change to this, the instant contract, to implement; and
- (2) Results in reducing the overall projected cost to the agency without impairing essential functions or characteristics; *provided*, that it does not involve a change-
 - (i) In deliverable end item quantities only;
 - (ii) In research and development (R&D) end items or R&D test quantities that is due solely to results of previous testing under this contract; or
 - (iii) To the contract type only.

(c) *VECP preparation*. As a minimum, the Contractor shall include in each VECP the information described in paragraphs (c)(1) through (8) of this clause. If the proposed change is affected by contractually required configuration management or similar procedures, the instructions in those procedures relating to format, identification, and priority assignment shall govern VECP preparation. The VECP shall include the following:

- (1) A description of the difference between the existing contract requirement and the proposed requirement, the comparative advantages and disadvantages of each, a justification when an item's function or characteristics are being altered, the effect of the change on the end item's performance, and any pertinent objective test data.
- (2) A list and analysis of the contract requirements that must be changed if the VECP is accepted, including any suggested specification revisions.
- (3) Identification of the unit to which the VECP applies.
- (4) A separate, detailed cost estimate for (i) the affected portions of the existing contract requirement and (ii) the VECP. The cost reduction associated with the VECP shall take into account the Contractor's allowable development and implementation costs, including any amount attributable to subcontracts under the Subcontracts paragraph of this clause.
- (5) A description and estimate of costs the Government may incur in implementing the VECP, such as test and evaluation and operating and support costs.
- (6) A prediction of any effects the proposed change would have on collateral costs to the agency.
- (7) A statement of the time by which a contract modification accepting the VECP must be issued in order to achieve the maximum cost reduction, noting any effect on the contract completion time or delivery schedule.
- (8) Identification of any previous submissions of the VECP, including the dates submitted, the agencies and contract numbers involved, and previous Government actions, if known.

(d) *Submission*. The Contractor shall submit VECP's to the Contracting Officer, unless this contract states otherwise. If this contract is administered by other than the contracting office, the Contractor shall submit a copy of the VECP simultaneously to the Contracting Officer and to the Administrative Contracting Officer.

(e) *Government action*.

(1) The Contracting Officer will notify the Contractor of the status of the VECP within 45 calendar days after the contracting office receives it. If additional time is required, the Contracting Officer will notify the Contractor within the 45-day period and provide the reason for the delay and the expected date of the decision. The Government will process VECP's expeditiously; however, it will not be liable for any delay in acting upon a VECP.

(2) If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Government. The Contracting Officer may require that the Contractor provide written notification before undertaking significant expenditures for VECP effort.

(3) Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this contract citing this clause and made either before or within a reasonable time after contract performance is completed. Until such a contract modification applies a VECP to this contract, the Contractor shall perform in accordance with the existing contract. The decision to accept or reject all or part of any VECP is a unilateral decision made solely at the discretion of the Contracting Officer.

(f) *Sharing rates*. If a VECP is accepted, the Contractor shall share in net acquisition savings according to the percentages shown in the table below. The percentage paid the Contractor depends upon-

- (1) This contract's type (fixed-price, incentive, or cost-reimbursement);
- (2) The sharing arrangement specified in paragraph (a) of this clause (incentive, program requirement, or a combination as delineated in the Schedule); and
- (3) The source of the savings (the instant contract, or concurrent and future contracts), as follows:

Contractor's Share of Net Acquisition Savings (Figure in Percent)				
Contract Type	Incentive (Voluntary)		Program Requirement (Mandatory)	
	Instant Contract Rate	Concurrent and Future Contract Rate	Instant Contract Rate	Concurrent and Future Contract Rate
Fixed-price (includes fixed-price-award-fee; excludes other fixed-price incentive contracts)	*50	*50	25	25
Incentive (fixed-price or cost) (other than award fee)	(**)	*50	(**)	25
Cost-reimbursement (includes cost-plus-award-fee; excludes other cost-type incentive contracts)	***25	***25	15	15
* The Contracting Office may increase the Contractor's sharing rate to as high as 75 percent for each VECP.				
** Same sharing arrangement as the contract's profit or fee adjustment formula.				
*** The Contracting Office may increase the Contractor's sharing rate to as high as 50 percent for each VECP.				

(g) Calculating net acquisition savings.

(1) Acquisition savings are realized when (i) the cost or price is reduced on the instant contract, (ii) reductions are negotiated in concurrent contracts, (iii) future contracts are awarded, or (iv) agreement is reached on a lump-sum payment for future contract savings (see paragraph (i)(4) of this clause). Net acquisition savings are first realized, and the Contractor shall be paid a share, when Government costs and any negative instant contract savings have been fully offset against acquisition savings.

(2) Except in incentive contracts, Government costs and any price or cost increases resulting from negative instant contract savings shall be offset against acquisition savings each time such savings are realized until they are fully offset. Then, the Contractor's share is calculated by multiplying net acquisition savings by the appropriate Contractor's percentage sharing rate (see paragraph (f) of this clause). Additional Contractor shares of net acquisition savings shall be paid to the Contractor at the time realized.

(3) If this is an incentive contract, recovery of Government costs on the instant contract shall be deferred and offset against concurrent and future contract savings. The Contractor shall share through the contract incentive structure in savings on the instant contract items affected. Any negative instant contract savings shall be added to the target cost or to the target price and ceiling price, and the amount shall be offset against concurrent and future contract savings.

(4) If the Government does not receive and accept all items on which it paid the Contractor's share, the Contractor shall reimburse the Government for the proportionate share of these payments.

(h) *Contract adjustment.* The modification accepting the VECP (or a subsequent modification issued as soon as possible after any negotiations are completed) shall-

- (1) Reduce the contract price or estimated cost by the amount of instant contract savings, unless this is an incentive contract;
- (2) When the amount of instant contract savings is negative, increase the contract price, target price and ceiling price, target cost, or estimated cost by that amount;
- (3) Specify the Contractor's dollar share per unit on future contracts, or provide the lump-sum payment;
- (4) Specify the amount of any Government costs or negative instant contract savings to be offset in determining net acquisition savings realized from concurrent or future contract savings; and
- (5) Provide the Contractor's share of any net acquisition savings under the instant contract in accordance with the following:
 - (i) Fixed-price contracts-add to contract price.
 - (ii) Cost-reimbursement contracts-add to contract fee.

(i) Concurrent and future contract savings.

(1) Payments of the Contractor's share of concurrent and future contract savings shall be made by a modification to the instant contract in accordance with paragraph (h)(5) of this clause. For incentive contracts, shares shall be added as a separate firm-fixed-price line item on the instant contract. The Contractor shall maintain records adequate to identify the first delivered unit for 3 years after final payment under this contract.

(2) The Contracting Officer shall calculate the Contractor's share of concurrent contract savings by-

(i) Subtracting from the reduction in price negotiated on the concurrent contract any Government costs or negative instant contract savings not yet offset; and

(ii) Multiplying the result by the Contractor's sharing rate.

(3) The Contracting Officer shall calculate the Contractor's share of future contract savings by-

(i) Multiplying the future unit cost reduction by the number of future contract units scheduled for delivery during the sharing period;

(ii) Subtracting any Government costs or negative instant contract savings not yet offset; and

(iii) Multiplying the result by the Contractor's sharing rate.

(4) When the Government wishes and the Contractor agrees, the Contractor's share of future contract savings may be paid in a single lump sum rather than in a series of payments over time as future contracts are awarded. Under this alternate procedure, the future contract savings may be calculated when the VECP is accepted, on the basis of the Contracting Officer's forecast of the number of units that will be delivered during the sharing period. The Contractor's share shall be included in a modification to this contract (see paragraph (h)(3) of this clause) and shall not be subject to subsequent adjustment.

(5) *Alternate no-cost settlement method.* When, in accordance with section 48.104-4 of the Federal Acquisition Regulation (FAR), the Government and the Contractor mutually agree to use the no-cost settlement method, the following applies:

(i) The Contractor will keep all the savings on the instant contract and on its concurrent contracts only.

(ii) The Government will keep all the savings resulting from concurrent contracts placed on other sources, savings from all future contracts, and all collateral savings.

(j) *Collateral savings.* If a VECP is accepted, the Contracting Officer will increase the instant contract amount, as specified in paragraph (h)(5) of this clause, by a rate from 20 to 100 percent, as determined by the Contracting Officer, of any projected collateral savings determined to be realized in a typical year of use after subtracting any Government costs not previously offset. However, the Contractor's share of collateral savings will not exceed the contract's firm-fixed-price, target price, target cost, or estimated cost, at the time the VECP is accepted, or \$100,000, whichever is greater. The Contracting Officer will be the sole determiner of the amount of collateral savings.

(k) *Relationship to other incentives.* Only those benefits of an accepted VECP not rewardable under performance, design-to-cost (production unit cost, operating and support costs, reliability and maintainability), or similar incentives shall be rewarded under this clause. However, the targets of such incentives affected by the VECP shall not be adjusted because of VECP acceptance. If this contract specifies targets but provides no incentive to surpass them, the value engineering sharing shall apply only to the amount of achievement better than target.

(l) *Subcontracts.* The Contractor shall include an appropriate value engineering clause in any subcontract-valued at or above the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, and may include one in subcontracts of lesser value. In calculating any adjustment in this contract's price for instant contract savings (or negative instant contract savings), the Contractor's allowable development and implementation costs shall include any subcontractor's allowable development and implementation costs, and any value engineering incentive payments to a subcontractor, clearly resulting from a VECP accepted by the Government under this contract. The Contractor may choose any arrangement for subcontractor value engineering incentive payments, *provided*, that the payments shall not reduce the Government's share of concurrent or future contract savings or collateral savings.

(m) *Data.* The Contractor may restrict the Government's right to use any part of a VECP or the supporting data by marking the following legend on the affected parts:

These data, furnished under the Value Engineering clause of contract _____, shall not be disclosed outside the Government or duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate a value engineering change proposal submitted under the clause. This restriction does not limit the Government's right to use information contained in these data if it has been obtained or is otherwise available from the Contractor or from another source without limitations.

If a VECP is accepted, the Contractor hereby grants the Government unlimited rights in the VECP and supporting data, except that, with respect to data qualifying and submitted as limited rights technical data, the Government shall have the rights specified in the contract modification implementing the VECP and shall appropriately mark the data. (The terms "unlimited rights" and "limited rights" are defined in part 27 of the Federal Acquisition Regulation.)

(End of clause)

52.252-2 Clauses Incorporated by Reference.

(Feb 1998)

CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

252.208-7000 Intent to Furnish Precious Metals as Government-Furnished Material**(Dec 1991)****INTENT TO FURNISH PRECIOUS METALS AS GOVERNMENT-FURNISHED MATERIAL (DEC 1991)**

(a) The Government intends to furnish precious metals required in the manufacture of items to be delivered under the contract if the Contracting Officer determines it to be in the Government's best interest. The use of Government-furnished silver is mandatory when the quantity required is one hundred troy ounces or more. The precious metal(s) will be furnished pursuant to the Government Furnished Property clause of the contract.

(b) The Offeror shall cite the type (silver, gold, platinum, palladium, iridium, rhodium, and ruthenium) and quantity in whole troy ounces of precious metals required in the performance of this contract (including precious metals required for any first article or production sample), and shall specify the national stock number (NSN) and nomenclature, if known, of the deliverable item requiring precious metals.

<u>Precious Metal*</u>	<u>Quantity</u>	<u>Deliverable Item</u> <u>(NSN and Nomenclature)</u>
=====	=====	=====
=====	=====	=====
=====	=====	=====
=====	=====	=====
=====	=====	=====
=====	=====	=====
=====	=====	=====

*If platinum or palladium, specify whether sponge or granules are required.

(c) Offerors shall submit two prices for each deliverable item which contains precious metals--one based on the Government furnishing precious metals, and one based on the Contractor furnishing precious metals. Award will be made on the basis which is in the best interest of the Government.

(d) The Contractor agrees to insert this clause, including this paragraph (d), in solicitations for subcontracts and purchase orders issued in performance of this contract, unless the Contractor knows that the item being purchased contains no precious metals.

(End of clause)

252.209-7010 Critical Safety Items.**(Aug 2011)****CRITICAL SAFETY ITEMS (AUG 2011)****(a) Definitions.**

"Aviation critical safety item" means a part, an assembly, installation equipment, launch equipment, recovery equipment, or support equipment for an aircraft or aviation weapon system if the part, assembly, or equipment contains a characteristic any failure, malfunction, or absence of which could cause-

- (i) A catastrophic or critical failure resulting in the loss of, or serious damage to, the aircraft or weapon system;
- (ii) An unacceptable risk of personal injury or loss of life; or
- (iii) An uncommanded engine shutdown that jeopardizes safety.

"Design control activity" means-

(i) With respect to an aviation critical safety item, the systems command of a military department that is specifically responsible for ensuring the airworthiness of an aviation system or equipment, in which an aviation critical safety item is to be used; and

(ii) With respect to a ship critical safety item, the systems command of a military department that is specifically responsible for ensuring the seaworthiness of a ship or ship equipment, in which a ship critical safety item is to be used.

"Ship critical safety item" means any ship part, assembly, or support equipment containing a characteristic, the failure, malfunction, or absence of which could cause-

(i) A catastrophic or critical failure resulting in loss of, or serious damage to, the ship; or

(ii) An unacceptable risk of personal injury or loss of life.

(b) *Identification of critical safety items.* One or more of the items being procured under this contract is an aviation or ship critical safety item. The following items have been designated aviation critical safety items or ship critical safety items by the designated design control activity:

=====

=====

(Insert additional lines as necessary)

(c) *Heightened quality assurance surveillance.* Items designated in paragraph (b) of this clause are subject to heightened, risk-based surveillance by the designated quality assurance representative.

(End of clause)

252.211-7003 Item Unique Identification and Valuation.

(Jan 2023)

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) *Definitions.* As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) *Unique item identifier.*

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number

Item Description

=====

=====

=====

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number

Item Description

=====	=====
=====	=====
=====	=====

(If items are identified in the Schedule, insert "See Schedule in this table.")

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) *Data syntax and semantics of unique item identifiers.* The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) *Unique item identifier.*

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

- (1) Unique item identifier.
- (2) Unique item identifier type.
- (3) Issuing agency code (if concatenated unique item identifier is used).
- (4) Enterprise identifier (if concatenated unique item identifier is used).
- (5) Original part number (if there is serialization within the original part number).
- (6) Lot or batch number (if there is serialization within the lot or batch number).
- (7) Current part number (optional and only if not the same as the original part number).
- (8) Current part number effective date (optional and only if current part number is used).
- (9) Serial number (if concatenated unique item identifier is used).
- (10) Government's unit acquisition cost.
- (11) Unit of measure.
- (12) Type designation of the item as specified in the contract schedule, if any.
- (13) Whether the item is an item of Special Tooling or Special Test Equipment.
- (14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) _____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) *Subcontracts*. If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

N32205.52.225-9Z01 Duty-Free Entry

(Jun 2025)

This material requires duty free entry into the US. Contractor is to initiate the entitlement request via Procurement Integrated Enterprise Environment (PIEE) Duty Free Entry (DFE) module: <https://piee.eb.mil/>. If you require assistance, please contact the PIEE helpdesk at 1-866-618-5988. This purchase order will not be modified to reimburse the contractor for any customs fees incurred for failure to request duty free entry via this program.

52.204-8 Annual Representations and Certifications. (Oct 2025)

ANNUAL REPRESENTATIONS AND CERTIFICATIONS (OCT 2025)

(a)

(1) The North American Industry Classification System (NAICS) code for this acquisition is 336611[insert NAICS code].

(2) The small business size standard is 1300 Employees [insert size standard].

(3) The small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519 if the acquisition-

(i) Is set aside for small business and has a value above the simplified acquisition threshold;

(ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(b)

(1) If the provision at 52.204-7, System for Award Management, is included in this solicitation, paragraph (d) of this provision applies.

(2) If the provision at 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (d) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

(i) ☐ Paragraph (d) applies.

(ii) ☐ Paragraph (d) does not apply and the offeror has completed the individual representations and certifications in the solicitation.

(c)

(1) The following representations or certifications in SAM are applicable to this solicitation as indicated:

(i) 52.203-2, Certificate of Independent Price Determination. This provision applies to solicitations when a firm-fixed-price contract or fixed-price contract with economic price adjustment is contemplated, unless-

(A) The acquisition is to be made under the simplified acquisition procedures in part 13;

(B) The solicitation is a request for technical proposals under two-step sealed bidding procedures; or

(C) The solicitation is for utility services for which rates are set by law or regulation.

(ii) 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions. This provision applies to solicitations expected to exceed \$200,000.

(iii) 52.203-18, Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation. This provision applies to all solicitations.

(iv) 52.204-3, Taxpayer Identification. This provision applies to solicitations that do not include the provision at 52.204-7, System for Award Management.

(v) 52.204-5, Women-Owned Business (Other Than Small Business). This provision applies to solicitations that-

(A) Are not set aside for small business concerns;

(B) Exceed the simplified acquisition threshold; and

(C) Are for contracts that will be performed in the United States or its outlying areas.

(vi) 52.204-26, Covered Telecommunications Equipment or Services-Representation. This provision applies to all solicitations.

(vii) 52.209-2, Prohibition on Contracting with Inverted Domestic Corporations-Representation.

(viii) 52.209-5, Certification Regarding Responsibility Matters. This provision applies to solicitations where the contract value is expected to exceed the simplified acquisition threshold.

(ix) 52.209-11, Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law. This provision applies to all solicitations.

(x) 52.214-14, Place of Performance-Sealed Bidding. This provision applies to invitations for bids except those in which the place of performance is specified by the Government.

(xi) 52.215-6, Place of Performance. This provision applies to solicitations unless the place of performance is specified by the Government.

(xii) 52.219-1, Small Business Program Representations (Basic, Alternates I, and II). This provision applies to solicitations when the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1)(ii).

(A) The basic provision applies when the solicitations are issued by other than DoD, NASA, and the Coast Guard.

(B) The provision with its Alternate I applies to solicitations issued by DoD, NASA, or the Coast Guard.

(C) The provision with its Alternate II applies to solicitations that will result in a multiple-award contract with more than one NAICS code assigned.

(xiii) 52.219-2, Equal Low Bids. This provision applies to solicitations when contracting by sealed bidding and the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1)(ii).

(xiv) 52.222-22, Previous Contracts and Compliance Reports. This provision applies to solicitations that include the clause at 52.222-26, Equal Opportunity.

(xv) 52.222-25, Affirmative Action Compliance. This provision applies to solicitations, other than those for construction, when the solicitation includes the clause at 52.222-26, Equal Opportunity.

(xvi) 52.222-38, Compliance with Veterans' Employment Reporting Requirements. This provision applies to solicitations when it is anticipated the contract award will exceed the simplified acquisition threshold and the contract is not for acquisition of commercial products or commercial services.

(xvii) 52.223-1, Biobased Product Certification. This provision applies to solicitations that require the delivery or specify the use of biobased products in USDA-designated product categories; or include the clause at 52.223-2, Reporting of Biobased Products Under Service and Construction Contracts.

(xviii) 52.223-4, Recovered Material Certification. This provision applies to solicitations that are for, or specify the use of, EPA-designated items.

(xix) 52.223-22, Public Disclosure of Greenhouse Gas Emissions and Reduction Goals-Representation. This provision applies to solicitations that include the provision at 52.204-7.

(xx) 52.225-2, Buy American Certificate. This provision applies to solicitations containing the clause at 52.225-1.

(xxi) 52.225-4, Buy American-Free Trade Agreements-Israeli Trade Act Certificate. (Basic, Alternates II and III.) This provision applies to solicitations containing the clause at 52.225-3.

(A) If the acquisition value is less than \$50,000, the basic provision applies.

(B) If the acquisition value is \$50,000 or more but is less than \$100,000, the provision with its Alternate II applies.

(C) If the acquisition value is \$100,000 or more but is less than \$102,280, the provision with its Alternate III applies.

(xxii) 52.225-6, Trade Agreements Certificate. This provision applies to solicitations containing the clause at 52.225-5.

(xxiii) 52.225-20, Prohibition on Conducting Restricted Business Operations in Sudan-Certification. This provision applies to all solicitations.

(xxiv) 52.225-25, Prohibition on Contracting with Entities Engaging in Certain Activities or Transactions Relating to Iran-Representation and Certifications. This provision applies to all solicitations.

(xxv) 52.226-2, Historically Black College or University and Minority Institution Representation. This provision applies to solicitations for research, studies, supplies, or services of the type normally acquired from higher educational institutions.

(2) The following representations or certifications are applicable as indicated by the Contracting Officer:

[Contracting Officer check as appropriate.]

☐ (i) 52.204-17, Ownership or Control of Offeror.

☐ (ii) 52.204-20, Predecessor of Offeror.

☐ (iii) 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products.

☐ (iv) 52.222-48, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment- Certification.

☐ (v) 52.222-52, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Certification.

☐ (vi) 52.227-6, Royalty Information.

☐ (A) Basic.

☐ (B) Alternate I.

☐ (vii) 52.227-15, Representation of Limited Rights Data and Restricted Computer Software.

(d) The offeror has completed the annual representations and certifications electronically in SAM website accessed through <https://www.sam.gov>. After reviewing the SAM information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in paragraph (c) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [*offeror to insert changes, identifying change by clause number, title, date*]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR Clause #	Title	Date	Change

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted on SAM.

(End of provision)

REPRESENTATION REGARDING CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (NOV 2021)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services-Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications-Commercial Products or Commercial Services. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision-

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition.*

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to-

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to-

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that-

(1) It ☐ will, ☐ will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that-

It ☐ does, ☐ does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment-

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services-

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment-

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services-

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(End of provision)

52.204-26 Covered Telecommunications Equipment or Services-Representation.

(Oct 2020)

COVERED TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (OCT 2020)

(a) *Definitions.* As used in this provision, "covered telecommunications equipment or services" and "reasonable inquiry" have the meaning provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(c)

(1) *Representation.* The Offeror represents that it ☐ does, ☐ does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(2) After conducting a reasonable inquiry for purposes of this representation, the offeror represents that it ☐ does, ☐ does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services.

(End of provision)

52.209-7 Information Regarding Responsibility Matters.

(Oct 2018)

INFORMATION REGARDING RESPONSIBILITY MATTERS (OCT 2018)

(a) *Definitions.* As used in this provision-

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means-

(1) The total value of all current, active contracts and grants, including all priced options; and

(2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror ☐ has ☐ does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in-

(A) The payment of a monetary fine or penalty of \$5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

(End of provision)

52.209-13 Violation of Arms Control Treaties or Agreements-Certification.

(Nov 2021)

VIOLATION OF ARMS CONTROL TREATIES OR AGREEMENTS-CERTIFICATION (NOV 2021)

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined in Federal Acquisition Regulation 2.101.

(b) *Certification.* [Offeror shall check either (1) or (2).]

☐ (1) The Offeror certifies that-

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/>; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/>; or

☐ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If there may have been such activity, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

- (i) An inability to certify compliance.
- (ii) An inability to conclude compliance.
- (iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days.

- (d) Do not submit an offer unless-
 - (1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or
 - (2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has
 - (i) Waived application under 22 U.S.C. 2593e(d) or (e); or
 - (ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(e) *Remedies.* The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification.

(End of provision)

52.225-18 Place of Manufacture.

(Aug 2018)

PLACE OF MANUFACTURE (AUG 2018)

(a) *Definitions.* As used in this provision-

Manufactured end product means any end product in product and service codes (PSCs) 1000-9999, except-

- (1) FPSC 5510, Lumber and Related Basic Wood Materials;
- (2) Product or Service Group (PSG) 87, Agricultural Supplies;
- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;
- (5) PSC 9410, Crude Grades of Plant Materials;
- (6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;

- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.

Place of manufacture means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

(b) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

- (1) ☐ In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or
- (2) ☐ Outside the United States.

(End of provision)

52.229-11 Tax on Certain Foreign Procurements-Notice and Representation. (Jun 2020)

TAX ON CERTAIN FOREIGN PROCUREMENTS-NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and
- (5) Any trust if-
 - (i) A court within the United States is able to exercise primary supervision over the administration of the trust; and
 - (ii) One or more United States persons have the authority to control all substantial decisions of the trust.
- (b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.
- (c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.
- (d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that
 - (1) It ☐ is ☐ is not a foreign person; and
 - (2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror shall select one] from the excise tax.
- (e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-
 - (1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

(End of provision)

DFARS Clauses Incorporated by Full Text

252.204-7007 Alternate A, Annual Representations and Certifications.

(Oct 2025) Alternate A (Oct 2025)

ALTERNATE A, ANNUAL REPRESENTATIONS AND CERTIFICATIONS (OCT 2025)

Substitute the following paragraphs (b), (d), and (e) for paragraphs (b) and (d) of the provision at FAR 52.204-8:

(b)(1) If the provision at 52.204-7, System for Award Management, is included in this solicitation, paragraph (e) of this provision applies.

(2) If the provision at 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (e) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

☐ (i) Paragraph (e) applies.

☐ (ii) Paragraph (e) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(d)(1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:

(i) 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation. Applies to all solicitations.

(ii) 252.216-7008, Economic Price Adjustment-Wage Rates or Material Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services-Representations. Applies to solicitations for the acquisition of commercial satellite services.

(v) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism. Applies to all solicitations expected to result in contracts of \$200,000 or more.

(vi) 252.229-7012, Tax Exemptions (Italy)-Representation. Applies to solicitations and contracts when contract performance will be in Italy.

(vii) 252.229-7013, Tax Exemptions (Spain)-Representation. Applies to solicitations and contracts when contract performance will be in Spain.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer:
[Contracting Officer check as appropriate.]

☐ (i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

☐ (ii) 252.225-7000, Buy American-Balance of Payments Program Certificate.

☐ (iii) 252.225-7020, Trade Agreements Certificate.

☐ Use with Alternate I.

☐ (iv) 252.225-7031, Secondary Arab Boycott of Israel.

☐ (v) 252.225-7035, Buy American-Free Trade Agreements-Balance of Payments Program Certificate.

☐ Use with Alternate I.

☐ Use with Alternate II.

☐ Use with Alternate III.

☐ Use with Alternate IV.

☐ Use with Alternate V.

☐ (vi) 252.226-7002, Representation for Demonstration Project for Contractors Employing Persons with Disabilities.

☐ (vii) 252.232-7015, Performance-Based Payments-Representation.

(e) The Offeror has completed the annual representations and certifications electronically via the SAM website at <https://www.sam.gov>. After reviewing the SAM database information, the Offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in FAR 52.204-8(c) and paragraph (d) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer, and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [*Offeror to insert changes, identifying change by provision number, title, date*]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR/DFARS Provision #	Title	Date	Change
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Any changes provided by the Offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications located in the SAM database.

(End of provision)

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation. (May 2021)

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

252.225-7000 Buy American--Balance of Payments Program Certificate.

(Feb 2024)

BUY AMERICAN-BALANCE OF PAYMENTS PROGRAM CERTIFICATE-BASIC (FEB 2024)

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "component," "critical component," "critical item," "domestic end product," "foreign end product," "qualifying country," "qualifying country end product," and "United States," as used in this provision, have the meanings given in the 252.225-7001, Buy American and Balance of Payments Program-Basic clause of this solicitation.

(b) *Evaluation.* The Government-

(1) Will evaluate offers in accordance with the policies and procedures of Part 225 of the Defense Federal Acquisition Regulation Supplement; and

(2) Will evaluate offers of qualifying country end products without regard to the restrictions of the Buy American statute or the Balance of Payments Program.

(c) *Certifications and identification of country of origin.*

(1) For all line items subject to the Buy American and Balance of Payments Program-Basic clause of this solicitation, the Offeror certifies that-

(i) Each end product, except those listed in paragraphs (c)(2) or (3) of this provision, is a domestic end product and that each domestic end product listed in paragraph (c)(4) of this provision contains a critical component or a critical item; and

(ii) For end products other than COTS items, components of unknown origin are considered to have been mined, produced, or manufactured outside the United States or a qualifying country. For those end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

(2) The Offeror certifies that the following end products are qualifying country end products:

Line Item Number	Country of Origin
=====	=====
=====	=====
=====	=====

(3) The following end products are other foreign end products, including end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

Line Item Number	Country of Origin (If known)	Exceeds 55% Domestic Content (yes/no)
_____	_____	_____
_____	_____	_____
_____	_____	_____

(4) The Offeror shall separately list the line item numbers of domestic end products that contain a critical component or a critical item (see Federal Acquisition Regulation 25.105).

Domestic end products containing a critical component or a critical item:

Line Item Number _____

[List as necessary]

(End of provision)

252.225-7010 Commercial Derivative Military Article-Specialty Metals Compliance Certificate. (Jul 2009)

COMMERCIAL DERIVATIVE MILITARY ARTICLE-SPECIALTY METALS COMPLIANCE CERTIFICATE (JUL 2009)

(a) *Definitions.* "Commercial derivative military article," "commercially available off-the-shelf item," "produce," "required form," and "specialty metal," as used in this provision, have the meanings given in the clause of this solicitation entitled "Restriction on Acquisition of Certain Articles Containing Specialty Metals" (DFARS 252.225-7009).

(b) The offeror shall list in this paragraph any commercial derivative military articles it intends to deliver under any contract resulting from this solicitation using the alternative compliance for commercial derivative military articles, as specified in paragraph (d) of the clause of this solicitation entitled "Restriction on Acquisition of Certain Articles Containing Specialty Metals" (DFARS 252.225-7009). The offeror's designation of an item as a "commercial derivative military article" will be subject to Government review and approval.

_____.

(c) If the offeror has listed any commercial derivative military articles in paragraph (b) of this provision, the offeror certifies that, if awarded a contract as a result of this solicitation, and if the Government approves the designation of the listed item(s) as commercial derivative military articles, the offeror and its subcontractor(s) will demonstrate that individually or collectively they have entered into a contractual agreement or agreements to purchase an amount of domestically melted or produced specialty metal in the required form, for use during the period of contract performance in the production of each commercial derivative military article and the related commercial article, that is not less than the Contractor's good faith estimate of the greater of-

(1) An amount equivalent to 120 percent of the amount of specialty metal that is required to carry out the production of the commercial derivative military article (including the work performed under each subcontract); or

(2) An amount equivalent to 50 percent of the amount of specialty metal that will be purchased by the Contractor and its subcontractors for use during such period in the production of the commercial derivative military article and the related commercial article.

(d) For the purposes of this provision, the amount of specialty metal that is required to carry out the production of the commercial derivative military article includes specialty metal contained in any item, including commercially available off-the-shelf items, incorporated into such commercial derivative military articles.

(End of provision)

Section L - Instructions, Conditions, & Notices to Offerors or Quoters

INSTRUCTIONS TO OFFERORS

A. Proposal Submittal and Inquiries

1. Proposals shall be received prior to the closing date and time identified on the SF 33. Email proposals to the following email addresses: james.r.davenport60.civ@us.navy.mil and charles.t.reeves7.civ@us.navy.mil
2. The subject line of the email submission shall read, "N4044324R0101 // [Offeror's Name] // Part [X] of [Y]," (Part of X of Y is utilized to indicate multiple emails as part of the submission where X is the email number and Y is the number of total emails to be received). NOTE: to ensure attachments are properly received, offerors are encouraged to limit the sum total size of a single email to less than 10 megabytes (MB).
3. Submissions shall not contain any classified material. It is the sole-responsibility of the offeror to ensure that the files submitted are virus free and can be opened and read by the Government.
4. The point of contact responsible for supplying additional information and answering all inquiries is the Contracting Officer via the Contract Specialist. Address all questions or concerns the offeror may have to the Contract Specialist, Rey Estrada, and the Contracting Officer, Taylor Reeves. All questions concerning the solicitation shall be submitted in writing via email to: james.r.davenport60.civ@us.navy.mil and charles.t.reeves7.civ@us.navy.mil
5. All questions shall be received no later than 20 calendar days after issuance of the solicitation. Offerors are cautioned that any question received after this deadline may not receive a response.

B. General Instructions

1. The selection of a source for award purposes will be conducted utilizing source selection (negotiated) procedures as delineated in FAR Subpart 15.3. Offerors will be evaluated using the criteria under Section M, "Evaluation Factors for Award." Noncompliance with the Request for Proposal (RFP) requirements may hamper the Government's ability to properly evaluate the proposal and may result in elimination of the proposal from further consideration for contract award.
2. The offer. The submission of the documentation specified below will constitute the offeror's acceptance of

the terms and conditions of the RFP and concurrence with the contract type.

3. It is the Government's intention to award without discussions. Offerors are encouraged to submit proposals that are responsive to the RFP requirements and logically assembled. In accordance with FAR 15.306, should discussions become necessary, the Government reserves the right to hold them. If this occurs, a competitive range will be determined, and offerors notified. The competitive range may be limited for purposes of efficiency in accordance with FAR 15.306(c)(2). Proposals containing unacceptable ratings may be included in the competitive range provided they can be made acceptable as a result of discussions.

4. Instructions outlined in paragraph C below prescribe the format for the proposal and describe the approach for the development and presentation of proposal data. These instructions are designed to ensure the submission of information needed to allow for evaluation of proposals.

5. If an offeror believes that the requirements in these instructions contain an error, an ambiguity, omission, or are otherwise deemed unsound, the offeror shall immediately notify the Contract Specialist in writing with the supporting rationale. The offeror is reminded that the Government reserves the right to award this effort based on the initial proposals, as received, without discussion.

6. All referenced documents for this solicitation are available on the System for Award Management (SAM) website at <https://www.sam.gov>. Potential offerors are encouraged to subscribe for real-time email notifications when information has been posted to the website for this solicitation. If any necessary documents are not available on SAM, please notify the Contract Specialist.

7. Debriefings. The Contracting Officer will promptly notify offerors if the decision to eliminate their proposals from the competitive range, whereupon an offeror can request and receive a debriefing in accordance with FAR 15.505. The Contracting Officer will notify unsuccessful offerors in the competitive range of the source selection decision in accordance with FAR 15.506. Upon such notification, unsuccessful offerors may request and receive a debriefing. Any offeror requesting a debriefing must make the request in accordance with the requirements of FAR 15.506.

C. Proposal Preparation Instructions

1. Offeror's proposal shall consist of three (3) separate volumes: General (Volume I), Technical (Volume II), and Past Performance (Volume III). Note: Price proposals are not required and will not be evaluated as part of this solicitation. To facilitate efficiency and consistency in proposal evaluation this guidance is

mandatory. Proposals that do not follow this guidance may be rejected as unacceptable and thus ineligible for award.

2. Exceptions. Offerors are required to meet all solicitation requirements, such as terms and conditions, representation and certifications, and technical requirements, in addition to those identified as evaluation factors and subfactors (Sections A through M). Failure to meet a requirement may result in an offeror being ineligible for award. If the offeror finds it necessary to take exception to any of the requirements specified in this solicitation, the offeror shall clearly identify the applicable Volume and exceptions with a complete explanation of why the exception was taken, what benefit accrues to the Government (if any), and its impact, if any, on the performance, schedule, cost, and specific requirements of the solicitation. Each exception shall be specifically related to each paragraph and/or specific part of the solicitation to which the exception is taken. Offerors are cautioned that taking an exception may render the offer ineligible for award. It is recommended that the offeror contact the Contract Specialist and Contracting Officer immediately upon identifying an area that may result in an exception, and prior to solicitation closing.

D. Proposal Format

1. The proposals shall be organized into three (3) separate volumes. Each file sent via email shall include the volume number in the document title. It is permissible to include multiple volumes within one (1) email submission, however a single file can contain no more than one (1) volume.

2. Files shall be submitted in one (1) or a combination of the following formats: Adobe PDF, Microsoft Word, PowerPoint, and/or Excel. No file shall be locked. The file names shall consist of the volume number, factor, tab, company name, and state "initial" (for the first submission) and "Revision X" (for later submissions, if necessary) where X indicates the number of the revision. All files are to be named in a succinct manner.

3. The following page limitations apply to proposal submissions

Table 1 - Volume Page Limits

Volume Number / Volume Title / Page Limits

I	General	Not Applicable
---	---------	----------------

II	Technical	20 (excludes Subfactors A, E, and F, and all photographs)
----	-----------	---

III	Past Performance	20 (does not include questionnaire responses)
-----	------------------	---

4. Proposal Limitation. The proposal shall not exceed the limits stated above. If the page limits are exceeded,

the pages in excess of the limit shall be removed and remain unread. The Government will not accept any changes to the contractor's proposal after the closing date of the solicitation (See FAR 15.208 for further information regarding late proposals). If discussions become necessary, page limitations may be placed on responses to Evaluation Notices (EN). The specified page limits for EN responses will be identified in the letters forwarding the ENs to the offerors.

5. Page limits apply to appendices, charts, graphs, diagrams, tables, photographs, drawings, narratives, etc.

6. Page limits do not include covers for volumes, tables of contents, glossary of abbreviations and acronyms, indices, title pages, cross reference indices, and section dividers/tables if they are inserted solely to provide ease to the reader in locating parts/sections of the proposal. Pages will be counted if they contain any other information, i.e., diagrams, extraneous data, etc. Pages marked, "This page intentionally left blank," will not be counted.

7. In the event that the offeror creates ambiguity in their numbering of pages, the Government may exercise its own discretion in counting pages.

E. Proposal Content

1. Volume I - General. Offerors are required to submit: TAB A - an Executive Summary; TAB B - exceptions/assumptions (if required); TAB C - a completed SF 33 to include acknowledgement of amendments, if applicable; TAB D - a completed Section K Representations and Certifications; TAB E - a completed Disclosure of Lobbying Activities, SF LLL; and TAB F - Technical Non-Disclosure Agreement.

a. TAB A, Executive Summary. Provide an executive summary that introduces the Contractor team and proposal submission. In addition, a statement of persons authorized to negotiate and sign on the offeror's behalf with the Government in connection with this solicitation.

b. TAB B, Exceptions/Assumptions (if required). Identification and explanation of any exceptions or deviations. Additionally, any assumptions used in the proposal preparation must be identified.

c. TAB C, SF 33. The SF 33 shall be fully completed upon submission. The offeror shall acknowledge any amendments to the RFP in accordance with the instructions on the SF 30 and FAR Clause 52.215-1(b).

d. TAB D, Section K (Representation, Certification, and Other Statements of Offerors). The offeror shall ensure that Section K is submitted thoroughly completed with all blocks in each certification/representation completed truthfully and completely.

e. TAB E, Disclosure of Lobbying Activities, SF LLL. The offeror shall complete the Disclosure of Lobbying Activities, SF LLL, Attachment J-4, for a payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an offer or employee of any agency of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action.

f. TAB F, Technical Non-Disclosure Agreement. The offeror shall ensure the required fields within Attachment J-1 Technical Non-Disclosure Agreement is completed.

2. Volume II - Technical. The technical proposal will be the basis for assessing the offeror's ability to understand and perform the scope of ship repair tasks described in the solicitation. Section M of the solicitation outlines the evaluation factors and defines the source selection evaluation criteria for evaluating the technical proposal. The technical volume shall be clear, concise, and include sufficient detail for effective evaluation and for substantiating the validity of stated claims in the offeror's proposal. Legibility, clarity, and coherence are very important. The proposal should not simply rephrase or restate the Government's requirements, but rather shall provide convincing rationale to address how the offeror intends to meet the requirements. Statements that the offeror understands, can, or will comply with the requirements; statements paraphrasing the requirements or parts thereof; and phrases such as "standard procedures will be employed" or "well known techniques will be used," etc., will not be considered sufficient. Offerors shall assume that the Government has no prior knowledge of its facilities and experience and will base its evaluation on the information presented in the offeror's proposal. Elaborate brochures or documentation, detailed artwork, or other embellishments are unnecessary and may have the unintended consequence of calling into question a contractor's claims.

The technical volume shall be organized according to the following general outline (each Subfactor shall be submitted as its own Tab):

a. Subfactor A: ABS Red-Stamped Weld Procedures (WPS). Provide company-owned WPSs (entire document with red-stamped ABS approval) that support the following welding groups:

I. Carbon Steel welding compliant with D1.1 Group 1. Range: 1/4" thickness to 3/4" thickness with position letters.

II. Steel piping compliant with Group 2 to Group 2.

III. Copper-Nickel piping compliant with Group 2 to Group 2.

b. Subfactor B: Understanding of ABS and/or USCG Regulations. Offerors shall demonstrate their understanding of ABS and/or USCG regulations. At a minimum, proposals are to include the following:

I. A list of three (3) Government contracts (Federal Government contracts, state, local) or commercial contracts in that order) completed within the last three (3) years from the date of issuance of this solicitation in which ABS and/or USCG attendance and approval of work was required. The list shall include contract numbers, a description of the work performed under these contracts, and how ABS and/or USCG certification contributed to the successful completion of the ship repair event.

II. A description of how internal procedures allow for securing and managing ABS approved welder certifications and ensuring that welding procedures are adhered to.

III. A description of management's plans for coordinating ABS and/or USCG inspections related to their repairs.

c. Subfactor C: Ship Repair Facility. At a minimum, proposals are to include the following:

I. A description of any marine repair facility the offeror owns, or has access to, with the intent of utilizing under this contract in any one or combination of Lots listed in paragraph 5.0, and within the limits established in paragraph 16.3. Accompany facility description with photographs.

II. Offerors proposing to obtain a facility upon contract award must submit documentary evidence from the facility owner demonstrating a commitment to make the facility available to the offeror upon contract award.

d. Subfactor D: Emergency Response Capabilities. Dates and locations for emergency repairs will normally be provided 48 hours prior to start of performance. At a minimum, proposals are to include the following:

I. Description detailing the offeror's ability to dispatch personnel in emergency situations once notification is received.

II. Discuss capabilities to address emergency repairs in respective Lot or Lots where offeror has a ship repair facility.

e. Subfactor E: Hazardous Waste Management Plan. Note: if a hazardous waste subcontractor is changed for any reason the Hazardous Waste Management Plan should be amended prior to the new subcontractor beginning work on the vessel. At a minimum, proposals are to include the following:

I. Key personnel associated with hazardous waste management including, but not limited to, personnel associated with employee training, hazardous waste identification, and manifest documentation.

II. Subcontractors associated with removal, handling, and disposal of hazardous wastes, including, but not limited to, subcontractors responsible for removing, storing, transporting, recycling, recycling, reclaiming, or otherwise disposing of hazardous waste. All permits and/or other applicable credentials associated with safe and proper disposal of hazardous waste should be included.

III. A list of all local, state, and federal agencies associated with the disposal of hazardous wastes.

IV. A description of procedures used by the contractor to accomplish removal, handling, storage, and disposal of hazardous wastes in accordance with local, state, and federal requirements.

V. A description of the procedures that will be implemented to reduce the volume and toxicity of hazardous waste generated during the performance of this contract. This description shall include, but is not limited to, management of hazardous waste generation, process controls utilized to ensure that effective minimization techniques are maintained, technological resources available to reduce the toxicity of the volume of hazardous waste, and reporting procedures.

f. Subfactor F: Occupational Safety and Health Administration (OSHA) Training.

I. Procedures for training and certifying ship repair personnel IAW OSHA requirements for maritime

/ shipyard environment and confined spaces.

3. Volume III - Past Performance. The past performance evaluation will be accomplished by reviewing aspects of an offeror's recent and relevant past performance. Offerors may provide information for up to three (3) previous Government contracts whose effort is recent and relevant to the effort required by this solicitation as described Section C, Scope of Work, Paragraph 1.3.

a. "Recent" is defined as a contract completed within the last three (3) years from the date of solicitation issue. If the offeror has not had three (3) Government contracts within the last three (3) years, information on recent and relevant commercial contracts may be submitted.

b. "Relevant" is defined as a contract that is of similar scope, magnitude, and complexity to the requirements as set forth in this solicitation.

I. Scope: Experience in the areas described in Section C, Scope of Work, Paragraph 1.3.

II. Magnitude: The measure of similarity of the volume of orders, dollar value, and/or duration of work actually performed under the offeror's submitted contracts to this acquisition.

III. Complexity: The measure of the similarity of technical difficulty, managerial intricacy, and/or required coordination of efforts and disciplines performed by the offeror in its submitted contracts to this acquisition. For complexity, not only will the tasks performed by the offeror be considered, but also the offeror's ability to coordinate tasks (e.g., concurrent performance requirements).

c. A Past Performance Data Sheet (Attachment J-2) shall be submitted for each contract to be considered as past performance. Offerors shall provide a detailed explanation demonstrating the similarity of the contracts to the requirements of this solicitation; a detailed description of the work performed for the contract; and the role performed, including whether the offeror acted as a prime contractor or a subcontractor. Offerors are responsible for the accuracy of all data provided. Past performance information regarding predecessor companies, key personnel who have relevant experience and subcontractors that will perform major or critical aspects of the requirement may be provided as past performance submissions.

d. For each of the contracts the offeror describes in a Past Performance Data Sheet (Attachment J-2), the offeror is requested to provide a Past Performance Questionnaire (Attachment J-3, REV-1) to a

reference at the organization that awarded the contract. The reference, not the offeror, shall email the completed Past Performance Questionnaire BEFORE THE DUE DATE FOR PROPOSALS directly to the following email addresses:

james.r.davenport60.civ@us.navy.mil and charles.t.reeves7.civ@us.navy.mil

e. Fax submittals will not be considered. The offeror, NOT THE GOVERNMENT, is responsible for ensuring that the Government receives a sufficient number of questionnaires.

52.207-4 Economic Purchase Quantity-Supplies. (Aug 1987)

ECONOMIC PURCHASE QUANTITY-SUPPLIES (AUG 1987)

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals or quotes are requested in this solicitation is (are) economically advantageous to the Government.

=====

=====

(b) Each offeror who believes that acquisitions in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

Offeror Recommendations

Item	Quantity	Price Quotation	Total
==	==	==	==
==	==	==	==
==	==	==	==
==	==	==	==

(c) The information requested in this provision is being solicited to avoid acquisitions in disadvantageous quantities and to assist the Government in developing a data base for future acquisitions of these items. However, the Government reserves the right to amend or cancel the solicitation and resolicit with respect to any individual item in the event quotations received and the Government's requirements indicate that different quantities should be acquired.

(End of provision)

52.216-1 Type of Contract.

(Apr 1984)

TYPE OF CONTRACT (APR 1984)

The Government contemplates award of a Firm Fixed Price Indefinite-Delivery Indefinite Quantity contract(s)[Contracting Officer insert specific type of contract] contract resulting from this solicitation.

(End of provision)

52.233-2 Service of Protest.

(Sep 2006)

SERVICE OF PROTEST (SEPT 2006)

(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from Taylor Reeves 140 Sylvester Road, Building 570, San Diego, California, 92106 Phone: 619-553-0348, email: charles.t.reeves7.civ@us.navy.mil . [Contracting Officer designate the official or location where a protest may be served on the Contracting Officer.]

(b) The copy of any protest shall be received in the office designated above within oneday of filing a protest with the GAO.

252.215-7008 Only One Offer.

(Dec 2022)

ONLY ONE OFFER (DEC 2022)

(a) *Cost or pricing data requirements.* After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to-

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702 and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) *Canadian Commercial Corporation.* If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable ____ [U.S. Contracting Officer to provide description of the data required in accordance with FAR 15.403-3(a)(1) with the notification].

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) *Subcontracts.* Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

Section M - Evaluation Factors for Award

EVALUATION FACTORS

A. Basis for Contract Award

1. This is a best value source selection conducted in accordance with Federal Acquisition Regulation (FAR) 15.3, Source Selection, as supplemented by the Defense Federal Acquisition Regulation Supplement (DFARS), and the Navy Marine Corps Acquisition Regulation Supplement (NMCARS). Award will be made to all offerors who are deemed responsible under FAR 9.104, whose proposal conforms to the solicitation requirements, whose proposal obtains a technical proposal rating of acceptable, and whose proposal obtains a past performance proposal rating of acceptable.

B. General Instructions

1. Award for Work. The Government intends to award multiple contracts as a result of this solicitation. Offerors are required to submit proposals for one, or any combination of, the following geographic

locations:

Lot A: San Diego, CA

Lot B: Bremerton, WA

Lot C: Seward, AK

Lot D: Oahu, HI

Note: A Lot denotes the center point of a geographic area where the Government intends to conduct ship repair.

2. As set forth in FAR Clause 52.215-1(f)(4), the Government intends to evaluate proposals and award contract(s) without discussions with offerors (except clarifications as described in FAR 15.306(a), Clarifications and award without discussions). Therefore, the offeror's initial proposal should contain the offeror's best terms from technical standpoint and provide relevant past performance. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. In the event that discussions are held, a competitive range determination will be made. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

C. Evaluation Criteria

1. Evaluation criteria consist of factors and subfactors. The proposals will be evaluated under two

(2) evaluation factors:

a. Factor 1 - Technical

I. Subfactor A: ABS Red-Stamped Weld Procedures (WPS)

II. Subfactor B: Understanding of ABS and/or USCG Regulations

III. Subfactor C: Ship Repair Facility

IV. Subfactor D: Emergency Response Capabilities

V. Subfactor E: Hazardous Waste Management Plan

VI. Subfactor F: Occupational Safety and Health Administration (OSHA) Training

b. Factor 2 - Past Performance

2. Factor 1 - Technical Factor. The technical factor evaluation is an assessment of the offeror's proposed approach and capability to satisfy the Government's requirements. In order to meet this factor requirement, the offeror must demonstrate the ability to successfully execute this contract as delineated through the subfactors described below:

a. Subfactor A: ABS Red-Stamped Weld Procedures (WPS). Provide company-owned WPSs (entire document with red-stamped ABS approval) that support the following welding groups:

I. Carbon Steel welding compliant with D1.1 Group 1. Range: 1/4" thickness to 3/4" thickness with position letters.

II. Steel piping compliant with Group 2 to Group 2.

III. Copper-Nickel piping compliant with Group 2 to Group 2.

b. Subfactor B: Understanding of ABS and/or USCG Regulations

I. Have completed at least three (3) separate contracts within the last three (3) years, as defined in Section L of the solicitation, that required attendance and approval of work from ABS and/or USCG.

II. Demonstrate an effective internal procedure to both acquire and maintain ABS approved welder certifications within the timeframe of a potential Delivery Order and adhere to regulatory welding procedures throughout the work performance. For the purposes of this submission, an offeror shall assume that an award notice is provided on average 14 days prior to performance start and the average POP for the repair is 21 days. To be considered effective, the internal procedures shall show roles, responsibilities, processes, timelines, surveillance of work procedures, acceptance and rejection of work, and resolution of deficiencies.

III. Demonstrate an effective and efficient plan for coordinating ABS and/or USCG inspections related to their repairs. To be considered effective, the plan shall show roles, responsibilities, and timelines to conduct this coordination. To be considered efficient, the plan shall show contractor interface with ABS and/or USCG inspectors at each required phase of the repair.

c. Subfactor C: Ship Repair Facility

I. Either own, or have access to, a ship repair facility in the Lot or Lots where the offeror intends to support this contract.

II. Possess the equipment and resources to sufficiently support the work intended by this contract.

d. Subfactor D: Emergency Response Capabilities.

I. Provide an effective response plan to ramp up adequate personnel to respond to and begin

emergency repairs. Dates and locations for emergency repairs will normally be provided about two (2) calendar days prior to start of performance.

II. Response plan must identify roles, responsibilities, methods, and timelines to effectively coordinate company's response.

III. Response plan must demonstrate ability to dispatch enough personnel who are both skilled and unskilled to accomplish the emergency repair.

e. Subfactor E: Hazardous Waste Management Plan.

I. Provide hazardous waste management key personnel that have demonstrated experience with employee training, hazardous waste identification, and manifest documentation.

II. Provide subcontractors (if utilizing subcontractors in this area) covering the aspects of hazardous waste described in Section L technical Subfactor E. Each subcontractor (or prime contractor in the case subcontractors are not utilized for this area) shall have all permits and applicable credentials associated with safe and proper disposal of hazardous waste.

III. Demonstrate an understanding of hazardous waste disposal by providing all local, state, and federal agencies associated with these tasks.

IV. Demonstrate knowledge of how to remove, handle, store, and dispose of hazardous wastes in accordance with local, state, and federal requirements.

V. Describe effective methods of managing and reporting hazardous waste generation and any technological resources available to reduce the toxicity of the volume of hazardous waste.

VI. Describe methods of managing and reporting hazardous waste will identify roles, responsibilities, and process controls.

f. Subfactor F: Occupational Safety and Health Administration (OSHA) Training

I. Discuss company training programs for qualifying ship repair personnel in maritime and confined spaces IAW OSHA requirements.

3. Factor 1 - Technical Rating. The technical factor and each subfactor will receive one (1) of the adjectival ratings defined below:

Acceptable: Proposal meets the requirements of the solicitation

Unacceptable: Proposal does not meet the requirements of the solicitation

a. In order to receive an acceptable subfactor rating, the subfactor submission must meet all of the requirements stated for that subfactor. In order to receive an acceptable technical factor rating, all subfactors must be rated acceptable.

4. Factor 2 - Past Performance Factor. The past performance evaluation will assess the offeror's probability of meeting the solicitation requirements. To develop an overall rating, the Government's evaluation will take into account relevant information submitted by each offeror as part of its proposal and the Government's assessment and evaluation of other sources of information. Offerors are cautioned that the Government may use data provided in the offeror's proposal and data obtained from other sources. Other sources of information for past performance may include, but are not limited to, Past Performance Information Retrieval System (PPIRS) reports, the Federal Awardee Performance and Integrity Information System (FAPIIS), Electronic Subcontract Report System (ESRS), Contractor Performance Assessment Reporting System (CPARS), and other databases, questionnaires, and interviews.

a. The Government will consider the recency and relevancy of past performance information compared to the requirements detailed in the solicitation, the source of the information, the context of the data and general trends in the offeror's performance and any associated risk.

I. To be considered recent, the effort must have been completed during the past three (3) years from the date of issuance of the solicitation. Past performance information that fails this condition will not be evaluated.

II. To be considered relevant, the recent effort must meet the definitions of relevant scope, magnitude, and complexity as described in Section L.

b. The Government will consider the extent of the offeror's ability to perform a previous contract

successfully in the areas of: (a) quality of product or services; (b) timeliness or scheduling of

supplies/deliverables; (c) management; and (d) regulatory compliance.

c. The Government will consider the company itself, predecessor companies, key personnel who have relevant experience and subcontractor who will perform major or critical aspects of the requirements.

d. The Government reserves the right to consider Past Performance Questionnaires received after the due date for receipt of proposals. The Government reserves the right to contract references for verification or additional information and the right to consider other relevant past performance information. The Government may call customers, whether or not provided by the offeror, to inquire about the offeror's past performance. The Government does not assume the duty to search for data to cure the problem it finds with the

information provided by the offeror. The burden of providing thorough and complete past performance information remains with the offeror.

5. Factor 2 - Past Performance Rating. The past performance factor will be assigned one (1) of the ratings defined below:

Acceptable: Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or the offeror's performance record is unknown.

Unacceptable: Based on the offeror's performance record, the Government has no reasonable expectation that the offeror will be able to successfully perform the required effort.

a. In the case of an offeror without relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, the offeror may not be evaluated favorably or unfavorably on past performance (see FAR 15.305(a)(2)(iv)). Therefore, the offeror shall be determined to have unknown past performance. In the context of acceptability/unacceptability, "unknown" shall be considered "acceptable."
