

PERFORMANCE WORK STATEMENT (PWS)

Headquarters (HQ) United States Army Europe and Africa (USAREUR-AF) G4
Staging Facilities Operation Support
March 2026

Part 1 General Information

1. General: This is a non-personal service(s) contract under which the personnel rendering the service(s) are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees.

1.1 Description of Services/Introduction: This is a non-personal service(s) contract to provide Staging Facility operation support to HQ USAREUR-AF G4.

1.2 Background: The USAREUR-AF G4 mission is to provide logistics support, plans, policies, processes, and services to meet soldier and theater-wide Army needs in times of peace, crises, special operations and war. The G4 is the senior logistics advisor to the Commanding General (CG), USAREUR-AF and USAREUR-AF's major subordinate Commands. The USAREUR-AF G4 provides staff supervision, management, and direction for the Major Command's (MACOM) logistics operations. This mission requires a high level of expertise to ensure theater-wide logistical support of USAREUR-AF activities.

1.3 Scope: The Contractor shall provide non-personal service(s). The Contractor shall provide non-personal service(s) for Staging Facility Operations which include the use of Global Combat System Support –Army (GCSS-A), and operation of forklifts. The contractor shall use Logistic Information Systems (LIS) to include but not limited to: GCSS-A, Decision Support Tool (DST), Defense Logistics Agency's (DLA) Programs and systems, Radio Frequency In-Transit Visibility (RF-ITV) Tracking, Integrated Data Environment (IDE)/Global Transportation Network (GTN) Convergence (IGC), Transportation Coordinators' Automated Information for Movements System (TC-AIMS), Cargo Movement Operations System (CMOS) and Army Enterprise Systems Integration Program (AESIP).

The Contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items necessary to perform services as described in the PWS and associated contract documents, except for those items specified in Part 3 Government Property and Services. The Contractor shall perform to the standards and acceptable quality levels identified in this PWS and associated contract documents.

1.4 Objectives: The objective of this contract is to maintain a 100% accountability of property received and processed through the warehouse according to Army regulations.

1.5 General Information

1.5.1 Quality Control Plan (QCP): The Contractor shall develop and maintain a QCP to ensure services are performed in accordance with (IAW) this PWS. The Contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The Contractor's QCP is the means by which it assures that the work provided complies with the requirements of the contract.

The Contractor's Proposed QCP shall be submitted to the Contracting Officer (KO) and the Contracting Officer's representative (COR) for review within ten (10) days after date of contract award (Deliverable #1).

The Government will review and either notify the Contractor in writing of acceptance of the plan or return their comments to the Contractor within five (5) days. If the Government has provided comments, the Contractor shall then have three (3) days to submit a Final QCP. After receipt of the Final QCP, the Contractor may receive the Contracting Officer's acceptance in writing. Any proposed changes to the accepted QCP are required to be resubmitted for acceptance by the Contracting Officer.

no later than fifteen (15) days prior to the anticipated change and before implementation by the Contractor. The timeline noted above will apply for review and acceptance for proposed changes. At a minimum, the QCP must include and answer the following to be acceptable:

- a. A chart showing the organizational structure and lines of authority, the names, qualifications, duties, responsibilities, and classification of each member of the Contractor's Quality Control Team.
- b. How will the Contractor monitor work to ensure that performance complies with all deliverables (etc. timelines, deadlines, and goals)?
- c. How will the Contractor monitor work to ensure that performance complies with all specifications and requirements of the contract, including clauses?
- d. How will the Contractor monitor and ensure staff qualifications remain current and valid including DOCPER processes/approvals throughout contract performance?
- e. How will the Contractor ensure all keys issued will remain controlled items (Paragraph 1.7 Key Control)?
- f. How will the Contractor inventory and track maintenance of all Government Provided Equipment / Materials?
- g. How will the Contractor identify, investigate, and correct any non-conforming performance and prevent similar deficiencies in the future?
- h. How will the Contractor file and save all Quality Control related documents for the life of the contract plus 5 years?

1.5.1.1 RESERVED.

1.5.2 Quality Assurance: The Government will evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

1.5.3 Recognized Holidays: The following provides information on recognized holidays for the purpose of the PWS. If submittal of any documentation (e.g. deliverables, submittals, etc.) deadlines fall on a holiday, the closest work day prior to the holiday will apply as the deadline for submittal.

1.5.3.1 U.S. Holidays: Work shall not be performed on U.S. holidays occurring during the normal workweek unless otherwise directed by the Contracting Officer. When a U.S holiday occurs on a Saturday or a Sunday, the holiday is observed on the preceding Friday or following Monday, respectively.

New Year's Day January 1 st	M. L. King Memorial Day 3 rd Monday in January
Presidents Day 3 rd Monday in February	Memorial Day last Monday in May
June Teenth June 19 th	Independence Day July 4 th
Labor Day 1 st Monday in September	Columbus Day 2 nd Monday in October
Veteran's Day November 11 th	Thanksgiving Day 4 th Thursday in November
Christmas Day December 25 th	

1.5.3.2 Host Nation Holidays: Work shall be performed on local Host Nation holidays occurring during the normal workweek unless otherwise directed by the Contracting Officer.

The applicable German national and local holidays are:

New Year's Day	01 January
Good Friday	varies yearly
Easter Monday	varies yearly
Labor Day	01 May
Ascension Day	varies yearly
Whit Monday	varies yearly
Corpus Christi	varies yearly
Day of German Unity	03 October
All Saints' Day	01 November
1st Christmas Day	25 December
2nd Christmas Day	26 December

1.5.4 Operating Hours: The Government facility office hours, facility operating hours, and the Contractor support hour requirements often coincide, however, they may differ. Please refer to the following.

1.5.4.1 Government Facility Office Hours: The Government facility office hours are hours 0730 to 1600 Central European Time (CET), Monday through Friday, except U.S. Holidays identified in paragraph 1.5.3.1 above or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings.

1.5.4.2 Government Facility Operating Hours: The Government facility operating hours occur between the hours of 0730 to 1600 Central European Time (CET), Monday through Friday, except U.S. Holidays identified in paragraph 1.5.3.1. The Government facility is open for operations during the recognized U.S. Holidays identified in paragraph 1.6.3.1 above. The Government facility may close due to local or national emergencies, administrative closings, or similar Government directed facility closings and will be communicated by the Contracting Officer to the Contractor.

1.5.4.3 Contractor Support Hours: The Contractor shall provide support between the hours of 0790 to 1600 Central European Time (CET), Monday through Friday, except U.S. Holidays identified in paragraph 1.5.3.1. The Contractor shall at all times maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the workforce are essential. For other than firm fixed price contracts, the Contractor will not be reimbursed when the Government facility is closed for the above reasons.

1.5.4.3.1 Contractor Work Plan: RESERVED.

1.5.5 Training Holidays: USAREUR-AF has historically granted military personnel training holidays as compensation for time that they spent in field training. These are typically combined with regular holiday leave schedules (for example, Christmas half days or day on day off schedules). Training holidays may affect access to military operated facilities. If scheduled work or access to facilities is required, coordination with occupants will be necessary or the work in affected facilities shall be rescheduled after the training holiday. However, announced training holidays or exodus of military personnel may provide the Contractor with an opportunity for unrestricted access to facilities and areas. The Contractor shall take full advantage of such opportunities by planning maintenance or actions that are better accomplished when such areas are vacant.

1.5.6 Place of Performance: The work to be performed under this contract will be performed at HQ USAREUR-AF G4 Staging Facility located in the following:
Miesau Army Depot
USAREUR-AF G4 LAD Staging Facility
Bldg 1426, Bahnhofstr 78
Bruchmuehlbach-Miesau 66892

1.6 Security Requirements: The following information is provided on security related matters.

1.6.1 Security Program: Contractor personnel performing work under this contract must have an active personnel security clearance at the Tier 1 certification level in the Defense Information System for Security (DISS) at time of the proposal submission, and must maintain the level of security required for the life of the contract. The security requirements are IAW with the Department Of Defense Contract Security Classification Specification (DD Form 254), which is currently accessible at the following link: <http://www.dtic.mil/whs/directives/forms/eforms/dd0254.pdf>

1.6.2 Personnel Security Clearance Requirements: Contractor personnel performing work under this contract must have an active personnel security clearance at the Tier 1 certification level in the Joint Personnel Adjudication System (JPAS) at time of the proposal submission, and must maintain the level of security required for the life of the contract. The security requirements are IAW the Department of Defense Contract Security Classification Specification DD Form 254. The Contractor shall ensure that Contractor employees and subcontractor employees performing services under this contract comply with Federal Acquisition Regulation (FAR) 52.204-2 Security Requirements when the employee has access to information classified "Confidential," "Secret," or "Top Secret." The Contractor shall ensure the employee complies with the Department of Defense Security Agreement (DD Form 441), including the National Industrial Security Program Operating Manual (DoD 5220.22-M), and any revisions to DoD 5220.22-M, notice of which has been furnished to the Contractor.

1.6.3 Installation Access: Access to U.S. installations and controlled areas is limited to personnel who meet security criteria and are authorized by Host Nation law to work in that country. Failure to submit required information/data and obtain required documentation or clearances in accordance with Army in Europe (AE) Regulation 190-16 (AE Reg 190-16) Installation Access Control or (AE) Regulation 604-1 for Germany specific contracts, will be grounds for denying access to U.S. installations and controlled areas. The Contractor shall ensure that any subcontractors used in performance of this contract complies with these requirements and that all employees, of both the Contractor and any subcontractor utilized by the Contractor, are made aware of and comply with these requirements. Should anything in this paragraph conflict with AE Reg 190-16 or (AE) Regulation 604-1, the regulation takes precedent.

The Contractor shall be aware of and comply with the requirements associated with Installation Access Control. The Government is not liable for any costs associated with performance delays due solely to a firm's failure to comply with Installation Access Control System (IACS) processing requirements.

The Contractor shall return installation passes to the issuing IACS office when the contract is completed or when a Contractor employee no longer requires access.

AE Reg 190-16 (and AE 190-16-G German translation) can be found on the following website:
<https://www.aepubs.eur.army.mil/AE-Regulations/>

1.6.3.1 In addition, the Contractor shall provide the Contracting Officer, via the COR, an Initial Installation Pass Log within three (3) calendar days after contract award (Deliverable #2). The log must at a minimum contain the following information identified in 1.6.3.4 RA shall insert information required in this log .The log shall be updated as employees are added or removed. The Updated Installation Pass Log shall be current and available at any time upon request by the Government and submitted to the COR within five (5) days after any changes to the log (Deliverable #2).

1.6.3.2 The Contractor shall collect the installation access passes the same day employment of an individual has expired or has been terminated and shall return them to the issuing office within three (3) workdays (Deliverable #2).

1.6.3.3 Upon termination or cancellation of this contract, the Contractor shall collect all outstanding installation access passes and return them to the issuing office within three (3) workdays (Deliverable #2).

1.6.3.4 Common Access Cards (CAC): The Contractor shall provide the following information: Last, First Middle Name, Cadency Name, Personal identifier (e.g. Social Security Number, Federal Identification Number, or Tax Identification Number), date of birth, primary email address (this email address will be used to contact the individual) to the COR with 15 calendar days after award (unless circumstances require otherwise and as directed by the Contracting Officer) (Deliverable #2). The Contractor shall ensure safeguarding of Personally Identifiable Information (PII) and comply with requirements under 1.22.5.

1.6.3.4.1 The Contractor shall provide a CAC log within the first 30 calendar days after contract award and within five (5) days after changes have been made (Deliverable #2). (unless circumstances require otherwise and as directed by the Contracting Officer). The COR will provide format and content for the log during the post award meeting. Note - CACs are Government property and must be accounted for.

1.6.4 Background Checks: Army in Europe (AE) Regulation 604-1 provides guidance pertaining to background checks for U.S. and Host Nation Contractors (GERMANY).

1.6.4.1 U.S. Citizen: Contractors that work with or teach youth under the age of 18 years are subject to local and stateside background checks. The Requiring Activity Manager will determine the extent of background checks required. The Contractor employee may begin performance of the contract after receiving a favorable local background check. The Contractor agrees to replace the employee should results of the stateside background check, if required, be unfavorable as determined by the Requiring Activity Manager. The Contractor's replacement of the employee with the unfavorable background check shall be within a timeframe provided by the Requiring Activity Manager. The Contractor shall also replace employees whose background check, during their tenure of employment, renders them with an unfavorable local or stateside background check, as determined by the Requiring Activity Manager. The Contractor shall forward a copy to the Contracting Officer via the COR and the Requiring Activity Manager of each favorable background check within four (4) calendar days of receipt by the Contractor, identifying such with the appropriate contract number (Deliverable #3). The Contractor shall forward a copy to

the Contracting Officer via the COR and the Requiring Activity Manager of each unfavorable background within four (4) calendar days of receipt by the Contractor, identifying such with the appropriate contract number (Deliverable #3). When the Government awards a non-personal services contract directly to an individual, the failure of the individual to provide a favorable background check would be grounds for termination.

1.6.4.2 Local Nationals and Third Country Nationals: Local national and third country national Contractors that work with or teach youths under the age of 18 years are subject to background checks as determined by the Requiring Activity Manager. As a minimum prior to beginning performance, Contractors employing local national and third country nationals shall furnish the Contracting Officer via the COR and the Requiring Activity Manager a Polizeiliches Führungszeugnis, issued within the previous four months, no later four (4) days after Contract Award (Deliverable 4#). Forwarding correspondence from the Contractors shall identify the associated contract number. The Requiring Activity Manager will determine the favorability of the Polizeiliche Führungszeugnis and notify the Contractor. The Contractor shall forward a copy of unfavorable Polizeiliche Führungszeugnis to the Contracting Officer via the COR and the Requiring Activity Manager within one (1) Day of receipt, identifying such with the appropriate contract number. Local nationals and third country nationals agree to the same employee termination provisions as stated for U.S. Citizens (see paragraph 1.6.4.1 above, in particular, same requirements to replace the employee (and within timeframe noted) when results of background check are unfavorable).

1.6.5 Physical Security: The Contractor shall safeguard all Government equipment, information, and property provided for Contractor use. At the close of each work period, Government facilities, equipment, and materials shall be secured IAW the Army Physical Security Program (AR 190-13).

1.6.6 Operations Security (OPSEC) Requirements: Contractor personnel shall adhere to facility security policies and restrictions. The Contractor shall immediately report suspicious activities to security personnel.

1.7 Key Control: The Contractor shall establish and implement methods of making sure all keys issued to the Contractor by the Government are not lost or misplaced and are not used by unauthorized persons. NOTE: All references to keys include key cards. No keys issued to the Contractor by the Government shall be duplicated. The Contractor shall develop procedures covering key control that shall be included in the Contractor's Security Plan and the Quality Control Plan. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The Contractor shall immediately report any incidents of lost or duplicate keys to the Contracting Officer. In the event keys, other than master keys, are lost or duplicated, the Contractor shall, upon direction of the Contracting Officer, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform re-keying. When the replacement of locks or re-keying is performed by the Government, the total cost of re-keying or the replacement of the lock or locks shall be deducted from payment due to the Contractor. In the event a master key is lost or duplicated, all locks and keys for that system shall be replaced by the Government and the total cost deducted from the payment due to the Contractor. The Contractor shall prohibit the use of Government issued keys by any persons other than the Contractor's employees. The Contractor shall prohibit the opening of locked areas by Contractor employees to permit entrance of persons other than Contractor employees engaged in the performance of assigned work in those areas, or personnel authorized entrance by the Contracting Officer. The Contractor shall establish and implement methods of ensuring that all lock combinations are not revealed to unauthorized persons. The Contractor shall ensure that lock combinations are changed when personnel having access to the combinations no longer have a need to know such combinations. These procedures shall be included in the Quality Control Plan.

1.8 Post Award Conference/Periodic Progress Meetings: The Contractor shall attend any post award conference convened by the contracting activity or contract administration office in accordance with FAR Subpart 42.5. The Contracting Officer, COR, and other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the Contracting Officer will apprise the Contractor of how the Government views the Contractor's performance and the Contractor shall apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the Government.

1.8.1 The Contractor shall attend, participate in, and furnish input to scheduled and unscheduled meetings, conferences, and briefings that relate to the functions and services herein as required by the Government to provide effective communication and impart necessary information. The Contract Manager or designated representative shall attend meetings as requested by the Government. Meeting attendees shall at times include Contractor managerial, supervisory, and other personnel knowledgeable of the subject matter. Meetings may start or end outside of regular duty hours.

1.9 Contracting Officer's Representative (COR): Refer to Part 2 of this PWS for the definition of a COR. As determined by the Contracting Officer, a COR will be appointed and identified by letter of designation, a copy of which will be provided to the Contractor by the Contracting Officer. The designation letter states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is not authorized to obligate the Government. If the work is not written in the contract, the COR is not authorized to request new work. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract, perform inspections necessary in connection with contract performance, maintain written and oral communications with the Contractor concerning technical aspects of the contract, issue written interpretations of technical requirements, including Government drawings, designs, specifications, monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies, coordinate availability of Government property, and coordinate site entry of Contractor personnel.

1.10 Key Personnel: The following personnel are considered key personnel by the Government: The Contractor shall provide a Program/Contract Manager who shall be responsible for the performance of the work. The name of this person and an Alternate Program/Contract Manager, who shall act for the Contractor when the Program/Contract Manager is absent, along with a Curriculum Vitae (CV) for each of these individuals, shall be provided in writing to the Contracting Officer no later than three (3) calendar days after contract award. The Contract Manager and Alternate Contract Manager shall have full authority to act for the Contractor on all contract matters relating to daily operation of this contract. The Contract Manager or Alternate Contract Manager shall be available during the contractor support hours outlined in 1.5.4. Qualifications for all key personnel are listed below:

a. **Contract Manager and Alternate Contract Manager:** The contractor shall provide documentation for the requirements of paragraphs for all contractor employees to the COR within five (5) calendar days after performance start. All Contractor personnel shall be Ability to read, write, and speak English (proficiency levels equivalent to level 3 or higher of the BILC STANGAG 6001 Edition 5 dated February 2019 for reading and writing) (speaking skill is not required of a contractor who is hearing or speech impaired).

b. **Special Qualifications:** The contractor shall provide personnel with the following minimum qualifications:

1. The contractor employees shall be able to obtain a Common Access Card (CAC) to access computers and the Department of War Network.
2. The contractor employees shall have GCSS-A Property Book and Unit Supply (combined in one application module) training certificate from Army recognized training facility (like Vilseck CATC), or GCSS-A Program Manager (New Equipment Training) provided 40 hour course.
3. The contractor employees shall have a high school diploma or equivalent.
4. The contractor employees shall have a minimum of two (2) years' experience within the last five (5) years in Property Book, Unit Supply and warehouse operations and functions.
5. The contractor employees shall be able to attain a valid vehicle driver's license for Europe. (OF 346, DA form 5984-E license, or a German Drivers License).
6. The contractor shall ensure that employees have specialized permits, licenses, and certifications required to operate equipment under this contract. The contractor shall operate and maintain all equipment in a safe manner in accordance with AR 385-10, AR 385-55, AR 600-55 and local policies (OF Form 346, DA Form 5984-E, or German). Copies of all required permits, licenses, and certifications shall be delivered to the COR within 5 days of award or onboarding of new personnel. Copies of annual training will be provided (Deliverable #4)
7. The contractor employees shall be able to lift minimum of 70.5 pounds (32 kilos).

1.11 Identification of Contractor Employees: All Contractor personnel attending meetings, answering Government telephones, and working in other situations where their Contractor status is not obvious to third parties must identify themselves as such to avoid creating an impression in the minds of members of the public that they are Government officials. The Contractor shall ensure that all documents or reports produced by Contractors are suitably marked as Contractor products or that Contractor participation is appropriately disclosed.

1.12.1 Contractor workspace (staging site, on-site office, desk or work area, etc.) shall contain a sign signifying the space is occupied by Contractor employee(s) to ensure that Government employees and the public know that they are not Government

employees. The proposed sign shall be submitted to the Contracting Officer via the COR for review and acceptance within ten (10) workdays after contract award (Deliverable #5). Workspace sign location shall be coordinated with the COR. Contractor employees shall identify themselves by name and company affiliation when answering the telephone, presenting briefings, conducting or attending meetings, and seminars. All Contractor correspondence (written, facsimile, and email display) shall include their company name. Requirements for Contractor vehicles is addressed under Part 4 paragraph 4.4.

1.12.2 Contractor Identification Badges: Contractor personnel shall be easily identifiable through the display of badges. The Contractor (to include subcontractors) shall provide each of their employees an easily readable identification badge. The badge must include the employee's name, the contractor's company name, the functional area of assignment, and a recent color photograph of the employee. Companies with U.S. Government contracts will require their employees to wear these badges visibly when performing work at Government workplaces unless this would be impractical because of mission or safety considerations. The Contractor shall collect all ID Badges upon completion of the contract or termination of employee. A listing of issued ID cards shall be furnished to the Contracting Officer prior to the contract performance date and updated as needed to reflect Contractor personnel changes.

1.13 Contractor Travel: RESERVED.

1.14 Other Direct Costs (ODCs): RESERVED.

1.15 Data Rights: The Government has unlimited rights to all documents and materials produced under this contract. All documents and materials, to include the source codes of software, produced under this contract shall be Government owned and are the property of the Government with all rights and privileges of ownership and copyright belonging exclusively to the Government. These documents and materials may not be used or sold by the Contractor without written permission from the Contracting Officer. All materials supplied to the Government shall be the sole property of the Government and may not be used for any other purpose. This right does not abrogate any other Government rights.

1.16 Non-Disclosure Requirements: Performance under this contract may require the Contractor to access data and information proprietary to a Government agency, another Government Contractor, or of such nature that its dissemination or use other than as specified in this work statement would be adverse to the interests of the Government or others. The Contractor and Contractor personnel, shall not divulge or release data or information developed, or obtained under performance of this PWS, except to authorized Government personnel or upon written approval of the Contracting Officer. The Contractor shall not use, disclose, or reproduce proprietary data, which bears a restrictive legend, other than as specified in this PWS. All documentation showing individual names or other personal information shall be controlled and protected under the provisions of the Privacy Act of 1974, Public Law 93-579, 5 United States Code (U.S.C.) Section 552a.

1.17 The use of propaganda violates DoD Commercial Use of Imagery Guidelines stated at <http://www.defenseimagery.mil/products/dodimagery/commercialuse.html>. The Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any marketing tools to include its company website.

1.18 Non-Disclosure Statements: The Contractor shall provide signed non-disclosure agreements to the Government no later than one (1) work day (Deliverable #6) prior to commencement of work under the contract. Disclosure of information by Contractor personnel may result in Contractor personnel removal from performance under this contract.

1.19 Organizational Conflict of Interest (OCI): Contractor and subcontractor personnel performing work under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent OCI as defined in FAR Subpart 9.5. The Contractor shall notify the Contracting Officer immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the Contracting Officer to avoid or mitigate any such OCI (Deliverable #7). The Contractor's OCI Mitigation Plan will be determined to be acceptable solely at the discretion of the Contracting Officer. In the event the Contracting Officer unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the Contracting Officer may affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.20 Phase In /Phase Out Period: RESERVED.

1.21 Safety: The following provides information pertaining to Safety and Accident Prevention:

1.21.1 Host Nation Safety Laws and Regulations: The Contractor shall comply with FAR 52.236-13, Accident Prevention (November 1991), the references contained therein (e.g. U.S. Army Corps of Engineers Safety and Health Requirements Manual (EM 385-1-1)), and applicable Host Nation Safety Laws and Regulations.

The requirements under FAR 52.236-13 and specifically of the EM 385-1-1 include, but are not limited to the following:

(a) Before initiation of work at the job site, an Accident Prevention Plan, written by the Contractor for the specific work and hazards of the contract and implementing in detail the pertinent requirements of EM 385-1-1; will be reviewed for acceptance by designated Government personnel (Deliverable #8). Specific requirements for development of the Accident Prevention Plan are found in 01.A and Appendix A of EM 385-1-1. EM 385-1-1 is available online at www.usace.army.mil.

(b) Before beginning each activity involving a type of work presenting hazards not experienced in previous project operations or where a new work crew or subcontractor is to perform work, activity hazard analysis (AHA) shall be prepared by the Contractor performing the work activity (See paragraph 01.a.09 of EM 385-1-1).

(c) The Contractor shall require subcontractors to submit their plan of operations showing methods they propose to use in accomplishing major phases of work.

(d) The Contractor shall discuss the plans in conferences convened by the Contracting Officer prior to starting work on each major phase of operation. Plans shall include all pertinent information such as layout of haul roads, access roads, storage areas, electrical distribution lines, methods of providing minimum exposure to overhead loads, and methods of access to work areas. The plan for accomplishing the initial work phase shall be submitted within fifteen (15) calendar days after award of the contract. Plans for subsequent major phases of work shall be submitted no later than fifteen (15) calendar days prior to initiation of work on each major phase.

(e) In all areas where construction, demolition, alteration, building, or similar related activities take place, the Contractor shall have the following minimum personal protective clothing and equipment requirements in place for any person working on or visiting the site:

- (i) Short sleeve shirt.
- (ii) Long trousers.
- (iii) Steel-toed safety boots.
- (iv) Hard hat.

1.21.1.1 In addition to other requirements for accident prevention specified in this contract, the Contractor shall comply with all Federal and State requirements governing safety and health protection on construction sites and other applicable occupational safety codes. In particular, within the requirements of the German Safety and Health Protection Regulation for Construction Sites, Baustellenverordnung (BaustellV) (current version in effect), the Contractor shall coordinate all work at the site, including development of plans and providing advance notices.

The Contractor shall indicate its plan for compliance considering conditions of the work described by the design, technical proposal, operational activities of the Government or others in the area of the work, identification of the coordinator, and implementation of all other accident prevention provisions of this contract. For the compliance with host nation laws and regulations, the Contractor shall comply with the non-exclusive list of duties described in this paragraph. If the Contractor determines that additional activities are required to fully comply, the Contractor shall ensure that compliance with the laws is complete. The duties include:

(a) Conditions of construction and operational activities to be considered include but are not limited to:

(i) For all construction activities meeting the following criteria: the work is scheduled to last longer than 30 working days and more than 20 workers are occupied simultaneously, or the volume of work is scheduled to exceed 500 person days, or the work presents particular tasks, e.g. excavations deeper than 5 meters, falls from a height of greater than 7 meters, exposures to hazardous chemical or biological substances, work at less than 5 meters from high voltage lines, underground earth works or tunnels, danger of drowning, diving, use of compressed air, work with ionizing radiation, explosives, or work involving assembly or dismantling of heavy prefabricated components (10 tons or greater).

(b) If the Contractor determines that the BaustellV, dated 10 June 1998, applies, the Contractor shall prepare a Safety and Health Protection Plan (SIGE) as required under that regulation. The SIGE shall be submitted two weeks prior to mobilization. In addition, the Contractor shall appoint a qualified Safety Coordinator who will ensure that safety measures are implemented during construction. The Safety Coordinator must meet minimum training and experience requirements required under Host Nation laws.

(c) The SIGE will be written in a comprehensive form and explained in language the workers understand and shall contain the following minimum information:

- (i) Maintenance of tools and equipment.
- (ii) Provisions for the storage and disposal of materials and waste, particular hazardous materials and substances.
- (iii) Modifying performance periods for such work, taking into consideration the site conditions.
- (iv) Organizing cooperation between different employers and Contractors without employees.
- (v) Interaction between work at the site and other operational activities in the area, on which or near which the first identified work will be performed, and taking into consideration the instructions and advice of the coordinator as well as safety and health plans.

1.21.1.2 The Contractor shall complete and provide safety notifications required by host nation authorities and will provide documented proof to the Contracting Officer via the COR, no later than three (3) working days (Deliverable #9) that such notifications were made.

1.22 Environmental Compliance: The following provides information on Environmental Compliance.

1.22.1 Environmental Compliance Plan and Program:

The Contractor shall ensure that all of its operations and activities conform to the USAG Wiesbaden's environmental policy requirements. The Contractor shall ensure that all contract personnel have received appropriate levels of training in the handling, use, storage, and disposal of hazardous material. In addition, the Contractor shall ensure that all Contractor controlled activities on USAG Wiesbaden installations are conducted in accordance with the USAG Wiesbaden Spill Prevention and Response Plan, Solid Waste Policy, Final Governing Standards-Germany, and applicable German environmental laws/standards.

The Contractor shall contact the COR or the USAG Wiesbaden Directorate of Public Works-Environmental Division (DPW-ED), DSN 548-4092, CIV 0611143-548-4092, Bldg. 1059, Clay Kaserne for a copy of the Garrison Environmental Policy, Spill Prevention and Response Red Plan, Garrison Solid Waste Policy and German Final Governing Standards.

Current Environmental Policy (Garrison policy Number 22) is available at the Garrison website:
<http://www.wiesbaden.army.mil/policies/22EnvironmentalManagementSystem.pdf>

Current Prohibited Refuse Disposal Practices Policy (Garrison policy Number 27) is available at the Garrison website:
http://www.wiesbaden.army.mil/policies/27Prohibited_Refuse_Disposal_Practices.pdf

1.23 Required Training: The following provides information on training requirements.

1.23.1 Anti-Terrorism (AT) Level I Training: All Contractor employees, including subcontractor employees, who are employed under the contract, shall complete AT Level I Training within (10) work days (Deliverable #10) after contract start date or effective date of incorporation of this requirement into the contract, whichever applies, or , ten (10) work days after employment of new personnel. Contractor personnel travelling overseas shall complete area of responsibility (AOR) specific AT awareness training for U.S. based Contractor employees and associated subcontractor employees. The Contractor shall submit certificates of completion (Deliverable #10) for each affected Contractor employee and subcontractor employee to the COR (or to the Contracting Officer, if a COR is not assigned) within ten (10) work after completion of this training by all employees and subcontractor personnel. AT Level I awareness training is available at <https://kodirect.jten.mil>. Contractor personnel shall complete refresher training (Deliverable #10) every twelve (12) months except AOR specific AT Level I training which shall be completed as required by local AT policies

If training cannot be conducted on the website, the Contractor shall coordinate with the COR who will contact the local AT Officer at their assigned location for classroom training. Contractor personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the AT Officer. Verification of the training shall be provided to the COR within within ten (10) work days after completion of the training (Deliverable #10).

1.23.2 OPSEC Training: All Contractor employees, including subcontractors, shall complete Level I OPSEC training within within ten (10) work days of employment under this contract (Deliverable #10) . Verification of the training shall be provided to the COR within within ten (10) work days after completion of the training (Deliverable #10). OPSEC Level I training is

available at <http://www.cdse.edu/catalog/elearning/GS130.html>. Contractor personnel must complete refresher training every 12 months (Deliverable #10). Verification of the training shall be provided to the COR within ten (10) work days after completion of the training (Deliverable #10).

If training cannot be conducted on the website, the Contractor shall coordinate with the COR, who will contact the local OPSEC Officer at their assigned location for classroom training. Contractor personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the OPSEC Officer. Verification of the training shall be provided to the COR within ten (10) work days after completion of the training (Deliverable #10).

1.23.3 iWATCH Training: The Contractor and all associated subcontractors shall brief all employees on the local iWATCH program (training standards provided by the requiring activity ATO). This locally developed training will be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR. This training shall be completed within ten (10) work days after the contract is awarded and within ten (10) work days after new employees commence contract performance, with the results reported to the COR within ten (10) work days after the contract is awarded and within ten (10) work days after new employees commence contract performance (Deliverable #10). Verification of the training shall be provided to the COR within ten (10) work days after completion of the training (Deliverable #10).

1.23.4 Information Assurance (IA) Training

1.23.4.1 All Contractor employees, including subcontractors, requiring access to Government information systems shall complete the Department of Defense (DoD) IA Cyber Awareness Training available at <https://jkodirect.jten.mil/>, within ten (10) work days (Deliverable #10) after contract start date or effective date of incorporation of this requirement into the contract, whichever applies, or ten (10) work days after employment of new personnel. Verification of the training shall be provided to the COR within ten (10) work days after completion of the training (Deliverable #10).

1.23.4.2 All Contractor employees, including subcontractors, working information technology (IT)/IA functions shall comply with DoD and Army training requirements per Information Assurance Training Certification and Workforce Management DoD Directive (DoDD) 8570.01, Information Assurance Workforce Improvement Program DoD 8570.01-M, and Information Assurance AR 25-2 within thirty (30) calendar days of employment.

1.23.4.3 All Contractor employees, including subcontractors, performing services under this contract with access to a Government information system must submit a request for a network account in the Account Validation System (AVS). Identity Governance and Administration (IGA) is a commercial-off-the-shelf (COTS) solution managed by PdL Enterprise Identity, Credential, and Access Management under PEO C3N. The Account Validation System (AVS) was stood up on April 25, 2025 due to the retirement of the Army Training and Certification Tracking System (ATCTS) on May 1, 2025, and has become the standard for all network access requests. AVS utilizes web forms to generate the equivalent of these forms. Verification of registration shall be provided to the COR within ten (10) workdays after registration (Deliverable #11).

1.23.4.4 GCSS-Army Training: Certification needs to be provided within 5 days of award (Deliverable #12). If not currently certified, Online portion needs to be completed within 5 days of on-boarding and evidence of completion provided to the COR (Deliverable #12). If required, resident training will be scheduled and provided by the Army and needs to be completed within 1 attempt. The course and instruction will be provided by the Government. However, any costs associated with participation the training will not be reimbursed by the Government and will be borne by the contractor. If not previously certified the contractor will provide certification within 5 days of completion (Deliverable #12).

1.23.4.5 Forklift Safety Trainings: Annual safety training for the operation of an Electrical 4.5 metric ton Forklift and Stock Selector. Responsibility of the contractor will not be provided by the Government. Evidence of completion provided to the COR prior to expiration (Deliverable #13).

1.24 Personally Identifiable Information (PII): RESERVED.

1.25 Authorization to Perform Services in Germany

1.25.1 Contractors performing services in the Federal Republic of Germany (FRG) shall comply with German law. The Contractor shall determine whether performance requires registration with German authorities or authorization to do business in Germany and, if so, shall comply with all requirements. Whether or not registration or authorization to do business is

required, the Contractor shall determine what documents or authorization its employees and any subcontractor employees must possess to work in Germany. The Contractor shall ensure affirmatively that its employees and subcontractor employees possess such documents or authorizations.

1.25.2 Contractor employees who: (a) are not nationals of Germany or other European Union countries; (b) are not members of the force, the civilian component or their dependents; or c) do not have assimilated status under Articles 71, 72, or 73 of the Supplementary Agreement to the NATO SOFA shall possess work and residence permits.

1.25.3 By acceptance of and performance under this contract, the Contractor affirms that it has complied with the requirements above. Compliance with this requirement and German law is a material contract requirement. Noncompliance by the Contractor or subcontractor at any tier shall be grounds for issuing a negative past performance evaluation and terminating this contract for default.

1.26 Notice to Proceed: RESERVED.

1.27 Electromagnetic Compatibility Directive: The Contractor certifies that all electrical and electronic equipment and appliances furnished are in compliance with the Electromagnetic Compatibility Directive 2014/30/EU. For radio transmitting and telecommunication devices furnished in the Federal Republic of Germany, the Contractor certifies that all such items have been approved by the Bundesamt fuer Zulassungen. Any penalties for noncompliance imposed by the Government of the European country where the equipment or appliances are delivered or product liability claims caused by interference generated by furnished appliances or equipment are solely the responsibility of the Contractor.

1.28 Government Property and Services: Refer to Part 3 of this PWS for Government property (GP) for this contract. For all issued GP for this contract, the Contractor shall submit a Property Management Plan to the Contracting Officer and the Property Administrator via the COR within five (5) work days after date of contract award (Deliverable #14). The plan shall address the requirements as listed in Part 3 of this PWS.

1.29 Conventional Forces Europe (CFE) Treaty Verification Inspection: Contractor-owned or controlled structures and containers located on U.S. Government installations are subject to short-notice inspections by CFE treaty inspection teams. The Government will endeavor to provide the Contractor as much notice as possible in the event of such inspections. The contractor shall provide access to such structures and containers at the request of the Government. The Contractor shall report such inspections to the KO through the COR in writing within ten (10) calendar days of completion of the inspection. Contractor-owned or controlled structures and/or containers on U.S. installations may have to be inspected to comply with the CFE treaty even if Contractor personnel are unavailable to provide access. Any costs borne by the Contractor or any impact on contract performance as a result of the inspection will be a matter of negotiation between the Contractor and the KO.

PART 2 DEFINITIONS & ACRONYMS

2. Definitions and Acronyms

2.1 Definitions: Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

Contracting Officer – means a person with authority to enter into, administer, and or terminate contracts, and make related determinations and findings on behalf of the Government. Note: The only individual who can legally bind the Government.

Contracting Officer's Representative (COR) – As defined in DFARS 202.101, means an individual designated and authorized in writing by the Contracting Officer to perform specific technical or administrative functions. Department of Defense Instruction (DoDI) 5000.72, Part II Definitions states the following when defining a COR: “Defined in subpart 202.101 of Reference (f). Any individual delegated responsibilities pursuant to subpart 1.602-2 of Reference (e), regardless of local terminology, must be certified in accordance with this instruction. For example, local terminology can be COR, contracting officer’s technical representative, technical point of contact, technical representative, alternate COR, administrative COR, assistant COR, line item manager, task order manager, quality assurance personnel, quality assurance evaluator, or COR management.” In addition, Army Regulation 70-13, Chapter 2, paragraph 2-2g, states, in part, the following when providing support personnel to assist the COR, “...These other surveillance support personnel may serve as on-site representatives of the COR in performance of actual contract surveillance if they meet all COR requirements and have been appointed by the Contracting Officer as alternate CORs.”

Contractor – means a supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

Contractor-acquired property - means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract, and to which the Government has title.

Day – means, unless otherwise specified, a calendar day.

Defective Service – means service output that does not meet the standard of performance associated with the Performance Work Statement.

Deliverable – means anything that can be physically delivered, but may include non-manufactured things such as meeting minutes or reports.

Government-furnished property - means property furnished to the contractor the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property also includes Contractor-acquired property if the Contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract.

Government property - means all property owned or leased by the Government. Government property includes both Government-furnished property and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Property Administrator - means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

High Level Objective (HLO) – means a key overarching result-based objective for a project necessary to achieve the project’s vision. HLOs are similar to Level 2 in a Work Breakdown Structure. Each HLO may contain several statements to flesh out the areas necessary to meet the objective.

Physical Security – means that part of security concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

Quality Assurance – (or Government contract quality assurance) means the various functions, including, inspection, performed by the Government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

Quality Assurance Surveillance Plan (QASP) – means the key Government-developed surveillance process document, and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the Performance Work Statement (PWS). It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor performance results to determine if the Contractor has met the required standards for each objective in the PWS. The QASP, with very few if any exceptions, is an internal to Government document.

Quality Control – means all necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

Statement – means the specific results-based activities required to satisfy HLOs. A statement contains a result, the context of the statement, and the required action(s). Statements focus on “what” is to be accomplished; however they are not prescriptive in describing “how” the outcome is to be achieved. Each HLO may have several statements to flesh out the areas necessary to meet the objective. Statements are similar to Level 3 in a Work Breakdown Structure.

Subcontractor – means one that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subcontractor.

USAREUR-AF Area of Responsibility - USAREUR-AF supports missions in Europe, Africa and Middle East (51 countries)

Work Day - The number of hours per day the Contractor provides services in accordance with the contract.

Work Week - Monday through Friday, unless otherwise specified.

2.2 Acronyms: Although not inclusive of every term used within this PWS, the following provides a list of acronyms used throughout this PWS or commonly used in the acquisition field.

ACOR	Alternate Contracting Officer's Representative
AE	Army in Europe
AFARS	Army Federal Acquisition Regulation Supplement
AHA	Activity Hazard Analysis
AOR	Area of Responsibility
AR	Army Regulation
AT	Anti-terrorism
ATCTS	Army Training Certification Tracking System
CAC	Common Access Card
CCE	Contracting Center of Excellence
CFE	Conventional Forces Europe
CFR	Code of Federal Regulations
CONUS	Continental United States (excludes Alaska and Hawaii)
COR	Contracting Officer's Representative
COTS	Commercial-Off-the-Shelf
DA	Department of the Army
DD250	Department of Defense Form 250 (Receiving Report)
DD254	Department of Defense Contract Security Requirement List

DFARS	Defense Federal Acquisition Regulation Supplement
DMDC	Defense Manpower Data Center
DoD	Department of Defense
DST	Decision Support Tool
FAR	Federal Acquisition Regulation
FRG	Federal Republic of Germany
GCSS-A	Global Combat System Support –Army
GFP	Government Furnished Property
HLO	High Level Objective
HIPAA	Health Insurance Portability and Accountability Act of 1996
HQ	Headquarters
IA	Information Awareness
IAC	Installation Access Control
IACO	Installation Access Control Office
ID	Identification
IDE	Integrated Data Environment
IGCE	Independent Government Cost Estimate
IT	Information Technology
JKO	Joint Knowledge Online
JTR	Joint Travel Regulation
JPAS	Joint Personnel Adjudication System
KO	Contracting Officer
OCI	Organizational Conflict of Interest
OCONUS	Outside Continental United States (includes Alaska and Hawaii)
ODC	Other Direct Costs
OPSEC	Operations Security
PA	Property Administrator
PII	Personally Identifiable Information
PIPO	Phase In/Phase Out
POC	Point of Contact
PRS	Performance Requirements Summary
PWS	Performance Work Statement
QA	Quality Assurance
QAP	Quality Assurance Program
QASP	Quality Assurance Surveillance Plan
QC	Quality Control
QCP	Quality Control Program
RA	Requiring Activity
RCO	Regional Contracting Office
SIGE	Safety and Health Protection Plan
TE	Technical Exhibit
USAG	United States Army Garrison
TE	Technical Exhibit
TELS	Tactical Enterprise Logistics System
USAREUR-AF	U.S. Army Europe and Africa
UIC	Unit Identification Code
UOM	Unit of Measure

PART 3
GOVERNMENT PROPERTY (GP) AND SERVICES

3. Government Property and Services

3.1 Services: RESERVED.

3.2 Facilities: The Government will provide the necessary workspace and equipment to perform required services. This includes the workspace and disk space. The Contractor shall use reasonable care to avoid damaging existing buildings, equipment, and vegetation on the Government installation. If the Contractor's failure to use reasonable care causes damage to any of this property, the Contractor shall replace or repair the damage at no expense to the Government as the Contracting Officer directs. If the Contractor fails or refuses to make such repair or replacement, the Contractor shall be liable for the cost, which may be deducted from the contract price.

3.3 Utilities: The Government will provide water and electricity. The Contractor shall instruct employees in utilities conservation practices. The Contractor shall operate under conditions that preclude the waste of utilities, which include turning off the water faucets or valves, light switches, etc. after using the required amount to accomplish tasks requiring the use of the utilities.

3.4 Equipment: The Government will provide the contractor access to GCSS-ARMY and any additional systems/programs, computers, printers, scanners, dollies, forklifts (currently Electrical 4.5 ton and Stock Selector). The contractor shall perform daily operator Preventative Maintenance Checks and Services (PMCS) on government provided equipment.

3.5 Special Tooling and Test Equipment: RESERVED.

3.6 Materials: The Government will provide the Standard Operating Procedures for the facility internal and external and applicable Policies.

3.7 Training: The Government will provide AT Level I awareness training and the DoD Cyber Awareness challenge can be available online at <https://jkodirect.jten.mil/> and OPSEC at <https://securityawareness.usalearning.gov/opsec>.

3.8 Common Access Cards (CAC): The Government will provide Common Access Cards (CAC) via the Mission Partner Identity, Credential and Access Management (MP-ICAM) (Web site <https://mpartnerspnrweb-pki.dmdc.osd.mil/mpartnerspnrweb/app/cac>)

PART 4
CONTRACTOR FURNISHED ITEMS AND SERVICES

4. Contractor Furnished Property and Services

4.1 General: The Contractor shall furnish all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items necessary to perform services as described in the PWS and associated contract documents, except for those items specified in Part 3 Government Property and Services.

4.2 Secret Facility Clearance: RESERVED.

4.3 Materials: The Contractor shall provide all The Contractor shall provide their own Personal Protective Equipment (PPE) required to perform.

4.4 Vehicles and Equipment: The Contractor shall provide all necessary vehicles (no GSA vehicles provided to Contractor for use on this contract) and equipment to perform the work described in this PWS. All Contractor provided vehicles and equipment shall have the company name prominently displayed on both sides of the vehicle or equipment and present a neat, professional appearance. Contractor's vehicles and equipment used in the performance of this contract shall meet all local and Host Nation traffic, safety, and environmental requirements. Vehicles and equipment found to be unsafe shall be removed from the installation and replaced. The Contractor shall not use any Government-owned tools, materials, or parts to maintain Contractor vehicles and equipment without prior written approval of the Contracting Officer. The COR may inspect the Contractor's vehicles and equipment at any time.

4.5 Background Checks: The Contractor shall provide Background Checks in accordance with this PWS and as determined by the Government.

PART 5 SPECIFIC TASKS

5.1 Basic Services: The Contractor shall provide services for Property Book, Unit Supply and warehouse management functions to prepare LIS, TELS, COTS/IT equipment for issue, receiving, storage, and turn-in utilizing Global Combat Support System- Army (GCSS-A), a Government-furnished automated property management system.

5.2. Tasks

Tasks consist of the following:

5.2.1 Property Accountability: The contractor shall utilize GCSS-Army and equipment provided to receive, issue, inspect, inventory and store equipment.

- (a) Standard: The contractor shall perform property accountability of equipment and warehouse operations IAW AR 710-2, AR 735-5, DA Pam 710-2-1, Staging Facility SOP and the GCSS-Army End User manual (EUM).
AQL: No more than 5 deficiencies per month.

5.2.2 Classified Equipment: The contractor shall not accept or process classified equipment. If equipment is received with a “SECRET”, “NATO SECRET” or “TOP SECRET” sticker, it needs to be reported to the COR and the Staging Facility Manager immediately.

- (a) Standard: The contractor shall not accept classified equipment with hard drives or media still installed IAW AR 710-2 and local policy.
AQL: Pass or Fail.

5.2.3 Inventory: The contractor shall conduct the required inventories, process the inventories in GCSS-Army, and file the inventory documents once completed.

- (a) Standard: The contractor shall conduct the inventories as required by DA PAM 710-2-1, AR 710-2 & GCSS-A EUM and provide inventory results to the COR NLT by the 25th of the month when conducting annual 100% inventories.
AQL: Pass or Fail.

5.2.4 Turn-in to DLA-DS: The contractor shall process LIS, TELS, and COTS/IT equipment in GCSS-Army for turn-in to Defense Logistics Agency (DLA) – Disposition Services.

- (a) Standard: The contractor will ensure equipment is processed per AR 710-2, DA PAM 710-2-1, Staging Facility SOP, and DLA-DS SOP.
AQL: No more than 5 deficiencies per month.
- (b) Standard: The Contractor shall prepare DD Form 1348-1A with serial numbers of LIS, Tactical Enterprise, TELS and COTS/IT equipment for all items for turn in, ensuring the equipment meets all DLA-DS turn-in requirements, such as removing hard drives from computers.
AQL: No more than 5 deficiencies per month.
- (c) Standard: The Contractor shall label equipment with DLA 2500 Form to turn-in and validating the requirements are met IAW DA PAM 710-2-1, AR 710-2, Staging Facility SOP and DLA policy.
AQL: No more than 5 deficiencies per month.

5.2.5 Documentation: The contractor shall validate equipment serial numbers and make sure the correct serial numbers are added to the appropriate system for accountability.

- (a) Standard: The contractor make sure all the serial numbers are correct and validated in system IAW DA PAM 710-2-1, AR 710-2. All information will be input with an error rate of no more than 2%. Any identification of errors in the serial numbers or supporting documentation are corrected within the same day of identification. All actions and supporting documents must be logged.

AQL: No more than 5 deficiencies per month.

Note: Receiving documents may include shipments from U.S. Army supply system or commercial procurement.

- (b) Standard: The contractor will conduct inventories as required by DA PAM 710-2-1, AR 710-2 & GCSS-A EUM and file the documents IAW AR 25-400-2.

AQL: No more than 5 deficiencies per month.

5.2.6 Warehouse Operations: The contractor shall load and unload equipment to and from transporters and move materials to and from storage locations in the warehouse.

- (a) Standard: The contractor will load and unload equipment following safety requirements IAW Staging Facility SOP and AR 385-10.

AQL: Pass or Fail.

5.2.7 Shipment: The contractor shall ship equipment using RFID tags for each shipment while properly packaging the equipment to prevent loss or damage.

- (a) Standard: The contractor will ensure each shipment has an RFID tag IAW DA PAM 710-2-1, AR 710-2 and Staging Facility SOP.

AQL: Pass or Fail.

5.2.8 Supply Operations: The contractor shall request, order, issue, and receipt supplies through GCSS-Army.

- (a) Standard: The contractor will process supplies IAW AR 710-2, DA PAM 710-2-1 and GCSS-Army EUM.

AQL: No more than 5 deficiencies per month.

5.3. Service Contract Reporting: N/A

5.3.1 System for Award Management (SAM) Service Contract Report (SCR): The Contractor shall report ALL Contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for the USAREUR-AF G4 via a secure data collection site. The Contractor is required to completely fill in all required data fields through the following web address: www.SAM.gov. Reporting inputs will be for the labor executed during the period of performance during each Government FY, which runs from October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk by clicking "View Assistance for SAM.gov" which is located at the top of the SAM.gov website. From there, you can select "Contact Our Service Desk" which will allow you to contact SAM.gov directly. If contract period of performance ends prior to September 30, the Contractor has 30 calendar days from end date of the contract to complete the SAM SCR requirement.

Steps for Submitting a Service Contract Report (SCR)

1. Go to www.sam.gov and log in.
2. Select Entity Registrations and then select Service Contract Reporting.
3. SAM displays your entities which have service contracts and meet the reporting criteria. Select View by entity to see the service contracts for each entity.
4. Next, select Add for the service contract against which you want to create a Service Contract Report. Each service contract which meets the FAR Subpart 4.1703 reporting thresholds is displayed.
5. You will be taken to the Complete Service Contract Report page. SAM displays the contract details and allows you to report. You are required to enter the following information:
 - **Total Amount Invoiced:** Total dollar amount invoiced for services performed during the previous Government fiscal year under the contract (this amount should include the prime and any subcontract amount).
 - **Prime Contractor Hours Expended:** Prime contractor direct labor hours expended on the services performed during the previous Government fiscal year. The amount you enter is automatically divided by 2,080 hours to calculate a Full Time Employee (FTE) equivalent, displayed under the Prime Contractor Hours Expended as Prime Contractor FTEs.
6. Report any required Tier 1 subcontractor information by selecting the Add Tier 1 Subcontract Information button.

7. When you are ready to submit the report, select Submit. This saves your report and returns you to the Select Service Contract page where you can create other SCRs or edit an existing SCR.

Steps for Editing a Submitted Report

1. Follow steps 1-4 above. Any previously submitted SCR will have a View/Edit button instead of an Add button.
2. Select View/Edit. You will be able to view the current SCR, edit available fields, and resubmit the record. You can also delete previously entered information altogether.

STD: All information provided by the Contractor shall be accurate, complete, and not exceed suspense dates noted in corresponding paragraph above.

AQL: 100% Compliant
(Deliverable #15)

DRAFT

PART 6 APPLICABLE PUBLICATIONS

6. Applicable Publications (Current Editions): The following publications, manuals, regulations, etc. are mentioned in this PWS and are listed below.

- 6.1.1 Department Of Defense Contract Security Classification Specification (DD Form 254)
- 6.1.2 Department of Defense Security Agreement (DD Form 441)
- 6.1.3 National Industrial Security Program Operating Manual (DoD 5220.22-M)
- 6.1.4 Installation Access Control (AE Reg 190-16)
- 6.1.5 Security Questionnaire for a Simple Security Check (AE Reg 604-1)
- 6.1.6 The Army Physical Security Program (AR 190-13)
- 6.1.7 U.S. Army Corps of Engineers Safety and Health Requirements Manual (EM 385-1-1)
- 6.1.8 Prevention of Motor Vehicle Accidents (AR 385-55)
- 6.1.9 The Army Driver and Operator Standardization Program (Selection, Training, Testing, and Licensing) (AR 600-55)
- 6.1.10 Contractor Identification (AE Reg 27-715)
- 6.1.11 The Army Safety Program (AR 385-10)
- 6.1.12 Information Assurance Training Certification and Workforce Management Directive (DoDD 8570.01)
- 6.1.13 Information Assurance (AR 25-2)
- 6.1.14 Electromagnetic Compatibility Directive (2004/108/EC)

ATTACHMENT AND TECHNICAL EXHIBIT LISTING

7. Attachment and Technical Exhibit List

7.1 Technical Exhibit A – Performance Requirements Summary

7.2 Technical Exhibit B – Deliverables Schedule

7.3 Attachment 1 – Estimated Workload Data

7.4 Attachment 2 – Standard Operating Procedures for Miesau Staging Facility

7.5 Attachment 3 – Sample Non-Disclosure Form

TECHNICAL EXHIBIT A
Performance Requirements Summary (PRS)

PERFORMANCE OBJECTIVE	STANDARD	PERFORMANCE THRESHOLD ACCEPTABLE QUALITY LEVELS (AQLs)
PRS#1 - PWS para 5.2.1 Property Accountability: The contractor shall utilize GCSS-Army and equipment provided to receive, issue, inspect, inventory and store equipment.	The contractor shall perform property accountability of equipment and warehouse operations IAW AR 710-2, AR 735-5, DA Pam 710-2-1, Staging Facility SOP and the GCSS-Army End User manual (EUM).	Zero deviation from standard
PRS#2 - PWS para 5.2.2 Classified Equipment: The contractor shall not accept or process classified equipment. If equipment is received with a "SECRET", "NATO SECRET" or "TOP SECRET" sticker, it needs to be reported to the COR and the Staging Facility Manager immediately.	The contractor shall not accept classified equipment with hard drives or media still installed IAW AR 710-2 and local policy.	Zero deviation from standard
PRS#3 - PWS para 5.2.3 Inventory: The contractor shall conduct the required inventories, process the inventories in GCSS-Army, and file the inventory documents once completed	The contractor shall conduct the inventories as required by DA PAM 710-2-1, AR 710-2 & GCSS-A EUM and provide inventory results to the COR NLT by the 25th of the month when conducting annual 100% inventories.	The Inventory shall be conducted in the Timelines that are identified in the Staging Facility SOP 98% of the time.
PRS#4 - PWS para 5.2.4a Turn-in to DLA-DS: The contractor shall process LIS, TELS, and COTS/IT equipment in GCSS-Army for turn-in to Defense Logistics Agency (DLA) – Disposition Services.	The contractor will ensure equipment is processed per AR 710-2, DA PAM 710-2-1, Staging Facility SOP, and DLA-DS SOP.	No more than 5 deficiencies per month
PRS #5 - PWS Para 5.2.4b Turn-in to DLA-DS: The contractor shall process LIS, TELS, and COTS/IT equipment in GCSS-Army for turn-in to Defense Logistics Agency (DLA) – Disposition Services.	The Contractor shall prepare DD Form 1348-1A with serial numbers of LIS, Tactical Enterprise, TELS and COTS/IT equipment for all items for turn in, ensuring the equipment meets all DLA-DS turn-in requirements, such as removing hard drives from computers.	No more than 5 deficiencies per month
PRS #6 - PWS Para 5.2.4c Turn-in to DLA-DS: The contractor shall process LIS, TELS, and COTS/IT equipment in GCSS-Army for turn-in to Defense Logistics Agency (DLA) – Disposition Services.	The Contractor shall label equipment with DLA 2500 Form to turn-in and validating the requirements are met IAW DA PAM 710-2-1, AR 710-2, Staging Facility SOP and DLA policy.	No more than 5 deficiencies per month
PRS #7 - PWS Para 5.2.5a Documentation: The contractor shall validate equipment serial numbers and make sure the	The contractor make sure all the serial numbers are correct and validated in system IAW DA PAM 710-2-1, AR 710-2. All information will be input with an	No more than 5 deficiencies per month

correct serial numbers are added to the appropriate system for accountability.	error rate of no more than 2%. Any identification of errors in the serial numbers or supporting documentation are corrected within the same day of identification. All actions and supporting documents must be logged.	
PRS #8 - PWS Para 5.2.5b Documentation: The contractor shall conduct inventories accurately and process the counts in GCSS-Army and file the inventory worksheets.	The contractor shall conduct inventories as required by DA PAM 710-2-1, AR 710-2 & GCSS-A EUM and file the documents IAW AR 25-400-2.	The initial Inventory shall be > 98% accuracy. Any recounts shall have 100% accuracy
PRS #9 - PWS Para 5.2.6 Warehouse Operations: The contractor shall load and unload equipment to and from transporters and move materials to and from storage locations in the warehouse.	The contractor will load and unload equipment following safety requirements IAW Staging Facility SOP and AR 385-10.	No allowable deviation from Safety requirements. No allowable deviation for mishandling of equipment resulting in damage.
PRS #10 - PWS Para 5.2.7 Shipment: The contractor shall ship equipment using RFID tags for each shipment while properly packaging the equipment to prevent loss or damage.	The contractor will ensure each shipment has an RFID tag IAW DA PAM 710-2-1, AR 710-2 and Staging Facility SOP.	No deviation from standard
PRS #11 - PWS Para 5.2.8 Operations: The contractor shall request, process the requisitioning order, issuance, and receipting of office supplies through GCSS-Army.	The contractor will process supplies IAW AR 710-2, DA PAM 710-2-1 and GCSSArmy EUM.	All Information input shall be > 98% accuracy. Any identification of errors is corrected within the same day of identification.

SAMPLE NON-DISCLOSURE FORM**

NON-DISCLOSURE AGREEMENT

This Non-Disclosure Agreement ("Agreement") is entered into as of _____, by and between:

**Contractor:
Address:**

(hereinafter referred to as "Contractor")

AND

**United States Army Europe and Africa (USAREUR-AF) Headquarters G4
Address:**

(hereinafter referred to as "Government")

1. Purpose

The purpose of this Agreement is to protect confidential and proprietary information related to the Staging Facilities Operation Support contract, as defined in the Performance Work Statement (PWS) dated January 2026, between the Contractor and the Government.

2. Definition of Confidential Information

For purposes of this Agreement, "Confidential Information" shall include all data, documents, materials, and any other information disclosed by the Government to the Contractor, either directly or indirectly, in written, oral, electronic, or any other form, that is proprietary to the Government or its affiliates, including but not limited to:

- Information regarding logistics support plans, policies, processes, and services.
- Data concerning the operations of the staging facilities, including but not limited to, the use of Global Combat System Support – Army (GCSS-A), and operation of forklifts.
