

THIS IS A NOTICE OF INTENT TO AWARD A SOLE SOURCE CONTRACT AND IS NOT A REQUEST FOR COMPETITIVE QUOTES. The Department of Health and Human Services intends to award a firm fixed price sole source contract under the authority of FAR subpart 13.106-1(b)(1)(i), for purchases not exceeding the Simplified Acquisition Threshold (SAT), Contracting Officers may solicit from only one source if the circumstances deem only one source is reasonably available (e.g., urgency, exclusive licensing agreements, brand name, or industrial mobilization).: Carl Zeiss Microscopy.

The North American Industry Classification System (NAICS) code for this requirement is 811210, Electronic and Precision Equipment Repair and Maintenance, and the Product Service Code (PSC) is J066, Maintenance, Repair, and Rebuilding of Equipment- Instruments and Laboratory Equipment.

The object of this sole source award is to provide all labor, materials and equipment to provide preventive maintenance for Zeiss Lightsheet Z.1 Fluorescence Microscope.

The Tissue Morphodynamics Section of the National Cancer Institute (NCI) Center for Cancer Research (CCR) Laboratory of Cell Biology (LCB) has a Zeiss Lightsheet Z.1 Fluorescence Microscope that needs to be covered by a service contract. Keeping this instrument on a service agreement is a necessity as any instrument downtime has the potential to affect the work of Tissue Morphodynamics Section of NCI/CCR/LCB as well as researchers from the other CCR Labs. The Tanner Lab (Tissue Morphodynamics Section) was among the first to show that cancer cell organotropism is conserved in zebrafish. This model allows cancer cell dynamics to be interrogated in single cell resolution in an intact living system by visualizing rare and consequential parts of the metastatic cascade that are necessary for metastatic disease. This technique and model allows the study of cellular behavior in real-time in an intact living organism allowing for discoveries that will inform patient therapies.

This synopsis does not constitute a solicitation, however interested parties may identify their interests and capability to respond to this requirement within five (5) calendar days of the publication of this notice. Any response to this notice must show clear and convincing evidence that competition would be advantageous to the Government. Information received will be considered solely for the purpose of determining whether or not to conduct a competitive procurement. A determination by the Government not to compete this procurement based upon response to this notice is solely within the discretion of the Government. No reimbursement for any cost connected with providing capability information will be provided.

Capability statements shall be submitted by e-mail ONLY to the following address:
wendy.wallace@hhs.gov.
