Space Type:	Office
Parking Spaces (Total):	19 reserved and secured parking spaces for Government Owned Vehicles. (Additional parking shall be provided pursuant to local code).
Full Term:	15 Years
Firm Term:	13 Years
Additional Requirements:	Building/Space Layout: Space shall be located in a modern quality building of sound and substantial construction with a facade of stone, marble, brick, stainless steel, aluminum or other permanent materials in good condition and acceptable to the GSA Lease Contracting Officer. If not a new building, the space offered shall be in a building that has undergone, or will complete by occupancy, modernization or adaptive reuse for the space with modern conveniences.

	• Space should allow for an efficient layout and office workflow. Space must provide maximum flexibility for systems furniture placement with few or no columns or other building or architectural obstructions. Space should have few curves or major offsets and must have large open areas to allow maximum design flexibility. Architectural features should not cause an inefficient use of space. • ABOA SF does <u>not</u> include areas such as stairs, elevators, mechanical and utility rooms, ducts, shafts, vestibules, public corridors and public toilets required by local code. • Agency shall not be located within 200 walkable feet of day care centers, senior centers, schools, hospitals, and religious/rehabilitation/social service centers. • Agency requires a method to allow detainees into the building. This could be accomplished by the use of a secured sally port, loading dock, private stairwell, or elevator for detainee transport. In a multi-tenant building, where private elevators are not possible, the Government must be able to secure and control the elevator available during prisoner transport. • Secured and fenced parking, with an automatic vehicular gate is required in accordance with the agencies parking requirements. (Note: GSA reserves the right to review for approval all proposed parking options offered; to include the fence materials and gate mechanisms and specifications being proposed). • Secured parking area must have two means of ingress/egress. • Offered buildings and offered space will be evaluated by the agency security team. • Not all minimum requirements are reflected in this advertisement. Offered
