

PRE-SOLICITATION NOTICE
USS HERSHEL “WOODY” WILLIAMS MIDTERM AVAILABILITY (MTA)
N6817126RN003 Amend 0001

This Pre-Solicitation Notice is issued in accordance with Federal Acquisition Regulation (FAR) 5.203(a) requiring the dissemination of information for proposed contract actions. This is not a solicitation or request for proposals and no contract or purchase order will be awarded from this notice. This notice shall not be misconstrued as a commitment by the Government to issue a solicitation or award a contract. Proposals will not be accepted at this time. Availability

The Naval Supply Systems Command Fleet Logistics Center (NAVSUP FLCSI) Detachment Naples intends to issue a solicitation in the near future for award in accordance with FAR Part 15 procedures. The solicitation will include instructions for submitting proposals and inquiries. A formal solicitation will be posted electronically on the System for Award Management (<https://www.SAM.gov>). The anticipated solicitation number will be N6817126RN003.

NAVSUP FLCSI has a requirement for Midterm Availability (MTA) repairs of the USS HERSHEL “WOODY” WILLIAMS (ESB-4). The period of performance of this MTA is **11 January 2027 through 27 March 2027**.

All repair work shall be accomplished at the prospective awardee’s pier. A dry-dock will not be required. The work will consist of work item packages from the Military Sealift Command (MSC). The work items include alterations, repairs, and critical maintenance to ensure operational reliability and to comply with regulatory requirements.

The location of the prospective awardee’s facility shall be restricted to the Sixth Fleet European area of operations (AOR), which is defined as along the Atlantic Ocean or North Sea coastline between the 36°N - 57°N latitudinal and in the Mediterranean basin west of the 22°E longitudinal. The contractor's facility should be located in either (a) a country that maintains an International Agreement with the United States that addresses primary jurisdiction procedures for U.S. Military personnel or (b) contingent on approval of an exception to policy (ETP) that would authorize the vessel to call in a country that does not maintain an international agreement with the United States that addresses primary jurisdiction procedures for U.S. Military personnel. The repairs must be conducted at either a commercial pier location or at the contractor's own facility.

Ship Check: No ship check is anticipated

Attached with this Pre-Solicitation Notice are the draft work items to be completed during the MTA. PLEASE BE ADVISED that these items are in draft status and are subject to revision (including the period of performance).

Contractors are encouraged to review and provide comments or questions regarding the draft work items **no later than 10 April 2026 at 13:00 PM Naples, Italy Time to ALL of the following contacts:**
