Department of the Air Force: Justification for Other Than Full and Open Competition

IV. Statutory Authority Permitting Other Than Full and Open Competition (RFO 6.104-1(a)(4)):

10 U.S.C. 3204(a)(1), Only one responsible source and no other supplies or services will satisfy agency requirements.

V. Rationale for Use of Authority (RFO 6.104-1(a)(5)):

The item to be purchased is vendor and model specific. It must be VMMWARE CLOUD FOUNDATION 5 to interface with existing technology and licenses. The contract must include global 24.7 support for Severity 1 issues; fast response times for critical issues; unlimited number of support requests; remote support; online access to documentation / technical resources, knowledge base, discussion forums; and access to all software patches/updates/upgrades issued during the contract term. Maintenance contract term should be synchronized so all Support and Subscriptions become due at the same time (term).

VI. Integrated Market Analysis and Efforts to Solicit Competition (RFO 6.104-1(a)(6), (8), and (10)):

The CTF reached out to Broadcom to provide the quote needed. Market Research was conducted and the requirement is available through ESI, a mandatory source, however it is only open to DoN. Contracting prior market research earlier in 2026, discovered a new DAF BPA for VMWare IAW the Department of the Air Force (DAF) Software as a Service (SaaS) Procurement and Usage Requirements Memorandum, section b. The BPA number is HC108425A0002.

VMWare by Broadcom ESI BPA information page. <https://www.esi.mil/Agreement?agreementID=204&resellerID=3>

According to the Agreement Overview, "Under the DON ESL IT Efficiencies initiative, the Department of the Navy has awarded a contract for VMware by Broadcom products and services to support Information Technology (IT) operations across the DON enterprise. This agreement is a BPA comprised of a base year with two one-year option periods and is only open to support the DON. GSA, DISA or other applicable ordering agencies/ organizations, ordering on behalf of the DON, are authorized to place orders under this agreement."

Although VMWare is available via ESI it is only opened to the DON so we cannot utilize the mandatory source. Market Research was conducted and the requirement is available through DISA, a mandatory source. Carahsoft is the DISA vendor and is a known supplier/authorized reseller and is registered with SAM.Gov.

VII. Determination of Fair and Reasonable Cost (RFO 6.104-1(a)(7)):

The Contracting Officer is responsible for evaluating, determining, and documenting the anticipated contract cost/price is fair and reasonable in accordance with RFO Subpart 15.4, Contract Pricing.

VIII. Any Other Facts Supporting the Justification (RFO 6.104-1(a)(9)):

N/A

IX. Actions to Overcome Barriers to Competition (RFO 6.104-1(a)(11)):

In the future, the Government will seek potential softwares that can provide this same level of support and compatibility
