3. **Unique characteristics that limit availability to only one source, with the reason no other supplies or services can be used:**

This software is proprietary and only produced, developed, and supported by Circle CVI. No other vendor has an ability to support this need. Circle CVI maintains full proprietary ownership of the Circle Cardiovascular Imaging (CVI) software, including all associated modules, updates, and support utilities. As the sole developer, producer, and licensor of this platform, Circle CVI is the only vendor capable of providing software updates, technical support, training, or maintenance services. Due to the proprietary architecture, no third-party vendor has access to the source code, licensing rights, or technical interfaces needed to provide compatible or equivalent support. Using any alternate service or software provider is not possible without compromising system operability and clinical accuracy.

4. **Description of market research conducted and results or statement why it was not conducted:** Circle CVI is the only manufacturer of this product and distribution is unique to them.
