

1. Pre- proposal Inquiry Responses

PPI #	Page	Section	Paragraph	Question	Response
1	Attachment H - Price Proposal Form RFP			Line Item 0009, Option Item No. 8, requests a per hour unit price for 100% work shutdown. The hourly cost of this this impact will vary greatly depending on the phase of the project and how much manpower and how many pieces of equipment are working at any given time. The manpower and equipment needs for this project will not be linear across its duration. Given this significant variability, the Contractor will not be able to provide a single price, without being overly conservative. It is recommended that the Government change this Option from a unit price to an allowance. This will allow for the Government to pay for the actual cost of the impact based upon actual conditions at the time of the occurrence.	Please bid per RFP.
2	Attachment H - Price Proposal Form			Ref. BID NOTES FOR AV AND FF&E (LINE ITEMS 0005, 0006, AND 0007), Item f. It is recommended that the Government extend the noted award of these options from "at least six months prior to the contract completion date" to "at least nine months prior to the contract completion date". From the award of the option, the Contractor must: - Contract with an Interior Designer - Obtain NAVFAC approval of the Contractor's Interior Designer's qualifications - Execute the FF&E design services - Obtain approval of the Final FF&E Procurement Package - Procure the FF&E materials - Deliver and install the FF&E materials It is unlikely that all of these steps can be completed within a six month timeframe.	For Line Items 0005 (A/V) and 0007 (A/V), bid per the RFP. Clarification for Line Item 0007 (FF&E) is as follows: The FF&E option will be awarded at least 6 months prior to contract completion. The FF&E option is for procurement to installation. The rest of FF&E is detailed in specification section 12 00 01.00 20 to include information that the FF&E design must be completed 9 months prior to BOD.
3	Amendment 1	Wage Determination		The wage determination issued with Amendment 1 is listed as applying to "Rhode Island Statewide". Please confirm that this is	Please see Amendment 0002.

				the correct wage determination for this project at New London, CT.	
4	page 3-15	4. Wage Determination		Would you please confirm that, per addendum 01, the wage determination to be used for this project in New London CT is a Rhode Island wage determination?	Please see Amendment 0002.
5				Would you please provide CAD files for this project.	CAD files will be provided at time of award.
6	24 of 52	00 70 00		The project Solicitation provides for a period of 15 Calendar Days from date of lead time event to begin performing this work. Would you please advise when you intend to issue this award so we can prepare a proposal schedule?	Award is estimated to occur around August 2026, however, that is subject to change.
7				Just as a precaution, we do not see that anything has been designated as CUI, but can you please confirm that nothing here is considered CUI?	Solicitation Documents are not CUI.
8	Amendment of Solicitation 0001	00 21 00	4.1 Site Visit	Please clarify a few points regarding the upcoming site visit. a) are the attendees required to submit SECNAV 5512 ahead of the site visit, or should they just bring a completed form, along with the required forms of identifications, with them on the day of the visit? b) is it necessary to make a badging appointment ahead of the site visit, or how early would you recommend the attendees arrive the morning of in order to gain access prior to the 10:00AM start?	a) Attendees do not submit SECNAV 5512 ahead of site visit. Attendees need to bring completed SECNAV 5512 form, along with the required forms of identifications with them on the day of the visit. However, you do need to email the POC with information provided on Amendment 0001 before 1300, 25 March 2026. b) Attendees do not make a badging appointment ahead of the site visit. The gate opens at 0545. It is recommended to arrive no later than 0730.
9	11	3.3	9	The Solicitation, "Additional Information to be Submitted with Price Proposal Package", Item 2 requests the last three years of financial statements and working capital information. This information is considered highly confidential. Can these documents be submitted as a separate password-protected file in PIII, while providing the password in a separate email to Angela Clifton at angela.j.clifton2.civ@us.navy.mil?	This is acceptable.
