

DEPARTMENT OF THE TREASURY
SF 1013 - JUSTIFICATION & APPROVAL FOR FAR SUBPART 13.5 SOLE SOURCE
(INCLUDING BRAND NAME) ACQUISITIONS

1. Identification of the requiring activity and the contracting activity:

The requiring activity is the Office of the Comptroller of the Currency (OCC) Workplace Services, and the contracting activity is the OCC Acquisition Management office.

2.a Nature and/or description of the action being approved:

The action being approved is for the award of a firm fixed price contract to Infopro Digital for the acquisition of the Risk.net Management subscription. This subscription will provide OCC with authoritative, mission-critical risk management content and analysis.

2.b Name of the vendor. Infopro Digital

2.c Requisition No.: R000697900

2.d Bridge contract: ☐ Yes ☒ No

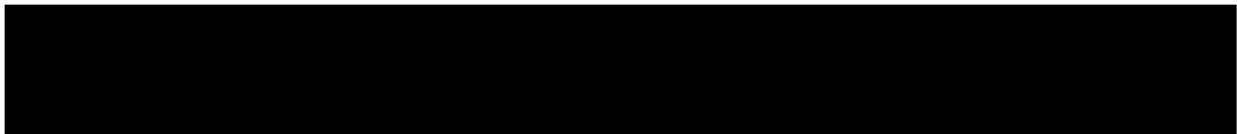

2.e Brand name: ☒ Yes ☐ No

3.a A description of the supplies or services required to meet the agency's needs:

The supplies and services required consist of a Management subscription to Risk.net, provided by Infopro Digital. The subscription delivers a comprehensive, searchable database offering authoritative information and in-depth analysis on risk management issues critical to the OCC's mission. It includes coverage of complex financial topics often underreported elsewhere, peer-reviewed papers relevant to financial markets, podcasts featuring leading quantitative experts, and commentary from practitioners and editorial teams.

3.b Includes IT: ☐ Yes ☒ No *If yes include NAICS and PSC*

3.c IGCE/Estimated dollar value:

4. Identification of the authority being used (Check the box that applies):

☒ [41 U.S.C. 1901](#) – Simplified acquisition procedures.

☐ [41 U.S.C. 1903](#) – Special emergency procurement authority.

5. A demonstration that the proposed contractor's unique qualifications or the nature of the acquisition requires use of the authority cited:

The proposed contractor possesses unique qualifications that necessitate the use of the cited authority. Infopro Digital is the sole owner and developer of the proprietary Risk.net platform, which provides exclusive, in-depth news, analysis, and peer-reviewed research on risk management, derivatives, and complex financial instruments. This resource is mission-critical for OCC examiners, financial analysts, and economists who require timely and authoritative information to fulfill regulatory responsibilities. No other vendor offers a comparable database with the same breadth, depth, and exclusivity of content, making Infopro Digital the only source capable of meeting the agency's requirements.

6. A description of efforts to ensure that offers were solicited from as many potential sources as is practicable, including whether a notice was or will be publicized as required by FAR subpart 5.2 and, if not, which exception under FAR 5.202 applies:

Efforts were made to determine whether other potential sources could meet the agency's requirements. Market research conducted confirmed that Infopro Digital is the only vendor capable of providing the proprietary Risk.net subscription. Due to these unique qualifications, the Government is unable to solicit offers from additional sources currently. In accordance with FAR Subpart 5.2, a notice of intent to award a sole source contract under FAR Subpart 13.5 will be posted on the Government Point of Entry. This notice will allow all responsible sources to submit capability statements, which will be considered by the Government. No exception under FAR 5.202 applies.

7. A determination by the contracting officer that the anticipated cost to the Government will be fair and reasonable:

The Contracting Officer will determine that the anticipated cost to the Government is fair and reasonable by comparing the proposed price to the Independent Government Cost Estimate (IGCE), reviewing the vendor's commercial price list, and analyzing historical pricing from previous acquisitions of similar services. This multifaceted evaluation ensures that the price is consistent with market standards and represents the best value to the Government.

8. A description of the market research conducted (see FAR part 10) and the results or a statement of the reason market research was not conducted:

Market research was conducted by the Program Office to identify potential sources capable of meeting the agency's requirements. The results confirmed that Infopro Digital is the sole provider of the proprietary Risk.net subscription, which is essential to the OCC's mission. Therefore, the Government determined that a sole source acquisition is justified. [REDACTED]

[REDACTED] Market research included reviews of industry publications, vendor websites, and prior acquisition history, all of which verified that Infopro Digital is the sole owner and provider of the Risk.net database. The research found no alternative sources capable of supplying equivalent authoritative risk-management content, reviewed quantitative papers, exclusive expert commentary, or a similar breadth and depth of coverage on complex financial instruments. These findings further prove that no other vendor can meet the agency's mission requirements.

9.a Any other facts supporting this justification:

This acquisition is a follow-on requirement for the Risk.net Premium subscription, which provided unlimited, agency-wide access authenticated by IP address.

9.b Attachments: ☐ Yes ☒ No

10. A listing of sources, if any, that expressed, in writing, an interest in the acquisition:

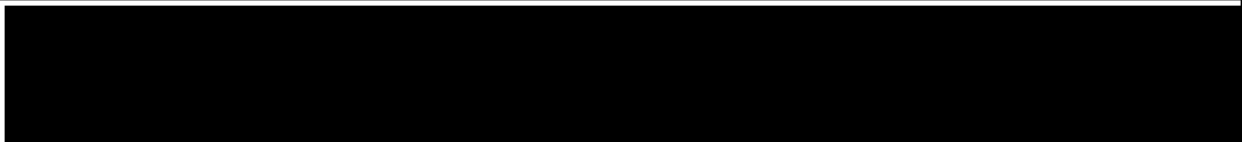

No sources have expressed interest in writing currently. In accordance with FAR 12.603, a synopsis of the proposed contract action will be combined with the solicitation and posted on the Government Point of Entry to allow any responsible sources to submit capability statements for consideration.

11. A statement of the actions, if any, the Requiring Activity or Contracting Activity may take to remove or overcome any barriers to competition before any subsequent acquisition of the supplies or services required:

At present, no actions are applicable due to the proprietary nature of the Risk.net subscription and the lack of alternative sources. However, the Government will continue to conduct market research prior to future acquisitions to identify potential competitors and evaluate whether competition is feasible.

12. Certifications and Approvals:

12.a Program Office certification (Requiring Activity). I hereby certify that any supporting information and data provided, which form the basis for this justification, are accurate and complete to the best of my knowledge and belief.

12.b Contracting Officer certification and approval. I hereby determine the circumstances of this acquisition support the justification to acquire the item(s) on a sole source (including brand name) basis under the authority of FAR subpart 13.5. I also certify this justification is accurate and complete to the best of my knowledge and belief. Therefore, unless additional approvals are required as prescribed below, as the authorized contracting officer for this acquisition, I hereby approve this justification.
