

Statement of Work (Draft)
42d Air Base Wing (42ABW)
Printer Lease and Services

1.0 Introduction/Background

The 42d Air Base Wing (42ABW) has an ongoing requirement for reliable and efficient copy machines to support its administrative and operational functions. This Statement of Work (SOW) outlines the requirements for the lease of currently installed multifunction printer, to include all necessary servicing, maintenance, and supplies.

2.0 Scope of Work

The contractor shall provide all personnel, equipment, tools, materials, supervision, and other items and services necessary to continue the lease and provide preventative and remedial maintenance, and all associated consumables for the existing multifunction copy machines currently installed as defined in this SOW.

3.0 Printers

The services shall be performed at various locations where the equipment is currently installed.

4.0 Period of Performance

The period of performance for this contract will be for one (1) year from the date of award.

5.0 Tasks and Deliverables

The contractor shall perform the following tasks:

Task	Description
5.1 Equipment	The contractor shall continue the lease for the currently installed multifunction devices (MFDs) with copying, printing, scanning, and faxing capabilities.
5.2 Servicing and Maintenance	The contractor shall provide comprehensive maintenance services to ensure all leased equipment is fully operational. This includes preventative maintenance, on-call remedial maintenance, and all necessary parts and labor. The contractor must respond to service calls within a specified timeframe and provide a temporary replacement if a machine cannot be repaired promptly.
5.3 Toner and Supplies	The contractor shall provide a system for ordering and delivering all necessary toner, staples, and other consumables (excluding paper). This may

	include an automated system that monitors supply levels and triggers re-orders.
5.4 Reporting	The contractor shall provide monthly reports detailing equipment usage, service call history, and supply orders. These reports will help monitor the efficiency and cost-effectiveness of the service.

6.0 Government-Furnished Equipment and Information

The Government will provide:

- Access to facilities during normal working hours.
- A designated point of contact for the coordination of all contract-related activities.

7.0 Contractor Requirements

The contractor shall:

- Provide and maintain a workforce of trained and certified technicians to perform all maintenance and servicing tasks.
 - Ensure all personnel comply with security regulations and base access requirements.
 - Maintain a stock of spare parts and supplies to ensure timely repairs and replenishment.
 - Provide a clear and simple process for placing service calls and ordering supplies.
-
