

This is a combined synopsis/solicitation for commercial services prepared in accordance with the format in FAR subpart 12.6, as supplemented with additional information included in this notice. This announcement constitutes only solicitation; proposals are being requested and a written solicitation will not be issued.

The solicitation number is N3943026Q0003. This solicitation is issued as a request for quotation (RFQ) unrestricted single award with the NAICS code 517112, and size standard of 1500 employees. The solicitation document and incorporated provisions and clauses are those in effect through Federal Acquisition Circular 2025-07.

Marine Corps Base Camp Pendleton's Electrical and Gas Division has a requirement to acquire Grid 20/20 data collections and monitoring services through ATI HESS data collection software, Transformer data communications and services and provide onsite and virtual technical support. This requirement is further detailed in the attached Statement of Work.

This solicitation is issued on an other than full and open competition basis in accordance with 10 U.S.C. 3406(c)(5) as implemented by the Federal Acquisition Regulation (FAR) 6.103-1 Only One Responsible Source and No Other Supplies or Services Will Satisfy Agency Requirements. The intended source is Grid 20/20 (CAGE: 972M8) as they are the only contractor that can satisfy all requirements outlined in the Statement of Work (SOW).

The following provision applies to this acquisition: FAR 52.212-1, Instructions to Offerors- Commercial Products and Commercial Services.

1. Marine Corps Base Camp Pendleton's Electrical and Gas Division expects to receive Grid 20/20 data collections and monitoring services through ATI HESS data collection software, Transformer data communications and services and provide onsite virtual and technical support.

Tasks include the following:

Task 1 – Provide Data Collection and Analytics

Provide annual service on data collection engine, monitoring, and management tool for device deployment, operation and maintenance, and data analytics portal that delivers precise, timely information from the center of the distribution grid.

Task 2 – Provide ATI Transformer data communications.

Provide annual service on remote monitoring, real-time data transfer every 15 minutes, fault detection, and predictive maintenance to monitor transformers, and proactively prevent and identify faults.

Task 3 – Provide ATI notifications.

Provide annual service for automated outages and restorations notifications.

Task 4 – Provide ATI GRID watchdog SaaS Annual recurring services.

Provide annual service for Automated Alerts, Load & Voltage heat maps, Feeder Voltage Profile Report.

Task 5 – Provide onsite and virtual services (applies to option years 1-4 only).

Provide up to 25 hours of virtual services annually during working hours.

Task 6 – Provide and maintain FedRAMP Cybersecurity Services at DoW Impact Level (IL) 4 to include the annual 3PAO Audit (applies to option years 1-4 only).

In addition, the contractor shall provide all necessary means to provide and maintain compliance with all requirements and regulations required by and attributed to cybersecurity at or above DoW IL 4. The contractor shall also provide all necessary services to accommodate and host the annual 3PAO audit to ensure compliance with all required DoW IL 4 cybersecurity requirements related to the Grid 20/20 ATI monitoring devices.

As a minimum, please include a detailed breakdown by cost element sufficient to permit a comprehensive review and evaluation of all costs (e.g. direct labor, materials, equipment costs, subcontracts, travel, other direct costs, indirect costs, profit, etc.).

2. The Contracting Officer has determined that certified cost or pricing data is not required to be submitted by the offeror for this effort. You are requested to provide a technical narrative that details your approach to accomplishing the work under the SOW. At minimum, the technical narrative shall include sufficient detail to demonstrate the approach and assumptions to perform each task under the SOW.
3. If applicable, any lump sum costs proposed by subcontractors must be sustained with a separately attached cost breakdown. Please note that in accordance with FAR 15.404-8(a) you are required to conduct an appropriate cost or price analysis to establish the reasonableness of any proposed subcontract cost and include those results of your analysis in your quote.
4. The period of performance for the purchase order will be from 27 April 2026 to 26 April 2031 and will be inclusive of one base year followed by four consecutive option periods thereafter.
