1. REQUISITION NUMBER:	ITC-OOEC-26-0008	ESTIMATED TOTAL VALUE:	
2. Description of supplies or Services Required to Meet Agency:			
Annual updates to the Commission's International and Trade Production Dataset for Estimation (ITPD-E) database.			
3. Justification for Limited Competition:			
The original database, which took 18 months to create, was constructed by Yoto Yotov and his team and required a custom methodology and techniques to develop. Commission staff are aware of researchers that may be able to perform the work. However, because this is a unique dataset, the skills used to create it are unique to Professor Yotov.			
5. Requiring Officer's Certification:			
I certify that the facts and representations in this justification, included herein, meet the Government's need and that the supporting data which forms the basis for this justification is complete and accurate.
