

PERFORMANCE WORK STATEMENT (PWS)
CDC Kitchen Equipment Service
Fairchild AFB
1 July 2021

1.0. Purpose. This Performance Work Statement (PWS) defines the efforts required for a Kitchen Equipment service contract at the Child Development Center (CDC) Fairchild AFB, WA 99011.

1.2 Description of Services. The contractor shall provide all equipment and personnel necessary to maintain the equipment listed in the attached covered equipment list in working order and to repair any inoperable equipment in the event the item fails. All work performed under this Performance Work Statement shall be performed in accordance with all applicable federal, state, and local laws and regulations. The contractor shall possess all applicable certification necessary to complete this work in the state of Washington.

1.3 Annual Inspection/Preventative Maintenance. The Contractor shall conduct the first annual inspection/preventive maintenance service within forty five (45) days of award. The contractor shall perform annual inspection and preventative maintenance on all items listed in the attached covered items list.

1.4 Scope of Annual Inspection/Preventative Maintenance. Any repairs identified during the performance of annual inspection/preventative maintenance will not be considered preventative maintenance if these repair necessitate more than 2 labor hours and/or the parts required for repair exceed \$100 per unit listed on attached covered items list. Work exceeding these thresholds will be considered a service call.

1.5 Service Calls. Upon official notification by the 92d Force Support Squadron (FSS) POC via the Contractor Hotline or other means, the contractor shall have an appropriate technician contact the Government within one (1) hour to determine the scope of the problem and to attempt to resolve the situation over the telephone. If it is determined that the situation cannot be resolved via Telephone Support, the government shall request a Service Call to dispatch a Technician to the site.

1.5.1 Emergency Service Calls. The Service Call shall be designated an emergency if a repair is required to correct a situation that can cause injury, death, or equipment/property damage. Upon receipt of an emergency service call the contractor will dispatch a technician to the site within 24 hours.

1.5.2 Non-Emergency Calls. All other calls not to be considered an emergency require that the contractor dispatch a technician to the site with 3 business days.

1.5.3 Pricing schedule for Service Calls. The contractor shall complete the attached pricing schedule to establish rates for service calls. The contractor will provide a flat base rate for making Emergency Service Calls as well as a flat base rate for Non-Emergency service calls. The contractor will also establish an hourly labor rate for work to be performed during service calls.

1.6 Additional Work within Scope. Additional In-Scope Work requests resulting from service calls, determined by the Contracting Officer (CO) to be within the scope of the this contract, The contractor must provide a work order estimate to the CO for approval prior to the commencement of additional work.

1.6.1 Service calls resulting in a total cost of \$2,500 or less. Will be paid directly by 92 FSS via unit held Government Purchase Card (GPC). Contractor shall invoice, in accordance with rates, established by the pricing schedule of this contract.

1.6.2 Service calls resulting in a total cost greater than \$2,500. When Additional In-Scope Work is required for work totaling a cost greater than \$2,500, the CO may issue a modification (Standard Form 30) to the contract to add an Additional In-Scope Work CLIN. Contractor shall invoice in accordance with rates established by the pricing schedule of this contract, and pricing of this additional work must established as fair and reasonable by the contracting officer prior to issuance of the modification and the commencement of work.
