

Key Features

Dimensions & Weight

- 2.625" height
- 10.5" width
- 9.875" depth
- 6.5 lbs.

Processor

- Intel Core i5 4.3 GHz 12th Generation

Memory & HDD

- 8 GB
- 1 TB M.2 SSD SATA3

Front Panel

- Two USB 2.0 ports
- Power switch

Back Panel

- Four USB 3.2 ports
- Three USB 2.0 ports
- HDMI & DisplayPort graphics ports
- Audio in/out
- 10/100/1000 Mbit network port
- Foresight Imaging Video Input Board for all video & trigger inputs
- External auto-switching power supply, 100-250 VAC

Operating System

- Microsoft Windows 11 IoT Enterprise LTSC 2024 64 bit

Classifications & Approvals

- FDA 510(k) clearance
- Health Canada
- CE
- FCC Part 15 Class A
- IEC 60601-1-2:2014
- CAN/CSA C22.2 No. 60601-1:14

The TIMS Medical computer is a small footprint computer specifically designed and configured to run TIMS MVP. It is a custom, low-profile PC measuring 2.625" high by 10.5" wide by 9.875" deep, enabling it to easily fit in medical application environments. The TIMS Medical computer provides the I/O and peripheral connectivity expected in a high end PC. The system is powered by an Intel Core i5 4.3 GHz 12th generation processor, 8 GB of system memory, a 1 TB SSD hard drive, and Microsoft Windows 11 IoT Enterprise LTSC 2024 64 bit. A small footprint keyboard and mouse are included.
