

PRE-SOLICITATION NON-COMPETITIVE –

Notice of Intent to Sole Source

1. **SOLICITATION NUMBER:** 75N98026Q00222
2. **TITLE:** Service Agreement for the NHLBI Pulmonary Function Testing (PFT) Laboratory SentrySuite Server and Workstations
3. **RESPONSE DATE:** April 21, 2026, at 12:00 pm EDT.
4. **PRIMARY POINT OF CONTACT:**

Nicholas Capobianco
nicholas.capobianco@nih.gov

I. INTRODUCTION:

THIS IS A PRE-SOLICITATION NON-COMPETITIVE (NOTICE OF INTENT) SYNOPSIS TO AWARD A CONTRACT WITHOUT PROVIDING FOR FULL OR OPEN COMPETITION (INCLUDING BRAND-NAME).

The National Heart, Lung, and Blood Institute (NHLBI), Critical Care Medicine and Pulmonary Branch, requires a service agreement to support the Pulmonary Function Testing (PFT) Laboratory's SentrySuite/Vmax server and associated workstations. The PFT Laboratory provides cardiopulmonary exercise testing (CPET) and supports multiple ongoing NHLBI research protocols.

The existing system requires continued maintenance, software support, and upgrade services to ensure compatibility with Windows 11 operating systems, maintain cybersecurity compliance, and preserve full functionality of the bi-directional interface with the Electronic Medical Record (EMR) system. The service agreement is necessary to ensure uninterrupted operation, maintain data integrity, and support ongoing clinical research activities.

II. NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS) CODE and SET ASIDE STATUS

NAICS Code: **811210 – Electronic and Precision Equipment Repair and Maintenance**

Size Standard: \$34 Million

This acquisition is **NOT set aside for small business**.

III. REGULATORY AUTHORITY

The resultant contract will include all applicable provisions and clauses in effect through the Federal Acquisition Circular (FAC) 2024-07 dated 08-29-2024.

This acquisition is conducted under the procedures as prescribed in **FAR Part 12 – Acquisition of Commercial Products and Commercial Services** and **FAR Part 13 – Simplified Acquisition Procedures**.

IV. STATUTORY AUTHORITY

This acquisition is for a commercial service and is conducted under the authority of:

FAR 13.106-1(b)(1) – Soliciting from a Single Source
(Only one source reasonably available)

V. DESCRIPTION OF REQUIREMENT:

A. PURPOSE AND OBJECTIVES:

The purpose of this requirement is to obtain a one-year service agreement to maintain and support the SentrySuite/Vmax software environment, associated server, and workstations used in the NHLBI PFT Laboratory. This includes ensuring continued system performance, cybersecurity compliance, and compatibility with updated operating systems.

Purchase Description:

The contractor shall provide a one-year device/client software maintenance package and interface workflow support for the existing SentrySuite/Vmax system, including:

- Maintenance of application services and databases (test and production environments)
- Maintenance of administrative and reading stations
- Support for Mobile Review functionality
- Maintenance of bi-directional EMR interface
- Support for issue resolution and testing due to EMR system updates
- Server migration support
- Administrative maintenance web-based training for super users
- Software upgrades, patches, and cybersecurity updates
- Report and predicted set customization support

- Direct access to professional technical support services
 - Priority response and resolution for service requests
 - On-site field service to upgrade Vyntus LMD devices to a version compatible with Windows 11
-

Salient Characteristics:

The required services must:

- Support the proprietary SentrySuite/Vmax software platform
 - Maintain full compatibility with existing cardiopulmonary testing equipment
 - Maintain validated bi-directional EMR interface functionality
 - Provide OEM-certified software updates and patches
 - Ensure compatibility with Windows 11 operating systems
 - Be performed by OEM-authorized personnel
-

DELIVERY DATE:

To be coordinated with the end user after award

PERIOD OF PERFORMANCE:

Base Period: 12 months from date of award

PLACE OF PERFORMANCE:

NIH Pulmonary Function Testing Laboratory
Building 10 CRC, Rooms 5-1412B & 5-1412C
Bethesda, MD 20892

VI. CONTRACTING WITHOUT PROVIDING FOR FULL OR OPEN COMPETITION (INCLUDING BRAND-NAME) DETERMINATION

The Government intends to award a sole source contract to:

TrillaMed, LLC

(Authorized distributor for Jaeger Medical / Vyaire Medical products)

The determination to award without full and open competition is based on the proprietary nature of the SentrySuite/Vmax software and its integration with existing cardiopulmonary testing equipment and EMR systems.

Market research identified multiple vendors that provide pulmonary function testing systems; however, these systems operate on different proprietary platforms and are not compatible with the existing SentrySuite/Vmax environment. The required services include software maintenance, updates, EMR interface support, and system compatibility upgrades that require access to proprietary software, firmware, and vendor-controlled configurations.

No third-party vendors were identified that are authorized or capable of performing these services while maintaining system integrity, cybersecurity compliance, and validated EMR functionality. Only the original equipment manufacturer (Jaeger Medical/Vyaire Medical) and its authorized distributors can provide the required support.

TrillaMed, LLC has been identified as an authorized distributor capable of providing access to OEM-certified services and support. Therefore, TrillaMed, LLC is the only source reasonably available to meet the Government's requirement.

VII. CLOSING STATEMENT

THIS SYNOPSIS IS NOT A REQUEST FOR COMPETITIVE PROPOSALS. However, interested parties may identify their interest and capability to respond to this requirement.

A determination by the Government not to compete this proposed contract based upon responses to this notice is solely within the discretion of the Government. All responsible sources may submit a capability statement, proposal, or quotation which shall be considered by the agency.

Responses must include sufficient information to establish capability, including pricing, delivery terms, business size, and SAM registration.

All responses must reference Solicitation Number **75N98026Q00222** and be submitted electronically to the point of contact listed above by the response date and time. Responses must be submitted electronically to Nicholas Capobianco, Contract Specialist at nicholas.capobianco@nih.gov.
