(4) Ensure all subcontractors and suppliers complete prior to subcontract award, and maintain on an annual basis, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required for the subcontract or other contractual instrument for each of the subcontractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the subcontract; and

(5) If the Contractor has a CMMC Status of Conditional, successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(e) *Reporting.* The Contractor shall-

(1) Submit to the Contracting Officer-

(i) The CMMC UID(s) issued by SPRS for contractor information systems that will process, store, or transmit FCI or CUI during performance of the contract; and

(3) Complete in SPRS on an annual basis and maintain as current an affirmation of continuous compliance by the affirming official (see 32 CFR 170.4) for each self-assessment, C3PAO assessment, or DIBCAC assessment required under the contract in SPRS.

(f) *Subcontracts.* The Contractor shall-

(1) Insert the substance of this clause, including this paragraph (f) and excluding paragraph (e)(1), in subcontracts and other contractual instruments, including those for the acquisition of commercial products or commercial services, excluding commercially available off-the-shelf items, if the subcontract or other contractual instrument will contain a requirement to process, store, or transmit FCI or CUI; and

(2) Prior to awarding a subcontract or other contractual instrument, ensure that the subcontractor has a current CMMC certificate or current CMMC status at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor based on the requirements at 32 CFR 170.23.

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

ADDENDUM TO FAR 52.212-1

To be considered for source selection all offerors are required to submit the following items as part of their complete quote:

- On page 1 of the solicitation document (Standard Form 1449), fill out box 17a, to include Contractor name, address, telephone number, and CAGE code, and blocks 30a & c (to be completed and signed by an authorized representative/official).
- On page 3 of the solicitation document (Standard Form 1449), fill out the unit prices and total amounts for CLINs 0001, 1001, 2001, 3001 and 4001.
- Technical Capability - Please submit a detailed technical quote (not to exceed 8 pages) that clearly demonstrates thorough knowledge and understanding of, and approach to completing the work in accordance with the PWS. The technical quote must contain sufficient details so that it may be evaluated in accordance with the PWS and comply with the period of performance set forth in the solicitation. Non-conformance will deem an Offeror ineligible.
- Itemized Price Breakdown - Provide an itemized price breakdown of the quote that clearly and concisely describes and defines the Offeror's response to the requirements contained in the solicitation.

The contractor must maintain a valid Cybersecurity Maturity Model Certification (CMMC) Level 1 certification for the full duration of the contract including any option periods and the 6-month extension.

To be eligible for award, offerors are required to possess a current CMMC Level 1 certification at the time of award. The Government will verify the offeror's CMMC certification status at the time of award by reviewing the Supplier Performance Risk System (SPRS). An active "CMMC Level 1 Self-Assessment" must be listed in SPRS for the offeror to be considered compliant with this requirement. Information provided by the offeror through any other means (.e.g. email, attachments, statements in their proposal) will not be considered as a substitute for an active certification in SPRS.

The resulting contract award requires a CMMC Level 1 self-certification for handling Federal Contract Information (FCI). Therefore, this solicitation includes DFARS provision 252.204-7025.

Offer Delivery - Offerors shall deliver their Offer via email only to the Government Points of Contacts (POCs) malia.e.hutton.civ@us.navy.mil and evangeline.b.calaustro.civ@us.navy.mil. No other means of delivery will be accepted. Offerors are hereby advised that the size limit including attachments is 35 MB per email. Emails that exceed this size limit will not be received by the Government. It is the Offeror's sole responsibility to ensure their Offer is received by the Government POCs no later than the specified closing date and time. When necessary to comply with this size limit, the Offeror may deliver their Offer through multiple emails, with each email clearly marked in the Subject Line indicating its sequence order within the total number of emails being transmitted (for example, email 1 of 3). Offers received after the due date may not be considered unless the Contracting Officer determines that the delay was caused solely by the Government and accepting the Offer is in the best interest of the Government.

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

SEE ADDENDUM TO 52.212-2

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Addendum to Evaluation - Commercial Product and Commercial Services

ADDENDUM TO FAR 52.212-2

1. EVALUATION OF AWARD

Basis for Contract Award

This evaluation is conducted in accordance with (IAW) the Revolutionary Federal Acquisition Regulation Overhaul (RFO) 12.2, Simplified Acquisition Procedures, as supplemented by the Defense Federal Acquisition Regulation Supplement (DFARS) and the Navy Marine Corps Acquisition Regulation Supplement (NMCARS). These regulations are available electronically at the Federal Acquisition Regulation website, <https://www.acquisition.gov/>. A contract may be awarded to the contractor who is deemed responsible IAW RFO 9.1, whose technical approach is deemed acceptable IAW the solicitation, and whose price is determined fair and reasonable. Award will be made to the lowest price among the technically acceptable offers.

Factor 1 - Technical capability will be evaluated by Table 1 - Technical Ratings table below. If the offeror is deemed Unacceptable, then the price factor will not be evaluated.

TABLE 1 - TECHNICAL RATINGS

Rating	Description
Acceptable	Quote meets the requirements of the solicitation and clearly demonstrates thorough knowledge and understanding of, and approach to, accomplishing the PWS.
Unacceptable	Quote does not meet the requirements of the solicitation or does not clearly demonstrate thorough knowledge and understanding of, and approach to, accomplishing the PWS.

Factor 2 - Price. Those offerors with a technical capability of "Acceptable" will then be evaluated for Factor 2, price. Based on all quotations received, the lowest priced technically acceptable offeror will be selected.

a. Solicitation Requirements, Terms and Conditions

Contractors are required to meet all solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements, in addition to those identified as factors. The Government reserves the right to determine any such exceptions unacceptable.

b. Responsibility Determination

As required by DFARS 252.204-7024, the potential awardee's Supplier Risk Report from the Suppliers Performance Risk System (SPRS) will be generated and considered as part of the responsibility determination. (g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts.
