

Amendment 0007- Pre-Award Inquiry Responses

REFERENCE			QUESTION	GOVERNMENT RESPONSE
Page Number	Paragraph Number	Section		
Page: 4 of 14 (from Annex J-1503030-01)	Special Waste	Scrap Vehicles – “Scrap vehicles (i.e.: a motor vehicle or its parts, including but not limited to tires) that the owner intends to or is required to dispose of.”	Please clarify whether the Government seeks to competitively procure vehicle disposal services under the above-referenced solicitation. If so, does the Government intend to amend the solicitation to specify its requirements?	The solicitation does not include a requirement for vehicle disposal services. Although related terminology may appear in the Definitions and Acronyms attachment, this does not establish a requirement. Offerors shall base their proposals on the requirements stated in the PWS.
Page: 4 of 14 (from Annex J-1503030-01)	Special Waste	Scrap Vehicles – “Scrap vehicles (i.e.: a motor vehicle or its parts, including but not limited to tires) that the owner intends to or is required to dispose of.”	Please identify the number of vehicles currently awaiting disposal on NAS II at NAS Sigonella.	Vehicle disposal is not a requirement under this solicitation. The Government does not maintain or provide data regarding vehicles awaiting disposal for purposes of this procurement.
Page: 4 of 14 (from Annex J-1503030-01)	Special Waste	Scrap Vehicles – “Scrap vehicles (i.e.: a motor vehicle or its parts, including but not limited to tires) that the owner intends to or is required to dispose of.”	Please identify whether the Government intends to grant access to the awardee to retrieve vehicles currently awaiting disposal on NAS II at NAS Sigonella, and if so, any and all restrictions or limitations on such access.	Vehicle disposal is not a requirement under this solicitation. Because the contract does not include vehicle retrieval or disposal services, the Government does not provide access, restrictions, or procedures related to such activities under this procurement.
Page: 4 of 14 (from Annex J-1503030-01)	Special Waste	Scrap Vehicles – “Scrap vehicles (i.e.: a motor vehicle or its parts, including but not limited to tires) that the owner intends to or is required to dispose of.”	Please identify whether the Government would consider specifying a directed subcontractor if in the best interests of the Government.	The solicitation does not include a requirement for vehicle disposal services and does not establish a need for directed subcontractor. The government does not intend to specify or direct subcontractor for work not included in the PWS.
N/A	N/A	N/A	Please identify the impact, if any, of the continuing shutdown of the United States Government on the procurement timeline.	The Government cannot speculate the impacts of the United States Government shutdown and its effects on the procurement timeline.

1	SF33	Rating Block	The DPAS rating appears to have been incorporated by error. We request the government review/remove the DPAS rating from this RFP, as FAR Subpart 11.6 clauses are not included within solicitation. This standalone rating lacks clarity for offerors compliance requirements and could result in pricing to exceed the intent of the solicitation terms.	Propose in accordance with the solicitation.
23	I	N/A	The scope of work does not include requirement of the contractor to "design, development, or operation of a system of records on individuals," therefore, we request the government remove the FAR Part 24, Privacy clauses from this section (52.224-1, 52.224-2, 52.224-3).	Propose in accordance with the solicitation.
23	I	N/A	Due to the complex Italian Law for trash/recycling, please advise how/if FAR 52.223-10 Waste Reduction Program is applicable? Further, 52.223-10 is generally not applicable to OCONUS contracts unless the Head of Agency determines it to be required. If this approval/justification has not been issued internally by the government, will you please remove FAR 52.223-10 based on the OCONUS performance location of this contract?	Propose in accordance with the solicitation.
57	Tab J	1	The RFP states, "The United States is committed to ensuring that all Government contracts with performance in Italy remain free from infiltration or other influence by the Mafia. To that end, and in accordance with Italian Legislative Decree 159/2011 as amended, all offerors shall submit with their proposals a completed self-certification known as the "Comunicazione Antimafia" or "Informazione Antimafia" depending on the value of the contract. For contracts valued at less than the applicable European Community monetary threshold for defense contracts, contractors shall submit a completed "Comunicazione Antimafia" self-certification form. Attachment J-7. The applicable threshold for construction contracts for 2025 is 5,382,000, and the applicable threshold for supply and service contracts is 431,000. For contracts valued at more than the applicable European Community monetary threshold for defense contracts, contractors shall submit a completed "Informazione Antimafia" self-certification form. Attachment J-8." Question: Are offerors required to submit both J-7 and J-8 or only one of the other?	Propose in accordance with the solicitation.

23-41	Section I	n/a	Section I contains various FAR and DFARS clauses incorporated by reference on the stated pages. Does the government require any inputs from offerors as it relates to the FAR/DFARS clauses within Section I?	Propose in accordance with the solicitation Section I.
66	Section M	n/a	The RFP does not currently state the methodology in which the Government will use to evaluate the non-price proposal. Will the Governemnt follow the DoD Source Selection Guidelines from a color rating / adjectival rating standpoint (Outstanding/Blue through Red/Unacceptable) or some other methodology? Please update Section M with the specific rating and evaluation criteria, definition, ratings, etc.	Propose in accordance with the solicitation Section M.
66	Section M	n/a	The RFP does not currently state the methodology in which the Government will use to evaluate the non-price proposal. Specifically, will the Government evaluate each factor (1 through 4) and assign ratings to each factor? Please update the RFP accordingly to include this explicit information.	Propose in accordance with the solicitation Section M.
66	Section M	n/a	The RFP does not currently state the methodology in which the Government will use to evaluate the non-price proposal. Specifically, will the government assign one overall rating for the Non-Price proposal based on a summation for each factor (1-4) or will the Government use some other means? Please update the RFP accordingly to include this explicit infomration.	Propose in accordance with the solicitation Section M.
57	Tab J	2	The RFP states, "2. In addition, prior to submitting a proposal, all offerors shall initiate registration on the "White List" with the Prefect (Prefetto) where their company is legally registered. The offeror shall submit proof with its proposal that it has initiated or accomplished the "White List" registration procedures. For non-Italian offerors who do not have a registered office in Italy, the offeror shall initiate registration on the "White List" with the Prefect (Prefetto) where the work will be performed." Per local law, not all companies can register to the White List. Only those companies operating in specific high-risk sectors identified by Law 190/2012 as being most vulnerable to mafia infiltration can register to the White List. If an offeror does not perform those high risk sectors but chooses to use subcontractors to perform those services, per local law only the subcontractors will be required to register. Question: Can the Government please confirm	Please propose in accordance with Section L.5- Evaluation Factors for Award, Volume I- Price Proposal, Tab J of the solicitation.

			that to satisfy this requirement in this instance, it is acceptable to provide proof that the proposed subcontractor is registered rather than the offeror?	
24	I	N/A	As it relates to FAR 52.244-6 Subcontracts for Commercial Products and Commercial Services, can the Government please confirm if this is applicable to the scope of this program (i.e. are these commercial services/products)? If commerciality is not applicable will the Government consider revising the RFP?	Propose in accordance with the solicitation.
24	I	N/A	In accordance with the services to be performed, we request the Government remove the following clauses for non-applicability: 252.227-7013 Rights in Technical Data-Other Than Commercial Products and Commercial Services. Jan 2025 252.227-7016 Rights in Bid or Proposal Information. Jan 2025 252.227-7025 Limitations on the Use or Disclosure of Government-Furnished Jan 2025	Propose in accordance with the solicitation.
28	I	N/A	Reference FAR 52.216-19 Order Limitations: Can the Government please complete the required fill-ins to ensure all interested bidders understand the contractual requirements?	Propose in accordance with the solicitation.
29	I	N/A	Reference FAR 52.216-24 Limitation of Government Liability: Can the Government please complete the required fill-ins to ensure all interested bidders understand the contractual requirements?	Propose in accordance with the solicitation.
13	Amd 2; L.1	2	Submission requirements indicate "SF-330 files received after the proposal due date and time will not be considered. It is the firm's responsibility to confirm that their SF-330 files are received by the date and time posted in the solicitation and all associated amendments." Is the Government requesting an SF-330 (Architect Engineer Qualifications) submission or is the SF-330 a typo and that reference should be SF-33? Please review and update the RFP as necessary. 	TAB J		Antimafia Screening This inquiry pertains to Anti-Mafia compliance in relation to subject solicitations. Offerors must comply with Italian Anti-Mafia legislation, either by obtaining Anti-Mafia White List status or by being certified by the relevant Italian Prefecture (Prefettura) where the firm is registered to operate. This certification must be renewed every six months. It is important to clarify that the Anti-Mafia Certificate cannot be requested independently or directly by the contractor, regardless of their nationality. Only the Contracting Authority—in this case, the U.S. Government—may request this certification through an authorized local Italian Military Command. The Prefecture, acting on the request of the local Italian Military Engineering Command initiated by the Contracting Officer, does not issue certificates to private individuals or companies. Only public entities or state-controlled companies are eligible to receive such certification. Any request made independently by private parties will not be processed by the Prefecture. In the context of U.S. Government solicitations, contractors have customarily submitted Self-Certifications in accordance with Art. 75 of D.P.R. 554/1999, as amended by Art. 2 of D.P.R. 412/2000, and Substitutive Declarations as per Art. 48 of D.P.R. 28 December 2000, No. 445. It is also important to note that White List registration is not applicable to general contractors unless they perform specific activities deemed particularly susceptible to mafia infiltration. Registration in the White List is mandatory only for companies operating in sectors explicitly listed under Art. 1, Paragraph 53 of Law 190/2012, including but not limited to: • Extraction, supply, and transport of earth and inert materials • Packaging, supply, and transport of concrete and bitumen • Rental of machinery without operators (cold hire) • Supply of wrought iron • Hot freight transport • Road haulage for third parties • Construction site security services • Funeral and cemetery services • Catering and canteen services • Environmental services, including collection, national and cross-border transport (including for third parties), waste treatment and disposal, remediation and reclamation activities, and other waste management services This list is subject to updates by decree of the Ministry of the Interior. For firms not engaged in any of the listed activities, registration in the White List is neither required nor permitted by the Italian Government/Prefettura.	Propose in accordance with the solicitation.
--	-------	--	---	--

			Therefore, we respectfully request confirmation that, as per the position of the Italian Authorities, compliance with the Anti-Mafia Requirements under the solicitation is met by submitting the following documentation: • Anti-Mafia Self-Declarations, and • DURC (Documento Unico di Regolarità Contributiva) These documents provided by the Italian certified Key Subcontractor should be deemed sufficient where the firm's activities do not fall under those requiring White List registration.	
	C-1402000-3.2-Change of Occupancy Maintenance (COM), J-1402000-04		Section C, Spec Item 3.2 states that COM work includes, but is not limited to...wipe-down...etc, then provides Informational Note: there are approximate 10 to 15 wipe-down events per year. Does this mean there are approximately 10 to 15 change of occupancy events per year, each requiring all COM tasks in J-1402000-04 plus the additional estimated annual painting requirement in C-1402000-3.2?
