ATTACHMENT J-1700000-01
DEFINITIONS AND ACRONYMS

DEFINITION	DESCRIPTION
Abnormal Wear and Tear	The following list of discrepancies shall constitute abnormal wear and tear when identified during the inspection of buses by the Government: • Missing parts. • Missing tires (including spare tire). • Body Work: Scratches through the metal and scratches or dents over 5 inches in length or diameter. • Failure of vehicle components to operate as intended by original equipment manufacturer. • Paint Work: Scratches or chips over 5 inches in length or diameter. • Glass: ○ Windshield. Any crack. Pitted, chips, or scratches larger than one inch in length but which are in the critical area of the driver's vision or which will not pass safety inspection will also be deemed abnormal wear and tear; ○ Other Glass. Cracked or broken. Also inoperative window mechanism. • Lights: Lenses or sealed beams broken. • Chrome and Other Bright Metal Exterior Trim: ○ Bumpers. Dents over 15 inches in length or diameter. Scratches in the metal over 15-inch long. ○ Grille. Broken grille. Dents larger than 5 inches in length or diameter. • Interior: ○ Missing seats; ○ Torn seat backs or panels; ○ Damaged or burned seats or panels; ○ Inoperable seats (unable to maintain a normal upright position); ○ Inoperable arm rests (unable to maintain a normal horizontal position)
Authorized Passengers	Individuals authorized to be transported under the contract, to include military, civilians, students, DoDDS officials, military police, security personnel, and others specifically authorized by the Contracting Officer or Contracting Officer's Representative.
Clean	Free from dirt, graffiti, residue and litter.
Charter	Provision of an operator by the motor vehicle owner.
Dispatch Hour (DH) Unit Price	The unit price offered by the Contractor to provide one complete hour of bus operation services. The unit price includes all direct and indirect costs associated with providing one trained and licensed bus operator for 60 minutes. Dispatch hour time begins 15 minutes prior to the requested departure time of the bus from the requested initial passenger loading point and ends at the time the last passenger is safely exits the bus at the requested final passenger unloading point. The unit price shall include the Contractor's operator burdened hourly wage, costs for any projected overtime, subsistence (meals and lodging), and other operator-related costs; all costs for vehicle ownership, e.g., fuel, maintenance, tire replacement, repair, depreciation; all operator costs to obtain, safety inspect, prepare, clean, and return the bus; all costs for field and home office overhead, e.g., clerical support, supervision, inspection, fees, taxes, licenses, permits, insurance; and profit.
