

PERFORMANCE WORK STATEMENT (PWS)

United States Army Transition Assistance Program Services (Revised 8 May 26)

Part 1 General Information

1. General: This is a non-personal service(s) contract under which the personnel rendering the service(s) are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees.

1.1 Description of Services/Introduction: Perform Congressionally and Army mandated transition assistance services as defined in this PWS.

1.2 Background: The military Transition Assistance Program (TAP) was established by Congress in the National Defense Authorization Act (NDAA) for Fiscal Year 1991 (P.L. 101- 510). The original purpose of the program was to help ease the transition to civilian life for military service members who were involuntarily separated as part of the force structure drawdowns of the late 1980s. From 1991 to 2011, Congressional interest in the program remained high, particularly in regard to troops who served in combat in Iraq and Afghanistan. In 2011, Congress passed the VOW (Veterans Opportunity to Work) to Hire Heroes Act (Title II of P.L. 112-56), which made a pre-separation counseling program mandatory for all servicemembers with at least 180 continuous days of active duty. In 2011 the Government established the Veterans' Employment Initiative Task Force with the Departments of Defense (DOD) and Veterans Affairs (VA) and charged the task force with redesigning TAP. The redesigned Transition GPS (Goals, Plans, Success) program includes a Military Life Cycle component that starts preparing the Service Member for civilian transition at the beginning of his or her military career and at certain milestones (e.g., promotion, deployment) throughout that career. At each of these milestones, servicemembers are made aware of Career Readiness Standards (CRSs) and are given opportunities to review and adjust personal financial planning objectives and individual development plans. Over time, Congress has also increased the number and scope of required TAP counseling topics. The John S. McCain National Defense Authorization Act of 2019 (FY19 NDAA) authorized many changes to the TAP including starting transition activities no later than 365 days prior to transition for those who are separating or retiring, recommended retirees begin the transition process at least two years prior to retirement, individualized Initial Counseling between the service member and a TAP counselor as the official start to the transition process, pre-separation counseling covers by-law information to include benefits, entitlements and resources for eligible transitioning service members; and a service member election of two-days of instruction; these include the: DOL Employment Track, DOL Vocational Track, DoD Education Track, and the Small Business Administration Entrepreneurship Track. Transitioning service members must elect at least one track but may attend more than one based on their ITP and post-transition goals.

1.3 Scope: Pursuant to the authority of Title 10, U.S. Code, Chapter 58, §§ 1142-1144, the contractor shall execute the TAP, ensuring all eligible Service Members attain the mandated Career Readiness Standards (CRS) specific to their individual post-transition goals. To achieve this, the contractor is required to manage the specified participant throughput and deliver all curriculum and services in

accordance with the standards set forth in the Quality Assurance Surveillance Plan (QASP). As a critical requirement, the contractor must ensure each participant's successful completion of TAP is formally documented in the government's system of record no later than the separation date recorded on their DD Form 214.

1.3.1 This Performance Work Statement (PWS) encompasses the Total Army Transition Assistance Program (TAP). During the established Period of Performance (PoP) of this contract, the Government reserves the right to incorporate support for the Reserve Component requirements IAW Title 10, U.S. Code, Chapter 1221, §§ 12681. This integration may be implemented incrementally on a state-by-state basis or nationwide, at the discretion of the Government.

1.4 Objectives: Deliver comprehensive, professional TAP services that ensure all eligible Service Members achieve mandated CRS. All services, counseling, and support shall be executed in strict accordance with the requirements and timelines stipulated in AR 600-81, DoDI 1332.35, DoDI 1322.29 and the statutory entitlements outlined in Title 10, U.S. Code, Chapter 58, §§ 1142-1144. The contractor shall provide tailored support that enables transitioning personnel and Army commands to understand and meet all regulatory requirements for the duration of the military life cycle (MLC) transition process. The expected annual Solider customer-base is 90,000 (Tier 1: 50%, Tier 2: 40%, Tier 3: 10%).

1.5 General Information:

1.5.1 Quality Control Plan (QCP): The contractor's existing quality assurance system shall be utilized in accordance with RFO FAR 12.105. The contractor shall develop and maintain an effective quality control program to ensure services are performed in accordance with this PWS. The contractor's QCP shall include, at a minimum, elements addressing redundancy of operations at all sites, conformance to reporting, data, and records management standards, deliverables, key performance indicators, and all other elements of quality addressed in this PWS. The contractor shall submit the Quality Control Plan ({Deliverable #1}) annually to the COR and ACOR via email in either Word or PDF format.

1.5.2 Quality Assurance: The Government will evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

1.5.3 Recognized Holidays: The following provides information on recognized holidays for the purpose of the PWS. If submittal of any documentation (e.g. deliverables, submittals, etc.) deadlines fall on a holiday, the closest workday prior to the holiday will apply as the deadline for submittal.

1.5.3.1 U.S. Holidays: Work shall not be performed on U.S. federally recognized holidays occurring during the normal workweek unless otherwise directed by the Contracting Officer. When a U.S. holiday occurs on a Saturday or a Sunday, the holiday is observed on the preceding Friday or following Monday, respectively.

New Year's Day January 1st

M. L. King Memorial Day 3rd Monday in Jan

Presidents' Day 3rd Monday in February
Juneteenth June 19th
Labor Day 1st Monday in September
Veteran's Day November 11th
Christmas Day December 25th

Memorial Day last Monday in May
Independence Day July 4th
Columbus Day 2nd Monday in October
Thanksgiving Day 4th Thursday in November

1.5.3.2 Host Nation Holidays. The contractor shall perform work on local Host Nation holidays occurring during the normal work week unless stated otherwise in respective Status of Forces Agreement (SOFA).

1.5.4 Operating Hours: The contractor shall conduct business eight (8) hours per day with mandatory core hours of 0900-1500 local times Monday through Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings.

1.5.5 Place of Performance: The performance locations are listed in Technical Exhibit D, Places of Performance.

1.5.6 Telework: The Government reserves the right to request the contractor to telework on an as needed basis, when in the best interest of the Government to ensure continuity of TAP services. Upon notification of Government direction or approval of telework, the contractor shall coordinate with the local Designated Government Representative (DGR) on temporarily shifting to a telework status with email notification to the COR until otherwise revoked by the Government.

1.5.7 Due to the sustained military operations, Outside the Contiguous United States (OCONUS) locations and deployment of Army personnel, the contractor may be tasked to provide remote TAP services to deployed clients. The contractor shall ensure that sufficient staffing (or that a sufficient number of personnel) with valid passports in their possession is maintained to ensure services are available in the event of occasional, mission essential OCONUS travel. PRO-FILE is the means by which Army contractors provide data to Personnel Recovery Mission Software (PRMS) which in turn utilizes this data to create digital Isolated Personnel Report (ISOPREP) files. Individual contractor employees shall submit their PRO-FILE Survey through Army Knowledge Online (AKO) at <https://usacac.army.mil/organizations/mccoe/cdid/prp/about> within 90 days prior to OCONUS travel. Completion of the PRO-FILE survey is mandatory for all DA contractors traveling to OCONUS for official duty purposes. PRMS digital ISOPREP files created through the PRO-FILE survey remain valid for a maximum of one year from date of completion.

1.6 Security Requirements: The following information is provided on security related matters.

1.6.1 National Agency Check with Inquiries (NACI) is a basic background investigation used by the U.S. government for positions that do not require access to classified information but still necessitate a trustworthy employee. The contractor shall comply with all requests for information required to conduct NACI. The contractor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directives-12 (HSPD-12), Office of Management and Budget (OMB) Guidance M-05-24, Federal Information Processing Standards Publication (FIPS PUB) number 201) and GSA HSPD-12, Standard Operating Procedure (SOP),

Personnel Security Process, dated November 18, 2005. In accordance with HSPD-12, OMB M-05-24 and FIPS 201-1, unless a previous favorable background investigation has been completed in the last ten (10) years, all contractor employees shall be the subject of the appropriate background investigation conducted by the Government. All contractor employees fulfilling the requirements of this contract, shall read and sign a Nondisclosure Statement, as part of their suitability check, prior to beginning work. Performance of this contract may require the contractor to access data and information proprietary to the Government agency or of such a nature that its dissemination or use, other than in performance of this contract, would be averse to the interest of the Government or others.

1.6.2 Physical Security: The contractor shall be responsible for safeguarding all government equipment, information and property provided for contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured.

1.6.3 Installation Access: Contractor and all associated sub-contractor employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures provided by government representatives. The contractor shall also provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contractor security matters or processes. Enterprise-directed and Local Installation Government Mandated Threat and Security Training during Contract Period. All Government mandated training shall be provided by the Government during normal business hours. Training shall be onsite classroom training and/or applicable on-line training. The contractor shall track all yearly training requirements and shall ensure all individual contractors are compliant. If the training requirements are not met, the Government (installation or command) may refuse access to systems or work location and the contractor shall be considered delinquent in providing acceptable staff. The contractor shall maintain a training roster and training records; and report the training status if requested by the Government.

1.6.4 Common Access Cards (CAC): Before CAC issuance, the contractor employee requires, at a minimum, a favorably adjudicated NACI or an equivalent or higher investigation in accordance with Army Directive 2014-05. The contractor employee will be issued a CAC only if duties involve one of the following: (1) Both physical access to a DoD facility and access, via logon, to DoD networks on-site or remotely; (2) Remote access, via logon, to a DoD network using DoD- approved remote access procedures; or (3) Physical access to multiple DoD facilities or multiple non-DoD federally controlled facilities on behalf of the DoD on a recurring basis for a period of 6-months or more. At the discretion of the sponsoring activity, an initial CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled NACI at the Office of Personnel Management. The Contractor shall provide the Designated Government Representative (DGR) the following information for all new personnel: Name (to include alias or maiden name), Social Security Number, and dates of any prior Military, Civilian or Contractor service with the Government. This information shall be forwarded through the DGR to the Security Manager. No Contractor personnel shall be assigned until the initial suitability prescreening security checks are validated. Upon confirmation of a favorable initial suitability prescreening check, the Contractor shall have the new personnel report to the unit or organization

Security Manager to initiate the in-processing to include an actual background investigation utilizing the e-QIP program and initiate the DD Form 2875 (Information System Access Request) within three workdays of employment. Any Contractor personnel operating a Government-provided computer shall possess a favorable suitability investigation or an approved waiver pending investigation prior to gaining access or use of any computer/computerized device. Failure to maintain suitability standards set forth herein shall subject the Contractor personnel to suspension of access to Government automated systems. If Contract personnel are suspended from system access, the Contractor remains responsible for the performance of services. Upon learning of personnel misconduct, the Contractor shall report the incident to the COR within 24 hours of being made aware of the incident. The contractor shall notify the COR regarding any staff that has not had a CAC issued greater than 30 calendar days of EOD; in addition, the Contractor shall report (and follow up weekly) any NIPR access that is not granted within 10 business days from the date of CAC issuance. The contractor shall be responsible (in coordinating with the DGR) for collection and turn-in of CACs from terminated contractor/subcontractor employees, and from all contractor and subcontractor employees upon completion of contract. CACs shall be collected and turned into the DGR or local installation security office, with notification to the KO and COR. Turn-in shall be accomplished within one business day of employee termination and/or contract expiration. If the card is not collected, the contractor shall notify the KO and COR in writing within one business day of employee termination and/or contract expiration as to circumstance for non-collection of card(s). If any cards are not collected, the contractor shall notify the KO and COR in writing within one (1) business day of employee termination and/or contract expiration, and as to circumstances for non-collection of card(s).

1.6.5 Background Checks: Contractor personnel performing work under this contract shall be subject to background checks or investigations. Contractor personnel shall maintain a favorable suitability investigation during the term of the contract pursuant to the requirements of Army Regulation (AR) 25-2 and AR 380-67. The contract company must conduct a pre-employment background screening on potential employees to ensure they can pass the Tier 1 background investigation that is required for a CAC and network access.

1.6.5.1 The Contractor shall provide the DGR the following information for all new personnel: Name (to include alias or maiden name), Social Security Number, and dates of any prior Military, Civilian or Contractor service with the Government. This information shall be forwarded through the DGR to the Security Manager. No Contractor personnel shall be assigned until the initial suitability prescreening security checks are validated. Upon confirmation of a favorable initial suitability prescreening check, the Contractor shall have the new personnel report to the unit or organization Security Manager to initiate the in-processing to include an actual background investigation utilizing the e-QIP program and initiate the DD Form 2875 (Information System Access Request) within three workdays of employment. Any Contractor personnel operating a Government-provided computer shall possess a favorable suitability investigation or an approved waiver pending investigation prior to gaining access or use of any computer/computerized device. Failure to maintain suitability standards set forth herein shall subject the Contractor personnel to suspension of access to Government automated systems. If Contract personnel are suspended from system access, the Contractor remains responsible for the performance of services. Upon learning of personnel misconduct, the Contractor shall report the incident to the COR within 24 hours of being made aware of the incident. The contractor shall notify the COR regarding any staff that has not had a CAC issued greater than 30 calendar days of EOD; in addition, the Contractor shall report (and follow up weekly) any NIPR access that is not granted within 10 business days from the date of

CAC issuance. The contractor is responsible for ensuring the contractor employees complete electronic FBI fingerprinting at the nearest installation, completion of an OF-306 (Declaration of Federal Employment), completion of an electronic questionnaire investigation e-QIP (SF-85) and provide proof of citizenship, i.e., birth certificate or current US Passport. Once all information has been provided to the Installation security manager, he/she shall in turn process the contractor for processing using the Personnel Security Investigation Portal (PSIP) system to initiate the investigation. Once the “favorable” FBI fingerprint check as verified by OPM and SF85 has been forwarded to OPM, the DGR can authorize provisioning the contractor with an Initial (Interim) CAC.

1.6.5.2 Position Sensitivity. In accordance with DOD 5200.2-R, the DoD Personnel Security Program, this contract requires personnel performing work on a sensitive AIS to be: 1) a US Citizen, and 2) assigned to positions which are designated at one of 3 sensitivity levels (IT-I, IT-II, or IT-III). These designations equate to Critical Sensitive and Non-Critical Sensitive positions. The contractor shall ensure individuals assigned to these sensitive positions have completed the appropriate access requests forms.

1.6.5.2.1 IT Level I – Individuals assigned to positions where damage to DOD networks and development systems can be accomplished, and no checks are in place to determine potential destruction of sensitive information. The investigation requirement for these positions is completion of Tier 5 investigation (formerly SSBI) with favorable results.

1.6.5.2.2 IT Level II – Individuals assigned to positions where daily unsupervised access to DOD networks and information systems containing Sensitive but Unclassified or Sensitive Classified up to and including Collateral Secret information is part of their duties. The Investigation requirement for these positions is completion of a Tier 3 investigation (formerly NACLC) with favorable results.

1.6.5.2.3 IT Level III – Individuals assigned to non-sensitive positions where daily unsupervised access to DOD networks and information systems containing Sensitive but Unclassified is part of their duties. The Investigation requirement for these positions is completion of a Tier 1 investigation (formerly NACI) with favorable results.

1.6.5.2.4 All Sensitive positions require that investigations be completed prior to assigning individuals to a position of trust. A US Citizen that has a Tier 3 investigation in process and a successful local records check, can be allowed assignment to the positions before the completion of the investigation, in the best interest of the DOD, at the discretion of the Contracting Officer. In those instances, an interim clearance may be granted for positions requiring access to classified information.

1.7 Key Control: The Contractor shall establish and implement methods of making sure all keys issued to the Contractor by the Government are not lost or misplaced and are not used by unauthorized people. NOTE: All references for keys include key cards. No keys issued to the Contractor by the Government shall be duplicated. The Contractor shall develop procedures covering key control that shall be included in the Contractor’s QCP. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The Contractor shall immediately report any incidents of lost or duplicate keys to the Contracting Officer. In the event keys, other than master keys, are lost or duplicated, the Contractor shall, upon direction of the Contracting Officer, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform

re-keying. When the replacement of locks or re-keying is performed by the Government, the total cost of re-keying or the replacement of lock or locks shall be deducted from payment due to the Contractor. In the event a master key is lost or duplicated, all locks and keys for that system shall be replaced by the Government and the total cost deducted from the payment due to the Contractor. The Contractor shall prohibit the use of Government issued keys by any persons other than the Contractor's employees. The Contractor shall prohibit the opening of locked areas by Contractor employees to permit entrance of persons other than Contractor employees engaged in the performance of assigned work in those areas, or personnel authorized entrance by the Contracting Officer. The Contractor shall establish and implement methods of ensuring that all lock combinations are not revealed to unauthorized persons. The Contractor shall ensure that lock combinations are changed when personnel having access to the combinations no longer have a need to know such combinations. These procedures shall be included in the Quality Control Plan.

1.8 Post Award Conference/Periodic Progress Meetings: The Contractor shall attend any post award conference convened by the contracting activity or contract administration office in accordance with DFARS subpart 242.76. The Contracting Officer, COR, and other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the Contracting Officer will appraise the Contractor of how the Government views the Contractor's performance and the Contractor shall appraise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the Government. The Contractor shall attend, participate in, and furnish input to scheduled and unscheduled meetings, conferences, and briefings that relate to the functions and services herein as required by the Government to provide effective communication and impart necessary information. The Contract Manager or designated representative shall attend meetings as requested by the Government. Meeting attendees shall at times include Contractor managerial, supervisory, and other personnel knowledgeable of the subject matter. Meetings may start or end outside of regular duty hours.

1.9 Key Personnel: The Primary and Alternate Contract Program Manager (CPM) are considered key personnel by the Government. The contractor shall ensure the licensure, certification, certificate, education, experience, and other Government prescribed qualifications or competencies of all positions are continuously met by personnel filling such positions for the duration of the period of performance. The Government reserves the right to inspect or request copies of certifications and qualifications at any time during the period of performance. The contractor shall respond to and submit evidence of certifications and qualifications to the Government within seventy-two (72) hours upon request ({Deliverable #2}). The contractor shall respond to and submit evidence of certifications and qualifications to the Government within seventy-two (72) hours upon request. Refer to Technical Exhibit E – Special Qualifications. The Contractor shall provide a CPM who shall be responsible for the performance of the work. The name of the Primary and an Alternate CPM, who shall act for the Contractor when the CPM is absent shall be provided in writing to the Contracting Officer no later than (2) business days. The CPM and alternate shall be onsite at Fort Knox, KY Human Resources Command Headquarters, from 0800-1600 Monday through Friday except on Federal holidays, when executing Government authorized travel, or when the government facility is closed for administrative reasons. CPM and alternate shall be available by telephone 24/7 and on Federal holidays or when the government facility is closed for administrative reasons. The contractor shall ensure that positions identified as Key Personnel are vacant no more than fourteen (14) business days when serving at a place of performance within CONUS and twenty-one (21) business days when serving at a place of performance OCONUS.

1.10 Identification of Contractor Employees: All Contractor personnel attending meetings, answering Government telephones, and working in other situations where their Contractor status is not obvious to third parties must identify themselves, to include proper marking of signature blocks in correspondence, to avoid creating an impression in the minds of members of the public that they are Government officials. The Contractor shall ensure that all documents or reports, produced by Contractors are suitably marked as Contractor products or that Contractor participation is appropriately disclosed.

1.10.1 Contractor workspace (staging site, on-site office, desk or work area, etc.) shall contain a sign signifying the space is occupied by Contractor employee(s) to ensure that Government employees and the public know that they are not Government employees. The proposed sign shall be submitted to the Contracting Officer via the COR for review and acceptance with-in (10) business days after contract award (Deliverable 3). Workspace sign location shall be coordinated with the COR. Contractor employees shall identify themselves by name and company affiliation when answering the telephone, presenting briefings, conducting or attending meetings, and seminars. All Contractor correspondence (written, facsimile, and email display) shall include their company name.

1.10.2 Contractor Identification Badges: The contractor shall provide each employee with a numbered ID badge prior to working on this contract. The badge format shall be approved by the COR and shall include the contractor's name and contract title, which is clearly visible from at least a distance of eight feet. The format shall be submitted to the COR for review NLT five (5) business days after start of phase-in for approval. The badge shall include a color photograph of the individual employee, employee's name, company name, functional area of assignment (Division/Branch) contract title, and badge expiration date. Contractor personnel shall wear the company issued badge, which shall be attached to clothing above the waist at all times when performing work on-site under this contract. Badge shall not be hidden under clothing or in a pocket. The badge shall be displayed at all times while in the place of performance and removed after the duty day. Local installation security rules shall govern the wearing of the ID Cards elsewhere, both on and off the military installation.

1.11 Data Rights: All documents, reports, and materials specifically produced and delivered to the Government under the task requirements in Section 5 of this contract shall be Government owned. The Government retains the right to use, modify, reproduce, release, and distribute these specific deliverables.

1.12 Non-Disclosure Requirements: Performance under this contract may require the Contractor to access data and information proprietary to a Government agency, another Government Contractor, or of such nature that its dissemination or use other than as specified in this work statement would be adverse to the interests of the Government or others. The Contractor and Contractor personnel, shall not divulge or release data or information developed, or obtained under performance of this PWS, except to authorized Government personnel or upon written approval of the Contracting Officer. The Contractor shall not use, disclose, or reproduce proprietary data, which bears a restrictive legend, other than as specified in this PWS. All documentation showing individual names or other personal information shall be controlled and protected under the provisions of the Privacy Act of 1974, Public Law 93-579, 5 United States Code (U.S.C.) Section 552a. The Contractor shall provide signed non-disclosure agreements for all contract employees located at HRC and IMCOM HQ locations to the Government no later than {(5) business days upon hiring Deliverable #4} prior to commencement of work under the contract. Disclosure of information by Contractor personnel may result in removal of Contractor

personnel from performance under this contract.

1.13 Organizational Conflict of Interest (OCI): Contractor and subcontractor personnel performing work under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent OCI as defined in FAR Subpart 9.5. The Contractor shall notify the Contracting Officer immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the Contracting Officer to avoid or mitigate any such OCI with-in (2) business days({Deliverable #5}). The Contractor's OCI Mitigation Plan will be determined to be acceptable solely at the discretion of the Contracting Officer. In the event the Contracting Officer unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the Contracting Officer may affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.14 Phase In /Phase Out Period: During the ninety (90) day phase-in period, the Contractor shall become familiar with all performance requirements to ensure full performance of services commences on the contract start date. Upon conclusion of the phase-in period, the contractor shall be fully ready to structurally and operationally manage all requirements within this PWS.

1.14.1 During the Phase-Out Period, the contractor shall continue full service on all objectives while executing phase-out activities to support the transition to the incoming contractor, if applicable. To facilitate this transition, the contractor shall submit a Phase-Out Plan ({Deliverable #6}) to the KO and COR within 90 days after the conclusion of the phase-in period. The Contractor shall ensure all Government-owned configurations, dashboards, and scripts developed within Government-provided platforms (e.g., Power BI, Army Vantage) are documented and administrative control is fully transferred to Government personnel prior to contract expiration.

1.15 Required Training: The following provides information on training requirements.

1.15.1 Anti-Terrorism (AT) Level I Training: All contractor employees, including subcontractor employees, requiring access to Army installations, facilities and controlled access areas shall complete AT Level I awareness training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever is applicable. The contractor shall submit certificates of completion for each affected contractor employee and subcontractor employee, to the COR or to the contracting officer, if a COR is not assigned, within 30 calendar days after completion of training by all employees and subcontractor personnel. AT Level I awareness training is available at the following website: <https://jkodirect.jten.mil/>. US based contractor employees and associated subcontractor employees to make available and to receive government provided area of responsibility (AOR) specific AT awareness training as directed by AR 525-13. Specific AOR training content is directed by the combatant commander with the unit ATO being the local point of contact. ({Deliverable # 7}).

1.15.2 OPSEC Training: Per AR 530-1, Operations Security, the contractor employees must complete Level I OPSEC Awareness training. New employees must be trained within 30 calendar days of their reporting for duty and annually thereafter. ({Deliverable #7}).

1.15.3 iWATCH Training: The contractor and all associated sub-contractors shall brief all employees on the local iWATCH program (training standards provided by the requiring activity ATO). This local developed training will be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR. This training shall be completed within 60 calendar days of contract award and within 30 calendar days of new employees commencing performance with the results reported to the COR NLT 30 calendar days after contract award. ({Deliverable #7}).

1.15.4 Threat Awareness and Reporting Program (TARP). IAW AR 381-12, 1-10 all DA contract employees possessing a security clearance shall receive annual TARP training instructed by a CI agent or other trainer as specified in AR381-12,2-4b. Training shall be accomplished annually during the organization's scheduled TARP training session. In those instances where live training is not possible, such as in deployed theaters of operation, CI units may, in coordination with appropriate commanders, develop alternative means to conduct threat awareness training and meet the requirements of this AR 381-12. ({Deliverable #7}).

1.15.5 Cyber Awareness Training: All contractor employees, to include subcontractor employees, requiring access to Army installations, facilities and controlled access areas shall complete the Cyber Awareness Training located at the US Army IA Training Center web site listed below (previous training expires 25/Nov/13): Link: <https://ia.signal.army.mil/DoDIAA/default.asp>. ({Deliverable #7}). Cyber Awareness Training shall be renewed IAW AR 25-22 Army Privacy and Civil Liberties Program and AR 25-2 Army Cybersecurity.

1.15.6 Acceptable Use Policy: All contractor employees, to include subcontractor employees, requiring access to Army installations, facilities and controlled access areas shall complete a new Acceptable Use Policy (Annual Requirement) at the same web site: Link: <https://ia.signal.army.mil/DoDIAA/default.asp>. (Click "Login", Log in with CAC, confirm information on page, click on "View and Sign AUP". ({Deliverable #7}).

1.15.7 Information Assurance (IA) Training: All contractor employees and associated sub-contractor employees must complete the DoD IA awareness training before issuance of network access and annually thereafter. All contractor employees working in IA/IT functions must comply with DoD and Army training requirements in DoDD 8570.01, DoD 8570.01-M and AR 25-2 within 30 days of starting employment. ({Deliverable #7}).

1.15.8. Contractor Employees Who Require Access to Government Information Systems: All contractor employees with access to a government info system must be registered in the ATCTS (Army Training Certification Tracking System) <https://atc.us.army.mil/iastar/index.php> at commencement of services and must successfully complete the DOD Information Assurance Awareness prior to access to the information systems and then annually thereafter.

1.15.9 DoD IA Cyber Awareness Training: All contractor employees, to include subcontractor employees, requiring access to Army installations, facilities and controlled access areas shall complete

the Annual Cyber Awareness Training located at the US Army IA Training Center web site listed below (previous training expires 25/Nov/13): Link:
<https://ia.signal.army.mil/DoDIAA/default.asp>. Verification of the training shall be provided to the DGR within {two days} after completion of the training ({Deliverable #7}).

1.15.10 All Contractor employees, including subcontractors, working information technology (IT)/IA functions shall comply with DoD and Army training requirements per Information Assurance Training Certification and Workforce Management DoD Directive (DoDD) 8570.01, Information Assurance Workforce Improvement Program DoD 8570.01-M, and Information Assurance AR 25-2 within thirty (30) calendar days of employment. Training is available at
<https://ia.signal.army.mil/DoDIAA/default.asp>.

1.15.11 Personally Identifiable Information (PII): The contractor shall provide administrative control of the data being processed, including PII contained in resumes and other submitted materials. The contractor shall protect unauthorized release of or access to such data consistent with established Department of War (DoW) and Army standards, procedures, and protocol. In the event of a PII breach, the contractor shall immediately notify the DGR, KO and COR. Contractor shall provide a detailed report of the event within one hour of the discovery of a breach. Contractor shall also follow local installation regulations and provisions as outlined by the commander and local policy. Contractor employees who handle or have access to PII under this contract shall complete initial privacy training IAW the requirements stipulated in AR 25-22 The Army Privacy and Civil Liberties Program, and these contractor employees shall complete refresher privacy training every five years as required by the CS-SEC-PW-095 - Cyber Sec Awareness and Privacy Training 20260227. The contractor is responsible for documenting and providing proof of such training upon request.

1.16 Contractors performing services in the Federal Republic of Germany (FRG) shall comply with German law. The Contractor shall determine whether performance requires registration with German authorities or authorization to do business in Germany and, if so, shall comply with all requirements. Whether or not registration or authorization to do business is required, the Contractor shall determine what documents or authorization its employees and any subcontractor employees must possess to work in Germany. The Contractor shall ensure affirmatively that its employees and subcontractor employees possess such documents or authorizations. Contractor employees who: (a) are not nationals of Germany or other European Union countries; (b) are not members of the force, the civilian component or their dependents; or c) do not have assimilated status under Articles 71, 72, or 73 of the Supplementary Agreement to the North Atlantic Treaty Organization Status of Forces Agreement shall possess work and residence permits. By acceptance of and performance under this contract, the Contractor affirms that it has complied with the requirements above. Compliance with this requirement and German law is a material contract requirement. Noncompliance by the Contractor or subcontractor at any tier shall be grounds for issuing a negative past performance evaluation and terminating this contract for default. The Government retains the right to remove or deny access of Government controlled locations to contract personnel, regardless of prior clearance or adjudication status, whose actions clearly conflict with the interest of the Government. The reason for removal will be fully documented in writing by the Contracting Officer and reviewed by legal counsel. When/if such removal occurs, the contractor shall, within 21 business days, assign qualified personnel to any/all resulting vacancies.

PART 2

DEFINITIONS, ACRONYMS, AND ABBREVIATIONS

2.1 Definition:

ARMY TRANSITION ASSISTANCE PROGRAM (TAP) TAP is the commander's program that provides transition assistance for Military Service Members (MSM) who are transitioning/retiring from active duty, veterans, retirees, civilian employees leaving the Department of the Army due to Reduction in Force or Base Realignment and Closure, and their families. It is governed by Army Regulation 600-81.

ASYNCHRONOUS. Instances in which the source of content or material and the consumer of the content or material are unable to interact in real-time or instances in which the administration or facilitation of content or material is not existing or happening at the same time as the consumption of such content or material.

CAPSTONE. A two-stage process consisting of a review and verification of a Service member meeting CRS to take place no later than 90 days prior to separation. Stage one is an in-depth review of the Service Members ITP and CRS, which is conducted by TAP staff. Stage two consists of the commander or commander's designee verifying, in the commander's or commander's designee's judgment, that the Service member has a viable ITP and has met the CRS. If the commander or commanders' designee determines the Service member does not meet CRS or does not have a viable ITP, then he or she must confirm a warm handover takes place with the appropriate interagency partners, as needed. The review and verification processes may or may not occur simultaneously.

CAREER SKILLS PROGRAM. The Army Career Skills Program (CSP) is a component of the Transition Life Cycle model that encourages clients, during their transition period, to capitalize on civilian training and development opportunities which have a high probability of resulting in post-service employment opportunities. CSPs provide transitioning clients the opportunity to acquire high-demand and highly skilled careers after they transition off active duty. The four categories of CSP, as defined by AR 600-81 include: apprenticeship/pre-apprenticeship, internships, employment skills training, and on-the-job training (OJT). CSPs coordinate with garrison-approved CSP employers, professional associations, unions, industry leaders, education and training providers to promote opportunities for transitioning clients to yield high-value jobs or careers.

CLIENT. There are six fundamental categories of TAP clients: Service Members, Family members, caregivers, retirees, veterans, and DACs. In general, all clients leaving AD who have completed or will complete 180 days of continuous active service or those being medically retired or separated for disability, regardless of their duration of service, by law, will participate in the TAP.

COMPLIANCE REQUIREMENT. Transition compliance refers to a Servicemember, regardless of component, successfully completing all mandatory Career Readiness Standards (CRS) as required by their assigned tier in accordance with DoD Instruction (DoDI) transition policy. Servicemembers who do not meet CRS requirements are identified as non-compliant and must receive a warm handover during the Capstone event to ensure they are connected with appropriate transition support resources.

CONTRACTOR. A supplier or vendor awarded a contract to provide specific supplies or service to the government. The term used in this contract refers to the prime.

CONTRACT ADMINISTRATOR. The official Government representative delegated authority by the KO to administer a contract. This individual is normally a member of the appropriate contracting/procurement career field and advises on all technical contractual matters.

CONTRACTING OFFICER. A person with authority to enter into, administer, and or terminate contracts, and make related determinations and findings on behalf of the government. Note: The only individual who can legally bind the government.

CONTRACTING OFFICER'S REPRESENTATIVE (COR). An employee of the U.S. Government appointed by the contracting officer to assist in the administration of the contract. Such appointment shall be in writing and shall state the scope of authority and limitations. This individual has authority to provide technical direction to the Contractor as long as that direction is within the scope of the contract, does not constitute a change, and has no funding implications. This individual does NOT have authority to change the terms and conditions of the contract.

DEFECTIVE SERVICE. A service output that does not meet the standard of performance associated with the Performance Work Statement.

DELIVERABLE. Anything that can be physically delivered, but may include non-manufactured things such as meeting minutes or reports.

DESIGNATED GOVERNMENT REPRESENTATIVE (DGR). The DGR is the site specific or local Government representative serving as the primary interface with the contractors working at TAP Center.

ENHANCED HIRING EVENTS/JOB FAIR Team: Enhanced hiring events/job fairs are designed to provide transitioning service members opportunity to connect with those providing post military employment opportunities and/or employment advice. An enhanced hiring/job fair support team comprised of contractor personnel appointed by the installation CIM with concurrence of the DGR.

FACE TO FACE. Synchronous interaction either in-person or facilitated through the use of interactive communications technology.

GOVERNMENT FURNISHED PROPERTY (GFP) OR GOVERNMENT FURNISHED EQUIPMENT (GFE). Property/equipment in the possession of, or directly acquired by, the Government and subsequently made available to the contractor.

IN-PERSON. Face to Face, synchronous interactions in which all parties are in the same physical location.

KEY PERSONNEL. Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the Key Personnel listed in the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

LOSS ROSTER. Roster from eMILPO that identifies the clients eligible to leave the Army within the next 24 months.

NOMINATIVE SERGEANT MAJOR (SGM): Nominative CSM/SGM are Senior NCO specifically selected to serve as the Senior Enlisted Advisor to DoD Flag Officers (General/Admiral) and Senior Executive Service (SES) civilians.

PHYSICAL SECURITY. Actions that prevent the loss or damage of Government property.

QUALITY ASSURANCE. The government procedures to verify that services being performed by the Contractor are performed according to acceptable standards.

QUALITY ASSURANCE SURVEILLANCE PLAN (QASP). An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance.

QUALITY CONTROL. All necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

SUBCONTRACTOR. One that enters a contract with a prime contractor. The Government does not have privity of contract with the subcontractor.

SYNCHRONOUS. Instances in which the source of content or material and the consumer of the content or material are able to interact in real-time or instances in which the administration or facilitation of content or material exists or happens at the same time as the consumption of such content or material.

TAP DATABASE SYSTEM OF RECORD. The Army or DOD database of record for TAP processes and events.

TIER 1. Assigned transition requirement consisting of Self-assessment, initial counseling, individual transition plan, pre-separation, VA benefits and services, register for eBenefits, employment day, continuum of service (active component), and capstone event.

TIER 2. Assigned transition requirement consisting of Self-assessment, initial counseling, individual transition plan, pre-separation, criteria-based post-transition financial plan, VA benefits and services, register for eBenefits, gap analysis or verification of employment, employment day, continuum of service (active component), and capstone event. May be required to attend a 2-day track, based on assessment results.

TIER 3. Assigned transition requirement consisting of Self-assessment, initial counseling, individual transition plan, pre-separation, criteria-based post-transition financial plan, VA benefits and services, register for eBenefits, gap analysis or verification of employment, employment day, continuum of service (active component), and capstone event. Must attend a 2-day track based on assessment results.

TIMELINESS REQUIREMENT. Transition timeliness refers to a Servicemember, regardless of component, who serves on Title 10 orders for more than 180 days excluding training orders who

successfully completes the self-assessment, individualized initial counseling (IIC), and Pre-separation Brief (PSB) of the Transition Assistance Program (TAP) no later than (NLT) 365 days prior to their projected separation or retirement date. Additionally, all such Servicemembers must complete the Capstone event NLT 90 days prior to separation or retirement to verify career readiness and ensure compliance with statutory transition requirements.

VIRTUAL. Face to Face, synchronous interactions facilitated by communications technology.

WARM HANDOVER. Confirmed introduction and assurance that the appropriate inter-agency partner acknowledges an eligible client requires post-military assistance and is willing to follow through on providing assistance to meet the needs of clients and assist them in attaining the CRS and a successful transition.

WORKDAY. The number of hours per day the Contractor provides services in accordance with the contract.

WORK WEEK. Monday through Friday, unless specified otherwise.

DRAFT

PART 3

GOVERNMENT PROPERTY (GP) AND SERVICES

3.1. Services: The Government will provide virtual private network (VPN) network access while operating on Wireless Fidelity (WIFI). The Government will not provide WIFI to contractors working offsite from places of performance. Contractors operating onsite at a place of performance may access Government internet when using GFE.

3.2. Facilities: The Government will provide necessary workspace for the contractor staff to provide the support outlined in the PWS to include desk space and other items necessary to maintain an office environment.

3.3. Utilities: The Government will provide the contractor with the necessary utilities required to operate GFE at places of performance. If utilities are furnished, the following is required: The Contractor shall instruct employees in utilities conservation practices. The contractor shall be responsible for operating under conditions that preclude the waste of utilities, which include turning off the water faucets or valves and lights upon the conclusion of work at a place of performance.

3.4. Equipment: The Government will provide computers to contractors, as required to support or accomplish work within this PWS. The Government will provide phones and the TAP phone operating system for TAP call Center functions.

PART 4

CONTRACTOR FURNISHED ITEMS AND SERVICES

4.1. General: The Contractor shall furnish all supplies, equipment, facilities and services required to perform work under this contract that are not listed under Part 3 of this PWS.

PART 5 SPECIFIC TASKS

5.1 The Contractor shall provide the following Transition Counseling Services:

5.1.1. Transition Counseling Timeline standards:

5.1.2. For retirement purposes, Transition Counseling Timeline will begin immediately upon notification during the 24-month period preceding an anticipated retirement date but no later than 365 days before retirement.

5.1.3. For reasons other than retirement, Transition Counseling Timeline will begin no later than 365 days before separation or release from active duty.

5.1.4. Will begin immediately upon notification within the remaining period of service when a retirement or other separation is unanticipated, and there are 365 or fewer days before separation, retirement, or release from active duty.

5.1.5. Will begin immediately upon notification within the remaining period of service when an eligible RC member is being demobilized or deactivated from active duty under circumstances in which operational requirements, as determined by the Secretary concerned, make the 365-day requirement unfeasible.

5.1.6. Ensure that walk-in clients requesting information or support related to TAP services are received and scheduled for the follow-on support within 15 minutes upon arrival to any TAP Center providing services listed in Technical Exhibit D – Place of Performance.

5.1.7. Ensure that clients requesting any one-on-one services are provided counseling or other one-on-one services by a TAP counselor no more than 15 business days from client request.

5.1.8. Ensure all counseling notes, summaries of client interactions, benchmarks, data entry, TAP event or class attendance and other administrative functions are completed in the TAP system of record within two (2) business days.

5.1.9. Maintain, store, and safeguard all records associated with work performed under this contract in accordance with Army Records Information Management System (ARIMS) and this PWS.

5.1.10. Maintain, store, and safeguard all CRS deliverables IAW the client's ITP on a local shared network or TAP system of record for six (6) months past the client's transition date for review and audit purposes.

5.1.11. Alert the COR if a contracted employee has waited more than 30 days for the issuance of a required CAC.

5.1.12. Alert the COR immediately upon discovery of misconduct by a contracted employee or client.

5.1.13. Employ sufficient management and human resources practices to ensure all work is completed to the standards within this PWS, at all locations.

5.1.14. Provide TAP services to clients using the method prescribed by Technical Exhibit H – TAP Services Prescribed Delivery Methods.

5.1.15. Use Technical Exhibit H – TAP Services Prescribed Delivery Methods as the baseline for prescribing delivery methods based on client tier assignment, but if a client prescribed asynchronous delivery method for a particular service prefers to receive those services via synchronous delivery method, the contractor shall accommodate the client's preference.

5.1.16. Do not encourage, recommend, influence, or force clients who are prescribed synchronous delivery methods per Technical Exhibit H to receive services asynchronously.

5.1.17. Execute all set-up, administrative functions, and perform all labor required to host all classes, counseling sessions, and all other TAP associated events, unless otherwise specified within this PWS.

5.1.18. Ensure that each Place of Performance is staffed with at least one on-site Transition Counselor.

5.2 Notification and Registration of Eligible Population:

5.2.1 Consult TAP system of record to identify eligible clients and ensure the eligible clients' listing are reviewed with the local DGR monthly prior to their 18–24-month transition window, consistent with Army Regulation AR 600-81.

5.2.2 Communicate client eligibility to the DGR using TAP system of record and in the event access or functionality of TAP system of record is degraded or unavailable, use alternative systems to provide manual eligibility rosters.

5.2.3 Conduct a monthly joint review of eligibility listing with the DGR in conjunction with formal submission.

5.2.4 Assist clients with registration in the event of access or functionality issues with the TAP system of record.

5.2.5 Facilitate client completion of Enterprise Individualized Self-Assessment (EISA), as required, and ensure results of self-assessment are appropriately incorporated into the individualized initial counseling (IIC) for all eligible populations.

5.3. Case Management and Individual Counseling Services:

5.3.1 Continuously monitor and review the TAP system of record for newly registered clients and initiate initial contact with clients to assess the need for follow-on services based on the individual's objective and goals.

5.3.2 Assign a TAP counselor to each client prior to IIC, who shall serve as the client's primary case manager throughout their transition, except for clients served exclusively by the Virtual Center.

5.3.3 Ensure that the assigned TAP counselor remains the client's primary contact for services throughout the transition lifecycle, except for clients served exclusively by the Virtual Center.

5.3.4 Notify the client within 48 business hours if the assigned TAP counselor is unavailable or is changed due to staffing turnover.

5.3.5 Ensure that the client may utilize any available counselor to assist in receiving services in the absence of the assigned TAP counselor.

5.3.6 Monitor and track client follow-on actions in the TAP Database System of Record to include tracking transition progress for the client as described in this PWS.

5.3.7 Coordinate with the DGR to identify and communicate no-shows for scheduled counseling or events to unit representatives and chain of command; and input no-show information into the TAP system of record within 24 hours.

5.3.8 Contact individual clients to reschedule missed appointments for any TAP service within 48 business hours.

5.3.9 Ensure that all eligible clients receive the appropriate transition materials either electronically or hard copy within 48 business hours of IIC.

5.3.10 Ensure that the time between counselor and client contact does not exceed 90 calendar days within the transition lifecycle.

5.3.11 Verify accuracy of input to the DD Form 2648 (eForm).

5.3.12 Do not exceed a cancellation rate (contractor fault) of more than five percent (5%) for any individualized counseling or service at any single place of performance or throughout the enterprise.

5.4 Individualized Initial Counseling (IIC):

5.4.1 Conduct the IIC with all properly registered eligible populations IAW AR 600-81 and ensure TAP counselors assist their clients in identifying strengths and weaknesses using the EISA results to establish the level of support clients require to develop an ITP and meet their post-transition goals.

5.4.2 Ensure that eligible clients who have less than 365 days before their anticipated date of separation or retirement, or who are members of the RC being demobilized/deactivated at a time which makes the 365-day requirement unfeasible, will begin the IIC as soon as possible within the remaining period of service.

5.4.3 Ensure that clients requesting any one-on-one services are provided counseling or other one-on-one services by a TAP counselor in no more than 15 business days.

5.4.4 Ensure TAP counselors execute counseling in accordance with AR 600-81, Key Characteristics of Counseling and utilize Technical Exhibit E – IIC Checklist.

5.4.5 Ensure the TAP counselors assist clients in determining their transition goals, career readiness standards (CRS), understand all Transition classes available, and the best pathway to achieve their goals using their EISA results.

5.4.6 Ensure that any and all “individualized” counseling and any follow-ups are conducted one-on-one (counselor and client) synchronously.

5.4.7 Ensure that initial counseling includes the following in each counseling session: available TAP Services, develop an Individual Transition Plan (ITP), discuss and develop individual transition goals, learn about continuum of service and enable clients to ask questions, seek clarification, and obtain assistance.

5.4.8 Ensure TAP counselors assign a tier level to each client based on the EISA and all other IIC inputs.

5.4.9 Ensure the transition pathway, based on the client’s needs, is detailed on the personal self-assessment/ITP and on the eForm.

5.4.10 Ensure TAP counselors provide clients with information on tier assignments and suggested or prescribed tracks based on AR 600-81.

5.4.11 Ensure TAP counselors inform clients of where and how to access additional transition resources.

5.4.12 Schedule clients for required services primarily IAW the Distributive Model based on when the client initiates services, encourage scheduling of two-day track seminars based on tier assignment, and explain other any other applicable optional services.

5.4.13 Verify clients are registered in VA.gov and is aware of <https://myarmybenefits.us.army.mil/>.

5.4.14 Direct all unregistered clients to VA Benefits Advisors.

5.4.15 Ensure client initiates DD Form 2648 (eForm) and signs.

5.4.16 Ensure client completes the Pre-TAP survey.

5.4.17 Ensure TAP counselors provide information on where a client can determine his/her eligibility for a special victims’ counsel if the client discloses that they were the victim of sexual assault.

5.4.18 Ensure TAP counselors refer the clients to disclosing mental health issues to the appropriate resource. The TAP counselors shall not conduct a mental health assessment or provide mental health services.

5.4.19 Advise clients of preliminary assignment of primary training mode (asynchronous or synchronous) and provide associated links, information, and resources.

5.5 Individual Transition Plan (ITP) Assistance.

5.5.1 Ensure that during the IIC, TAP counselors assist the client in initiating and developing the client's ITP.

5.5.2 Ensure that each client's ITP provides a framework to achieve career goals based upon an assessment of the client's personal and family needs as well as the client's unique skills, knowledge, experience, interests, and abilities.

5.5.3 Ensure that each client's ITP identifies critical activities associated with the transition and establishes a timeline for completing all required activities prior to separation.

5.5.4 Ensure that each client's ITP effectively serves as a roadmap for attaining client employment, education, vocational training, and entrepreneurial objectives and can help make a successful transition to civilian life.

5.5.5 Ensure TAP counselors inform clients that the ITP is a living document and shall be modified throughout the transition lifecycle.

5.5.6 Ensure TAP counselors review the clients ITP prior to and during each follow-up counseling session and update accordingly.

5.5.7 Financial Counseling. Provide financial counseling to clients as follow-up to the Financial Planning for Transition class or at the request of the client. Ensure that only an Accredited/Certified Financial Counselor/Planner (refer to Technical Exhibit E – Special Qualifications) provides financial counseling to clients. Ensure clients, in accordance with assigned tier levels, receive substantive feedback from Financial Counselors on the Criterion-Based Post-Transition Financial Plan in accordance with DoDI 1332.35, September 26, 2019, and DoDI 1322.34, November 5, 2021.

5.5.8 Education Counseling. Provide education counseling to clients as follow-up to the Education Track class or at the request of the client.

5.5.8.1 Provide education counseling to assist transitioning clients with education and occupational goal establishment, capability and/or needs assessment interpretation, and school admission applications.

5.5.8.2 Provide information about financial assistance, various VA education benefits such as the Montgomery GI Bill (MGIB), Post 9-11 GI Bill, Free Application for Federal Student Aid (FAFSA), and scholarships, maximizing the use of veterans' education benefits, and other applications for student and financial aid.

5.5.8.3 Assist clients who are transitioning from active duty in completing admission requirements for military schools and/or programs. These including United States Military Academy Preparatory School

(USMAPS), Army Green to Gold Scholarship or non- Scholarship options, and the Health Professions Scholarship Program.

5.5.8.4 Inform clients of personal assessment tools available such as the Kuder Career Planning System and if the client completes assessments, provide an interpretation of the results that inform the clients strategy to meet their education goals.

5.5.8.5 Ensure education counseling helps clients understand and determine if and how they can: transfer recommended military credits; choose a degree program; understand the impact of Executive Order 13607; factors impacting an institution's graduation and retention rates; types of and importance of accreditation; searching databases of Accredited Postsecondary Institutions and Programs; basic organizational structures of higher education institutions; benefits and challenges of various methods of instructional delivery; institutions that offer flexibility for special circumstances identifying types of Veteran support; how to research find institutions providing Veteran support services; and education benefits programs and eligibility, funding options, and the cost of a degree program.

5.5.9 Resume Counseling. Resume counseling need not be a separate counseling session but can be discussed during any follow-up counseling taking place after the Pre-Separation Briefing and in accordance with the distributive learning model, client tier level assignment, and this PWS. The contractor shall:

5.5.9.1 Review all resumes submitted by the client, provide constructive feedback, provide additional assistance if the client needs to adjust a resume for a specific employment opportunity; and document the resume review in the TAP Database System of Record.

5.5.9.2 Inform clients of additional Government endorsed resume writing support.

5.6 Capstone Counseling:

5.6.1 Schedule Capstone counseling no less than 90 days prior to projected client transition date or as soon as possible for unprojected and unprogrammed losses, and in accordance with the distributive learning model, client tier level assignment, and this PWS.

5.6.2 Collect, review, and validate client CRS deliverables during the Capstone counseling.

5.6.3 Ensure clients who do not meet the CRS or do not have a viable ITP are connected to services and follow-on resources via a warm handover and document warm handover on their DD Form 2648 (printable).

5.6.4 Annotate completed requirements and warm handover information on the DD Form 2648 (eForm) and coordinate with client or DGR to secure the commander's contact information in order to complete the eForm.

5.6.5 Obtain the client's and counselor's signature, then forward the eForm to the commander via email provided by the client or Government personnel; and monitor the counselor dashboard within DoD TAP to verify the commander signs the eForm.

5.6.6 Notify the DGR if eForm is not signed by the commander within five (5) business days of submission.

5.6.7 Provide and complete Capstone services for walk-in or short-notice separation within five (5) business days and facilitate warm-hand over actions as required by AR 600-81.

5.6.8 Ensure the client completes the exit survey.

5.6.9 Inform clients that a post-survey will be e-mailed to them within 180 days after the client's transition date.

5.7 Teach Curriculum in Group Setting: Administer and teach clients in group setting classes utilizing Government provided curriculum, in-person classroom instruction, virtual video teleconferencing instruction or a blended approach at the discretion and direction of the Government; at the frequency prescribed by the Government. The contractor shall maintain a ratio of one (1) counselor per no more than 35 clients in any class. The contractor shall schedule no more than 50 clients per any class. The contractor shall request an exception for any class hosted with more than 50 clients per class. The contractor shall ensure classes contain no less than ten (10) participants per class. If the Government grants a class size exception, then the contractor shall still maintain a ratio of one (1) counselor per no more than 35 clients in any class. The contractor shall ensure all counselors or instructors teaching Government curriculum are sufficiently trained and educated on the subject matter, to include pertinent information within associated regulatory guidance beyond what is in the curriculum, prior to instructing any clients. The contractor shall instruct all classes and briefings in accordance with the Government furnished curriculum and methods of instruction per Technical Exhibit H – TAP Services Prescribed Delivery Methods. The contractor shall not exceed a cancellation rate of more than five percent (5%) for any class at any single place of performance or throughout the enterprise.

5.7.1 Pre-Separation Briefing: Conduct this class at a sufficient frequency to ensure that all eligible clients who have completed their IIC, waits no more than 15 business days to participate in the Pre-Separation Briefing. Instruct the Pre-Separation Briefing in accordance with the Government furnished curriculum and methods of instruction.

5.7.2 My Transition: Conduct this class at a frequency sufficient to ensure that each eligible client receives the class in accordance with AR 600-81, Timeline for Distributive Model. Instruct the "My Transition" class in accordance with the Government furnished curriculum and methods of instruction.

5.7.3 Military Occupational Career (MOC) Crosswalk: Conduct this class at a frequency sufficient to ensure that each eligible client receives the class in accordance with AR 600-81, Timeline for Distributive Model. Instruct the MOS Crosswalk class in accordance with the Government furnished curriculum and methods of instruction. Ensure all clients participating in this class are afforded follow-up counseling at the client's request; and assist clients with completing and ensuring they receive the Gap Analysis prior to the client attending the Employment Fundamentals of Career Transition (EFCT) class conducted by Department of Labor (DOL).

5.7.4 Financial Planning for Transition Class: Conduct this class at a frequency sufficient to ensure that each eligible client receives the class in accordance with AR 600-81, Timeline for Distributive Model. Instruct the Financial Planning for Transition Class in accordance with the Government furnished curriculum and methods of instruction. Ensure that only an Accredited/Certified Financial Counselor/Planner (refer to Technical Exhibit E – Special Qualifications) instructs the class and provides any financial counseling during the class. Ensure clients, in accordance with assigned tier levels, receive the Criterion-Based Post-Transition Financial Plan at the time of the class. Schedule clients requesting or requiring, in accordance with assigned tier levels, follow-up one-on-one additional financial counseling for a financial counseling session and ensure completion of the Criterion-Based Post-Transition Financial Plan.

5.7.5 Education Track (My Education): Conduct this class at a frequency sufficient to ensure that each eligible client receives the class in accordance with AR 600-81, Timeline for Distributive Model. Instruct the Education Track Class in accordance with the Government furnished curriculum and methods of instruction. Follow up with clients within thirty (30) days following the client's completion of the My Education Workshop Class/workshop to track progress and to offer assistance with reaching their education/occupational goals.

5.8 Plan, coordinate, and Host TAP Associated Events.

5.8.1 Third-party Instructed Classes. The contractor shall coordinate with the DGR or other Government entities, transition partners, and clients to schedule classes or other events in accordance with the distributive learning model, client tier level assignment, and this PWS. The contractor shall monitor class size and input into TAP System of Record to ensure compliance with current National memorandum of understanding (MOU) between multiple Government Agencies minimum/maximum class size. At a minimum these classes include: DOL Fundamental for Career Transition (1-day class), DOL Employment Track Class (2-day), DOL Vocational Track Class (2-day), Small Business Administration (SBA) Entrepreneur Track Class (2-day), Veterans Affairs (VA) Veterans Benefits and Services Class (2-day), and Reserve Component Continuum of Military Service Class.

5.8.2 Mobilization and Demobilization TAP events: Maintain consistent contact with the Office of the Chief of the Army Reserve (OCAR), National Guard Bureau (NGB), Installation Management Command (IMCOM) Headquarters (HQ), or any other designated command and solicit annual mobile TAP services requirements from OCAR and NGB and submit a report to validate requirements to the COR quarterly. Provide Mobilization and Demobilization TAP services to National Guard and Reserve Soldiers IAW AR 600-81, this PWS, Technical Exhibit D – Places of Performance, and Technical Exhibit H – TAP Services Prescribed Delivery Methods.

5.9 Skill Bridge / Career Skills Programs (CSP): Ensure the client is notified of the CSP during their IIC and referred to a transition counselor for assistance in registration and their application. This includes providing information/counseling to Soldiers on CSPs that support their ITP; conduct briefings to Soldiers on CSP program overview and available CSP opportunities, at a minimum once per month, and connect Soldiers to specific CSP point(s) of contact.

5.9.1 Provide CSP Counseling. CSP counseling need not be a separate counseling session but can be discussed during any follow-up counseling taking place after the Pre-Separation Briefing. The contractor shall:

5.9.2 Verify client eligibility status for CSP participation in accordance with AR 600-81; and if client is eligible, assist with the client's completion of: Client/Commander Memorandum of Participation; Administrative Absents requests; individual CSP applications; and other provider application requirements.

5.9.3 Track and document individual client CSP attendance and completion in TAP system of record. Data collected include graduation, job placement, program duration and dates, program name and type, commander approval, administrative absence dates if applicable, program status, program delivery type and physical location, employer, cohort and cohort name, interview data, and other data points as required.

5.9.4 Ensure each phase of the application, attendance, and graduation is input into the TAP system of record within two (2) business days.

5.10 Maintain Operational Virtual Center. Operate and staff a TAP Virtual Center 24 hours, Monday through Friday, five (5) days a week basis, with the exception of holidays noted in this PWS. Hours of operation will be 0001hrs on Monday through 2359hrs on Friday, at Fort Knox, KY, that accommodates identified populations with TAP services across many time zones. The contractor may leverage any of their personnel, even those assigned to other places of performance to provide or augment virtual services. The contractor shall:

5.10.1 Deliver remote transition services from the TAP Virtual Center to all clients per Technical Exhibit H – TAP Services Prescribed Delivery Methods.

5.10.2 Deliver remote transition services to the same level and quality of services prescribed by AR 600-81 and this PWS, to the same standards clients receive at the physical locations.

5.10.3 Submit TAP Virtual Center telephone call and e-mail volumes monthly.

5.10.4 Submit the quantity of classes and attendance, by type, given by the TAP Virtual Center monthly.

5.10.5 Resolve or answer client questions in e-mail inquiries within two (2) days.

5.10.6 Answer all client telephone calls and maintain a monthly average wait time not to exceed fifteen 15 minutes with no instances of clients waiting more than 20 minutes; and report this metric during Monthly Status Report (MSR).

5.11 Strategic Communications (STRATCOM) and Marketing: Within 30 calendar days of completion of phase-in, submit a STRATCOM/Marketing plan to the COR (Deliverable #8).

5.11.1 Ensure the STRATCOM plan has multiple options and include, both long- and short-term goals and objectives, utilization of no-cost marketing platforms designed to increase participation, improve the image and/or message of TAP, address both recurring and targeted efforts, and support the overall goals and objectives of the TAP Program. The contractor shall ensure the STRATCOM plan contains, at a minimum, the following characteristics:

5.11.1.1 Measures of effectiveness for accomplishments.

5.11.1.2 Specific information for both TAP Program Office at Fort Knox, KY, and the local TAP Centers implemented through IMCOM G1.

5.11.1.3 Address the current TAP capabilities to include situational analysis, assessment of the market, opportunities and challenges.

5.11.1.4 A realistic communications strategy with specific goals, as well as a strategy for tackling the market opportunities to include an action plan for executing the strategy, breakdown of the projected costs and a timeline to related marketing tactics and issues.

5.11.1.5 Market research conducted to identify cost effective capabilities or methods which spread and improve overall image and encourage acceptance from commanders and leaders as well as reinforce clients' attendance and commitment.

5.11.1.6 Plan (or approach) to market and expand the existing TAP Alumni network to recruit and connect transitioning Soldiers with Alumni members for the purposes of mentoring, networking, career decisions, coaching and other life cycle/well-being support.

5.11.1.7 Plan to assist the government in marketing efforts of Transition Assistance Workshops between the transition locations with DOL and VA recommend and coordinate changes to the TAP website, TAP Database System of Record, social media, print media, and video which brings the message to our customers and makes the website more robust, user friendly and coordinate changes with identified POC.

5.11.2 Develop goals to expand knowledge and awareness of TAP and its services and benefits, both to clients and Army leaders down to the lowest achievable level.

5.11.3 Implement Government approved STRATCOM/Marketing plan across the TAP enterprise.

5.11.4 Market the value and specific benefits for hiring transitioning clients to public/private sector employers and the best mechanisms for public/private sector employers to expeditiously hire transitioning clients.

5.11.5 Report STRATCOM and marketing shortcomings and challenges in meeting the objectives/goals quarterly to the COR as part of the Monthly Status Report (MSR).

5.11.6 Coordinate a collaborative marketing effort between the transition locations, VA, SBA, the DOL, National Chamber of Commerce, Non-federal Entity (NFEs), Veteran Support Offices (VSOs), Military

Service Organizations (MSOs), and other stakeholders for upcoming employment events, such as job fairs and conferences.

5.11.7 Social Media and Podcasting. Manage the TAP enterprise social media and podcasting portfolio to include posting Government approved content weekly, engaging with questions from clients through social media, and creating content.

5.11.8 Social Media Training. Complete Government provided social media etiquette and operational security training during the phase-in period and maintain compliance throughout the period of performance, for all contractors assigned with social media responsibilities in accordance with Army policies and procedures pertaining to social media.

5.11.9 Website. Manage the TAP enterprise website, maintained by the FT. Knox policy office, to include posting Government approved content upon the request from the Government, engaging with questions from clients through the website, and creating content.

5.11.10 Printed Media. Prepare, design, create, assemble, produce, and distribute written and visual content for printed media in accordance with Army policies and procedures pertaining to social media.

5.11.11 Coordinate with public affairs regarding marketing information and advertisement of the transition program.

5.12 Local Customer Service, Data Entry, and Records Management:

5.12.1 Physically operate reception areas to provide professional customer service and friendly reception to all clients seeking services, information, registration, scheduling, or otherwise visiting physical TAP Centers, without clients waiting no more than fifteen (15) minutes to have questions answered or services rendered.

5.12.2 Direct clients to appropriate transition support agencies (VA, MTT, SRP, Transition, etc.).

5.12.3 Complete all data entry in TAP system of record required to reflect all of the most recent client actions and services provided to the client at TAP Centers providing services listed in Technical Exhibit D – Place of Performance.

5.12.4 Maintain all records associated with work performed under this contract in accordance with Army Records Information Management System (ARIMS) and this PWS.

5.12.5 Process all incoming/outgoing mail and correspondence addressed to the TAP location within two (2) business days of receipt to include preparing, packaging and delivery via the most economical means, using expedited delivery methods to meet time sensitive requirements.

5.12.6 Direct TAP Center visitors to appropriate resources.

5.13 Program Analytics and Reporting: Submit reports in formats and mediums at the direction or discretion of the Government.

5.13.1 Ad hoc Reports. The contractor shall respond to and answer ad hoc inquiries or requests for information from the Government within three (3) days, upon request.

5.13.2 Monthly Status Report. The contractor shall generate and submit electronically a MSR to COR ({Deliverable #9}) summarizing activities, problems encountered and actual or recommended corrective action. The Monthly Status Report shall be submitted by the 5th of each month and, at a minimum, include the following information:

5.13.2.1 Period of performance covered by report

5.13.2.2 Describe problems encountered; if none, so state, root cause analysis (reason for problem), and actual or recommended corrective action

5.13.2.3 By site counselor turnover rate

5.13.2.4 Report the status and compliance with all Key Performance Indicators within the PRS and provide reasons for non-compliance and a corrective action plan with resolution timelines.

5.13.2.5 Virtual Center monthly average wait time with number of calls received, number of calls answered within fifteen minutes or less hold time, number of calls answered over twenty (20) minutes hold time, and the quantity of calls.

5.13.2.6 Report STRATCOM and marketing shortcomings and challenges in meeting the objectives/goals.

5.13.2.7 Report any and all instances in which the client missed the opportunity for CSP participation due to untimely packet processing or completion.

5.13.2.8 Quantity of clients requiring a warm handover, broken down by location and the agency the client was referred to.

5.13.2.9 Report unemployment compensation data and statistical data from the DOL with trend analysis to identify and correlate demographic employment sector and location trends.

5.13.2.10 The quantity of classes scheduled, classes held, and the percentage of cancelled classes; and the attendance number per class, per location for both virtual and in-person classes.

5.13.2.11 The quantity of client appointments scheduled, held, and the percentage of cancelled appointments.

5.13.2.12 Quantity of total clients enrolled in TAP, quantity of enrolled clients requesting virtual services, quantity of enrolled clients requesting in-person services, and the quantity of clients who did not receive their requested service method, along with the compliance percentage.

5.13.2.13 Quantity of clients completing TAP utilizing the Distributive Model in accordance with AR 600-81 and quantity of clients not receiving TAP services under the Distributive Model.

5.13.2.14 Quantity of overall TAP system of record trouble tickets submitted, quantity of tickets resolved within three (3) business days, quantity of tickets escalated within three (3) business days, a summary of the issues of all escalated tickets, and quantity of tickets that were not resolved or escalated within three (3) business days.

5.13.2.15 Report the quantity of questions submitted to the “ASK TAP” e-mail or like group box, the quantity of questions answered, and the average time in which it took to answer the questions. Identify any questions that took longer than two (2) days to answer and any question that have remained unanswered for longer than two (2) days).

5.13.3 Self-Reporting. Self-report to the COR any shortfall of an objective within this PWS within one (1) business day of observed shortfall.

5.13.4 Program Analytics and Statistical Analysis. Provide data and statistical analytics services based out of at Fort Knox, KY and IMCOM G-1 HQ located at Joint Base San Antonio, consistently throughout the period of performance. The contractor shall:

5.13.4.1 Routinely employ diagnostic, descriptive, predictive, and prescriptive data collection and analytics using multiple sources to describe and contextualize TAP historical trends, present state, root cause analysis, and forecasting.

5.13.4.2 Identify problems or inconsistencies in TAP policy or execution and develop plans and courses of action for execution to resolve.

5.13.4.3 Identify and report trends, correlations, patterns, blind spots, and other indicators that inform TAP program efficacy based on pre, exit, and post surveys; and provide feedback to the Government on possible improvements to survey questions and structure.

5.13.4.4 Identify and report trends, correlations, patterns, blind spots, and other indicators that inform TAP program efficacy based on empirical data and policy; and provide feedback to the Government on possible TAP improvements, sustainment, or interventions; and professionally communicate findings within two (2) weeks upon request or at an alternative Government approved timeline.

5.13.4.5 Review multiple sources of information, data, and variables to make observations, generate questions, form a hypothesis, screen relevant data, analyze data, and apply appropriate statistical testing to draw comparison, identify possible correlations, regressions, inform conclusions; and professionally communicate findings within two (2) weeks upon request or at an alternative Government approved timeline.

5.13.4.6 Continuously monitor unemployment compensation data and statistical data from the DOL, conduct trend analysis to identify and correlate demographic employment sector and location trends and provide report weekly.

5.13.4.7 Analyze private sector hiring trends, business and industry markets, salaries, growth opportunities, and produce information that affords programmatic advice on targeted and specific education, vocation, employment, and entrepreneurial decisions quarterly.

5.13.4.8 Support installation transition related special projects as identified by HQDA or HRC, to include working groups, program studies, and pilot initiatives.

5.14 Provide Information Technology Support: Provide Information Technology support specific to TAP Database System of Record and TAP Government Furnished IT Equipment at Fort Knox, KY continuously throughout the period of performance, with only the exception of Federal Holidays listed in this PWS, during the business days and core hours of Monday – Friday. The contractor shall:

5.14.1 Identify, develop technical solutions, and work directly with the Government to implement fixes for systemic IT issues in the TAP Database System of Record and TAP Government Furnished IT Equipment which enable or impede counselors and TAP Center contract personnel from recording/tracking transition requirements.

5.14.2 Provide and ensure counselors, IMCOM Area Leaders and garrison DGRs have the ability to access, enter, record and retrieve data, when needed.

5.14.2.1 Ensure TAP system of record users have appropriate tailored access specific to the needs of the user, consistent with the user's position, duty responsibilities, justifications, need-to know, and have an approved system access request prior to permission being granted.

5.14.2.2 Maintain copies of approved system access requests in accordance with ARIMS and this PWS.

5.14.3 Identify and recommend changes to improve data collection, tracking and accuracy to increase confidence in TAP Database System of Record.

5.14.4 Request and maintain IT technical authorization and access in coordination with the Government TAP Database System of Record Government lead for all TAP Database System of Record trouble ticket management, trouble ticket fixes, and user access management issue resolution.

5.14.5 Support and participate in weekly meetings at Fort Knox, KY with Government representatives to coordinate, perform, and synchronize IT support for TAP Database System of Record, TAP Virtual Center, webpage, social media, and knowledge management portals.

5.14.6 Review and provide analysis of automated reports and data contained in TAP Database System of Record and Defense Manpower Data Center (DMDC); and other Government provided data.

5.14.7 Respond to and resolve TAP enterprise website and social media functionality and access issues.

5.14.8 Resolve or escalate all TAP system of record related trouble tickets within three (3) business days upon receipt.

5.15 Provide Special Mission TAP Services: Execute special mission TAP services using TDY, virtual methods, or a blended approach at the discretion of the Government. Travel in temporary duty status to provide comprehensive face-to-face TAP services (including financial counseling) at Government locations CONUS and OCONUS, including other than the listed Places of Performance, to serve specific special population client needs.

5.15.1 Execute travel for mobile TAP service missions only when approved by the Government in accordance with this PWS. The contractor shall schedule and coordinate mobile TAP events on a quarterly basis in conjunction with information provided by 5.2.4.2.1.

5.15.2 Execute no more than ten (10) mobile TAP service short missions annually, lasting approximately three (3) to seven (7) days per mission (mission ceiling).

5.15.3 Execute no more than five (5) mobile TAP service long missions annually, lasting approximately thirty (30) days per mission (mission ceiling).

5.15.4 Analyze Government-provided contact information and locations for the National Guard, Army Reserve and other appropriate organizations requiring or requesting support; and generate monthly schedule requirements for events, and coordinate facilities and required equipment with identified onsite contacts.

5.15.5 Provide TAP services at the same level and quality of services prescribed by AR 600-81 and this PWS, to the same standards clients receive at the physical locations.

5.15.6 Display Government provided Customer Service Satisfaction Survey URL and QR Code at all mobile support missions, alert the clients to the location of posted URL and QR Codes continuously throughout mobile training missions, and continuously encourage participation.

5.15.7 Submit an After Action Review (AAR) to the COR within five (5) days after return travel from completed missions.

5.15.8 Alert the Government immediately if the projected annual missions are anticipated to exceed the mission ceiling.

5.15.9 The contractor shall apply the Customer Satisfaction Target and continuous improvement requirements established in paragraph 5.18 to all mobile support missions. Survey results from mobile missions shall be captured and incorporated into the overall aggregate monthly satisfaction analysis.

5.16 SGM Nominative Transition Services: Provide transition services to the same level and quality of services prescribed by AR 600-81 and this PWS, to a cohort of Nominative Sergeants Majors at Fort Leavenworth, KS.

5.16.1 Conduct classes on a quarterly basis with dates being scheduled by the Nominative Sergeants Major Program Office (NSPO) in coordination with the Fort Leavenworth DGR.

5.16.2 Ensure class size does not exceed twenty (20) transitioning clients.

5.16.3 Execute all CRS requirements in a block format over five (5) business days (Monday through Friday) during the execution of each quarterly SGM Nominative Transition Services.

5.17 Biennial Transition Assistance Program Symposium: This 4 day event successfully trains and informs transition managers, TAP counselors, and stakeholders from DOW, MCTO, Regular Army, Army National Guard, Army Reserve, Department of Veterans Affairs (VA), and Department of Labor (DOL) and provide respective attendees with implementation guidelines IAW, current congressional mandates and Army TAP policies, to ensure Service Members have the best possible success after transitioning out of the Army.

5.17.1 Plan and coordinate the biennial transition symposium IAW TAP directors guidance and AR 1-50 at Fort Knox, KY every other year. The next symposium is scheduled in Calendar Year 2028. Planning for this event must start 9-12 months prior.

5.17.2 Coordinate event communication, information technology support, and logistics support through Government personnel at Fort Knox.

5.17.3 Consolidate work group products and create briefings for main transition symposium working groups.

5.18 Customer Satisfaction Survey. The contractor shall monitor, maintain, and actively solicit client feedback to ensure high-quality service delivery across the TAP enterprise.

5.18.1 Survey Administration. The contractor shall proactively distribute and encourage the completion of the Government-provided Customer Satisfaction Survey. Specifically, the contractor shall: Embed the survey link within the signature block of all official TAP email correspondence, display the survey link at the conclusion of every in-person and virtual class, verbally remind and encourage clients to complete the survey at the conclusion of each individual counseling session.

5.18.2 Customer Satisfaction Target. The Government establishes a 90% aggregate positive customer satisfaction rating as the target metric for optimal performance. The contractor shall continuously monitor monthly survey results against this target to assess service delivery efficacy.

5.18.3 Customer Service Satisfaction Analysis. If the monthly aggregate customer satisfaction rating falls below the 90% target metric, the contractor shall analyze the shortfall and include a detailed Customer Service Satisfaction Analysis within the Monthly Status Report (MSR) (Deliverable #9), due by the 5th of the following month. This analysis shall, at a minimum: identify the specific deficiencies or negative trends found in the monthly survey data, utilize the root cause analysis techniques defined in PWS paragraph 5.13.4.1 to determine the underlying causes of the substandard rating, outline the specific, measurable corrective actions the contractor will implement to address the root causes and drive satisfaction levels back toward the 90% target.

5.19 Review and update the Site Management Manual (SMM) found in Technical Exhibit G for administrative and operational control requirements and provide the first draft to the COR, for Government approval, NLT two (2) weeks after completion of phase-in period. Maintain and utilize the

most current version of the SMM thereafter. Review on a semi-annual basis and provide recommended changes for Government concurrence.(Deliverable #10)
