DEFINITIONS AND ACRONYMS

DEFINITION	DESCRIPTION
Integrated Maintenance Program	Is a recurring state-of-the-art, reliability-centered inspection, testing, maintenance and repair program that determines best practices for managing the functions and consequences of failures of facilities equipment and system components. IMP encompasses accepted commercial practices, including reactive, preventive, predictive and proactive maintenance, into one optimal program. The IMP approach gives the Contractor full responsibility to maintain systems and equipment and perform repairs whenever necessary to ensure equipment and systems are operational and remain in a constant state of readiness.
ACRONYM	TITLE
AGA	American Gas Association
ANSI	American National Standards Institute
ASME	American Society of Mechanical Engineers
BOS	Base Operating Support
IMP	Integrated Maintenance Program
NFPA	National Fire Protection Association
OMSI	Operation and Maintenance Support Information
PM	Preventive Maintenance
PSI	Pounds per Square Inch
SCADA	Supervisory Control and Data Acquisition
