### 11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS

☐ The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offers ☐ is extended. ☐ is not extended.

Offers must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended, by one of the following methods:

(a) By completing items 8 and 15, and returning \_\_\_\_\_ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or electronic communication which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by letter or electronic communication, provided each letter or electronic communication makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.

### 12. ACCOUNTING AND APPROPRIATION DATA (If required)

### 13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NUMBER AS DESCRIBED IN ITEM 14.

|                          |                                                                                                                                                                                                                       |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| CHECK ONE                | A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NUMBER IN ITEM 10A.                                                                   |
| <input type="checkbox"/> |                                                                                                                                                                                                                       |
| <input type="checkbox"/> | B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation data, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(b). |
| <input type="checkbox"/> | C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:                                                                                                                                              |
| <input type="checkbox"/> | D. OTHER (Specify type of modification and authority)                                                                                                                                                                 |

**E. IMPORTANT:** Contractor ☐ is not ☐ is required to sign this document and return \_\_\_\_\_ copies to the issuing office.

### 14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.)

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

**Block 14 (Description of Amendment/Modification):** The purpose of this Amendment 0025 (0014) for Solicitation #N62473-24-R-0036 is to:

- 1. Extend RFP due date from May 12, 2026, at 2:00 PM Pacific Daylight Time (PDT) to May 19, 2026, at 2:00 PM, PDT.
- 2. Notify Offerors that the Government is currently making updates to Exhibits A-E, as well as Section L (Instructions to Offerors) and Section M (Evaluation Factors). These updates will be issued in a subsequent amendment.
- 3. Incorporate DFARS Provision 252.204-7025 and DFARS Clause 252.204-7021 for the Cybersecurity Maturity Model Certification (CMMC) requirements in accordance with the DOD regulations.

All offerors must acknowledge receipt of Amendment 0025 as part of their proposal submission.

Section A - Solicitation/Contract Form

The following changes have been made:

| INFORMATION       | FROM        | TO          |
|-------------------|-------------|-------------|
| Response Due Date | 12 May 2026 | 19 May 2026 |

## Section I - Contract Clauses

### Additional Information/Notes

### The following clauses were added:

#### FAR Clauses Incorporated by Reference

|-----------|------------------------------------------------------------------------------|----------------|-------------------------|--------------------------------|
| 52.222-90 | Addressing DEI Discrimination by Federal Contractors. (Deviation 2026-O0038) | Apr 2026       |                         |                                |

#### DFARS Clauses Incorporated by Full Text

|              |                                                                                               |            |
|--------------|-----------------------------------------------------------------------------------------------|------------|
| 252.204-7021 | Contractor Compliance with the Cybersecurity Maturity Model Certification Level Requirements. | (Nov 2025) |
|--------------|-----------------------------------------------------------------------------------------------|------------|

#### CONTRACTOR COMPLIANCE WITH THE CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions.* As used in this clause-

"Controlled unclassified information" means information the Government creates or possesses, or information an entity creates or possesses for or on behalf of the Government, that a law, regulation, or Governmentwide policy requires or permits an agency to handle using safeguarding or dissemination controls (32 CFR 2002.4(h)).

"Current" means-

(1) With regard to Conditional Cybersecurity Maturity Model Certification (CMMC) Status-

(i) Not older than 180 days for Conditional Level 2 (Self) assessments and Conditional Level 2 (certified third-party assessment organization (C3PAO)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance by an affirming official (see 32 CFR 170.4); and

(ii) Not older than 180 days for Conditional Level 3 (Defense Industrial Base Cybersecurity Assessment Center (DIBCAC)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance by an affirming official;

(2) With regard to Final CMMC Status-

(i) Not older than 1 year for Final Level 1 (Self), with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.15); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official;

(ii) Not older than 3 years for Final Level 2 (Self) assessments and Final Level 2 (C3PAO) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(iii) Not older than 3 years for Final Level 3 (DIBCAC) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.18);

and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(3) With regard to affirmation of continuous compliance (32 CFR 170.22), not older than 1 year with no changes in compliance with the requirements at 32 CFR part 170.

"Cybersecurity Maturity Model Certification (CMMC) status" means the result of meeting or exceeding the minimum required score for the corresponding assessment. The potential statuses are as follows:

- (1) Final Level 1 (Self).
- (2) Conditional Level 2 (Self).
- (3) Final Level 2 (Self).
- (4) Conditional Level 2 (C3PAO).
- (5) Final Level 2 (C3PAO).
- (6) Conditional Level 3 (DIBCAC).
- (7) Final Level 3 (DIBCAC).

"Cybersecurity Maturity Model Certification unique identifier (CMMC UID)" means 10 alpha-numeric characters assigned to each CMMC assessment and reflected in the Supplier Performance Risk System (SPRS) for each contractor information system.

"Federal contract information (FCI)" means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government. It does not include information provided by the Government to the public, such as on public websites, or simple transactional information, such as information necessary to process payments.

"Plan of action and milestones" means a document that identifies tasks to be accomplished. It details resources required to accomplish the elements of the plan, any milestones in meeting the tasks, and scheduled completion dates for the milestones, as defined in National Institute of Standards and Technology Special Publication 800-115 (32 CFR 170.21).

(b) *Framework.* The Cybersecurity Maturity Model Certification (CMMC) is a framework for assessing a contractor's compliance with applicable information security protections (see 32 CFR part 170).

(c) *Duplication.* The CMMC assessments will not duplicate efforts from any other comparable DoD assessment, except for rare circumstances when a reassessment may be necessary, for example, when there are indications of issues with cybersecurity and/or compliance with CMMC requirements.

(d) *Requirements.* The Contractor shall-

(1)(i) Have and maintain for the duration of the contract a current CMMC status at the following CMMC level, or higher: \_\_\_\_\_ *Contracting Officer insert: CMMC Level 1 (Self); CMMC Level 2 (Self); CMMC Level 2 (C3PAO); or CMMC Level 3 (DIBCAC)* for all information systems used in performance of the contract, task order, or delivery order that process, store, or transmit FCI or CUI; and

(ii) Consult 32 CFR 170.23 related to the flowdown of the CMMC requirements, and flow down the correct CMMC level to subcontracts and other contractual instruments;

(2) Only process, store, or transmit FCI or CUI on contractor information systems that have a CMMC status at the CMMC level required in paragraph (d)(1) of this clause, or higher;

(3) Complete on an annual basis, and maintain as current, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required in paragraph (d)(1) of this clause in the Supplier Performance Risk System (SPRS) (<https://piee.eb.mil>) for each CMMC UID applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract;

(4) Ensure all subcontractors and suppliers complete prior to subcontract award, and maintain on an annual basis, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required for the subcontract or other contractual instrument for each of the subcontractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the subcontract; and

(5) If the Contractor has a CMMC Status of Conditional, successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(e) *Reporting.* The Contractor shall-

(1) Submit to the Contracting Officer-

(i) The CMMC UID(s) issued by SPRS for contractor information systems that will process, store, or transmit FCI or CUI during performance of the contract; and

(ii) Any changes in the CMMC UIDs generated in SPRS throughout the life of the contract, task order, or delivery order, if applicable;

(2) Enter into SPRS the results of a current self-assessment for each CMMC UID, not covered by a C3PAO assessment or DIBCAC assessment, applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract; and

(3) Complete in SPRS on an annual basis and maintain as current an affirmation of continuous compliance by the affirming official (see 32 CFR 170.4) for each self-assessment, C3PAO assessment, or DIBCAC assessment required under the contract in SPRS.

(f) *Subcontracts.* The Contractor shall-

(1) Insert the substance of this clause, including this paragraph (f) and excluding paragraph (e)(1), in subcontracts and other contractual instruments, including those for the acquisition of commercial products or commercial services, excluding commercially available off-the-shelf items, if the subcontract or other contractual instrument will contain a requirement to process, store, or transmit FCI or CUI; and

(2) Prior to awarding a subcontract or other contractual instrument, ensure that the subcontractor has a current CMMC certificate or current CMMC status at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor based on the requirements at 32 CFR 170.23.

(End of clause)

## Section L - Instructions, Conditions, & Notices to Offerors or Quoters

### The following clauses were added:

#### DFARS Clauses Incorporated by Full Text

#### 252.204-7025 Notice of Cybersecurity Maturity Model Certification Level Requirements.

(Nov 2025)

#### NOTICE OF CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions.* As used in this provision, "controlled unclassified information (CUI)," "current," "Cybersecurity Maturity Model Certification (CMMC) status," "Cybersecurity Maturity Model Certification unique identifier (CMMC UID)," "Federal contract information (FCI)," and "plan of action and milestones" have the meaning given in the Defense Federal Acquisition Regulation Supplement 252.204-7021, Contractor Compliance With the Cybersecurity Maturity Model Certification Level Requirements, clause of this solicitation.

(b)(1) *Cybersecurity Maturity Model Certification (CMMC) level.* The CMMC level required by this solicitation is: **CMMC Level 2 (Self)**. This CMMC level, or higher (see 32 CFR part 170), is required prior to award for each contractor information system that will process, store, or transmit Federal contract information (FCI) or controlled unclassified information (CUI) during performance of the contract.

(2) The Offeror will not be eligible for award of a contract, task order, or delivery order resulting from this solicitation if the Offeror does not have, for each of the contractor information systems that will process, store, or transmit FCI or CUI and that will be used in performance of a contract resulting from this solicitation-

(i) The current CMMC status entered in the Supplier Performance Risk System (SPRS) (<https://piee.eb.mil>) at the CMMC level required by paragraph (b)(1) of this provision; and

(ii) A current affirmation of continuous compliance with the security requirements identified at 32 CFR part 170 in SPRS.

(c) *Plan of action and milestones.* If the Offeror has a CMMC Status of Conditional, the Offeror shall successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(d) *CMMC unique identifiers.* The Offeror shall provide, in the proposal, the CMMC unique identifier(s) (CMMC UIDs) issued by SPRS for each contractor information system that will process, store, or transmit FCI or CUI during performance of a contract, task order, or delivery order resulting from this solicitation. The Offeror also shall update the list when new CMMC UIDs are generated in SPRS. The CMMC UIDs are provided in SPRS after the Offeror enters the results of self-assessment(s) for each such information system.

(End of provision)

## Section M - Evaluation Factors for Award

Miscellaneous text in this section has been modified to:

### A. BASIS FOR AWARD

1. The Government reserves the right to eliminate from consideration for award any or all offers at any time prior to award of the contract; to negotiate with offerors in the competitive range; and to award the contract to the offeror submitting the proposal determined to represent the best value--the proposal most advantageous to the Government, cost/price and other factors considered.
2. As stated throughout this solicitation, the Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. In addition, if the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.
3. The tradeoff process is selected as appropriate for this acquisition. The Government considers it to be in its best interest to allow consideration of award to other than the lowest priced offeror or other than the highest technically rated offeror.
4. As stated in the solicitation, all technical factors when combined are of equal importance to the performance confidence assessment (past performance) rating; and all technical factors and the performance confidence assessment (past performance) rating, when combined are significantly more important than price.
5. Any proposal found to have a deficiency in meeting the stated solicitation requirements or performance objectives will be considered ineligible for award, unless the deficiency is corrected through discussions. An Unacceptable rating in any of the non-cost/price factors and/or sub-factors will result in an overall rating of "Unacceptable" for the non-cost/price factors, unless corrected through discussions. Proposals may be found to have either a significant weakness or multiple weaknesses that impact either the individual factor rating or the overall rating for the proposal. The evaluation report must document the evaluation board's assessment of the identified weakness(s) and the associated risk to successful contract performance resulting from the weakness(s). This assessment must provide the rationale for proceeding to award without discussions.

### B. ADJECTIVAL DESCRIPTIONS

Definitions: The following definitions are provided to assist evaluators in the evaluation of each non-cost/price factor.

- (1) Acceptable Features: A proposed method or technique in the proposal that addresses solicitation requirements such that no further explanation or documentation is necessary.
- (2) Deficiency: A material failure of a proposal to meet a Government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.
- (3) Experience: Pertains to work performed by an Offeror and Offeror's Team, within the prescribed timeframe, which is the same or similar to the work that may be ordered under this contract in terms of size, scope, and complexity. Experience is distinct from past performance (how well an Offeror has performed).
- (4) First-Tier Small Business Subcontractor: Refers to a Small Business Offeror that cannot independently demonstrate its own experience, the Small Business Offeror may utilize the experience of a first-tier Small Business subcontractor that will perform major or critical aspects of the requirement in order to demonstrate relevant service experience under this evaluation factor by the subcontractor directly hired by the Offeror to perform services on the prime contract.
- (5) Five-Year Period: The prescribed timeframe for this solicitation that refers to the period of time for which projects may be submitted for experience or past performance. The five-year period is calculated by counting back five (5) years from the initial RFP/solicitation issuance date.
- (6) Joint Venture (JV): A legal business entity formed between two or more companies (parties) to undertake the performance activities of a contract together. This does not include other arrangements such as "teaming agreement" or "strategic alliance," which are not recognized as bona fide joint ventures for the purposes of this solicitation.
- (7) Offeror: Refers to the Contractor submitting the proposal as Offeror, including joint ventures, whose name and address appears in Block 15 of Standard Form (SF) 33 (Solicitation, Offer and Award). In the event of a conflict or inconsistency between the Offeror's name and address cited on the SF33 - and any other part of the proposal, the SF33 -is the conclusive document in determining the Offeror who is submitting the proposal.
- (8) Offeror's Team: Refers to the Offeror (see definition) and the Offeror's first-tier small business subcontractor(s) only.
- (9) Past Performance: Relates to how well an Offeror and Offeror's Team has performed; e.g., the quality of work accomplished, schedule compliance, customer satisfaction.

- (10) Page: Refers to one printed side of a piece of paper. For example, five (5) pieces of paper printed on both sides would result in 10 pages of narrative.
- (11) Quality: Is the composite of material attributes including performance features and characteristics of a production or service to satisfy a customer's given need. For technical factors, applies when assessing the quality of approach and understanding of the requirements within the ratings. Note: Also applies to past performance factor when determining Performance Confidence Assessment or, Acceptable/Inacceptable ratings.
- (12) Rating: Is the adjectival word that corresponds with the description that best describes the Government's assessment of the Offeror's proposal against a non-cost/price evaluation factor. For each subjective technical factor, the Government utilizes the ratings identified in table 1.
- (13) Rating Method: As it pertains to source selection, is the application of adjectival ratings for non-cost price factors for the corresponding rating tables identified in the source selection plan. For each subjective technical factor, the Government uses either methodology 1 - separate technical and risk ratings, or methodology 2 - combined technical / risk ratings.
- (14) Risk: as it pertains to source selection, is the potential for unsuccessful contract performance. The consideration of risk to assess the degree to which Offeror's proposed approach to achieving the technical factors may involve risk of disruption of schedule, increased cost or degradation of performance, the need for increased Government oversight, and the likelihood of unsuccessful contract performance.
- (15) Self-Perform: Refers to the Offeror who performs relevant work that is the same or similar in size, scope and complexity of the work requirements in the solicitation, by in-house workforce and not by sub-contractor(s). This does not include project administration or management functions (such as quality control or safety program) and miscellaneous work (such as housekeeping or cleanup).
- (16) Significant Strength: An aspect of an Offeror's proposal with appreciable merit or will exceed specified performance or capability requirements to the considerable advantage of the Government during contract performance.
- (17) Significant Weakness: A flaw that appreciably increases the risk of unsuccessful contract performance.
- (18) Strength: An aspect of an Offeror's proposal that has merit or exceeds specified performance or capability requirements in a way that will be advantageous to the Government during contract performance.
- (19) Total Annual Contract Value: The contract value for a 12-month period of performance that is funded by appropriation (the intent is to prohibit the use of not to exceed values and unfunded non-recurring amounts).
- (20) Uncertainty: Any aspect of a non-cost/price factor proposal for which the intent of the offer is unclear (e.g., more than one way to interpret the offer or inconsistencies in the proposal indicating that there may have been an error, omission, or mistake).
- (21) Weakness: A flaw in the proposal that increases the risk of unsuccessful contract performance.

### **C. EVALUATION FACTORS FOR AWARD**

1. The solicitation requires the evaluation of price and the following non-cost/price factors:

- Factor 1 - Corporate Experience
- Factor 2 - Past Performance
- Factor 3 - Key Personnel
- Factor 4 - Quality Management System
- Factor 5 - Safety

The distinction between corporate experience and past performance is corporate experience pertains to the types of work and volume of work completed by a contractor that are comparable to the types of work covered by this requirement, in terms of size, scope, and complexity. Past performance pertains to both the relevance of recent efforts and how well a contractor has performed on the contracts.

2. The relative order of importance of the non-cost/price evaluation factors is the technical factors 1, 3, 4, and 5 are of equal importance to each other and, when combined, are equal in importance to the past performance evaluation/performance confidence assessment factor, Factor 2. When the proposal is evaluated as a whole, the technical factors and past performance/performance confidence assessment factor combined (i.e., the non-cost /price evaluation factors) are significantly more important than price.

The importance of price will increase if the Offerors' non-cost/price proposals are considered essentially equal in terms of overall quality, or if price is so high as to significantly diminish the value of a noncost/price proposal's superiority to the Government. Award will be made to the responsible Offeror(s) whose offer conforms to the solicitation and represents the best value to the Government, price and nonprice factors considered.

3. The Basis of Evaluation and Submittal Requirements for Each Factor can be found in Section L.
