Project List

Project #	IJO #	Title
1	53465DTC250125J	Multi-Domain Operations Training Area (Training Area 20)
2	53465DTC240045J	Rng 76, 30mm Gunnery (NSF)
3	53465CJA250086J	MDC-PAC Modular SCIF
4	53465MDA250285J	McChord Airfield Security Projects (NSF) 55 cipher locks
	53465MDA250295J	McChord Airfield Security Projects (NSF) Anti-vehicle barriers
	53465MDA250305J	McChord Airfield Security Projects (NSF) Clear vegetation
	53465MDA250275J	McChord Airfield Security Projects (NSF) AF privacy slats
5	53465DEJ216251J	Replace HVAC & Controls 446th AW Ops Facility (10,899 sf)
6	53465DEJ225502J	Repair HVAC McChord Field Air Traffic Control Tower (Tower 2,325 sf)
7	53465DEJ247435J	McChord Runway Lighting Overt/Covert (NSF)
8	53465MBA160186J	Repair Taxiway H, McChord Field J15002 (95,000 SY)
9	53465MBA250035J	Repair Taxiway D, McChord Field
10	53465MBA250016J	Groove McChord Field Main Runway, J16001
11	53465DER190959J	Repair JBLM Railhead
12	53465CJA250106J	Convert Company HQs to Soldier Performance Readiness Center (SPRC) Buidling 11371 (2-2 SBCT)
13	53465CJA250096J	Construct SPRC (18.654 SF - 2-2 SBCT)
14	53465CVA230053J	Convert Company HQs to SPRC Buidling 3168 (1 MDTF)
15	53465CJA250126J	Construct SPRC (18.654 SF - 1 MDTF)
16	53465DER181758J	Repair by Replace Barracks 3413 & 3414 (demo) Build new barrack for 1MDTF (308 Spaces)
17	53465DPA240424J	Madigan Child Development Center, Back Up Power - Bldg 6995
18	53465DPA250156J	McChord Child Development Center(s), Back Up Power - Bldg J00578
	53465DPA250166J	McChord Child Development Center(s), Back Up Power - Bldg J00580
19	53465CJA240054J	I Corps JDOC Phase II - Security Fence
	53465CJA230213J	I Corps JDOC Phase II (2090 - 10,672sf / 2090 - 13,245sf) Upgrade 2090
	53465CJA230223J	I Corps JDOC Phase II (2084 - 10,672sf / 2084 - 13,245sf) Upgrade 2084

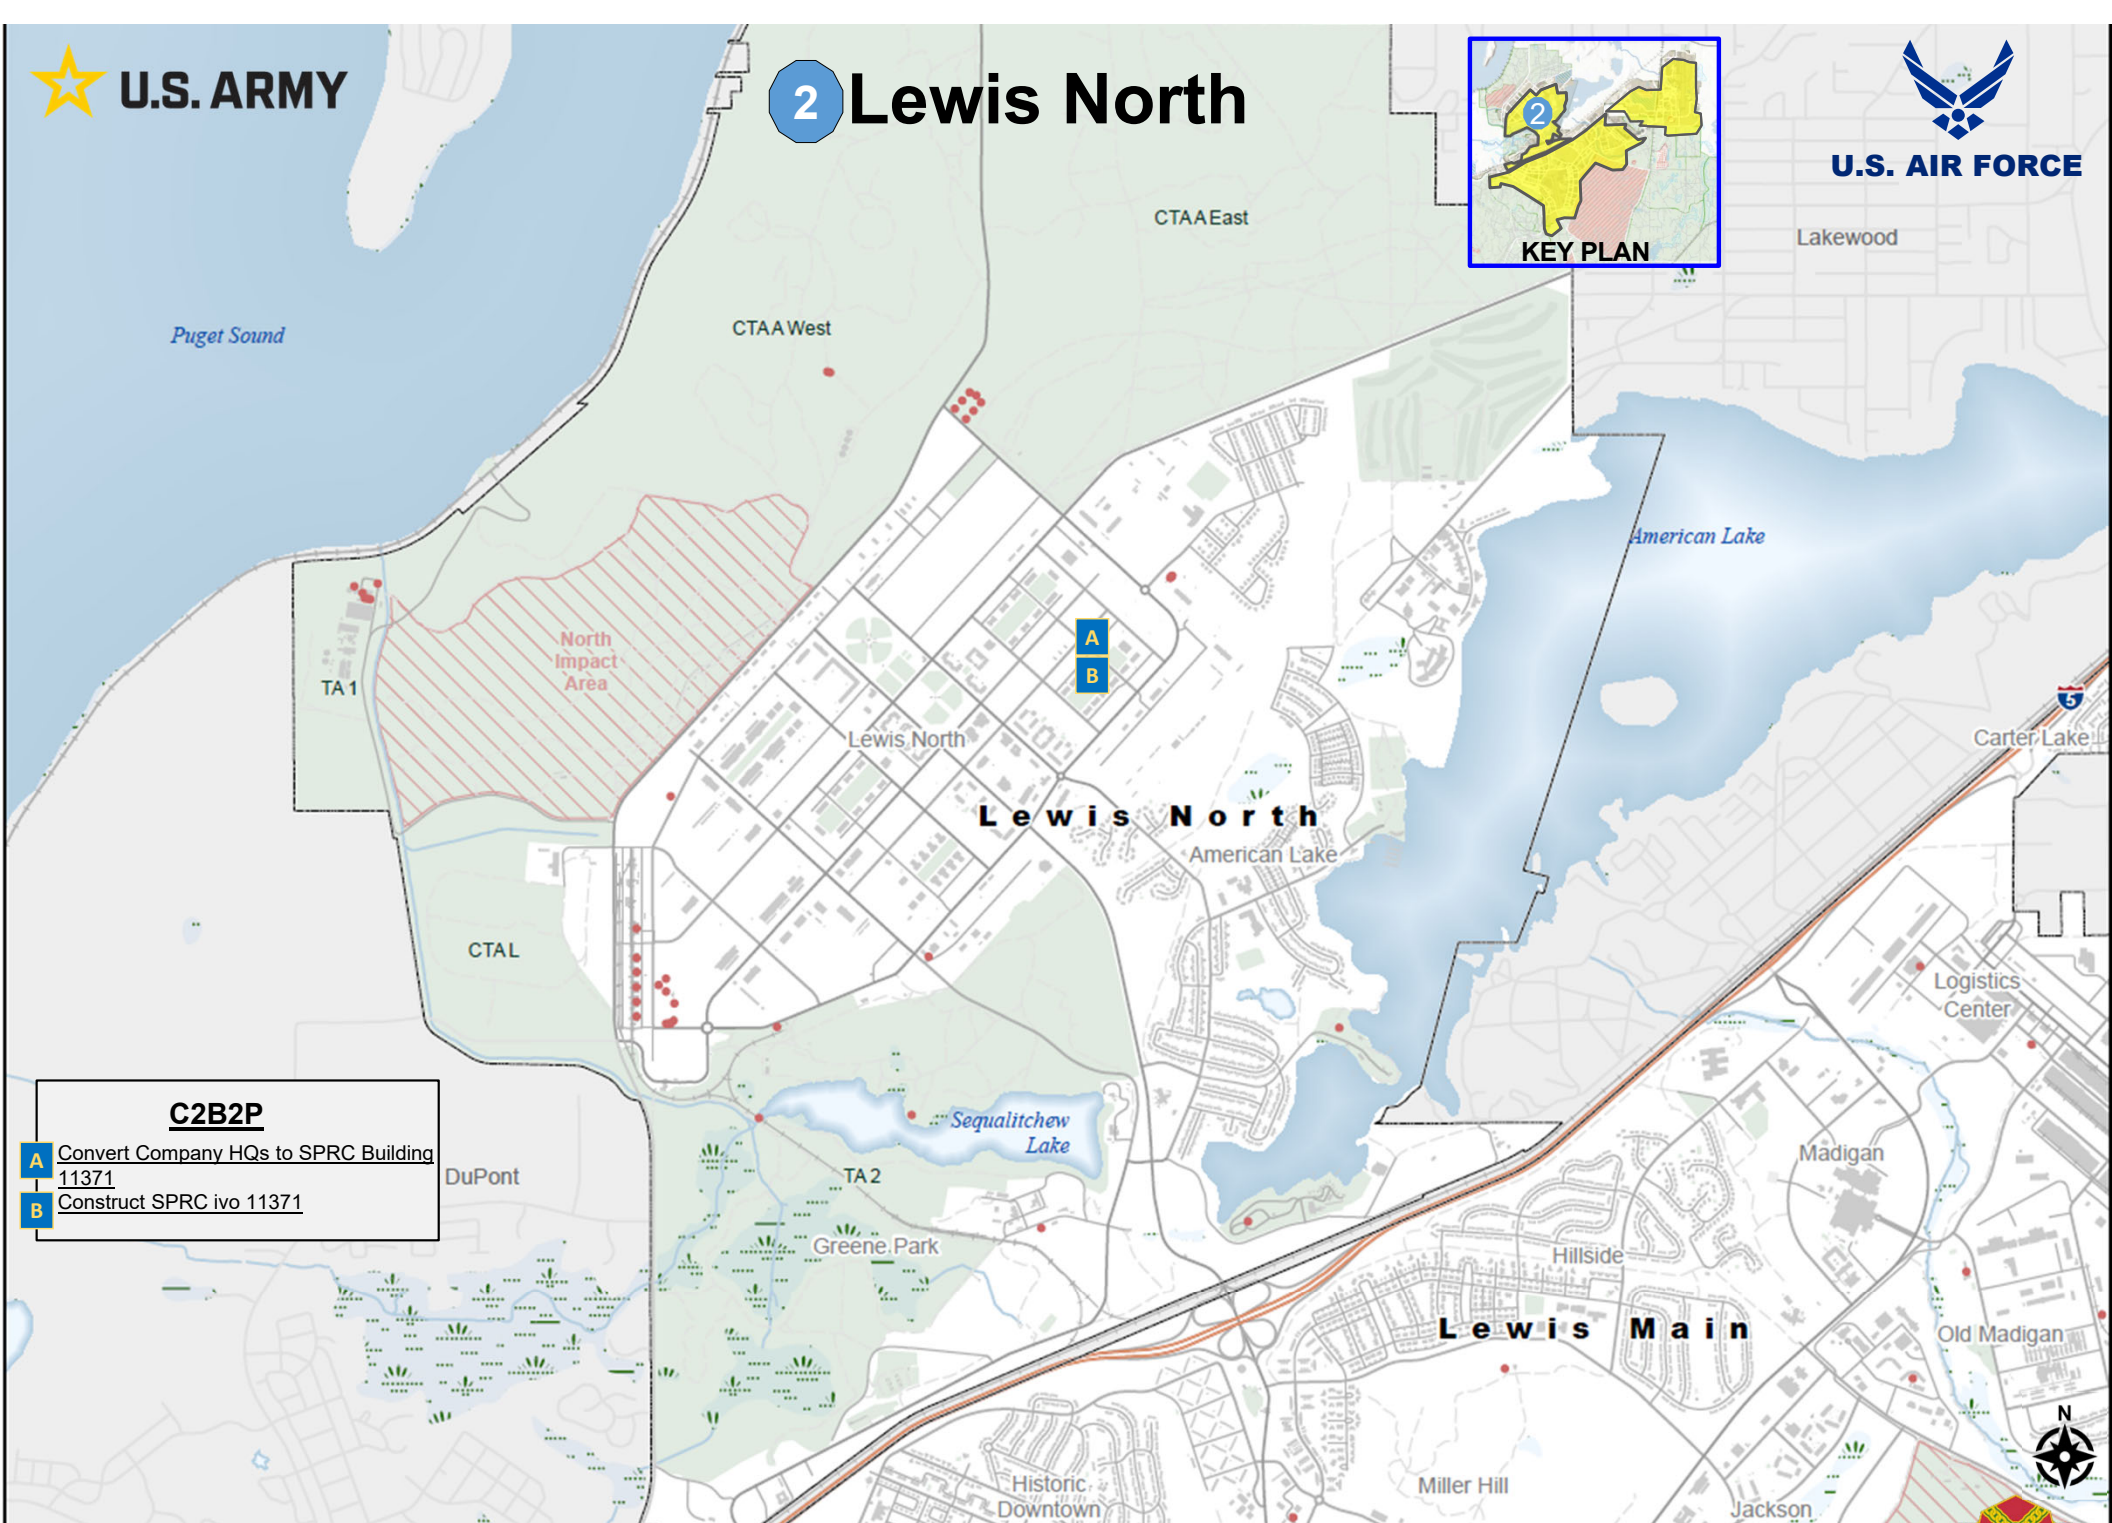

1 Lewis Main

2 Lewis North

U.S. AIR FORCE

C2B2P

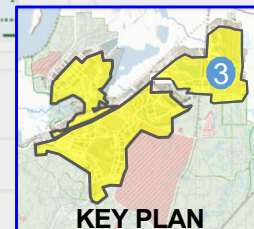

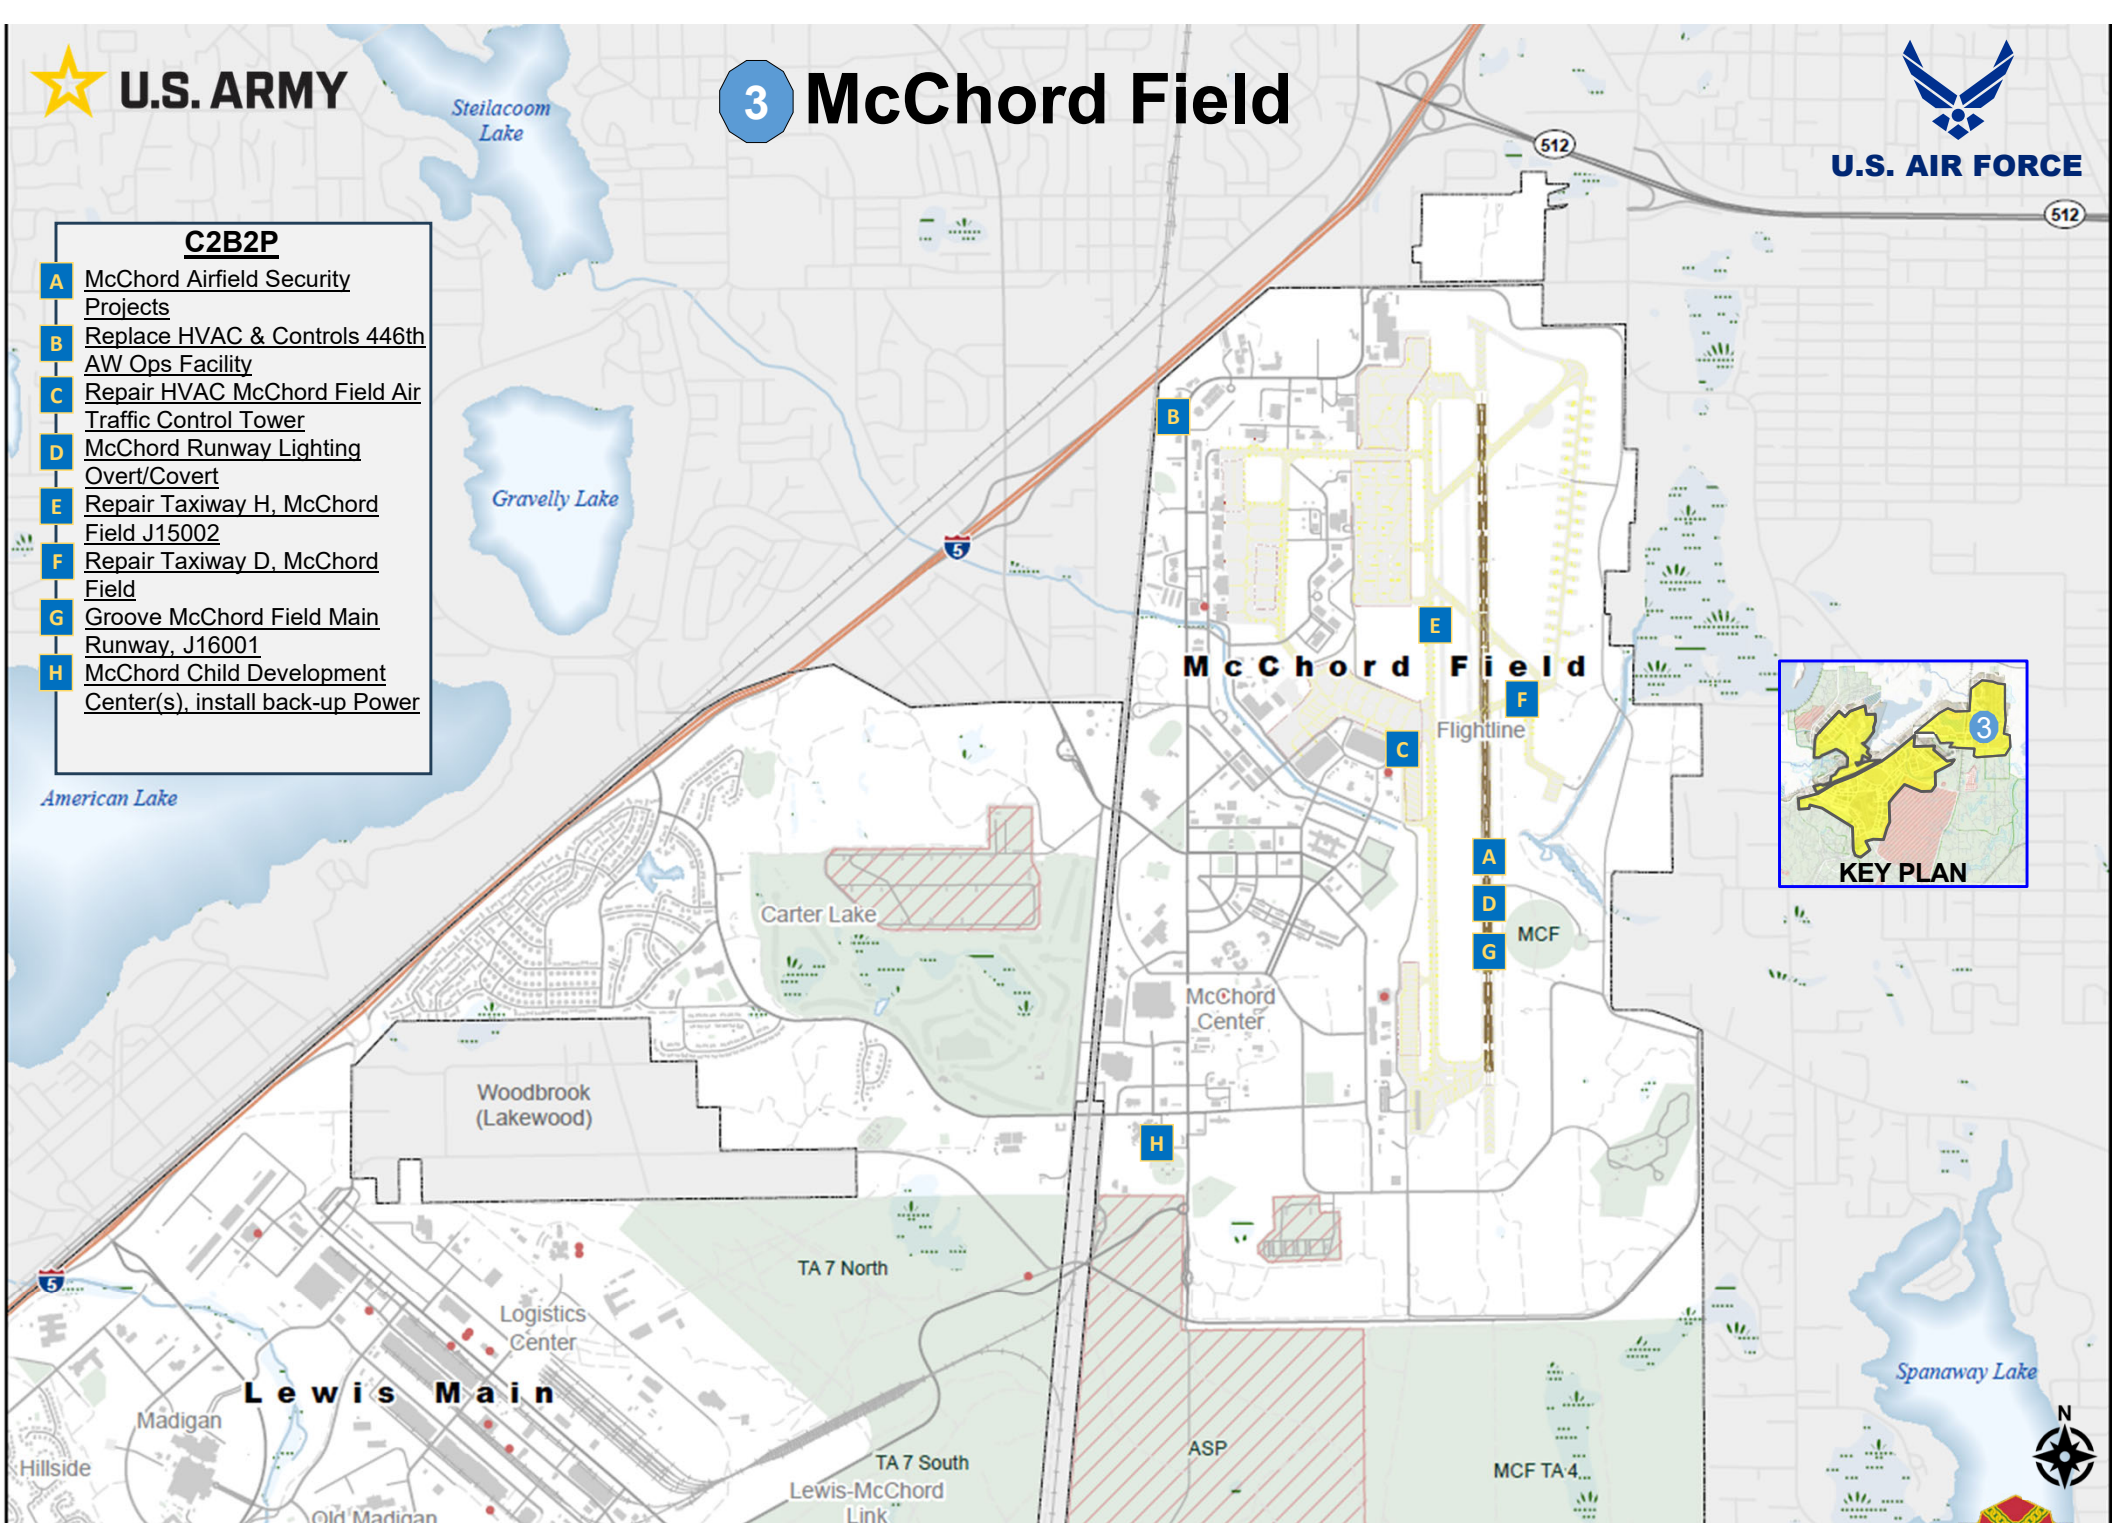

- A** Convert Company HQs to SPRC Building 11371
- B** Construct SPRC ivo 11371

3 McChord Field

C2B2P

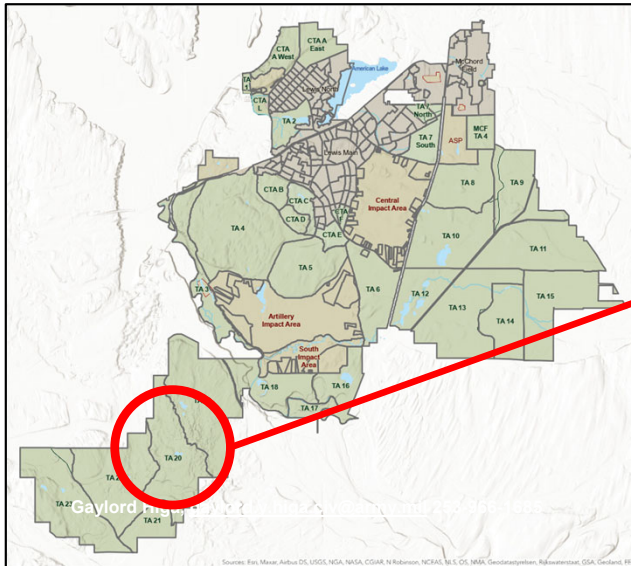

- A** McChord Airfield Security Projects
- B** Replace HVAC & Controls 446th AW Ops Facility
- C** Repair HVAC McChord Field Air Traffic Control Tower
- D** McChord Runway Lighting Overt/Covert
- E** Repair Taxiway H, McChord Field J15002
- F** Repair Taxiway D, McChord Field
- G** Groove McChord Field Main Runway, J16001
- H** McChord Child Development Center(s), install back-up Power

Multi-Domain Operations Training Area

Project Scope: Construct Unmanned Aircraft System (UAS) Training Site to include:

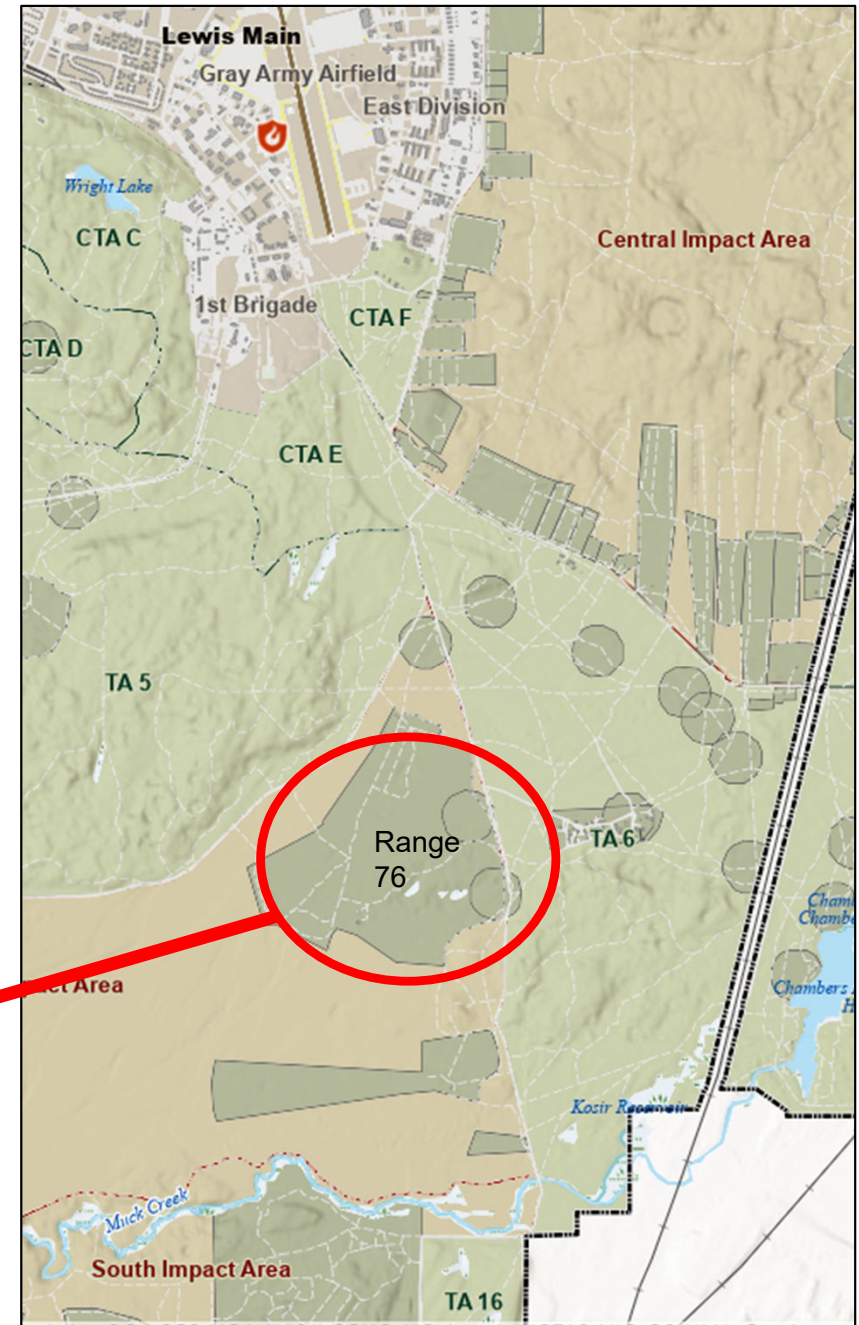

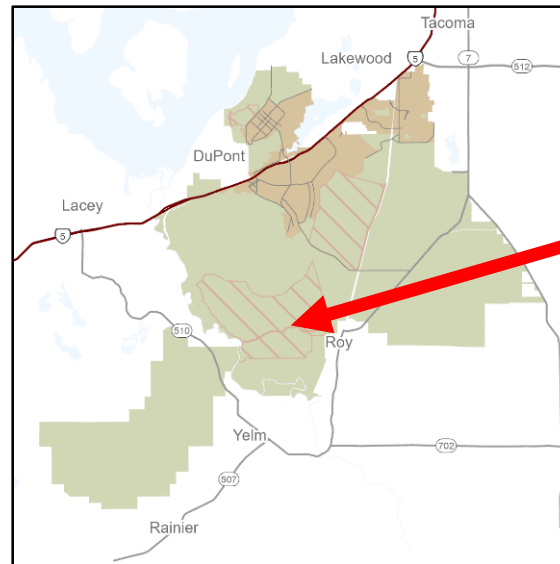

- Clear and grub approximately 32 acres
- Construct all-weather operations surface, approximately 50' x 1000'
- Equipment staging zone
- Designated Takeoff/Recovery Point(s)
- Improve access roads

Range 76 30mm Gunnery

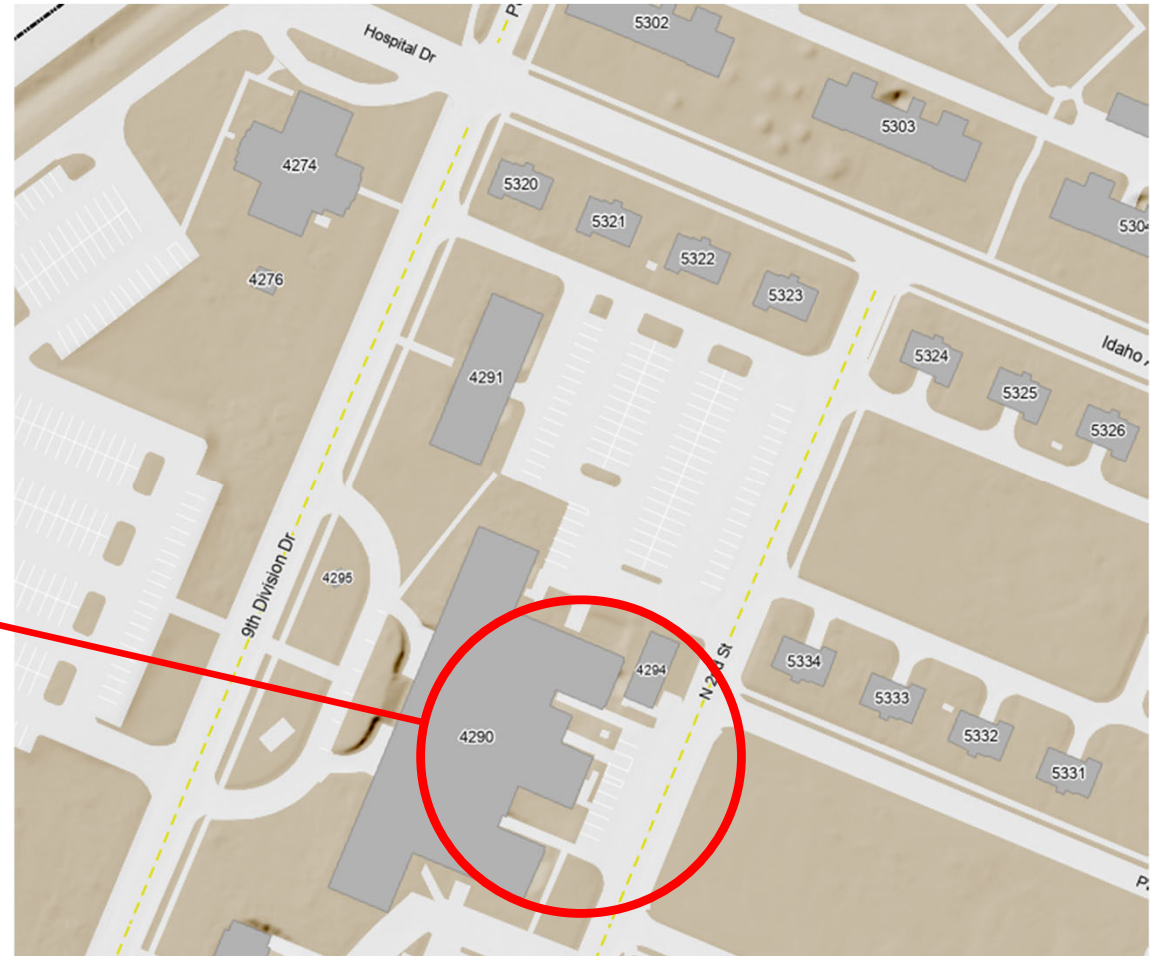

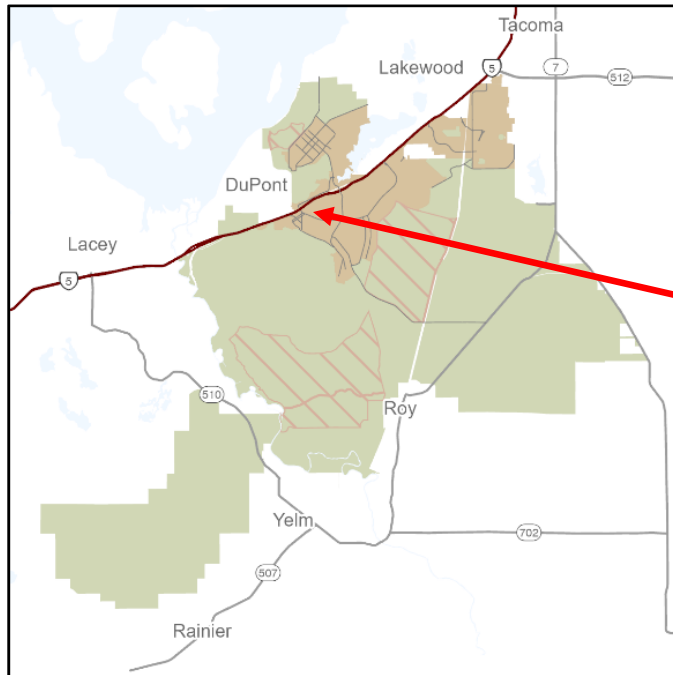

Project Scope:

- Reconfigure Range 76 to accommodate 30mm Stryker gunnery qualification.
- Demolition of 4 structures (U0074, U074B, U074C, U074E & U074F).
- Clear and grub 30 acres.
- Install gravel pads and dirt berms for Stryker positioning.

Project Scope:

Install concrete pad in vicinity of Building 4290 to support modular SCIF facility that is approximately 1000SF with 25 workstations. Install electrical utilities, controls, and security systems to support.

Hangar / Building Access Control

Project Scope: Install 97 total cipher locks, 24 facilities adjacent to the flightline

North Perimeter Security

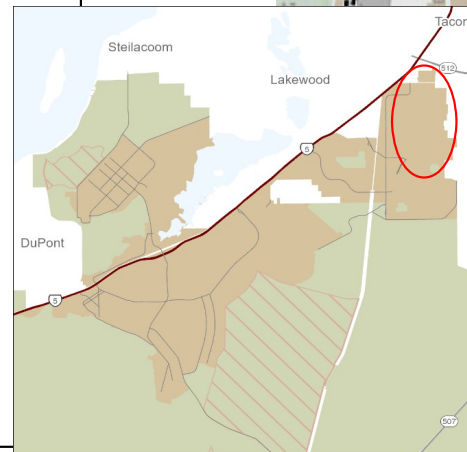

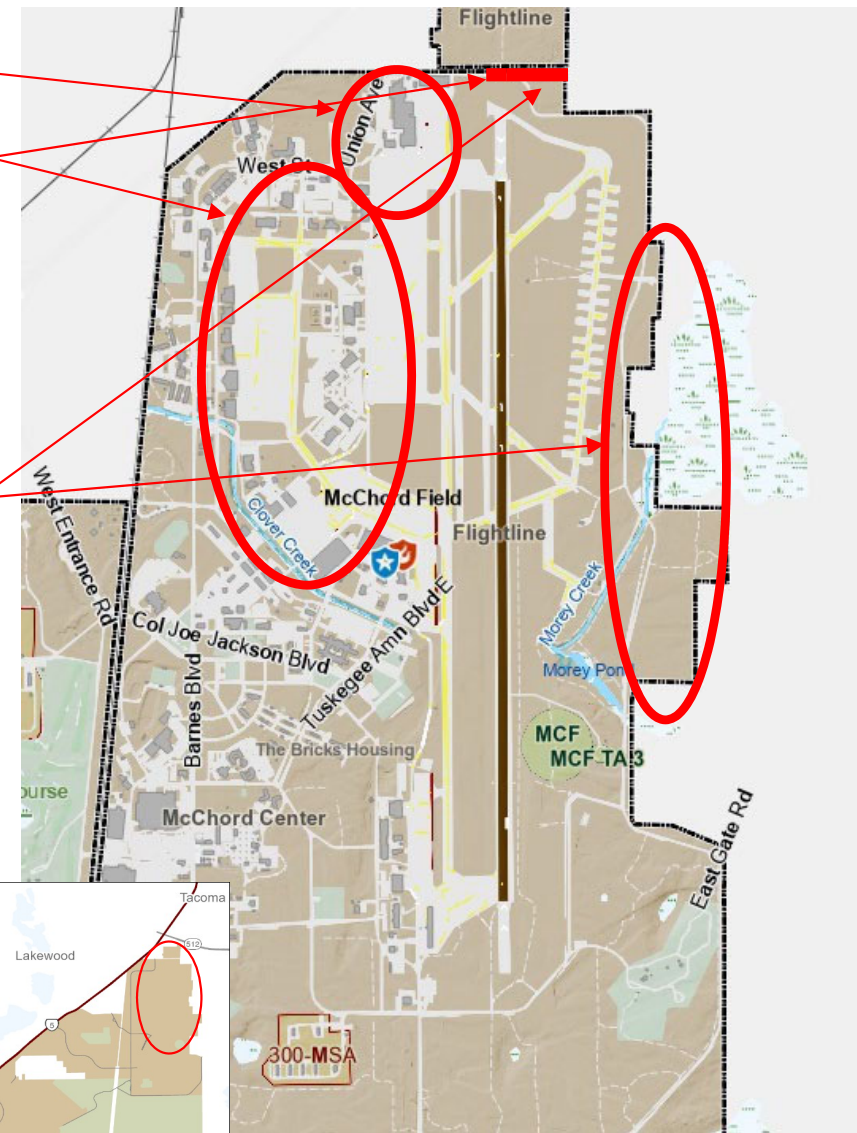

Project Scope: 200 LF security vehicle barriers along 112th street, std mtl guardrail on frangible wood, on existing airfield perimeter fence along North end MF

East Perimeter Security

Project Scope: Clear vegetation ~5-acre area of land near Clover Creek, near east perimeter fence, cleared land to be maintained by grounds contractor

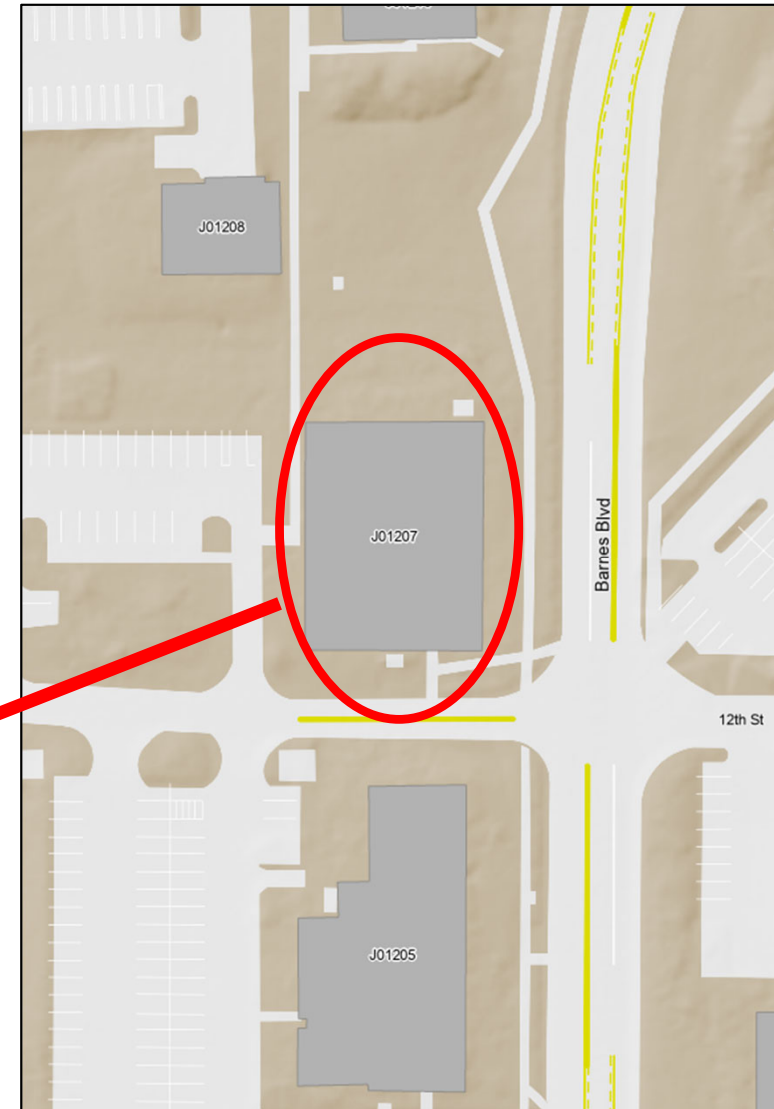

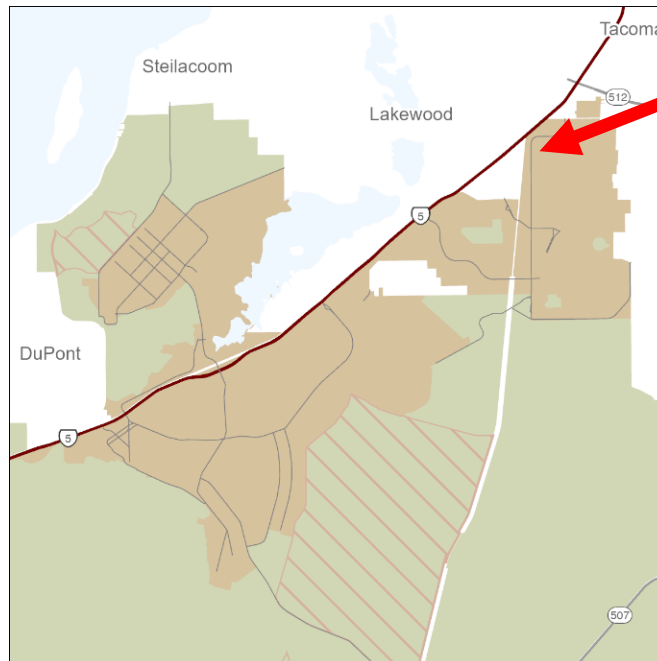

North Perimeter Fence Obscuration

Project Scope: Install fence slats along entire north perimeter fenceline, 1000 LF

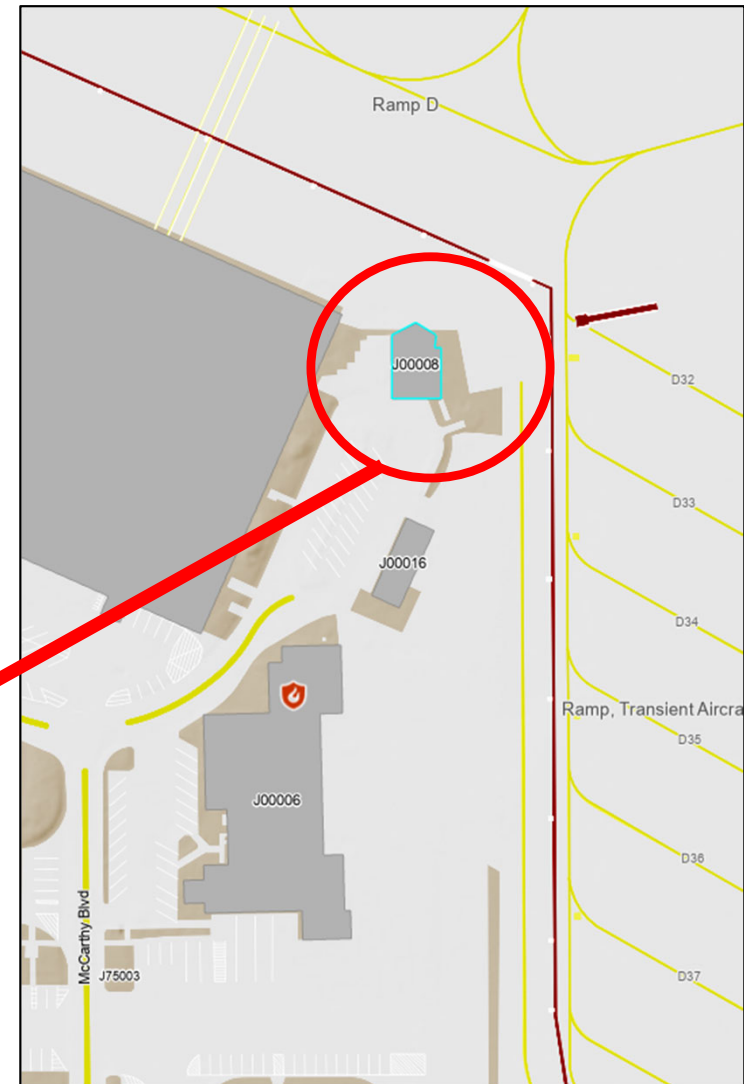

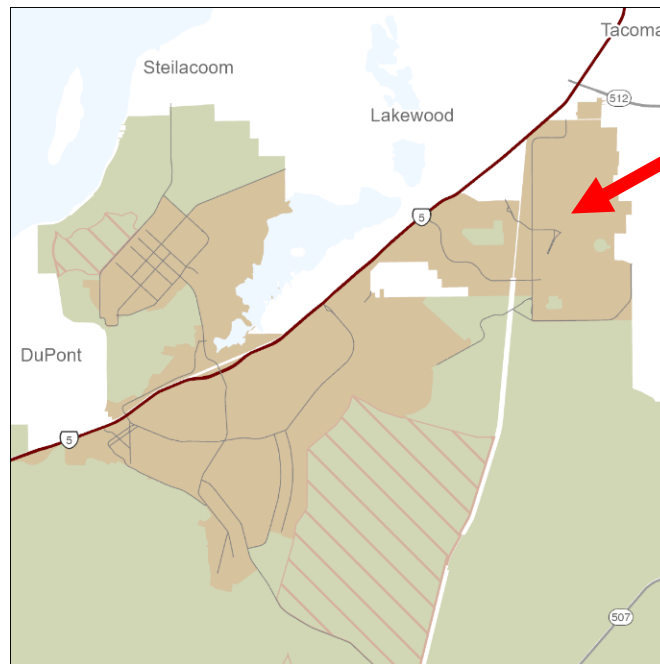

Replace HVAC & Controls J01207, 446th AW OPS

Project Scope: Repair by replacement of the building HVAC and control system.

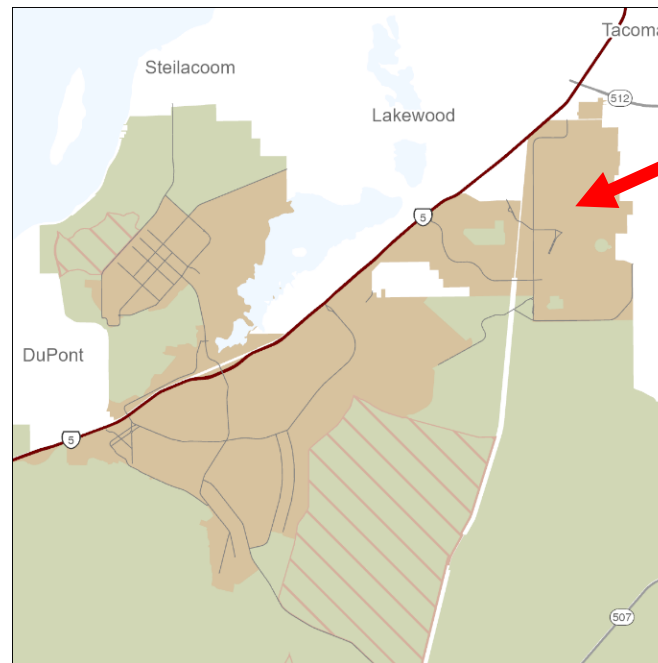

Repair ATCT HVAC J00008

Project Scope: Repair by replacement of failing VRF HVAC system with new air source heat pump and modern Tridium N4 controls.

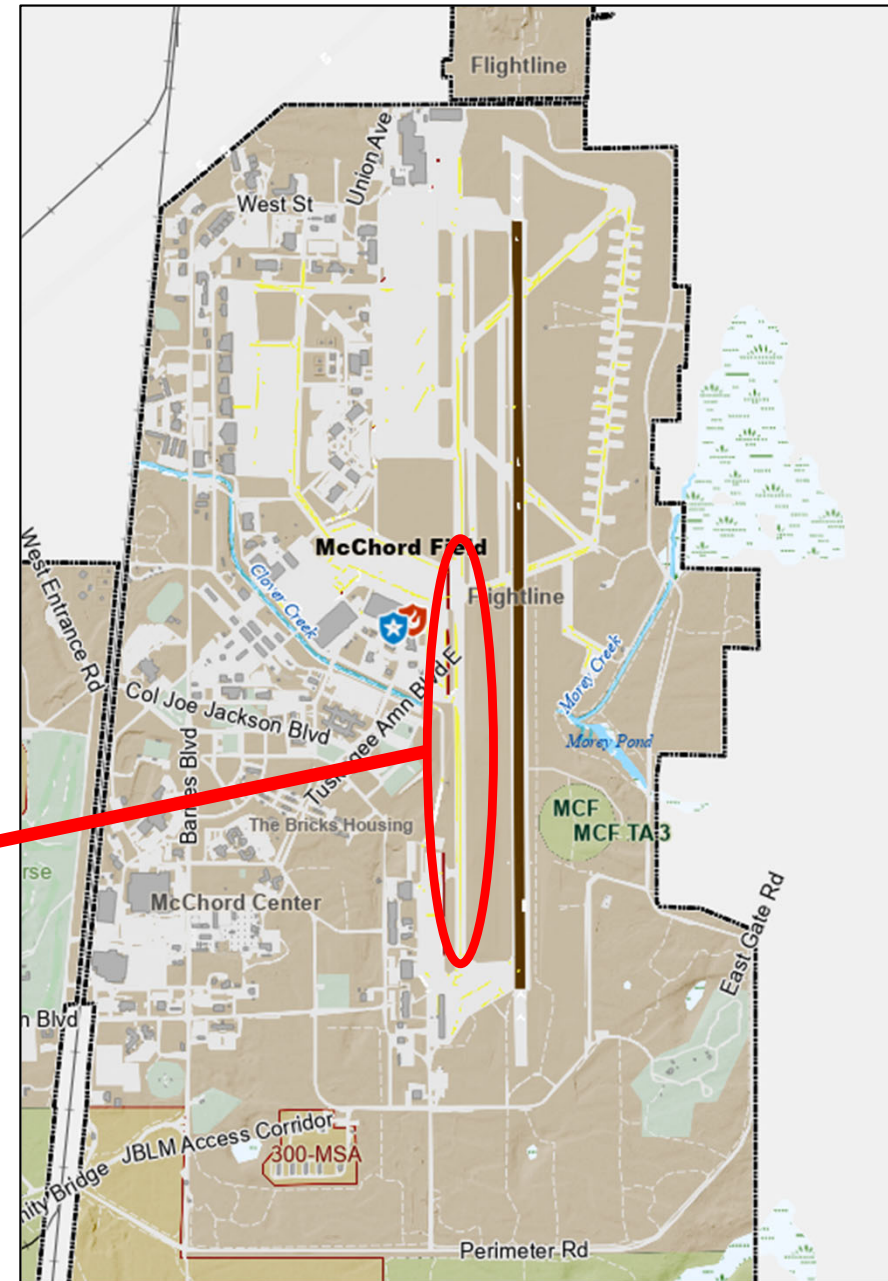

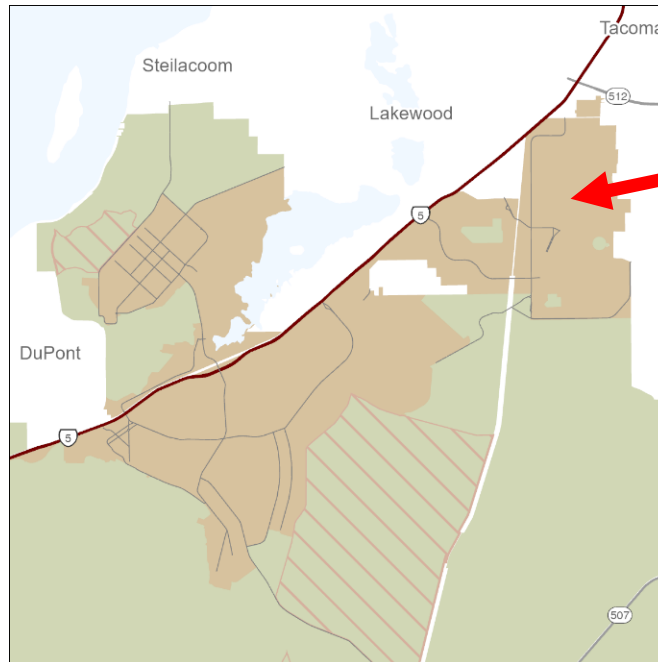

Runway Lighting Overt/Covert

Project Scope: The MAF overt/covert lighting system is currently at a reduced capacity and complete failure is imminent. The lighting controls have failed and only 1 of 4 NVG lighting systems are operational. Repair is needed by FAA-approved vendor.

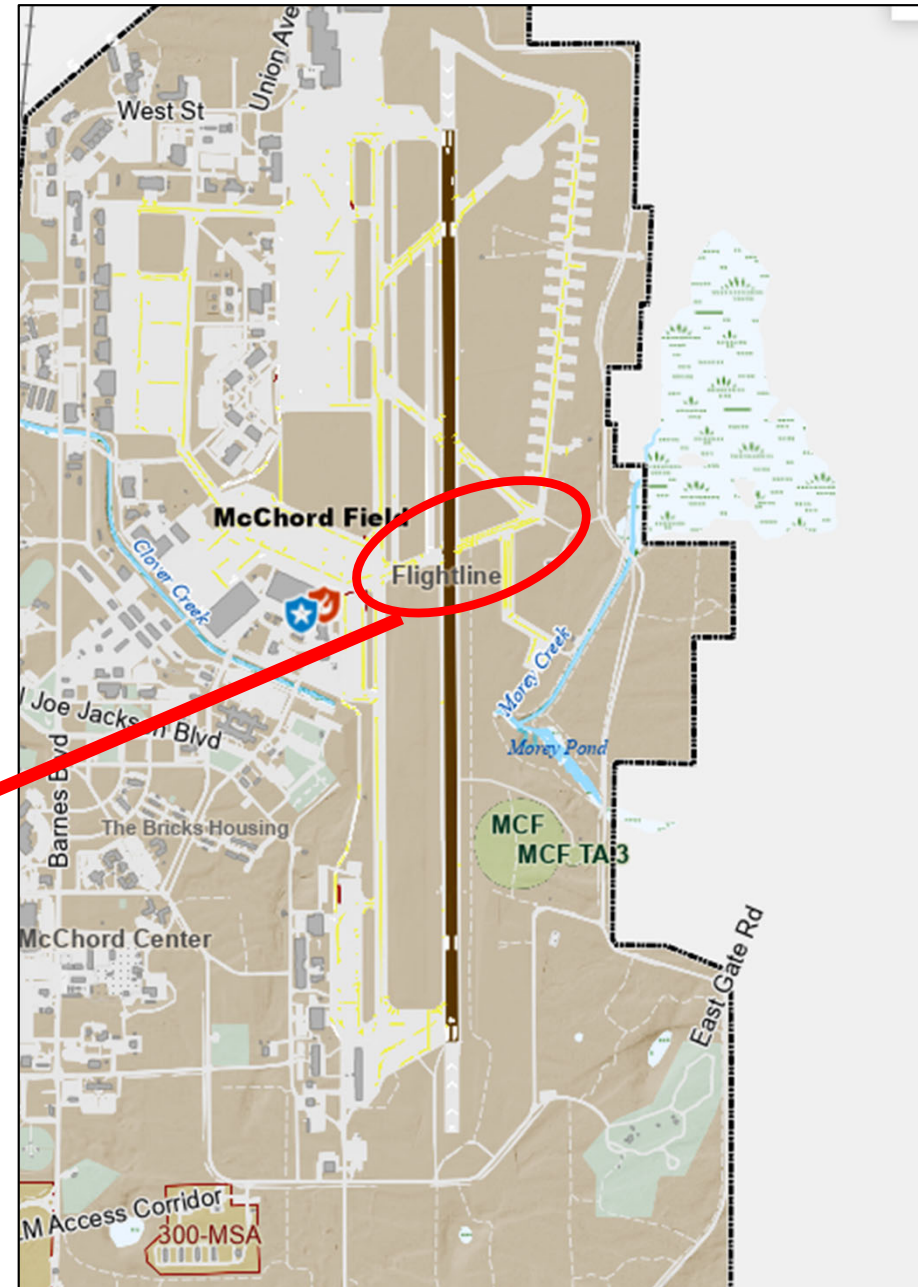

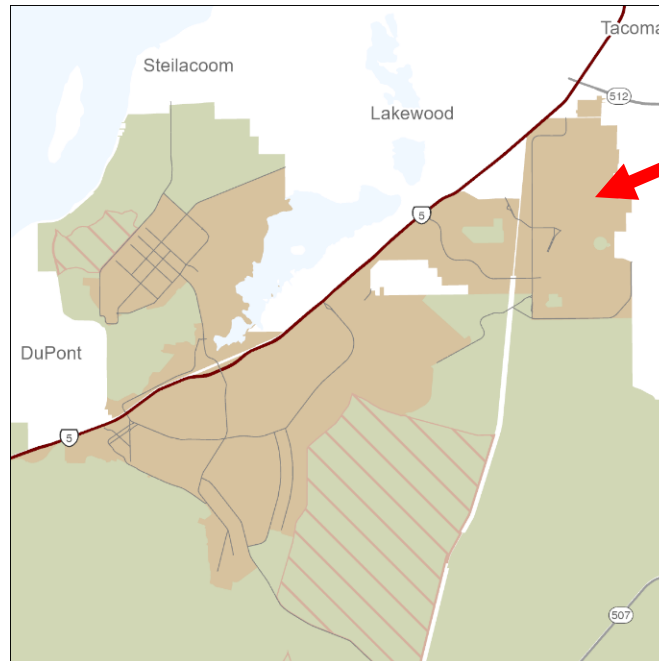

Repair Taxiway H

Project Scope:
Reconstruct Taxiway H w/Portland concrete
cement the full width of the taxiway.

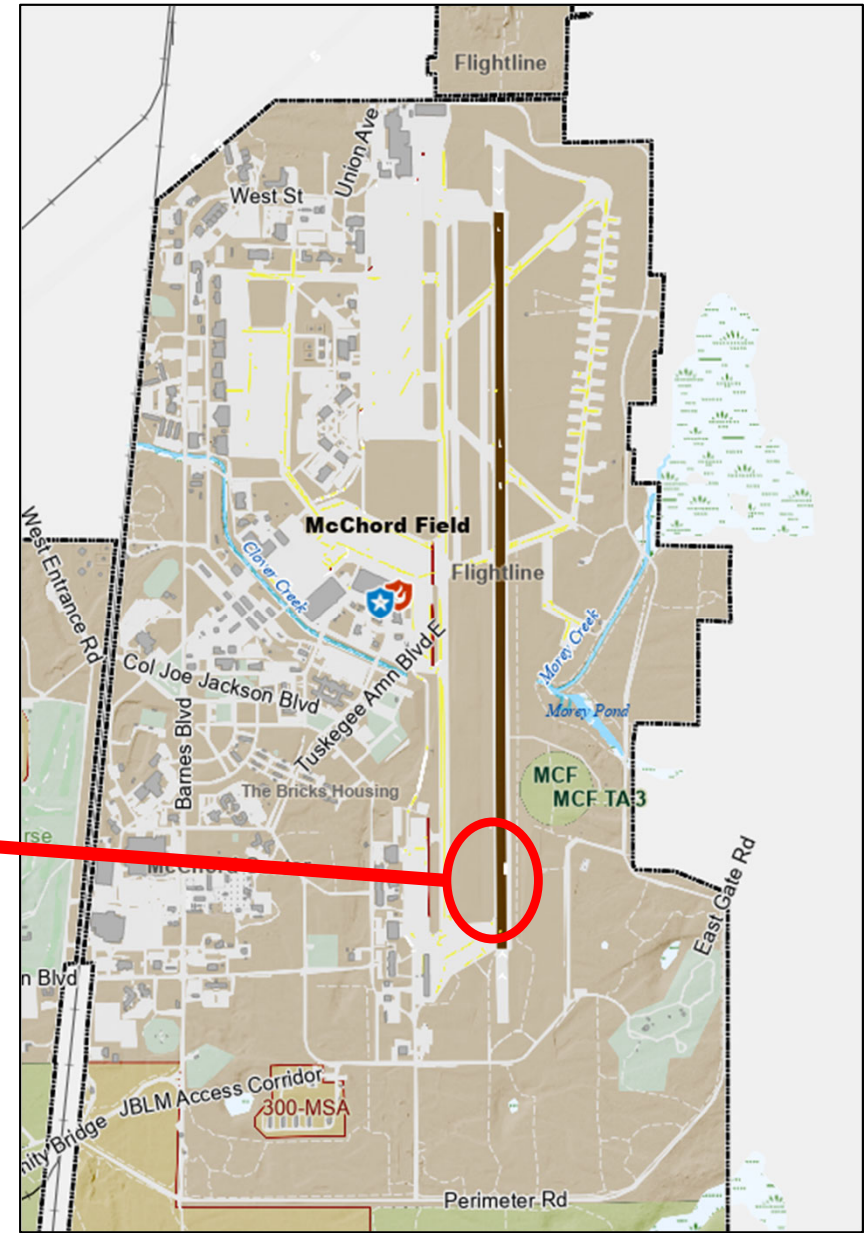

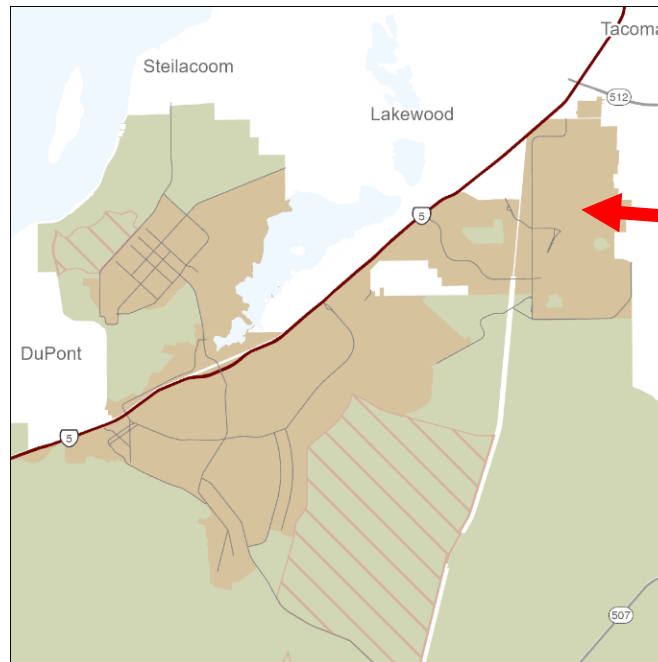

Repair Taxiway D

Project Scope: Repair existing pavement of Taxiway Delta

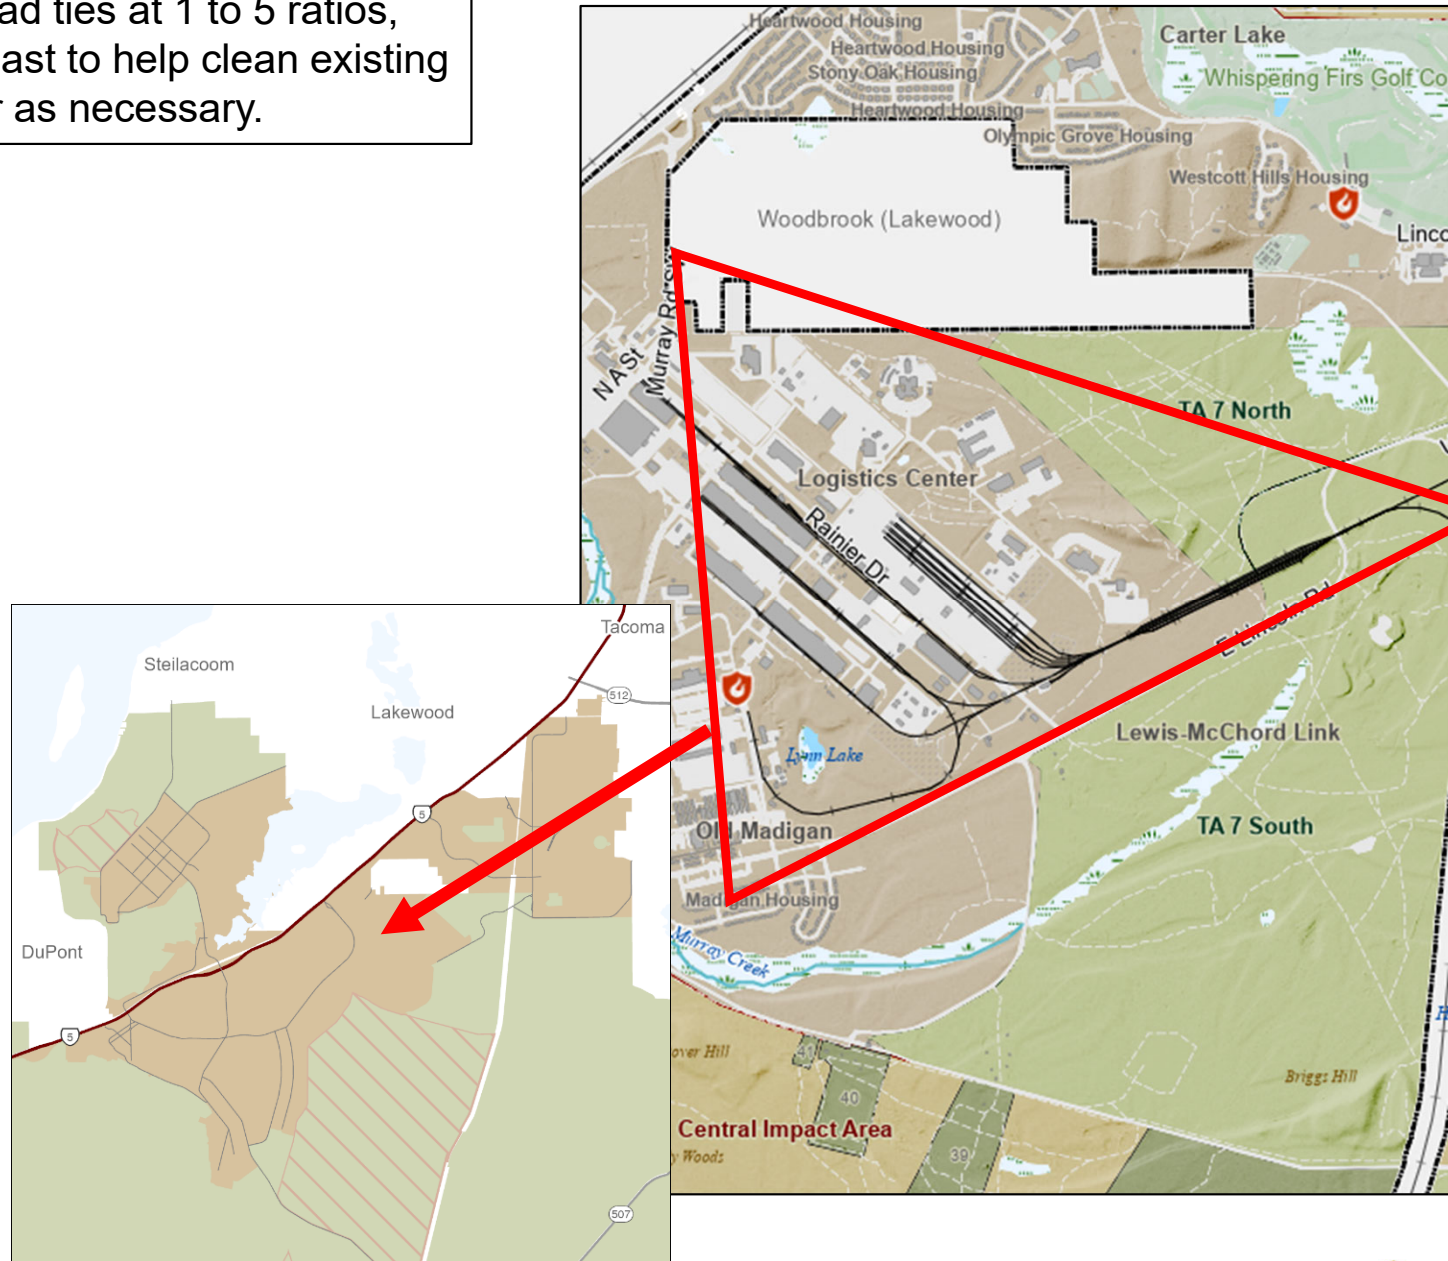

Groove Main Runway, J16001

Project Scope: Provide grooving in 500 ft x 200ft section of the runway.

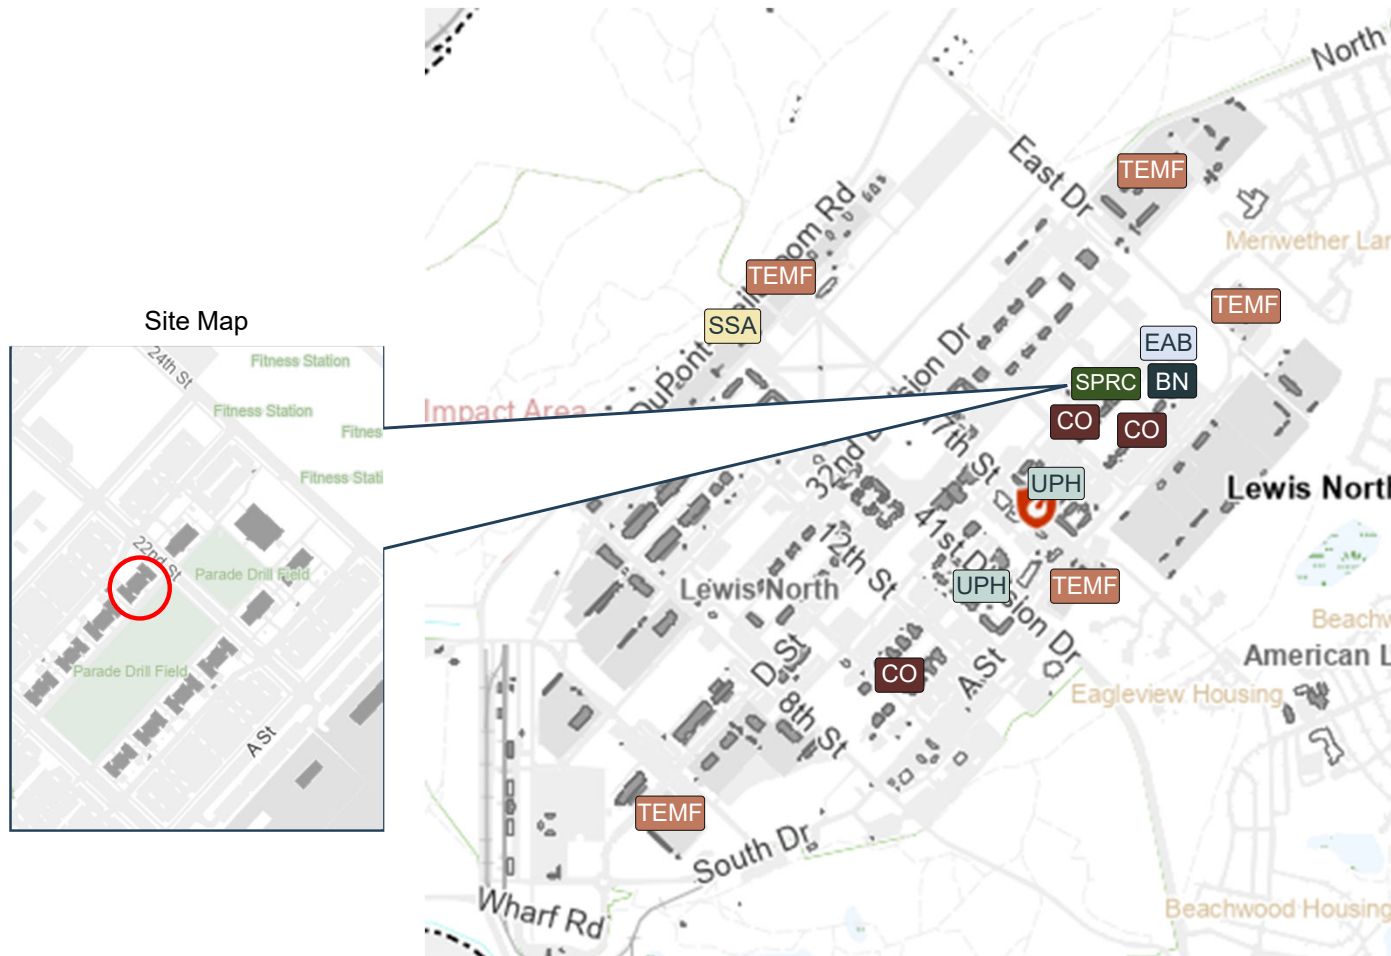

Repair JBLM Railhead

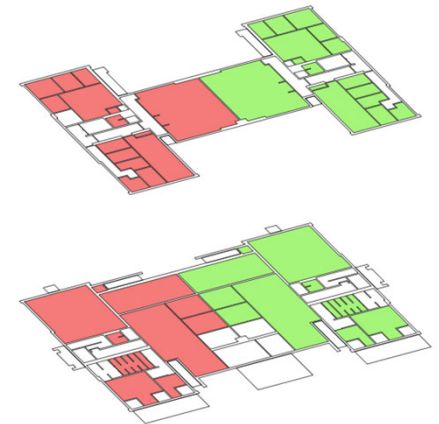

Project Scope: Replace railroad ties at 1 to 5 ratios, add/tamp/regulate existing ballast to help clean existing tracks and perform track repair as necessary.

Convert Company HQ & Construct SPRC – Building 11371, Lewis North

Conversion
Building 11371 – 6K SF
SPRC Footprint in Red

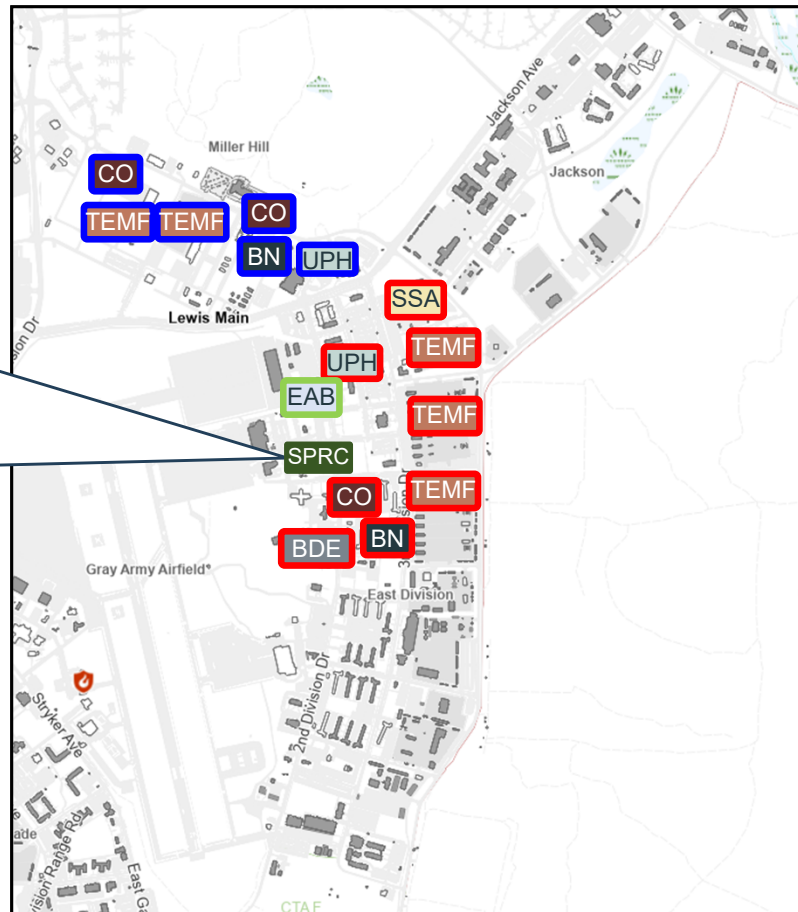

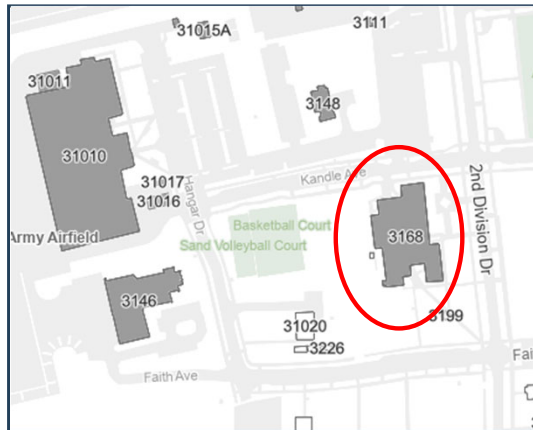

Construct Tension Fabric
Structure

Convert Company HQ & Construct SPRC Building 3168, Lewis Main

Site Map

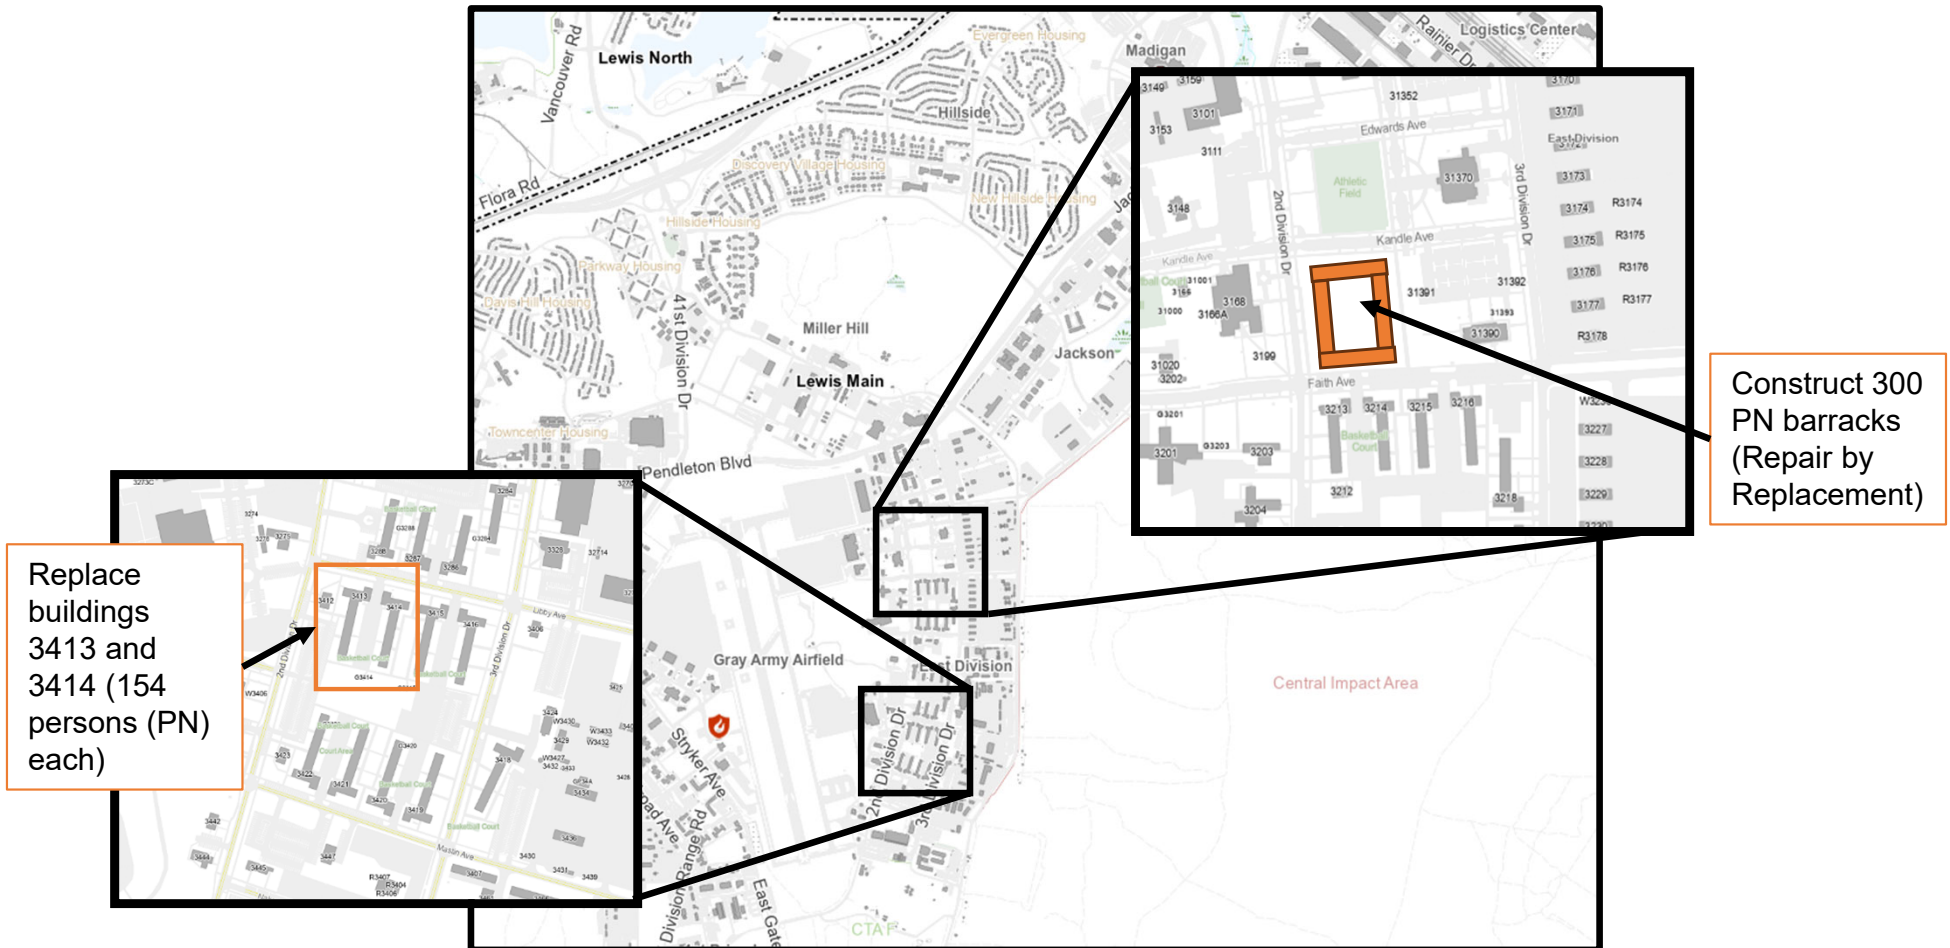

Conversion
Building 3168 – 10K SF
SPRC Footprint in Red

Construct Tension Fabric Structure

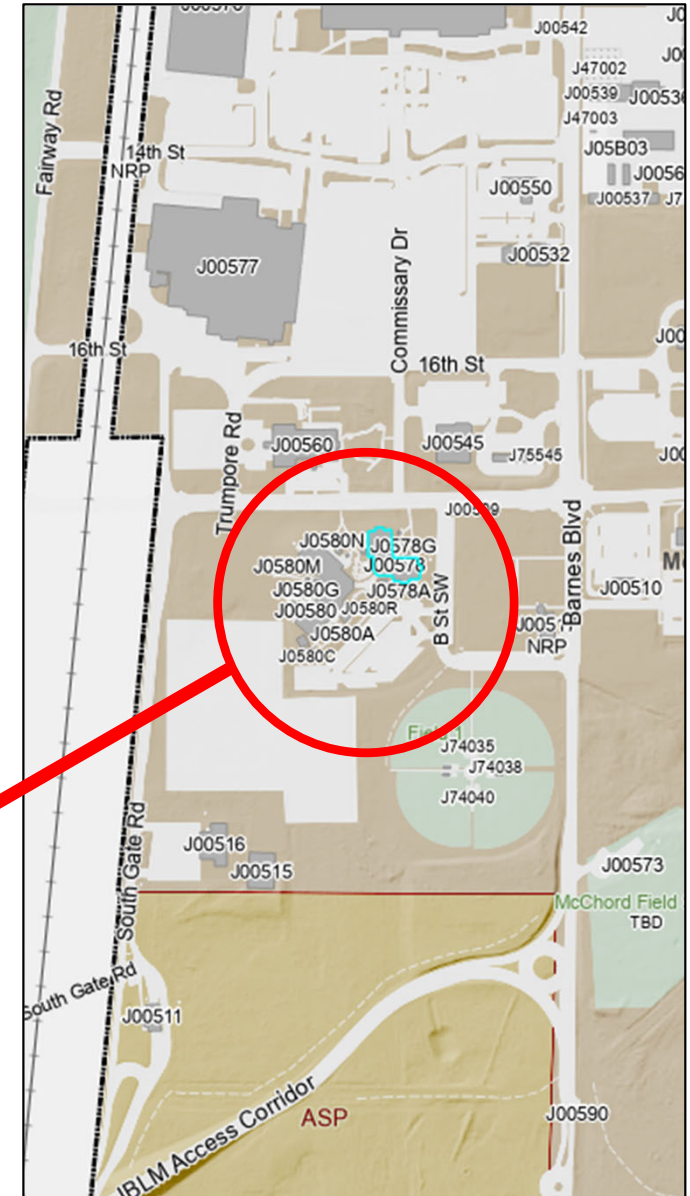

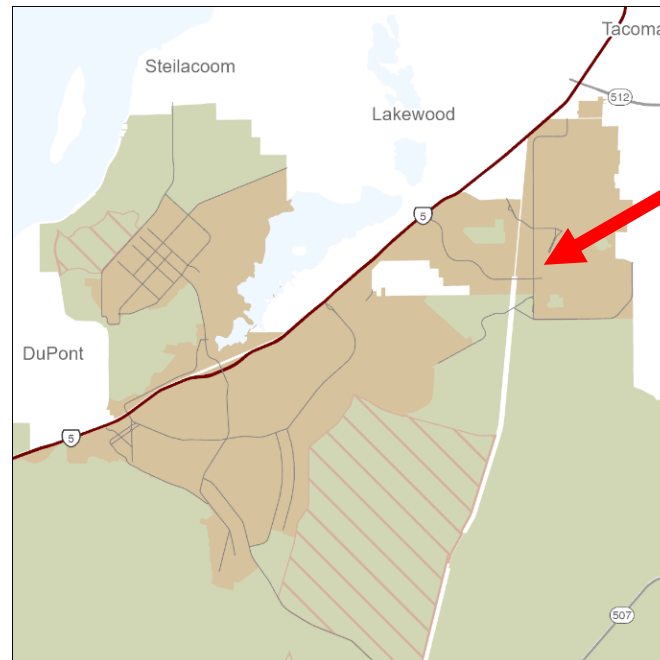

Repair by Replacement Barracks 3413 & 3414

McChord CDCs, J00578/J00580, Install Back-Up Power

Project Scope: Install a new back-up generator for building J00578 and a new back-up generator for building J00580.

Project Scope:

- Construct fence
- Convert buildings 2090 & 2084 for operational support to include meetings, briefings, mission analysis – each with specific security and communication requirements.
