Evaluation Factors for Award

ADDENDUM TO RFO 52.212-2, EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

M-1. BASIS FOR AGREEMENT AWARD

- a. This acquisition will be conducted in accordance with the Revolutionary FAR Overhaul (RFO) Part 12. The Government intends to award one or more Blanket Purchase Agreements (BPAs) to the responsible offeror(s) whose quote, conforming to this Request for Quotation (RFQ), is determined to be the most advantageous to the Government.
- b. The Government intends to award a BPA without interchanges. Therefore, the offeror's initial quote should contain its best terms. However, the Government reserves the right to conduct interchanges with any or all quoters at its discretion if it is determined to be in the Government's best interest.
- c. The Government will use the Lowest Price Technically Acceptable (LPTA) source selection process. To be eligible for award, a quote must be rated as "Acceptable" for the Technical Acceptability factor. The award will be made to the offeror with the lowest evaluated price among all technically acceptable quotes.

M-2. EVALUATION FACTORS

The following two factors, listed in descending order of importance, will be used to evaluate quotes:

- Factor 1: Technical Acceptability
- Factor 2: Price

FACTOR 1: TECHNICAL ACCEPTABILITY

This factor is evaluated on a pass/fail basis. The Government will evaluate each quote to ensure it is technically acceptable. A quote will be rated as either "Acceptable" or "Unacceptable." A rating of "Unacceptable" will render the entire quote ineligible forward.

To receive an "Acceptable" rating, the offeror's quote must clearly meet all of the following minimum requirements:

1. The offeror submitted a complete quote package as required by Section L of this solicitation.
2. The quote demonstrates the offeror's unconditional agreement to comply with all terms, conditions, and requirements stated in the solicitation.
3. All bottled water provided under this Blanket Purchase Agreement (BPA) must meet the quality and safety standards for bottled water as set forth by the U.S. Food and Drug Administration (FDA) in Title 21 of the Code of Federal Regulations (CFR), Part 165.
4. The offeror has a physical business location (e.g., office or distribution warehouse) within a 50-mile radius of Ellsworth AFB, SD.
5. The quote confirms the offeror's capability to meet the mandatory 4-hour emergency response time for delivery.

FACTOR 2: PRICE

The prices of all quotes rated "Acceptable" under Factor 1 will be evaluated. The Total Evaluated Price (TEP) will be calculated based on the sum of all firm-fixed-prices listed in Table A: Base Year of the Attachment 2 Price List.

The Government will rank all technically acceptable quotes from lowest to highest based on their TEP. The lowest-priced quote will be evaluated for price reasonableness in accordance with RFO procedures. The evaluation of option year pricing may be performed to determine if prices are unbalanced but will not be included in the TEP for the initial award decision.

M-3. AWARD DECISION

The BPA will be awarded to the responsible offeror who submits the lowest-priced, technically acceptable quote. The Government reserves the right to award multiple BPAs if it is determined to be in the best interest of the Government. A responsibility determination will be made prior to award, which includes verifying the offeror's active registration in the System for Award Management (SAM.gov).
