

ACT Industry Day 24 – 26 Feb 2026
Fort Sill, Oklahoma

Objective:

Improve the Understanding of the Government's Requirements:

- Allow potential offerors to better assess the opportunity against their capabilities
- Enhance the Government's ability to obtain quality services
- Increase efficiency in proposal preparation, evaluation, negotiation and award

Specifically Review / Address the following:

- Draft Performance Work Statement (PWS)
- Provide overview of TADSS Maintenance Requirements
- Industry questions / feedback received

Timeline:

Day 1 – Provide brief of ACT contract

- Includes an overall brief and requirements of ACT Contract
- Orientation of TADSS on site (IMTS Dome, CFFT, C-RAM, MLRS OMT, FSCATT)

All times below are Central Standard Time (Fort Sill, Oklahoma)

1600	UTC	Building 1490 Room 158 (Randolph Road)	Close Out / Q&A

*** Will block of some time for Global Ops LR's for requirements in Germany and CONUS

Day 2 – Provide time for one-on-one any additional questions (**conference room**)

Day 3 – Continue one-on-one if required (**conference room**)

- Intent of One-on-One discussion is to clarify requirements and assist potential contractor / vendor with understanding of ACT requirements prior to submitting proposals
- It is NOT the time to discuss any information that would give a contractor any information that would provide an advantage over other contractor / vendor
- **All questions must be submitted to Ruth Torres ruth.e.torres10.civ@army.mil in writing by 1630 EST on 19 Feb 2026**

Requirements to Access Fort Sill can be found at <https://sill-www.army.mil/vcc/>
