10. THE GOVERNMENT REQUIRES PERFORMANCE OF THE WORK DESCRIBED IN THESE DOCUMENTS (Title, identifying number, date)

Project Title: B300 Waterfront Machine Shop Roof & HVAC Repair Portsmouth Naval Shipyard
Project Location: Kittery, Maine

Building 300 is a manufacturing and machining facility. The existing roof system has surpassed its design/service life and has deteriorated to the point where there are significant leaks to the interior. The building interior is exposed to water infiltration due to these roof failures. The HVAC systems were installed during the original construction of the building between 1979 and 1984. No substantial changes have been made to the HVAC system since. The existing HVAC systems have depositions of RCRA 8 metals within them.

The project will remove existing roofing which has exceeded its useful service life and provide for replacement with a new fully adhered 0.080 thermoplastic polyolefin (TPO) roof membrane assembly. The project also provides the removal of all air handling equipment and removal or abandonment-in-place of associated ductwork that conditions the industrial work areas. The project includes measures to contain RCRA 8 dust and abate asbestos containing materials that are known to be present within ductwork. The project provides replacement of the existing steam to hot water plant, the addition of unit heaters to provide heat to the industrial work areas and dedicated outdoor air systems to provide fresh air to the space accompanied by destratification fans for occupant comfort. The project provides removal and replacement of the existing fire alarm and mass notification system and fire sprinkler system serving the industrial work areas. The project includes removal and replacement of the existing 2500 kVA main service transformer feeding Switchgear 4, replacement of the 15 kV service switch, and replacement of the 480V main and feeder switchgear.

Site improvements include utility construction and restoration of disturbed areas resulting from demolition activities.

****All correspondence regarding this solicitation shall be submitted through the Pre-Proposal Inquiry process detailed in Section 00 21 16 of this RFP.**

11. The contractor shall begin performance within <u>15</u> calendar days and complete it within <u>925</u> calendar days after receiving ☒ award, ☐ notice to proceed. This performance period is ☒ mandatory ☐ negotiable. (See <u>FAR 52.211-10</u>).	
12a. THE CONTRACTOR MUST FURNISH ANY REQUIRED PERFORMANCE AND PAYMENT BONDS? (If "YES", indicate within how many calendar days after award in Item 12b.) ☒ YES ☐ NO	12b. CALENDAR DAYS 10
13. ADDITIONAL SOLICITATION REQUIREMENTS:	
a. Sealed offers in original and <u>1</u> copies to perform the work required are due at the place specified in Item 8 by <u>02:00 PM</u> (hour) local time <u>02 Mar 2026</u> (date). If this is a sealed bid solicitation, offers will be publicly opened at that time. Sealed envelopes containing offers shall be marked to show the offeror's name and address, the solicitation number, and the date and time offers are due.	
b. An offer guarantee ☒ is, ☐ is not required.	
c. All offers are subject to the (1) work requirements, and (2) other provisions and clauses incorporated in the solicitation in full text or by reference.	
d. Offers providing less than <u>120</u> calendar days for Government acceptance after the date offers are due will not be considered and will be rejected.	

OFFER (Must be fully completed by offeror)

14. NAME AND ADDRESS OF OFFEROR (Include ZIP Code)

15. TELEPHONE NUMBER (Include area code)

16. REMITTANCE ADDRESS (Include only if different than Item 14.)

CODE

FACILITY CODE

17. The offeror agrees to perform the work required at the prices specified below in strict accordance with the terms of this solicitation, if this offer is accepted by the Government in writing within _____ calendar days after the date offers are due. (Insert any number equal to or greater than the minimum requirement stated in Item 13d. Failure to insert any number means the offeror accepts the minimum in Item 13d.)

AMOUNTS

18. The offeror agrees to furnish any required performance and payment bonds.

19. ACKNOWLEDGMENT OF AMENDMENTS

1. GENERAL

1.1 GENERAL OVERVIEW OF PROCUREMENT PROCESS

This solicitation is being issued as *UNRESTRICTED FOR FULL AND OPEN COMPETITION*.

The NAICS Code for this procurement is 236220 and the Size Standard is \$45,000,000.

This acquisition will be advertised utilizing FAR Part 15 - Contracting by Negotiation resulting in a Firm-Fixed Price (FFP) Contract for Construction Services.

In accordance with DFARS 236.204, the estimated magnitude of construction is between \$25,000,000 and \$100,000,000.

1.2 GENERAL OVERVIEW OF THE CONTRACT

The general intent of this solicitation is to award a Fixed Price Construction Contract for Design-Bid-Build (DBB), B300 Waterfront Machine Shop Roof & HVAC Repair, located at Portsmouth Naval Shipyard (PNSY), Kittery, Maine.

Building 300 is a manufacturing and machining facility. The existing roof system has surpassed its design/service life and has deteriorated to the point where there are significant leaks to the interior. The building interior is exposed to water infiltration due to these roof failures. The HVAC systems were installed during the original construction of the building between 1979 and 1984. No substantial changes have been made to the HVAC system since. The existing HVAC systems have depositions of RCRA 8 metals within them.

The project will remove existing roofing which has exceeded its useful service life and provide for replacement with a new fully adhered 0.080 thermoplastic polyolefin (TPO) roof membrane assembly. The project also provides the removal of all air handling equipment and removal or abandonment-in-place of associated ductwork that conditions the industrial work areas. The project includes measures to contain RCRA 8 dust and abate asbestos containing materials that are known to be present within ductwork. The project provides replacement of the existing steam to hot water plant, the addition of unit heaters to provide heat to the industrial work areas and dedicated outdoor air systems to provide fresh air to the space accompanied by destratification fans for occupant comfort. The project provides removal and replacement of the existing fire alarm and mass notification system and fire sprinkler system serving the industrial work areas. The project includes removal and replacement of the existing 2500 kVA main service transformer feeding Switchgear 4, replacement of the 15 kV service switch, and replacement of the 480V main and feeder switchgear.

Site improvements include utility construction and restoration of disturbed areas resulting from demolition activities. Utilities include electrical and fire safety systems.

2. BASIS FOR AWARD

The Government reserves the right to eliminate from consideration for award any or all offers at any time prior to award of the contract; to negotiate with Offerors in the competitive range; and to award the contract to the Offeror submitting the proposal determined to represent the best value--the proposal most advantageous to the Government, price and other factors considered.

The Government intends to evaluate proposals and award a contract without discussions with Offerors (except clarifications as described in FAR 15.306(a)). The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. In addition, if the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

The tradeoff process is selected as appropriate for this acquisition. The Government considers it to be in its best interest to allow consideration of award to other than the lowest priced Offeror or other than the highest technically rated Offeror.

All technical factors, when combined, are of equal importance to the performance confidence assessment (past performance) rating; and all technical factors and the performance confidence assessment (past performance) rating, when combined, are approximately equal to price.

Any proposal found to have a Deficiency in meeting the stated solicitation requirements or performance objectives will be considered ineligible for award, unless the Deficiency is corrected through discussions, if held. An Unacceptable rating in any of the non-cost/price factors will result in an overall rating of "Unacceptable" for the non-cost/price factors, unless corrected through discussions, if held. Proposals may be found to have either a Significant Weakness or multiple Weaknesses that impact either the individual factor rating or the overall rating for the proposal. The evaluation report must document the evaluation board's assessment of the identified Weakness(s) and the associated risk to successful contract performance resulting from the Weakness(s). This assessment must provide the rationale for proceeding to award without discussions.

3. EVALUATION FACTORS FOR AWARD

The solicitation requires the evaluation of price and the following non-cost/price factors:

Factor 1 - Corporate Experience

Factor 2 - Management Approach & Schedule

Factor 3 - Safety

Factor 4 - Past Performance

Factor 5 - Small Business Utilization and Participation

The distinction between Corporate Experience and Past Performance is that Corporate Experience pertains to the volume of work completed by a contractor that are comparable to the types of work described under the definition of recent, relevant projects, in terms of size, scope, and complexity. Past Performance pertains to both the relevance of recent efforts and how well a contractor has performed on the contracts.

The relative order of importance of the non-cost/price evaluation factors is the technical factors (Factors, 1, 2, 3, and 5) are of equal importance to each other and, when combined, are equal in importance to the past performance evaluation/performance confidence assessment factor (Factor 4). When the proposal is evaluated as a whole, the technical factors and past performance/performance confidence assessment factor combined (i.e., the non-cost/price evaluation factors) are approximately equal to price.

The importance of price will increase if the Offerors' non-cost/price proposals are considered essentially equal in terms of overall quality, or if price is so high as to significantly diminish the value of a non-cost/price proposal's superiority to the Government. Award will be made to the responsible Offeror whose offer conforms to the solicitation and represents the best value to the Government, price and non-price factors considered.

Basis of Evaluation and Submittal Requirements for Each Factor.

The Offeror shall submit one (1) electronic copy via PIEE, to include the submittal requirements identified below. The Price and Non-price proposals shall be submitted in separate files and submitted in Portable Document Format (PDF). In addition, non-price/technical information included in the price proposal will not be considered; likewise, price information included in the non-price/technical proposal will not be considered. All required proposal documents shall be submitted in accordance with FAR 15.208.

Offeror shall provide a cover page with solicitation number, solicitation title, Offeror name, address, phone number, fax number, Unique Entity Identifier (UEI), CAGE code, Federal Tax ID number, Point of Contact (POC), POC phone number, and POC email address with its proposal.

Refer to individual factors for page limitations. Pages that exceed indicated page limitations shall not be evaluated. Information submitted beyond any of the page limits below will not be considered.

Note: If proposing as a Joint-Venture (JV), the Offeror shall submit the POC, UEI, and CAGE Code for each JV partner.

Price Proposal

(i) Solicitation Submittal Requirements:

All submissions shall include the following:

1. Executed SF1442. Offeror shall insert its company name and address in Block #14, telephone number in Block #15, acknowledge all amendments in Block #19 (if applicable), name and title of person authorized to sign in Block #20A, signature in Block #20B, and offer date in Block #20C of the SF1442. In addition, Offeror shall provide a cover page with solicitation number, solicitation title, Offeror name, address, phone number, fax number, Unique Identifier Number (UEI), CAGE code, Federal Tax ID number, Point of Contact (POC), POC phone number, and POC email address, with its proposal.
2. Completed Price Proposal Form that includes all CLINs. The Offeror is required to submit a complete Price Proposal Form that includes completion of all contract line items numbers (CLINs). Pricing information is not required to be completed under Section 00 10 00 - Solicitation Contract Form in SF 1442.
3. Bid bond (SF-24). Offeror shall submit a Bid Guarantee in accordance with FAR 52.228-1, Bid Guarantee. A bid bond (SF-24) shall be at least 20 percent of the total proposed price for project but shall not exceed \$3M. The bid bond shall be in the name of the Offeror identified on the SF1442.
4. System for Award Management (SAM) registration. Offeror shall provide a copy of Representation and Certifications and proof of registration in System for Award Management (SAM) and ensure current registration on the SAM Website, www.sam.gov, including Annual Representations and Certifications are complete and updated for this procurement. If a Representation or Certification required by Section 00 45 00 of the RFP is not provided in SAM, include the representation or certification in your price proposal. The Contracting Officer and/or Contract Specialist will verify the Offeror's registration in SAM only at time of submission of an offer and at the time of contract award, unless an exemption applies under FAR 4.1102 (a).
5. FAPIIS. Offeror shall ensure Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete, as required by FAR 52.209-7, Information Regarding Responsibility Matters.
6. VETS-4212 registration. Confirmation of filing of Veterans' Employment and Training (VETS) VETS-4212 for the 2024/2025 filing cycle, if the Offeror is required to submit. Offeror shall ensure a current VETS-4212 report has been submitted to the Department of Labor (DOL) website, <http://www.dol.gov/vets/vets4212.htm>. An email confirmation of submission can be requested and received by the Offeror from the DOL website and submitted in the price proposal. If the Offeror is not required to submit a report to VETS-4212, include a brief statement and justification explaining why the Offeror is not required to submit a report. Visit the VETS-4212 website for details concerning if your company is required to submit a VETS-4212 report and to request an email confirmation of submission.
7. Small Business Subcontracting Plan (Reference FAR 52.219-9 ALT II and DFARS 252.219-7003).

In accordance with FAR 19.7, all other than small businesses shall submit a Small Business Subcontracting Plan (SBSP) utilizing the template provided as Attachment I. Acceptability of the SBSP will be considered a responsibility matter. The SBSP will not be evaluated or rated by the SSEB but reviewed by a Small Business Professional/Authorized Representative and the Contracting Officer for acceptability. The SBSP shall be negotiated and/or accepted within the time specified by the Contracting Officer. Failure to negotiate an acceptable subcontracting plan within the time limit prescribed by the Contracting Officer will render the Offeror ineligible for award of the contract. The SBSP will be incorporated into the resulting contract.

NAVFAC's command-wide small business subcontracting targets are shown below. These may be higher or lower than percentages that would represent realistic, challenging, small business subcontracting goals for this acquisition consistent with efficient and effective performance of the contract. These targets are based on a percentage of total planned subcontract dollars. These goals will be incorporated into the solicitation.

Small Business (SB)	40%
Small Disadvantaged Business (SDB)	5%
Women Owned Small Business (WOSB)	9%
HubZone SB	3%
Service-Disabled Veteran-Owned Small Business (SDVOSB)	5%

The SBSP shall be consistent with the commitments offered in the Small Business Utilization and Participation factor. In accordance with DFARS 215.304(c)(i), when an evaluation assesses the extent that small businesses are specifically identified in proposals, those small businesses considered in the evaluation shall be listed in the SBSP.

Please note that SBSP goals and the participation rates provided in the Small Business Participation Commitment Document (SBPCD) WILL NOT be the same. The participation rates within the SBPCD are provided as percentages of the total contract value; subcontract plan goals are provided as a percentage of planned subcontracting dollars. While the percentages will differ, the types of products/services identified in the SBSP, should be the same as those products/services identified in the SBPCD. Likewise, the planned small business subcontract dollars in the SBSP will be equal to (or in some cases greater than) the extent of small business participation identified in the SBPCD.

8. Bank Reference. One (1) Signed Bank Reference demonstrating adequate financial resources. If Offeror's firm has a line of credit, provide information on how many figures the Offeror can borrow against the line of credit (i.e. medium 6 figures - exact line of credit is not required).

9. Financial Statements. The Offeror shall provide the latest three complete fiscal year financial statements for the prime contractor, certified by an independent accounting firm, if practicable, or signed by an authorized officer of the organization. Submit evidence of availability of working /operating capital, which will be used for the performance of the resultant contract. For Joint Venture arrangements, submit the latest three complete fiscal year financial statements for each company in the Joint Venture and discuss the financial responsibilities among the companies.

10. Facilities and Equipment. Provide a description of Offeror's facilities and equipment.

11. Other Work. Provide a list of Offeror's other work presently under contract.

(ii) Basis of Evaluation:

The Government will evaluate price based on the total price. Total price consists of the basic requirements and all option items (see Section 00 10 00 of the solicitation). The Government intends to evaluate all options and has included the provision FAR 52.217-5, Evaluation of Options (JUL 1990) in the solicitation. In accordance with FAR 52.217-5, evaluation of options will not obligate the Government to exercise the option (s). Analysis will be performed by one or more of the following techniques to ensure a fair and reasonable price:

- (i) Comparison of proposed prices received in response to the RFP.
- (ii) Comparison of proposed prices with the IGCE.
- (iii) Comparison of proposed prices with available historical information.
- (iv) Comparison of market survey results.

Although required to be submitted with Offeror's price proposal, Items 3 through 11 above will not be evaluated as part of the price proposal. This information will be utilized by the Government in the responsibility determination and for considering responsiveness to the solicitation requirements.

Non-Price Factors:

All submissions shall include the following:

Factor 1, Corporate Experience:

- (i) Solicitation Submittal Requirements:

The Offeror shall submit the following information:

Submit a minimum of two (2) up to a maximum of five (5) relevant construction projects for the Offeror that best demonstrate your experience on relevant projects (similar in Size, Scope, and Complexity as defined below).

Experience shall be that of the Offeror performed as the Prime Contractor. Experience of proposed subcontractors will not be considered. Furthermore, experience of the Offeror while working as a subcontractor will not be considered.

For purposes of this evaluation, a relevant project is further defined as:

Size: Projects demonstrating a final construction cost of \$15,000,000 or greater. Final construction cost is defined as the total price paid by the customer for the construction services, including original contract award amount and any modifications executed during performance.

Scope: Projects demonstrating complete renovation of an active multi-story production stand alone facility. The facility shall consist of a single building and be a minimum of 80,000 SF. Additions will not be considered.

Complexity: Offerors are not required to demonstrate all Complexity elements (listed below) in each relevant project submitted, but Offerors shall collectively demonstrate experience with the following elements within the submitted relevant projects, while meeting the above Size and Scope relevancy requirements:

- (a) Experience with projects in congested urban or industrial areas with limited construction laydown space and restricted access.
- (b) Experience with sequencing and phasing requirements.
- (c) Experience with construction in or around occupied industrial facilities.

Notes:

- (1) A submitted project may consist of multiple buildings, but at least one building must meet Size, Scope, and Complexity as defined above, in order to be deemed Relevant.
- (2) A project must meet Size and Scope and at least one element of Complexity in order to be relevant. However, Offerors are required to collectively demonstrate experience with the Complexity elements within the submitted Relevant projects, as detailed above.

Projects submitted for the Offeror shall be completed within the past ten (10) years from the date of issuance of this RFP. Projects which are not complete as of the date of issuance of this RFP will be considered "Not Relevant". Additionally, projects completed prior to ten (10) years from the date of issuance of this RFP will be considered "Not Relevant."

For all submitted projects, ensure that the project description clearly addresses how the project meets the required timeframe as well as the above Size, Scope, and Complexity requirements and clearly provides the total construction cost. **The absence of any such information or information that does not clearly address any of these requirements may result in the project being considered Not Relevant, which could result in a rating of UNACCEPTABLE for this Factor which renders the proposal ineligible for award.**

A project is defined as a construction project performed under a single task order or contract. For multiple award and indefinite delivery/indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather, Offerors shall submit the work performed under a task order as a project. The submission of a multiple award and/or indefinite delivery/indefinite quantity type contract as a whole will be considered Not Relevant.

The attached Construction Experience Project Data Sheet (Attachment E) is **MANDATORY** and **SHALL** be used to submit project information. Except as specifically requested, the Government will not consider information submitted in addition to this form, nor will the Government consider information submitted via any other medium. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed two (2) pages. Information on additional pages outside of the project data sheet and/or beyond the limit will not be considered when reviewing the project.

If the Offeror is a Joint Venture (JV), relevant project experience should be submitted for projects completed by the Joint Venture entity. If the Joint Venture does not have shared experience, projects may be submitted for the Joint Venture members. Offerors may submit experience where a member of the JV performed as a JV with another entity but must clearly demonstrate how its work on that project met Size, Scope, and Complexity as defined above.

If a project was performed by a JV, and not all partners from that JV are on the JV proposed for this contract, the Offeror shall clearly demonstrate what portion of the work was performed by the JV member offering on this contract and shall not include work performed by the JV as a whole. The JV member proposed for this contract shall specifically address field work performed by that JV member including field staffing and direct field work oversight. The JV member proposed for this contract shall also address home office management performed by that JV member including the number /percentage of employees provided for the overall contract by the JV members as well as the overall percentage of work performed by the JV member. The Offeror shall also submit a SIGNED copy of the Joint Venture agreement indicating the proposed participation of each Joint Venture member. For 8(a) Mentor-Protege Joint Ventures, the Offeror shall submit the signed and U.S. Small Business Administration (SBA) approved Mentor-Protege agreement. For Offerors who are a Joint Venture, an Offeror's proposal may be considered ineligible for award if this information is not provided. Offerors are still limited to a total of five (5) projects combined.

Offerors that are not submitting as a JV may submit a project where it performed as a JV with another entity but must clearly demonstrate how its work on that project met Size, Scope, and Complexity as defined above or the project will be considered Not Relevant.

If an Offeror is utilizing experience information of affiliates/subsidiaries/parent/LLC/LTD member companies (name is not exactly as stated on the SF1442), the Project Data Sheet shall clearly demonstrate that the affiliate/subsidiary/parent firm will have meaningful involvement in order for the experience information of the affiliate/subsidiary/parent/LLC/LTD member companies to be considered. The Project Data Sheet shall state specific commitments of technical resources (e.g., personnel, management, equipment) that the affiliate/subsidiary/parent/LLC/LTD member companies shall commit to the performance of this contract. In particular, the Project Data Sheet shall clearly state the specific commitments of resources of the affiliate/subsidiary/parent/LLC/LTD member that will be located at the worksites and company offices in the city/area of the project. The Project Data Sheet shall also describe specific roles of the affiliate/subsidiary/parent/LLC/LTD member companies in terms of the work it will either self-perform or manage on behalf of the Offeror in performance of the contract. Vague commitments to support are likely insufficient; rather, they must demonstrate intent/manner of actual performance on the contract action being solicited.

(ii) Basis of Evaluation:

The basis of evaluation will include the Offeror's demonstrated experience in performing relevant construction projects as defined in the solicitation submittal requirements. The assessment of the Offeror's relevant experience will be used as a means of evaluating the capability of the Offeror to successfully meet the requirements of the RFP. The Government will only review five (5) projects total. Any projects submitted in excess of the five (5) for Corporate Experience will not be considered. If the Offeror submits more than five projects, the Government will consider only the first five (5) projects submitted.

An Offeror that does not submit a minimum of two (2) relevant projects as defined above, will be assigned a Deficiency and receive a rating of UNACCEPTABLE. An Offeror with an UNACCEPTABLE rating in any Factor will not be eligible for award.

For proposals submitted by a JV, proposals that do not demonstrate relevant project experience for each JV partner may be considered less favorably.

Offerors that demonstrate all required Complexity elements in a single relevant project may be considered more favorably.

Offerors that demonstrate multiple relevant projects that satisfy the Complexity element pertaining to experience with projects in congested urban or industrial areas with limited construction laydown space and restricted access may be considered more favorably.

Offerors that demonstrate multiple relevant projects that satisfy the Complexity element of experience with sequencing and phasing requirements may be considered more favorably.

Factor 2, Management Approach & Schedule:

(i) Solicitation Submittal Requirements:

Submit the following documentation, as detailed throughout this Factor, in order to describe your approach to managing the project, risk, and ensuring adherence to the project schedule.

1) Management Approach Narrative

2) Critical Path Schedule

See below for details concerning the required content of each item listed above. The Management Approach Narrative shall not exceed ten (10) pages. There are no page restrictions on the project schedule.

1. Management Approach Narrative

The narrative shall include, but is not limited to:

- Provide a written work plan that addresses major elements of work and project risks. The work plan shall demonstrate understanding of the scope, all phases and major milestones, technical complexities, and construction schedule required to achieve the work as identified in the RFP.
- Identify activities that may affect the project timeline, including other/off site work activities.
- Identify key project risks including their likelihood and consequences, along with mitigation or management strategies to minimize or eliminate impacts to the project cost and schedule.

At a minimum, the written work plan shall address the following technical complexities:

- a) Phased construction in an active production facility
- b) Removal and abatement of hazardous materials

2. Critical Path Schedule

The project schedule shall illustrate the Offeror's ability to achieve or improve on the contract completion date set out in the RFP. The total duration of the base portion of the contract is 925 calendar days. Identify the overall completion time for this project, in accordance with the RFP, as well as interim completion times and key milestones for sequences as required to complete construction. The schedule shall demonstrate a logical sequence of events to accomplish the work, and contain enough information to identify all the major milestones, as defined in the phasing plans of the RFP.

The schedule shall be based on a contract award date of 31 AUGUST 2026. This is for proposal purposes only and not dispositive of an anticipated /planned award date.

If an Offeror proposes a realistic and feasible schedule that is shorter than the required duration and is selected for award, that schedule and duration will be incorporated into the award document and replace the advertised required duration.

A schedule that proposes a contract duration longer than indicated in the RFP will be rated UNACCEPTABLE.

Offeror shall provide a critical path method (CPM) schedule for execution and completion of the work to achieve the required interim and final completion milestones for the project. At a minimum, the CPM schedule shall address the following:

- Identify major activities and milestones
- Identify and provide sequencing (precedence/succession) of critical activities and work within an active production facility
- Demonstrate knowledge of project regulatory constraints

(ii) Basis of Evaluation:

Offerors will be evaluated on the extent to which they demonstrate a clear understanding of the above solicitation submittal requirements for this factor. A management approach narrative work plan and schedule that do not address all items listed above may be rated as UNACCEPTABLE.

1. Management Approach - An Offeror's narrative work plan that clearly addresses major elements of work and project risks and provides a comprehensive contingency plan that addresses mitigation of any identified risks with potential solutions may be considered more favorably than those that do not.

2. Schedule - A project schedule that demonstrates a realistic and feasible contract duration shorter than the required duration indicated in the RFP may be considered more favorably than those that do not.

Factor 3, Safety:

(i) Solicitation Submittal Requirements:

The Offeror shall submit the following information:

The Days Away from Work, Restricted Duty, or Job Transfer (DART) Rate; and Total Case Rate (TCR) for the specified five (5) Calendar Years (CY), as well as a safety narrative as described further below. For a partnership, joint venture, the Offeror shall submit separate DART and TCR for the specified five (5) CY for each contractor who is part of the partnership or joint venture; however, only one safety narrative is required. Any fatalities experienced within this 5-year timeframe must be explained in detail, to include root cause and corrective actions.

NOTE: DART and TCR shall not be submitted for subcontractors.

(1) **DART Rate:** Submit five (5) previous complete calendar years' [CY2025, CY2024, CY2023, CY2022, and CY2021] worth of data (not an overall average). If the Offeror has no DART rate, for any year, the Offeror must affirmatively state so and explain why. Should a negative trend occur above Moderate Risk levels, an acceptable/detailed explanation is required, that includes any corrective actions taken for improvement.

a. DART cases include injuries or illnesses resulting in death, days away from work, and/or restricted work or transfer to another job days beyond the day of injury/illness.

b. Calculation of DART rate: Multiply the total number of DART cases by 200,000 and then divide by the number of employee labor hours worked.

(2) **TCR Rate:** Submit five (5) previous complete calendar years' [CY2025, CY2024, CY2023, CY2022, and CY2021] worth of data (not an overall average). If the Offeror has no TCR rate, for any year, the Offeror must affirmatively state so and explain why. Should a negative trend occur above Moderate Risk levels, an acceptable/detailed explanation is required, that includes any corrective actions taken for improvement.

a. TCR cases include injuries or illnesses resulting in death, days away from work, restricted work or transfer to another job days beyond the day of injury/illness, medical treatment beyond first aid, or loss of consciousness.

b. Calculation of TCR rate: Multiply the total number of TCR incidents by 200,000 and then divide by the number of employee labor hours worked.

(3) **Technical Approach for Safety:** Submit a narrative that addresses the following:

a. Describe the Offeror's approach to implementing and executing a Safety Management System (SMS) including Management /Leadership involvement, Employee involvement, Hazard prevention, Hazard control, Worksite analysis, and Safety and health training, to include the standard(s) used to benchmark the SMS.

b. Describe the evaluation process used to select potential subcontractors.

c. Describe the processes of how the Offeror will oversee safety compliance of subcontractors at all levels throughout the performance of the contract (to include their own in-house workforce).

d. The Technical Approach to Safety narrative shall be limited to two (2) pages.

(4) The Government reserves the right to review other available sources (public/Government internal) of information. These may include but are not limited to OSHA data, NAVFAC's Contractor Incident Reporting System (CIRS), Contractor Performance Assessment Reporting System (CPARS), Electronic Contract Management System (eCMS), etc.

(ii) Basis of Evaluation:

The Government is seeking to determine that the Offeror has consistently demonstrated a commitment to safety and that the Offeror plans to properly manage and implement safety procedures for itself and its subcontractors. The evaluation will collectively consider the DART rate, TCR, Technical Approach to Safety, and other sources of information available to the Government as part of such collective evaluation. The board will evaluate the DART rates and TCR to determine if the Offeror has demonstrated a history of safe work practices taking into account any negative trends and extenuating circumstances that impact the rating.

(1) DART Rate: The board will evaluate trends over the last five years considering changes that take it from one risk level (or more) to the next up or down. Negative trends occurring above Moderate Risk levels require the Offeror to provide a detailed explanation that includes any corrective actions taken for improvement.

- a. Missing data without an explanation is considered a Deficiency.
- b. Declining trends that push the risk levels from Moderate Risk (MR) or higher to Low Risk (LR) or Very Low Risk (VLR) may indicate a Strength.
- c. An increasing DART rate trend could be considered a Weakness (i.e. MR or better to High Risk (HR) or Extremely High Risk (EHR)) if an acceptable explanation is not provided for any trends that rise above Moderate Risk.
- d. This chart correlates the DART rate to the level of risk:

-

<u>Risk</u>	<u>DART Rate</u>
Very Low Risk	Less Than 1.0
Low Risk	From 1.0 to 1.99
Moderate Risk	From 2.0 to 2.99
High Risk	From 3.0 to 4.0
Extremely High Risk	Greater than 4.0

(2) TCR Rate: The board will evaluate trends over the last five years considering changes that take it from one risk level (or more) to the next up or down. Negative trends occurring above Moderate Risk levels require the Offeror to provide a detailed explanation that includes any corrective actions taken for improvement.

- a. Missing data without an explanation is considered a Deficiency.
- b. Declining trends that push the risk levels from Moderate Risk (MR) or higher to Low Risk (LR) or Very Low Risk (VLR) may indicate a Strength.
- c. An increasing TCR rate trend could be considered a Weakness (i.e. MR or better to High Risk (HR) or Extremely High Risk (EHR)) if an acceptable explanation is not provided for any trends that rise above Moderate Risk.
- d. This chart correlates the TCR rate to the level of risk:

<u>Risk</u>	<u>TCR Rate</u>
-------------	-----------------

Very Low Risk	Less Than 2.49
Low Risk	From 2.5 to 3.49
Moderate Risk	From 3.5 to 4.49
High Risk	From 4.5 to 5.99
Extremely High Risk	Greater than 6.0

(3) The Technical Approach to Safety Narrative. To determine the degree to which the Offeror:

- a. Describes a viable SMS that addresses the Offeror's approach to implementing and executing a Safety Management System (SMS) including Management/Leadership involvement, Employee involvement, Hazard prevention, Hazard control, Worksite analysis, and Safety and health training, to include the standard(s) used to benchmark the SMS.
- b. Describes a methodical process of evaluating subcontractor's safety performance in their selection process.
- c. Describes a logical management plan to hold themselves and their subcontractors accountable for adhering to the safety requirements of the contract.
- d. The Technical Approach to Safety narrative shall be limited to two (2) pages. Information on pages beyond this limit will not be considered.

(4) The Government reserves the right to review other available sources (public/Government internal) of information. These may include but are not limited to OSHA data, NAVFAC's Contractor Incident Reporting System (CIRS), Contractor Performance Assessment Reporting System (CPARS), Electronic Contract Management System (eCMS), etc.

Factor 4, Past Performance:

- (i) Solicitation Submittal Requirements:

Recent, relevant projects are determined within the requirements for Factor 1, Corporate Experience.

If a completed Contractor Performance Assessment Reporting System (CPARS) evaluation is available, it shall be submitted with the proposal for each project included in Factor 1. The Offeror shall include all completed CPARS evaluations (interim and final) for a project. If there is not a completed CPARS evaluation, the Past Performance Questionnaire (PPQ) included in the solicitation is provided for the Offeror or its team members to submit to the client for each project submitted for Factor 1, Corporate Experience. AN OFFEROR SHALL NOT SUBMIT A PPQ WHEN A COMPLETED CPARS IS AVAILABLE.

If a CPARS evaluation is not available, completed PPQs should be submitted with your proposal. If the Offeror is unable to obtain a completed PPQ from a client for a project(s) before proposal closing date, the Offeror should complete and submit with the proposal the first page of the PPQ (Attachment F), which will provide contract and client information for the respective project(s). Offerors should ensure correct phone numbers and email addresses are provided for the client point of contact. Offerors should follow-up with clients/references to ensure timely submittal of questionnaires. If the client requests, questionnaires may be submitted directly to the Government's point of contact, Mary Ann Pool, via email at mary.a.pool3.civ@us.navy.mil prior to proposal closing date. Offerors shall not incorporate by reference into their proposal PPQs or CPARS previously submitted for other RFPs. However, this does not preclude the Government from utilizing previously submitted PPQ information in the past performance evaluation.

Offerors are highly encouraged to provide any information on problems encountered and the corrective actions taken on projects submitted under Factor 1 - Corporate Experience. Additionally, Offerors are highly encouraged to address any adverse past performance issues. Such explanations shall not exceed four (4) pages in total. Information beyond this page limitation will not be considered.

In addition to the above, the Government may review any other sources of information for evaluating past performance. Other sources may include, but are not limited to, past performance information retrieved through the Contractor Performance Assessment Reporting System (CPARS) using all CAGE/Entity Identifier numbers of team members (partnership, joint venture, teaming arrangement, or parent company/subsidiary/affiliate) identified in the Offeror's proposal, inquiries of owner representative(s), Federal Awardee Performance and Integrity Information System (FAPIIS), Electronic Subcontract Reporting System (eSRS), and any other known sources not provided by the Offeror.

While the Government may elect to consider data from other sources, the burden of providing detailed, current, accurate and complete past performance information rests with the Offeror.

IMPORTANT: It is the responsibility of the Offeror to provide accurate points of contact for each identified contract and current telephone numbers and/or email addresses. Failure to provide requested data, accessible points of contact, or valid phone numbers could result in a firm being considered less qualified.

The Government reserves the right to contact references for verification or additional information. The Government's inability to contact any of the Offeror's references or the references' unwillingness to provide the information requested may affect the Government's evaluation of this factor.

A copy of the blank Past Performance Questionnaire to be used for requesting client references is included as Attachment F.

(i) Basis of Evaluation:

This evaluation focuses on how well the Offeror performed on the projects submitted under Factor 1 - Corporate Experience and past performance on other relevant projects currently documented in known sources.

The Government will consider the degree to which past performance evaluations and all other past performance information reviewed by the Government (e.g., CPARS, Federal Awardee Performance and Integrity Information System (FAPIS), Electronic Subcontract Reporting System (eSRS), performance recognition documents, and information obtained from any other source) reflect a trend of satisfactory performance considering:

- A pattern of successful completion of tasks;
- A pattern of deliverables that are timely and of good quality;
- A pattern of cooperativeness and teamwork with the Government at all levels (task managers, contracting officers, auditors, etc.); and
- Recency of tasks performed that are identical to, similar to, or related to the task at hand.

The Government will consider the currency and relevance of the information, the source of the information, context of the data, and general trends in performance. This evaluation is separate and distinct from the Contracting Officer's responsibility determination. The assessment of past performance will be used as a means of evaluating the offeror's probability to successfully meet the requirements of the RFP. More relevant past performance will have more influence on the past performance confidence assessment than past performance of lesser relevance. In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available, the offeror may not be evaluated favorably or unfavorably on past performance, and will receive a Neutral Confidence rating.

Factor 5, Small Business Utilization and Participation:

It is the policy of the Government to provide maximum practicable opportunities in its acquisitions to Small Business (SB) concerns, including Small Disadvantaged Business (SDB), Woman-Owned Small Business (WOSB), Historically Underutilized Business Zone Small Business (HUBZone SB), Veteran-Owned Small Business (VOSB), Service-Disabled Veteran Owned Small Business (SDVOSB), and other small business concerns. Further, it is the policy of the Government that such concerns will have the maximum practicable opportunity to participate in contract performance consistent with its efficient performance.

This Factor assesses both the historical achievements in utilizing small business concerns and the proposed small business participation commitment for this requirement. The Offeror is required to demonstrate its previous commitment to SBs through its record of past utilization of SBs and the level of commitment to small business if awarded a contract under this solicitation.

(i) Solicitation Submittal Requirements:

1. All Offerors (large AND small businesses) shall use Attachment G (Historical Small Business Utilization) to demonstrate their historical utilization of SBs. Each project submitted under Factor 1, Corporate Experience, shall be included on Attachment G. Failure to include each project submitted under Factor 1, Corporate Experience, on Attachment G, or the failure to fully complete Attachment G for each project may result in a Deficiency. Only complete Attachment G. Information provided in a different format and/or on a form created by the Offeror will not be evaluated. Attachments or addendums to Attachment G will not be evaluated. Offerors are permitted to expand portions of the form, as needed, to provide sufficient response. Instructions regarding how to complete Attachment G are included at the beginning of the attachment.
2. All Offerors (large AND small businesses) shall use Attachment H (Small Business Participation Commitment Document (SBPCD)) to submit the following required information for evaluation of this factor:

- To demonstrate commitment to use small business concerns in the performance of this contract, identify by name the subcontractors that will be used to support each small business category, including SDB, WOSB, HUBZone SB, VOSB, and

SDVOSBs. Identify the type and complexity of product/service to be subcontracted, and the type of commitment (i.e., teaming agreement, joint venture agreement, mentor protegee agreement, letter of commitment, etc.) with each subcontractor.

- o If subcontractors are not identified by name, Offerors shall provide a detailed explanation why subcontractors are not identified. If firm written commitments with SBs are not in place, Offerors shall provide an explanation and rationale on the ability to achieve the proposed participation. (See Attachment H, paragraph 5)
 - o If a LB Offeror does not intend to subcontract, provide a detailed explanation why subcontracting would not result in efficient contract performance. SBs intending to 100% self-perform are not required to provide an explanation. (See Attachment H, paragraph 6)
- To demonstrate maximum practicable participation of small businesses, identify **(in terms of dollar value and percentage of the total contract value)** the Offeror's proposed small business participation. The minimum required small business participation (i.e., work to be performed by small business as the prime contractor and/or work to be performed by small business subcontractors) is **20%**. Offerors who are not able to meet the minimum total small business participation requirement of **20%** (of the total contract value) shall provide a detailed explanation why the minimum total small business participation requirement cannot be achieved.
 - Only complete Attachment H. Information provided in a different format and/or on a form created by the Offeror will not be evaluated. Attachments or addendums to Attachment H will not be evaluated.
 - Large business Offerors may achieve the minimum total small business participation requirement through subcontracting to small businesses.
 - Small business Offerors may achieve the minimum total small business participation requirement through their own performance /participation as a prime as well as through a joint venture, teaming arrangement, and/or subcontracting with other small business concerns.

(ii) Basis of Evaluation:

The Government will evaluate the likelihood of success in achieving the small business objectives of this acquisition based on the following:

1. The extent to which the Offeror is able to demonstrate a history of supporting Government policies concerning the utilization of small business concerns, including SDB, WOSB, HUBZone SB, VOSB, and SDVOSB and the success in achieving goals established by subcontracting plans on prior contracts. For projects submitted for Factor 1, Corporate Experience, that did not have established small business goals, consideration will be given to the utilization of the small business concerns and the degree of usage of small business relative to the total contract value. Historical Small Business Utilization will only be evaluated if performed by the Offeror.
2. The extent to which the Offeror has demonstrated an achievable commitment to use small businesses, including SDB, WOSB, HUBZone SB, VOSB, and SDVOSB in the performance of this contract within the SBPCD.
 - The minimum small business participation requirement, through work performed by the small business prime and/or subcontracting with small businesses, shall meet or exceed **20%** of the total contract value, unless the Offeror provides a reasonable and well-documented explanation for why the minimum 20% small business participation requirement cannot be achieved.
 - o Offerors that demonstrate a commitment to providing maximum practical opportunity to small businesses may be rated higher.
 - o Proposing less than 20% total small business participation requirement may result in a Deficiency.
 - o Offerors that do not demonstrate commitment to providing maximum practical opportunity to small businesses may result in a Deficiency.

- The SBPCD will be evaluated to determine the extent to which small business concerns are specifically identified by name and socioeconomic category in the document and the degree to which small business concerns, including SDB, WOSB, HUBZone SB, VOSB, and SDVOSB will participate relative to the total contract value. The complexity and variety of the work small business concerns will perform and the degree of commitment to use named sources through formal teaming agreements, joint venture agreements, mentor protege agreements, written/signed letters of /commitment, etc. will be evaluated to assess achievability of the commitment.
 - o The Offeror may receive a Deficiency if firm commitments with subcontractors are not provided, and the Offeror fails to provide a detailed explanation for how the proposed small business participation requirement will be achieved.
 - o The Offeror may be rated lower, if they fail to provide a detailed explanation for why subcontracting would not result in efficient contract performance. (Not applicable to SBs intending to 100% self-perform or LBs and who intend to subcontract.)

4. PROPOSAL REQUIREMENTS

4.1 SITE VISIT

Information to be provided via amendment.

4.2 PROPOSAL SUBMISSION INSTRUCTIONS

In response to this request for proposal, the complete proposal shall include the Price Proposal and the Non-Price Factors Proposal, with both submitted in accordance with the Basis of Evaluation and Submittal Requirements for each Factor. Offerors shall submit an electronic copy of the proposal in accordance with the instructions below by the proposal due date.

Offerors shall only submit electronic proposals (.pdf format) in response to this solicitation. Only the PIEE Solicitation Module is authorized for the submission of electronic proposals in response to this solicitation. Electronic proposal submissions should be no larger than 1.9 GB per file. Offerors shall ensure that the Government has received the electronic proposal prior to the date and time specified. PIEE Solicitation Vendor Access Instructions are provided via Attachment C. Emailed submissions will not be accepted.

Offerors shall allow adequate time to upload files which may be slower for non-DoD users and to avoid other technical difficulties that may be encountered. Offerors are also responsible for submitting files in the format specified and consistent with requirements stated elsewhere in this solicitation. Files that cannot be opened or are otherwise missing the required content are the responsibility of the Offeror.

The PIEE system will record the date and time of package submittal. The date and time of package submittal recorded in PIEE shall govern the timeliness of any proposal submission. PROPOSALS SUBMITTED IN RESPONSE TO THIS REQUEST FOR PROPOSAL MUST BE RECEIVED NO LATER THAN THE DATE AND TIME SPECIFIED IN BLOCK 13A OF THE SF1442. **Proposals not received by the time and date specified shall be treated in accordance with FAR 52.215-1 "Instruction to Offerors - Competitive Acquisitions" and may be rejected.**

Price information contained in the technical proposal will not be considered. Likewise, technical information contained in the price proposal will not be considered.

It is the sole responsibility of the Offeror to obtain the RFP files, along with any amendments, from Opportunities (www.sam.gov).

4.3 PRE-PROPOSAL INQUIRIES (PPIS)

All inquiries must be submitted in writing and received by the Contract Specialist **fourteen (14) calendar days** prior to the solicitation closing date in order to permit adequate time to reply to the inquiry. There is no guarantee that PPI's submitted after the cut-off date will be answered before the solicitation closes. Submit all questions to Mary Ann Pool at mary.a.pool3.civ@us.navy.mil with the e-mail subject line "N4008526R0029 PPI {Company Name}". Additionally, all inquiries shall be submitted using the Pre-Proposal Inquiry Form (Attachment B). Do not submit the same inquiry more than once. Please verify that inquiries submitted by you on behalf of your subcontractors are not duplicates. A response will be published via an amendment to SAM.gov. The PPI Log Template (Attachment B) can be found on the SAM.gov website.

4.4 CONTRACT OPPORTUNITIES

Amendments will be posted directly to PIEE and SAM.gov under the solicitation number in Contract Opportunities. The specifications will be posted on SAM.gov under the Attachments section of this RFP. Additionally, other postings will be made to PIEE/SAM, such as responses to PPI's, revised specifications, etc., under the Attachments section of the RFP. It is recommended contractors check SAM periodically to see if additional postings have been made. It is the contractor's responsibility to check SAM for all postings.

5. INCORPORATION OF TECHNICAL PROPOSAL

The Contractor's technical proposal, including revisions and amendments, made prior to contract award and a copy of which is in the possession of both parties, will be incorporated into this contract upon award by reference with the same force and effect as if set forth in full text. All contractor personnel shall meet or exceed the qualification standards, experience levels and trade background set forth in the technical proposal.

In the event of an inconsistency between the provisions of this contract and the technical proposal, the inconsistency shall be resolved by giving precedence in the following order: (i) the contract (excluding the technical proposal), and then (ii) the technical proposal.

252.204-7007 Alternate A, Annual Representations and Certifications. (Oct 2025) Alternate A (Oct 2025)

ALTERNATE A, ANNUAL REPRESENTATIONS AND CERTIFICATIONS (OCT 2025)

Substitute the following paragraphs (b), (d), and (e) for paragraphs (b) and (d) of the provision at FAR 52.204-8:

(b)(1) If the provision at 52.204-7, System for Award Management, is included in this solicitation, paragraph (e) of this provision applies.

(2) If the provision at 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (e) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

☐ (i) Paragraph (e) applies.

☐ (ii) Paragraph (e) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(d)(1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:

(i) 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation. Applies to all solicitations.

(ii) 252.216-7008, Economic Price Adjustment-Wage Rates or Material Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services-Representations. Applies to solicitations for the acquisition of commercial satellite services.

(v) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism. Applies to all solicitations expected to result in contracts of \$200,000 or more.

(vi) 252.229-7012, Tax Exemptions (Italy)-Representation. Applies to solicitations and contracts when contract performance will be in Italy.

(vii) 252.229-7013, Tax Exemptions (Spain)-Representation. Applies to solicitations and contracts when contract performance will be in Spain.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer:
[Contracting Officer check as appropriate.]

☐ (i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

☐ (ii) 252.225-7000, Buy American-Balance of Payments Program Certificate.

☐ (iii) 252.225-7020, Trade Agreements Certificate.

☐ Use with Alternate I.

☐ (iv) 252.225-7031, Secondary Arab Boycott of Israel.

☐ (v) 252.225-7035, Buy American-Free Trade Agreements-Balance of Payments Program Certificate.

☐ Use with Alternate I.

☐ Use with Alternate II.

☐ Use with Alternate III.

☐ Use with Alternate IV.

☐ Use with Alternate V.

☐ (vi) 252.226-7002, Representation for Demonstration Project for Contractors Employing Persons with Disabilities.

☐ (vii) 252.232-7015, Performance-Based Payments-Representation.

(e) The Offeror has completed the annual representations and certifications electronically via the SAM website at <https://www.sam.gov>. After reviewing the SAM database information, the Offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in FAR 52.204-8(c) and paragraph (d) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer, and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [*Offeror to insert changes, identifying change by provision number, title, date*]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR/DFARS Provision #	Title	Date	Change
—	—	—	—

Any changes provided by the Offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications located in the SAM database.

52.204-8 Annual Representations and Certifications. (DEVIATION 2025-O0003 and 2025-O0004) (Oct 2025) Deviation 2025-O0004 (Mar 2025)

Annual Representations and Certifications (MAR 2025)(DEVIATION 2025-O0003 and 2025-O0004)

(a)

(1) The North American Industry Classification System (NAICS) code for this acquisition is **236220**.

(2) The small business size standard is **\$45,000,000**.

(3) The small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519 if the acquisition-

- (i) Is set aside for small business and has a value above the simplified acquisition threshold;
 - (ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or
 - (iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.
- (b)
- (1) If the provision at 52.204-7, System for Award Management, is included in this solicitation, paragraph (d) of this provision applies.
 - (2) If the provision at 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (d) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:
- (i) ☐ Paragraph (d) applies.
 - (ii) ☐ Paragraph (d) does not apply and the offeror has completed the individual representations and certifications in the solicitation.
- (c)
- (1) The following representations or certifications in SAM are applicable to this solicitation as indicated:
- (i) 52.203-2, Certificate of Independent Price Determination. This provision applies to solicitations when a firm-fixed-price contract or fixed-price contract with economic price adjustment is contemplated, unless-
 - (A) The acquisition is to be made under the simplified acquisition procedures in part 13;
 - (B) The solicitation is a request for technical proposals under two-step sealed bidding procedures; or
 - (C) The solicitation is for utility services for which rates are set by law or regulation.
 - (ii) 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions. This provision applies to solicitations expected to exceed \$150,000.
 - (iii) 52.203-18, Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation. This provision applies to all solicitations.
 - (iv) 52.204-3, Taxpayer Identification. This provision applies to solicitations that do not include the provision at 52.204-7, System for Award Management.
 - (v) 52.204-5, Women-Owned Business (Other Than Small Business). This provision applies to solicitations that-
 - (A) Are not set aside for small business concerns;
 - (B) Exceed the simplified acquisition threshold; and
 - (C) Are for contracts that will be performed in the United States or its outlying areas.
 - (vi) 52.204-26, Covered Telecommunications Equipment or Services-Representation. This provision applies to all solicitations.
 - (vii) 52.209-2, Prohibition on Contracting with Inverted Domestic Corporations-Representation.
 - (viii) 52.209-5, Certification Regarding Responsibility Matters. This provision applies to solicitations where the contract value is expected to exceed the simplified acquisition threshold.
 - (ix) 52.209-11, Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law. This provision applies to all solicitations.
 - (x) 52.214-14, Place of Performance-Sealed Bidding. This provision applies to invitations for bids except those in which the place of performance is specified by the Government.
 - (xi) 52.215-6, Place of Performance. This provision applies to solicitations unless the place of performance is specified by the Government.
 - (xii) 52.219-1, Small Business Program Representations (Basic, Alternates I, and II). This provision applies to solicitations when the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1)(ii).
- (A) The basic provision applies when the solicitations are issued by other than DoD, NASA, and the Coast Guard.
 - (B) The provision with its Alternate I applies to solicitations issued by DoD, NASA, or the Coast Guard.

(C) The provision with its Alternate II applies to solicitations that will result in a multiple-award contract with more than one NAICS code assigned.

(xiii) 52.219-2, Equal Low Bids. This provision applies to solicitations when contracting by sealed bidding and the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1)(ii).

(xiv) [Reserved]

(xv) [Reserved]

(xvi) 52.222-38, Compliance with Veterans' Employment Reporting Requirements. This provision applies to solicitations when it is anticipated the contract award will exceed the simplified acquisition threshold and the contract is not for acquisition of commercial products or commercial services.

(xvii) 52.223-1, Biobased Product Certification. This provision applies to solicitations that require the delivery or specify the use of biobased products in USDA-designated product categories; or include the clause at 52.223-2, Reporting of Biobased Products Under Service and Construction Contracts.

(xviii) 52.223-4, Recovered Material Certification. This provision applies to solicitations that are for, or specify the use of, EPA-designated items.

(xix) [Reserved]

(xx) 52.225-2, Buy American Certificate. This provision applies to solicitations containing the clause at 52.225-1.

(xxi) 52.225-4, Buy American-Free Trade Agreements-Israeli Trade Act Certificate. (Basic, Alternates II and III.) This provision applies to solicitations containing the clause at 52.225-3.

(A) If the acquisition value is less than \$50,000, the basic provision applies.

(B) If the acquisition value is \$50,000 or more but is less than \$100,000, the provision with its Alternate II applies.

(C) If the acquisition value is \$100,000 or more but is less than \$102,280, the provision with its Alternate III applies.

(xxii) 52.225-6, Trade Agreements Certificate. This provision applies to solicitations containing the clause at 52.225-5.

(xxiii) 52.225-20, Prohibition on Conducting Restricted Business Operations in Sudan-Certification. This provision applies to all solicitations.

(xxiv) 52.225-25, Prohibition on Contracting with Entities Engaging in Certain Activities or Transactions Relating to Iran-Representation and Certifications. This provision applies to all solicitations.

(xxv) 52.226-2, Historically Black College or University and Minority Institution Representation. This provision applies to solicitations for research, studies, supplies, or services of the type normally acquired from higher educational institutions.

(2) The following representations or certifications are applicable as indicated by the Contracting Officer:

X (i) 52.204-17, Ownership or Control of Offeror.

X (ii) 52.204-20, Predecessor of Offeror.

[] (iii) 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products.

[] (iv) 52.222-48, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment- Certification.

[] (v) 52.222-52, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Certification.

[] (vi) 52.227-6, Royalty Information.

[] (A) Basic.

[] (B) Alternate I.

[] (vii) 52.227-15, Representation of Limited Rights Data and Restricted Computer Software.

(d) The offeror has completed the annual representations and certifications electronically in SAM website accessed through <https://www.sam.gov>. After reviewing the SAM information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in paragraph (c) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [*offeror to insert changes, identifying change by clause number, title, date*]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

--

FAR Clause #	Title	Date	Change

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted on SAM.

(End of provision)

52.204-29 Federal Acquisition Supply Chain Security Act Orders-Representation and Disclosures. (Dec 2023)

FEDERAL ACQUISITION SUPPLY CHAIN SECURITY ACT ORDERS-REPRESENTATION AND DISCLOSURES (DEC 2023)

(a) *Definitions.* As used in this provision, *Covered article*, *FASCSA order*, *Intelligence community*, *National security system*, *Reasonable inquiry*, *Sensitive compartmented information*, *Sensitive compartmented information system*, and *Source* have the meaning provided in the clause 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(b) *Prohibition.* Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the prohibition is set out in an applicable Federal Acquisition Supply Chain Security Act (FASCSA) order, as described in paragraph (b)(1) of FAR 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(c) *Procedures.*

(1) The Offeror shall search for the phrase "FASCSA order" in the System for Award Management (SAM)(<https://www.sam.gov>) for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (b)(1) of FAR 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(2) The Offeror shall review the solicitation for any FASCSA orders that are not in SAM, but are effective and do apply to the solicitation and resultant contract (see FAR 4.2303(c)(2)).

(3) FASCSA orders issued after the date of solicitation do not apply unless added by an amendment to the solicitation.

(d) *Representation.* By submission of this offer, the offeror represents that it has conducted a reasonable inquiry, and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (e).

(e) *Disclosures.* The purpose for this disclosure is so the Government may decide whether to issue a waiver. For any covered article, or any products or services produced or provided by a source, if the covered article or the source is subject to an applicable FASCSA order, and the Offeror is unable to represent compliance, then the Offeror shall provide the following information as part of the offer:

(1) Name of the product or service provided to the Government;

(2) Name of the covered article or source subject to a FASCSA order;

(3) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied the covered article or the product or service to the Offeror;

(4) Brand;

(5) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number);

(6) Item description;

(7) Reason why the applicable covered article or the product or service is being provided or used;

(f) *Executive agency review of disclosures.* The contracting officer will review disclosures provided in paragraph (e) to determine if any waiver may be sought. A contracting officer may choose not to pursue a waiver for covered articles or sources otherwise subject to a FASCSA order and may instead make an award to an offeror that does not require a waiver.

(End of provision)

52.204-30 Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(Dec 2023)

FEDERAL ACQUISITION SUPPLY CHAIN SECURITY ACT ORDERS-PROHIBITION (DEC 2023)

(a) *Definitions.* As used in this clause-

Covered article, as defined in 41 U.S.C. 4713(k), means-

- (1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types;
- (2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the Communications Act of 1934 (47 U.S.C. 153);
- (3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see 32 CFR part 2002); or
- (4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) requiring the removal of covered articles from executive agency information systems or the exclusion of one or more named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d) and (e):

- (1) The Secretary of Homeland Security may issue FASCSA orders applicable to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.
- (2) The Secretary of Defense may issue FASCSA orders applicable to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as a DoD FASCSA order.
- (3) The Director of National Intelligence (DNI) may issue FASCSA orders applicable to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following-

- (1) The Office of the Director of National Intelligence;
- (2) The Central Intelligence Agency;
- (3) The National Security Agency;
- (4) The Defense Intelligence Agency;
- (5) The National Geospatial-Intelligence Agency;
- (6) The National Reconnaissance Office;
- (7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs;
- (8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;
- (9) The Bureau of Intelligence and Research of the Department of State;
- (10) The Office of Intelligence and Analysis of the Department of the Treasury;
- (11) The Office of Intelligence and Analysis of the Department of Homeland Security; or
- (12) Such other elements of any department or agency as may be designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency-

- (1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or
- (2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of any covered articles, or any products or services produced or provided by a source. This applies when the covered article or the source is subject to an applicable FASCSA order. A reasonable inquiry excludes the need to include an internal or third-party audit.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

(b) *Prohibition.*

(1) Unless an applicable waiver has been issued by the issuing official, Contractors shall not provide or use as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA orders as follows:

(i) For solicitations and contracts awarded by a Department of Defense contracting office, DoD FASCSA orders apply.

(ii) For all other solicitations and contracts DHS FASCSA orders apply.

(2) The Contractor shall search for the phrase "FASCSA order" in the System for Award Management (SAM) at <https://www.sam.gov> to locate applicable FASCSA orders identified in paragraph (b)(1).

(3) The Government may identify in the solicitation additional FASCSA orders that are not in SAM, which are effective and apply to the solicitation and resultant contract.

(4) A FASCSA order issued after the date of solicitation applies to this contract only if added by an amendment to the solicitation or modification to the contract (see FAR 4.2304(c)). However, see paragraph (c) of this clause.

(5)

(i) If the contractor wishes to ask for a waiver of the requirements of a new FASCSA order being applied through modification, then the Contractor shall disclose the following:

(A) Name of the product or service provided to the Government;

(B) Name of the covered article or source subject to a FASCSA order;

(C) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied or supplies the covered article or the product or service to the Offeror;

(D) Brand;

(E) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number);

(F) Item description;

(G) Reason why the applicable covered article or the product or service is being provided or used;

(ii) *Executive agency review of disclosures.* The contracting officer will review disclosures provided in paragraph (b)(5)(i) to determine if any waiver is warranted. A contracting officer may choose not to pursue a waiver for covered articles or sources otherwise covered by a FASCSA order and to instead pursue other appropriate action.

(c) *Notice and reporting requirement.*

(1) During contract performance, the Contractor shall review *SAM.gov* at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (b) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance.

(3)

(i) The Contractor shall submit a report to the contracting office as identified in paragraph (c)(3)(ii) of this clause, if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s) identified in paragraph (b) of this clause, or a new FASCSA order identified in paragraph (c)(2) of this clause. For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order.

(ii) If a report is required to be submitted to a contracting office under (c)(3)(i) of this clause, the Contractor shall submit the report as follows:

(A) If a Department of Defense contracting office, the Contractor shall report to the website at <https://dibnet.dod.mil>.

(B) For all other contracting offices, the Contractor shall report to the Contracting Officer.

(4) The Contractor shall report the following information for each covered article or each product or service produced or provided by a source, where the covered article or source is subject to a FASCSA order, pursuant to paragraph (c)(3)(i) of this clause:

(i) Within 3 business days from the date of such identification or notification:

(A) Contract number;

(B) Order number(s), if applicable;

(C) Name of the product or service provided to the Government or used during performance of the contract;

(D) Name of the covered article or source subject to a FASCSA order;

(E) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied the covered article or the product or service to the Contractor;

(F) Brand;

(G) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number);

(H) Item description; and

(I) Any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (c)(4)(i) of this clause:

(A) Any further available information about mitigation actions undertaken or recommended.

(B) In addition, the Contractor shall describe the efforts it undertook to prevent submission or use of the covered article or the product or service produced or provided by a source subject to an applicable FASCSA order, and any additional efforts that will be incorporated to prevent future submission or use of the covered article or the product or service produced or provided by a source that is subject to an applicable FASCSA order.

(d) *Removal.* For Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or modifications to remove any product or service produced or provided by a source that is subject to an applicable FASCSA order.

(e) *Subcontracts.*

(1) The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (c)(1) of this clause, in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial products and commercial services.

(2) The Government may identify in the solicitation additional FASCSA orders that are not in SAM, which are effective and apply to the contract and any subcontracts and other contractual instruments under the contract. The Contractor or higher-tier subcontractor shall notify their subcontractors, and suppliers under other contractual instruments, that the FASCSA orders in the solicitation that are not in SAM apply to the contract and all subcontracts.

(End of clause)

52.209-11 Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law. (Feb 2016)

Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law (Feb 2016)

(a) As required by sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts, the Government will not enter into a contract with any corporation that-

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that-

(1) It is ☐ is not ☐ a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(2) It is ☐ is not ☐ a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(End of provision)

52.211-10 Commencement, Prosecution, and Completion of Work.

(Apr 1984)

Commencement, Prosecution, and Completion of Work (Apr 1984)

The Contractor shall be required to (a) commence work under this contract within (15) calendar days after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than 925 calendar days after award. The time stated for completion shall include final cleanup of the premises.

(End of clause)

52.211-12 Liquidated Damages-Construction.

(Sep 2000)

Liquidated Damages-Construction (Sept 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, the Contractor shall pay liquidated damages to the Government in the amount of \$5, 068.83 for each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(End of clause)

52.216-1 Type of Contract.

(Apr 1984)

Type of Contract (Apr 1984)

The Government contemplates award of a Firm Fixed Price construction contract resulting from this solicitation.

(End of provision)

52.217-7 Option for Increased Quantity-Separately Priced Line Item.

(Mar 1989)

Option for Increased Quantity-Separately Priced Line Item (Mar 1989)

The Government may require the delivery of the numbered line item, identified in the Schedule as an option item, in the quantity and at the price stated in the Schedule. The Contracting Officer may exercise the option by written notice to the Contractor within **365 calendar days after the contract award and in accordance with all bid notes**. Delivery of added items shall continue at the same rate that like items are called for under the contract, unless the parties otherwise agree.

(End of clause)

52.219-1 Small Business Program Representations. (Alternate I)

(Feb 2024) Alternate I (Feb 2024)

Alternate I (Feb 2024). As prescribed in 19.309 (a)(2) add the following paragraph (c)(10) to the basic provision:

(10) *[Complete if offeror represented itself as disadvantaged in paragraph (c)(2) of this provision.]* The offeror shall check the category in which its ownership falls:

☐ Black American.

☐ Hispanic American.

☐ Native American (American Indians, Eskimos, Aleuts, or Native Hawaiians).

☐ Asian-Pacific American (persons with origins from Burma, Thailand, Malaysia, Indonesia, Singapore, Brunei, Japan, China, Taiwan, Laos, Cambodia (Kampuchea), Vietnam, Korea, The Philippines, Republic of Palau, Republic of the Marshall Islands, Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, Guam, Samoa, Macao, Hong Kong, Fiji, Tonga, Kiribati, Tuvalu, or Nauru).

[] Subcontinent Asian (Asian-Indian) American (persons with origins from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, the Maldives Islands, or Nepal).

[] Individual/concern, other than one of the preceding.

52.219-28 Postaward Small Business Program Rerepresentation.

(Jan 2025)

Postaward Small Business Program Rerepresentation (Jan 2025)

(a) *Definitions.* As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (d) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) If the Contractor represented its status as any of the small business concerns identified at 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (f) of this clause or, if applicable, paragraph (h) of this clause, for the NAICS code assigned to an order (except that paragraphs (c)(1) through (3) of this clause do not apply to an order issued under a Federal Supply Schedule contract at subpart 8.4)-

(1) Set aside exclusively for a small business concern identified at 19.000(a)(3) that is issued under an unrestricted multiple-award contract, unless the order is issued under the reserved portion of an unrestricted multiple-award contract (e.g., an order set aside for a woman-owned small business under a multiple-award contract that is not set-aside, unless the order is issued under the reserved portion of the multiple-award contract);

(2) Issued under a multiple-award contract set aside for small businesses that is further set aside for a specific socioeconomic category that differs from the underlying multiple-award contract (e.g., an order set aside for a HUBZone small business concern under a multiple-award contract that is set aside for small businesses);

(3) Issued under the part of the multiple-award contract that is set aside for small businesses that is further set aside for a specific socioeconomic category that differs from the underlying set-aside part of the multiple-award contract (e.g., an order set aside for a WOSB concern under the part of the multiple-award contract that is partially set aside for small businesses); and

(4) When the Contracting Officer explicitly requires it for an order issued under a multiple-award contract, including for an order issued under a Federal Supply Schedule contract (see 8.405-5(b) and 19.301-2(b)(2)).

(d) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(e) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

- (1) Was set aside for small business and has a value above the simplified acquisition threshold;
- (2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or
- (3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.
- (f) Except as provided in paragraph (h) of this clause, the Contractor shall make the representation(s) required by paragraphs (b) and (c) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, or with its offer for an order (see paragraph (c) of this clause), that the data have been validated or updated, and provide the date of the validation or update.
- (g) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (f) or (h) of this clause.
- (h) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:
- (1) The Contractor represents that it ☐ is, ☐ is not a small business concern under ____ NAICS Code assigned to ____ contract number.
- (2) *[Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.]* The Contractor represents that it ☐ is, ☐ is not, a small disadvantaged business concern as defined in 13 CFR 124.1001.
- (3) *[Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.]* The Contractor represents that it ☐ is, ☐ is not a women-owned small business concern.
- (4) Women-owned small business (WOSB) joint venture eligible under the WOSB Program. The Contractor represents that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [____] The Contractor shall enter the name and unique entity identifier of each party to the joint venture: ____.
- (5) Economically disadvantaged women-owned small business (EDWOSB) joint venture. The Contractor represents that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [____] The Contractor shall enter the name and unique entity identifier of each party to the joint venture: ____.
- (6) *[Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.]* The Contractor represents that it ☐ is, ☐ is not a veteran-owned small business concern.
- (7) *[Complete only if the Contractor represented itself as a veteran-owned small business concern in paragraph (h)(6) of this clause.]* The Contractor represents that it ☐ is, ☐ is not a service-disabled veteran-owned small business concern.
- (8) *Service-disabled veteran-owned small business (SDVOSB) joint venture eligible under the SDVOSB Program.* The Contractor represents that it ☐ is, ☐ is not an SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. [____] The Contractor shall enter the name and unique entity identifier of each party to the joint venture: ____.
- (9) *[Complete only if the Contractor represented itself as a small business concern in paragraph (h)(1) of this clause.]* The Contractor represents that-
- (i) It ☐ is, ☐ is not a HUBZone small business concern listed, on the date of this representation, on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration, and no material changes in ownership and control, principal office, or HUBZone employee percentage have occurred since it was certified in accordance with 13 CFR part 126; and
- (ii) It ☐ is, ☐ is not a HUBZone joint venture that complies with the requirements of 13 CFR part 126, and the representation in paragraph (h)(8)(i) of this clause is accurate for each HUBZone small business concern participating in the HUBZone joint venture. [____] The Contractor shall enter the names of each of the HUBZone small business concerns participating in the HUBZone joint venture: .] Each HUBZone small business concern participating in the HUBZone joint venture shall submit a separate signed copy of the HUBZone representation.

[____ Contractor to sign and date and insert authorized signer's name and title.]

(End of clause)

52.223-3 Hazardous Material Identification and Material Safety Data.

(Feb 2021)

HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL SAFETY DATA (FEB 2021)

(a) "Hazardous material," as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No.313 (including revisions adopted during the term of the contract).

(b) The offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Material Safety Data Sheet submitted under this contract.

Material (If none, insert <i>None</i>)	Identification No.
_____	_____
_____	_____
_____	_____

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No.313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No.313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No.313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to-

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with paragraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(End of clause)

52.223-9 Estimate of Percentage of Recovered Material Content for EPA-Designated Items.

(May 2008)

ESTIMATE OF PERCENTAGE OF RECOVERED MATERIAL CONTENT FOR EPA-DESIGNATED ITEMS (MAY 2008)

(a) *Definitions.* As used in this clause-

Postconsumer material means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of "recovered material."

"Recovered material" means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract, shall-

(1) Estimate the percentage of the total recovered material content for EPA-designated item(s) delivered and/or used in contract performance, including, if applicable, the percentage of post-consumer material content; and

(2) Submit this estimate to _____ [Contracting Officer complete in accordance with agency procedures].

(End of clause)

52.223-11 Ozone-Depleting Substances and High Global Warming Potential Hydrofluorocarbons. (May 2024)

OZONE-DEPLETING SUBSTANCES AND HIGH GLOBAL WARMING POTENTIAL HYDROFLUOROCARBONS (MAY 2024)

(a) *Definitions.* As used in this clause-

Global warming potential means how much a given mass of a chemical contributes to global warming over a given time period compared to the same mass of carbon dioxide. Carbon dioxide's global warming potential is defined as 1.0.

High global warming potential hydrofluorocarbons means any hydrofluorocarbons in a particular end use for which EPA's Significant New Alternatives Policy (SNAP) program has identified other acceptable alternatives that have lower global warming potential. The SNAP list of alternatives is found at 40 CFR part 82, subpart G, with supplemental tables of alternatives available at (<https://www.epa.gov/snap/>).

Hydrofluorocarbons means compounds that only contain hydrogen, fluorine, and carbon.

Ozone-depleting substance, means any substance the Environmental Protection Agency designates in 40 CFR part 82 as-

(1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or

(2) Class II, including, but not limited to, hydrochlorofluorocarbons.

(b) The Contractor shall label products that contain or are manufactured with ozone-depleting substances in the manner and to the extent required by 42 U.S.C. 7671j (b), (c), (d), and (e) and 40 CFR part 82, subpart E, as follows:

Warning: Contains (or manufactured with, if applicable) * ____, a substance(s) which harm(s) public health and environment by destroying ozone in the upper atmosphere.

* The Contractor shall insert the name of the substance(s).

(c) The Contractor shall refer to EPA's SNAP program to identify alternatives. The SNAP list of alternatives is found at 40 CFR part 82, subpart G, with supplemental tables available at <https://www.epa.gov/snap/>.

(End of clause)

52.225-11 Buy American-Construction Materials under Trade Agreements. (Nov 2023)

Buy American-Construction Materials under Trade Agreements (Nov 2023)

(a) *Definitions.* As used in this clause-

Caribbean Basin country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

Commercially available off-the-shelf (COTS) item-

(1) Means any item of supply (including construction material) that is-

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C.40102(4), such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into a construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means-

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

Designated country means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

Designated country construction material means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

Domestic construction material means-

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if-

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029.

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains

multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Free Trade Agreement country construction material means a construction material that-

- (1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or
- (2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a FTA country into a new and different construction material distinct from the materials from which it was transformed.

Least developed country construction material means a construction material that-

- (1) Is wholly the growth, product, or manufacture of a least developed country; or
- (2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

WTO GPA country construction material means a construction material that-

- (1) Is wholly the growth, product, or manufacture of a WTO GPA country; or
- (2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) Construction materials.

(1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction material, excluding COTS fasteners. (See FAR 12.505(a)(2)). In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements (FTAs) apply to this acquisition. Therefore, the Buy American restrictions are waived for designated country construction materials.

(2) The Contractor shall use only domestic or designated country construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

NONE

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components.*

(1) The cost of a particular domestic construction material subject to the restrictions of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for

foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(4)(i)(A)(1) of this clause.

(3) The procedures in paragraph (b)(4)(i)(A)(2) of this clause will no longer apply as of January 1, 2030.

(B) *For domestic construction material that is a critical item or contains critical components.*

(1) The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(4)(i)(B)(1) of this clause.

(3) The procedures in paragraph (b)(4)(i)(B)(2) of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute.

(1)

(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data.* To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison
--

Construction Material Description	Unit of Measure	Quantity	Price (Dollars)*
Item1			
Foreign construction material	—	—	—
Domestic construction material	—	—	—
Item1			
Foreign construction material	—	—	—
Domestic construction material	—	—	—

[* Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued)].

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

(End of clause)

52.228-1 Bid Guarantee.

(Sep 1996)

Bid Guarantee (Sept 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, e.g., bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds-

(1) To unsuccessful bidders as soon as practicable after the opening of bids; and

(2) To the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.

(c) The amount of the bid guarantee shall be **20%** percent of the bid price or **\$3,000,000**, whichever is less.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of clause)

PERFORMANCE AND PAYMENT BONDS-CONSTRUCTION (APR 2020) (DEVIATION 2020-O0016)

(a) Definitions. As used in this clause-

Original contract price means the award price of the contract; or, for requirements contracts, the price payable for the estimated total quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) Amount of required bonds. Unless the resulting contract price is \$150,000 or less, the successful offeror shall furnish performance and payment bonds to the Contracting Officer as follows:

(1) Performance bonds (Standard Form 25, except that no seal is required). The penal amount of performance bonds at the time of contract award shall be 100 percent of the original contract price.

(2) Payment bonds (Standard Form 25A, except that no seal is required). The penal amount of payment bonds at the time of contract award shall be 100 percent of the original contract price.

(3) Additional bond protection.

(i) The Government may require additional performance and payment bond protection if the contract price is increased. The increase in protection generally will equal 100 percent of the increase in contract price.

(ii) The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) Furnishing executed bonds. The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting Officer, within the time period specified in the Bid Guarantee provision of the solicitation, or otherwise specified by the Contracting Officer, but in any event, before starting work.

(d) Surety or other security for bonds. The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Treasury Circular 570 is published in the Federal Register or may be obtained from the U.S. Department of the Treasury, Financial Management Service, Surety Bond Branch, 3700 East West Highway, Room 6F01, Hyattsville, MD 20782. Or via the internet at <http://www.fms.treas.gov/c570/>.

(e) Notice of subcontractor waiver of protection (40 U.S.C. 3133(c)). Any waiver of the right to sue on the payment bond is void unless it is in writing, signed by the person whose right is waived, and executed after such person has first furnished labor or material for use in the performance of the contract.

(End of clause)

52.232-5 Payments under Fixed-Price Construction Contracts.

(May 2014)

Payments under Fixed-Price Construction Contracts (May 2014)

(a) *Payment of price.* The Government shall pay the Contractor the contract price as provided in this contract.

(b) *Progress payments.* The Government shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates of work accomplished which meets the standards of quality established under the contract, as approved by the Contracting Officer.

(1) The Contractor's request for progress payments shall include the following substantiation:

(i) An itemization of the amounts requested, related to the various elements of work required by the contract covered by the payment requested.

(ii) A listing of the amount included for work performed by each subcontractor under the contract.

(iii) A listing of the total amount of each subcontract under the contract.

(iv) A listing of the amounts previously paid to each such subcontractor under the contract.

(v) Additional supporting data in a form and detail required by the Contracting Officer.

(2) In the preparation of estimates, the Contracting Officer may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site also may be taken into consideration if-

(i) Consideration is specifically authorized by this contract; and

(ii) The Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this contract.

(c) *Contractor certification.* Along with each request for progress payments, the Contractor shall furnish the following certification, or payment shall not be made: (However, if the Contractor elects to delete paragraph (c)(4) from the certification, the certification is still acceptable.)

I hereby certify, to the best of my knowledge and belief, that-

(1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;

(2) All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of Chapter 39 of Title 31, United States Code;

(3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and

(4) This certification is not to be construed as final acceptance of a subcontractor's performance.

____ (Name)

____ (Title)

____ (Date)

(d) *Refund of unearned amounts.* If the Contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Contractor shall-

(1) Notify the Contracting Officer of such performance deficiency; and

(2) Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8 thday after the date of receipt of the unearned amount until-

(i) The date the Contractor notifies the Contracting Officer that the performance deficiency has been corrected; or

(ii) The date the Contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(e) *Retainage.* If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer shall authorize payment to be made in full. However, if satisfactory progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and shall release to the Contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment shall be made for the completed work without retention of a percentage.

(f) *Title, liability, and reservation of rights.* All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as-

(1) Relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or

(2) Waiving the right of the Government to require the fulfillment of all of the terms of the contract.

(g) *Reimbursement for bond premiums.* In making these progress payments, the Government shall, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (e) of this clause shall not apply to that portion of progress payments attributable to bond premiums.

(h) *Final payment.* The Government shall pay the amount due the Contractor under this contract after-

(1) Completion and acceptance of all work;

(2) Presentation of a properly executed voucher; and

(3) Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 (31 U.S.C.3727 and 41 U.S.C.6305).

(i) *Limitation because of undefinitized work.* Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(j) *Interest computation on unearned amounts.* In accordance with 31 U.S.C.3903(c)(1), the amount payable under paragraph (d)(2) of this clause shall be-

(1) Computed at the rate of average bond equivalent rates of 91-day Treasury bills auctioned at the most recent auction of such bills prior to the date the Contractor receives the unearned amount; and

(2) Deducted from the next available payment to the Contractor.

(End of clause)

52.243-7 Notification of Changes.

(Jan 2017)

NOTIFICATION OF CHANGES (JAN 2017)

(a) *Definitions.* "Contracting Officer," as used in this clause, does not include any representative of the Contracting Officer.

"Specifically Authorized Representative (SAR)," as used in this clause, means any person the Contracting Officer has so designated by written notice (a copy of which shall be provided to the Contractor) which shall refer to this paragraph and shall be issued to the designated representative before the SAR exercises such authority.

(b) *Notice.* The primary purpose of this clause is to obtain prompt reporting of Government conduct that the Contractor considers to constitute a change to this contract. Except for changes identified as such in writing and signed by the Contracting Officer, the Contractor shall notify the Administrative Contracting Officer in writing promptly, within ____ (to be negotiated) calendar days from the date that the Contractor identifies any Government conduct (including actions, inactions, and written or oral communications) that the Contractor regards as a change to the contract terms and conditions. On the basis of the most accurate information available to the Contractor, the notice shall state-

- (1) The date, nature, and circumstances of the conduct regarded as a change;
- (2) The name, function, and activity of each Government individual and Contractor official or employee involved in or knowledgeable about such conduct;
- (3) The identification of any documents and the substance of any oral communication involved in such conduct;
- (4) In the instance of alleged acceleration of scheduled performance or delivery, the basis upon which it arose;
- (5) The particular elements of contract performance for which the Contractor may seek an equitable adjustment under this clause, including-
 - (i) What line items have been or may be affected by the alleged change;
 - (ii) What labor or materials or both have been or may be added, deleted, or wasted by the alleged change;
 - (iii) To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged change;
 - (iv) What adjustments to contract price, delivery schedule, and other provisions affected by the alleged change are estimated; and
- (6) The Contractor's estimate of the time by which the Government must respond to the Contractor's notice to minimize cost, delay or disruption of performance.

(c) *Continued performance.* Following submission of the notice required by paragraph (b) of this clause, the Contractor shall diligently continue performance of this contract to the maximum extent possible in accordance with its terms and conditions as construed by the Contractor, unless the notice reports a direction of the Contracting Officer or a communication from a SAR of the Contracting Officer, in either of which events the Contractor shall continue performance; provided, however, that if the Contractor regards the direction or communication as a change as described in paragraph (b) of this clause, notice shall be given in the manner provided. All directions, communications, interpretations, orders and similar actions of the SAR shall be reduced to writing promptly and copies furnished to the Contractor and to the Contracting Officer. The Contracting Officer shall promptly countermand any action which exceeds the authority of the SAR.

(d) *Government response.* The Contracting Officer shall promptly, within ____ (to be negotiated) calendar days after receipt of notice, respond to the notice in writing. In responding, the Contracting Officer shall either-

- (1) Confirm that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance;
- (2) Countermand any communication regarded as a change;

(3) Deny that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance; or

(4) In the event the Contractor's notice information is inadequate to make a decision under paragraphs (d)(1), (2), or (3) of this clause, advise the Contractor what additional information is required, and establish the date by which it should be furnished and the date thereafter by which the Government will respond.

(e) Equitable adjustments.

(1) If the Contracting Officer confirms that Government conduct effected a change as alleged by the Contractor, and the conduct causes an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by such conduct, an equitable adjustment shall be made-

(i) In the contract price or delivery schedule or both; and

(ii) In such other provisions of the contract as may be affected.

(2) The contract shall be modified in writing accordingly. In the case of drawings, designs or specifications which are defective and for which the Government is responsible, the equitable adjustment shall include the cost and time extension for delay reasonably incurred by the Contractor in attempting to comply with the defective drawings, designs or specifications before the Contractor identified, or reasonably should have identified, such defect. When the cost of property made obsolete or excess as a result of a change confirmed by the Contracting Officer under this clause is included in the equitable adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of the property. The equitable adjustment shall not include increased costs or time extensions for delay resulting from the Contractor's failure to provide notice or to continue performance as provided, respectively, in paragraphs (b) and (c) of this clause.

Note: The phrases "contract price" and "cost" wherever they appear in the clause, may be appropriately modified to apply to cost-reimbursement or incentive contracts, or to combinations thereof.

(End of clause)

52.248-3 Value Engineering-Construction.

(Oct 2025)

VALUE ENGINEERING-CONSTRUCTION (OCT 2025)

(a) *General.* The Contractor is encouraged to develop, prepare, and submit value engineering change proposals (VECP's) voluntarily. The Contractor shall share in any instant contract savings realized from accepted VECP's, in accordance with paragraph (f) of this clause.

(b) *Definitions.* "Collateral costs," as used in this clause, means agency costs of operation, maintenance, logistic support, or Government-furnished property.

Collateral savings, as used in this clause, means those measurable net reductions resulting from a VECP in the agency's overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

Contractor's development and implementation costs, as used in this clause, means those costs the Contractor incurs on a VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the Contractor incurs to make the contractual changes required by Government acceptance of a VECP.

Government costs, as used in this clause, means those agency costs that result directly from developing and implementing the VECP, such as any net increases in the cost of testing, operations, maintenance, and logistic support. The term does not include the normal administrative costs of processing the VECP.

Instant contract savings, as used in this clause, means the estimated reduction in Contractor cost of performance resulting from acceptance of the VECP, minus allowable Contractor's development and implementation costs, including subcontractors' development and implementation costs (see paragraph (h) of this clause).

Value engineering change proposal (VECP) means a proposal that-

(1) Requires a change to this, the instant contract, to implement; and

(2) Results in reducing the contract price or estimated cost without impairing essential functions or characteristics; *provided*, that it does not involve a change-

(i) In deliverable end item quantities only; or

(ii) To the contract type only.

(c) *VECP preparation.* As a minimum, the Contractor shall include in each VECP the information described in paragraphs (c)(1) through (7) of this clause. If the proposed change is affected by contractually required configuration management or similar procedures, the instructions in those procedures relating to format, identification, and priority assignment shall govern VECP preparation. The VECP shall include the following:

- (1) A description of the difference between the existing contract requirement and that proposed, the comparative advantages and disadvantages of each, a justification when an item's function or characteristics are being altered, and the effect of the change on the end item's performance.
- (2) A list and analysis of the contract requirements that must be changed if the VECP is accepted, including any suggested specification revisions.
- (3) A separate, detailed cost estimate for (i) the affected portions of the existing contract requirement and (ii) the VECP. The cost reduction associated with the VECP shall take into account the Contractor's allowable development and implementation costs, including any amount attributable to subcontracts under paragraph (h) of this clause.
- (4) A description and estimate of costs the Government may incur in implementing the VECP, such as test and evaluation and operating and support costs.
- (5) A prediction of any effects the proposed change would have on collateral costs to the agency.
- (6) A statement of the time by which a contract modification accepting the VECP must be issued in order to achieve the maximum cost reduction, noting any effect on the contract completion time or delivery schedule.
- (7) Identification of any previous submissions of the VECP, including the dates submitted, the agencies and contract numbers involved, and previous Government actions, if known.

(d) *Submission.* The Contractor shall submit VECP's to the Resident Engineer at the worksite, with a copy to the Contracting Officer.

(e) Government action.

- (1) The Contracting Officer will notify the Contractor of the status of the VECP within 45 calendar days after the contracting office receives it. If additional time is required, the Contracting Officer will notify the Contractor within the 45-day period and provide the reason for the delay and the expected date of the decision. The Government will process VECP's expeditiously; however, it will not be liable for any delay in acting upon a VECP.
- (2) If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Government. The Contracting Officer may require that the Contractor provide written notification before undertaking significant expenditures for VECP effort.

(3) Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this contract citing this clause. The Contracting Officer may accept the VECP, even though an agreement on price reduction has not been reached, by issuing the Contractor a notice to proceed with the change. Until a notice to proceed is issued or a contract modification applies a VECP to this contract, the Contractor shall perform in accordance with the existing contract. The decision to accept or reject all or part of any VECP is a unilateral decision made solely at the discretion of the Contracting Officer.

(f) Sharing-

(1) *Rates.* The Government's share of savings is determined by subtracting Government costs from instant contract savings and multiplying the result by-

- (i) 45 percent for fixed-price contracts; or
- (ii) 75 percent for cost-reimbursement contracts.

(2) *Payment.* Payment of any share due the Contractor for use of a VECP on this contract shall be authorized by a modification to this contract to-

- (i) Accept the VECP;
- (ii) Reduce the contract price or estimated cost by the amount of instant contract savings; and
- (iii) Provide the Contractor's share of savings by adding the amount calculated to the contract price or fee.

(g) *Collateral savings.* If a VECP is accepted, the Contracting Officer will increase the instant contract amount by 20 percent of any projected collateral savings determined to be realized in a typical year of use after subtracting any Government costs not previously offset. However, the Contractor's share of collateral savings will not exceed the contract's firm-fixed-price or estimated cost, at the time the VECP is accepted, or \$100,000, whichever is greater. The Contracting Officer is the sole determiner of the amount of collateral savings.

(h) *Subcontracts.* The Contractor shall include an appropriate value engineering clause in any subcontract of \$90,000 or more and may include one in subcontracts of lesser value. In computing any adjustment in this contract's price under paragraph (f) of this clause, the Contractor's allowable development and implementation costs shall include any subcontractor's allowable development and implementation costs clearly resulting from a VECP accepted by the Government under this contract, but shall exclude any value engineering incentive payments to a subcontractor. The Contractor may choose any arrangement for subcontractor value engineering incentive payments; *provided*, that these payments shall not reduce the Government's share of the savings resulting from the VECP.

(i) *Data.* The Contractor may restrict the Government's right to use any part of a VECP or the supporting data by marking the following legend on the affected parts:

These data, furnished under the Value Engineering-Construction clause of contract ____, shall not be disclosed outside the Government or duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate a value engineering change proposal submitted under the clause. This restriction does not limit the Government's right to use information contained in these data if it has been obtained or is otherwise available from the Contractor or from another source without limitations.

If a VECF is accepted, the Contractor hereby grants the Government unlimited rights in the VECF and supporting data, except that, with respect to data qualifying and submitted as limited rights technical data, the Government shall have the rights specified in the contract modification implementing the VECF and shall appropriately mark the data. (The terms "unlimited rights" and "limited rights" are defined in part 27 of the Federal Acquisition Regulation.)

(End of clause)

52.252-2 Clauses Incorporated by Reference.

(Feb 1998)

Clauses Incorporated By Reference (Feb 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

<https://acquisition.gov>

<https://www.acq.osd.mil/dpap/dars/dfarspgi/current/>

(End of clause)

52.252-6 Authorized Deviations in Clauses.

(Nov 2020)

Authorized Deviations in Clauses (Nov 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any **FAR or DFARS (48 CFR Chapters 1 and 2)** clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

DFARS Clauses Incorporated by Full Text

252.215-7008 Only One Offer.

(Dec 2022)

ONLY ONE OFFER (DEC 2022)

(a) *Cost or pricing data requirements.* After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to-

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702 and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) *Canadian Commercial Corporation.* If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable ____ [U.S. Contracting Officer to provide description of the data required in accordance with FAR 15.403-3(a)(1) with the notification].

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) *Subcontracts*. Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

252.232-7006 Wide Area WorkFlow Payment Instructions.

(Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions*. As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing*. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access*. To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training*. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission*. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions*. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type*. The Contractor shall submit payment requests using the following document type(s):

NAVY CONSTRUCTION / FACILITIES MANAGEMENT INVOICE

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

NAVY CONSTRUCTION / FACILITIES MANAGEMENT INVOICE

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>
Pay Official DoDAAC	<u>N68732</u>
Issue By DoDAAC	<u>N40085</u>
Admin DoDAAC	<u>N40085</u>
Inspect By DoDAACN40085	N45807
Ship To Code	<u>N/A</u>
Ship From Code	<u>N/A</u>
Mark For Code	<u>N/A</u>
Service Approver (DoDAAC)	<u>N/A</u>
Service Acceptor (DoDAAC)	<u>N/A</u>
Accept at Other DoDAAC	<u>N45807</u>
LPO DoDAAC	<u>N45807</u>

DCAA Auditor DoDAAC	<u>N/A</u>
Other DoDAAC(s)	<u>N45807</u>

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

WAWF POC: Kimberly Miller, Email: kimberly.a.miller314.civ@us.navy.mil

****Please notify your Contract COR by email on all submitted WAWF Invoices****

COR/Inspector POC: To be provided at time of award.

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

(End of clause)

252.236-7001 Contract Drawings and Specifications.

(Aug 2000)

CONTRACT DRAWINGS AND SPECIFICATIONS (AUG 2000)

(a) The Government will provide to the Contractor, without charge, one set of contract drawings and specifications, except publications incorporated into the technical provisions by reference, in electronic or paper media as chosen by the Contracting Officer.

(b) The Contractor shall-

- (1) Check all drawings furnished immediately upon receipt;
- (2) Compare all drawings and verify the figures before laying out the work;
- (3) Promptly notify the Contracting Officer of any discrepancies;
- (4) Be responsible for any errors that might have been avoided by complying with this paragraph (b); and
- (5) Reproduce and print contract drawings and specifications as needed.

(c) In general--

- (1) Large-scale drawings shall govern small-scale drawings; and
- (2) The Contractor shall follow figures marked on drawings in preference to scale measurements.

(d) Omissions from the drawings or specifications or the misdescription of details of work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work. The Contractor shall perform such details as if fully and correctly set forth and described in the drawings and specifications.

(e) The work shall conform to the specifications and the contract drawings identified on the following index of drawings: **Project WO# 1618165**

(End of clause)

Section 00 71 00 - Contracting Definitions

FAR Clauses Incorporated by Reference

Number	Title	Effective Date	Alternate/ Deviation	Variation Effective Date
52.202-1	Definitions.	Jun 2020		

Section 00 73 00 - Supplementary Conditions

AUTHORITY

1. No person other than the Contracting Officer has authority to bind the Government with respect to this contract.
2. No action or omission of any government employee or representative other than the Contracting Officer shall increase or decrease the scope of this contract or shall otherwise modify the terms and conditions of this contract.
3. In no event shall any of the following be effective or binding on the Government or imputed to the Contracting Officer with respect to this contract:
 - (a) An understanding or agreement between the Contractor and anyone other than the Contracting Officer;
 - (b) A purported modification or change order issued by anyone other than the Contracting Officer;
 - (c) A promise by anyone other than the Contracting Officer to provide additional funding or make payments; or
 - (d) An order, direction, consent, or permission from anyone other than the Contracting Officer to:
 - (i) Incur costs in excess of a specified estimated cost, allotment of funds, or other ceiling; or
 - (ii) Expend hours in excess of a specified level of effort.

(End of language)

NOTICE OF BONDING REQUIREMENTS

Within 10 days after receipt of award, the offeror to whom the award is made shall furnish the bonds required by FAR Clause 52.228-15.

Offerors are hereby notified that the contract time for purposes of fixing the completion date, default, and liquidated damages will be as stated in FAR

Clause 52.211-10 Commencement, Prosecution, and Completion of Work, regardless of when performance and payment bonds or deposits in lieu of surety are executed.

(End of language)

UTILITIES FOR CONSTRUCTION AND TESTING

The Contractor shall be responsible for obtaining, either from available Government sources or local utility companies, all utilities required for construction and testing. The Contractor shall provide these utilities at his expense, paid for at the current utility rate delivered to the job site. The Contractor shall provide and maintain all temporary utility connections and distribution lines, and all meters required to measure the amount of each utility used.

(End of language)

MINIMUM INSURANCE REQUIREMENTS

In accordance with FAR 28.307-2, the coverage specified below is the minimum insurance required for this contract:

- (a) Workers' compensation and employer's liability. Contractors are required to comply with applicable Federal and State workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 shall be required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers. (See 28.305(c) for treatment of contracts subject to the Defense Base Act.)
- (b) General liability.

- (1) The contracting officer shall require bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence.
- (2) Property damage liability insurance shall be required only in special circumstances as determined by the agency.
- (c) Automobile liability. The contracting officer shall require automobile liability insurance written on the comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.
- (d) Aircraft public and passenger liability. When aircraft are used in connection with performing the contract, the contracting officer shall require aircraft public and passenger liability insurance. Coverage shall be at least \$200,000 per person and \$500,000 per occurrence for bodily injury, other than passenger liability, and \$200,000 per occurrence for property damage. Coverage for passenger liability bodily injury shall be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.
- (e) Vessel liability. When contract performance involves use of vessels, the contracting officer shall require, as determined by the agency, vessel collision liability and protection and indemnity liability insurance. The certificate shall contain an endorsement to the effect that cancellation or any material change in the policies adversely affecting the interests of the Government in such insurance shall not be effective until 30 days after written notice thereof to the Contracting Officer.

(End of language)

CONTRACTOR PERFORMANCE INFORMATION

Contractor's performance will be evaluated using the respective contractor performance evaluation report entry system located on the website <http://www.cpars.gov/>. Prior to commencement of work, the contractor is required to provide the government with the name, phone number, and email address of the "Contractor's Representative" that will be responsible for receipt and review of draft performance evaluations prepared by the government in the appropriated system. It is the contractor's responsibility to keep this contract information current.

DEFINITIZATION OF EQUITABLE ADJUSTMENTS FOR CHANGE ORDERS UNDER CONSTRUCTION CONTRACTS

1. No data is available regarding the timely definitization of equitable adjustments for change orders under construction contracts.
2. The REA definitization information referenced in Navy Marine Corps Acquisition Regulation Supplement (NMCARS) 5236.211(b)(2), should not be utilized.
3. There are no agency-specific policies and procedures that apply to the definitization of equitable adjustments for change orders under construction contracts.

This Contract (or Purchase Order) contains rated order quantities certified for national defense use, and you are required to follow all the provisions of the DPAS regulation (DPAS Regulation - 15 CFR Part 700.12) only as it pertains to the rated quantities.

PGI PAYMENT INSTRUCTIONS

The Procedures, Guidance and Information (PGI), Section 204.7108 link provides a standard set of payment instructions (in table format) that defines how payments should be made based on the payment request type and the service being acquired.

The link to the PGI table is as follows:

https://www.acq.osd.mil/dpap/dars/pgi/pgi_html/current/PGI204_71.htm#payment_instructions

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than ""SU"", ""UAVG"", ?SA?, or ?SC? denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The ""SU"" identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

?SU? wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The ""SA"" identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can

be:

- a) a survey underlying a wage determination
- b) an existing published wage determination
- c) an initial WHD letter setting forth a position on a wage determination matter
- d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

Regarding any other wage determination matter such as conformance decisions, requests for initial decisions should be directed to the WHD Branch of Construction Wage Determinations. Requests can be submitted via email to BCWD-Office@dol.gov or by mail to:

Branch of Construction Wage Determinations

Wage and Hour Division

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210.

END OF GENERAL DECISION"
