PROGRAM BACKGROUND

The Department of Radiology (DOR) requires a performance-based non-personal-services contract for Clinical Research Associate with a total of one (1) Full Time Equivalents (FTEs) at the Brooke Army Medical Center (BAMC) located in Fort Sam Houston, Texas. These contract FTEs will deliver services as outlined below, with productivity and service quality expected to meet or exceed established professional standards for both military and civilian practitioners in their respective fields.

REQUIRED CAPABILITIES

The Contractor shall provide successful execution of moderate to high complexity clinical trials from the protocol concept through the clinical study reports. Serves as the research subject matter expert for clinical research trials to primary and associate investigators within Brooke Army Medical Center (BAMC). Works directly with the Principal Investigator to establish and implement the strategic research program plan. Registers eligible patients to research subjects through Oncology Patient Enrollment Network (OPEN), a web-based registration system for cancer patient enrollment onto NCI-sponsored clinical trials and is integrated with Cancer Trials Support Unit (CTSU). Further detail is provided in the draft Performance Work Statement (PWS) attached to this announcement (Attachment 1).

If your organization has the potential capacity to perform these contract services, please provide the following information: 1) Organization name, address, email address, Web site address, telephone number, and size and type of ownership for the organization; and 2) Tailored capability statements addressing the particulars of this effort, with appropriate documentation supporting claims of organizational and staff capability. If significant subcontracting or teaming is anticipated in order to deliver technical capability, organizations should address the administrative and management structure of such arrangements.

The Government will evaluate market information to ascertain potential market capacity to: 1) provide services consistent, in scope and scale, with those described in this notice and otherwise anticipated; 2) secure and apply the full range of corporate financial, human capital, and technical resources required to successfully perform similar requirements; 3) implement a successful project management plan that includes: compliance with tight program schedules; cost containment; meeting and tracking performance; hiring and retention of key personnel and risk mitigation; and 4) provide services under a performance based service acquisition contract.

ELIGIBILITY

The applicable NAICS code for this requirement is 541715: Research and Development with the Physical, Engineering, and Life Sciences with a Small Business Size Standard of 1000 employees.
