

STATEMENT OF WORK
REAGENTS AND CONSUMABLES FOR ALINITY S ANALYZER
59th Medical Wing – Joint Base San Antonio, Lackland AFB, TX

1. WORK DESCRIPTION

The contractor shall provide the following reagents and supplies for the Abbott Alinity s blood analyzer:

a. Reagents and Consumables

- Provide reagents and consumables on a schedule as to not interrupt operational efficiencies. These reagents will be shipped at a cadence that works for the supplier and the laboratory on an as needed basis.
- The contractor shall furnish a firm fixed price for the shipments as required by the Contracting Officer.
- The shipments shall be directed to the following address:
 - ASBBC-SA, 2430 Ladd St, Bldg 3425, Lackland AFB, 78236

b. Additional Requirements

The contractor shall ensure that all reagents and consumables are compatible with the Alinity s instrument and meet the manufacturer's specifications.

c. Federal Holidays: The ASBBC will observe the following federal holidays.

Holiday	Projected Date
New Year's Day	January 1
Martin Luther King Jr's Birthday	3 rd Monday in January
President's Day	3 rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4
Juneteenth	June 19
Labor Day	1 st Monday in September
Columbus Day	2 nd Monday in October
Veterans' Day	November 11
Thanksgiving Day	4th Thursday in November
Christmas Day	December 25

*Should the official holiday fall on Saturday then the observed holiday is the previous Friday.
Should the official holiday fall on Sunday then the observed holiday is the following Monday.*

2. TESTING REQUIREMENTS:

- a. The analyzer is required to perform Anti-HBc, Anti-HCV II, HBsAg, HIV, HTLV I/II, and Chagas testing that is FDA approved and in accordance with regulatory policies.

3. GENERAL INFORMATION

- a. If the contractor is prevented from performing due to acts beyond the contractor's control including emergency base closure the standards in FAR clause 52.212-4(f) and or 52.249-8/9/10 as appropriate will be applied to determine if the non-performance is excusable. In the event of an emergency base closure due to weather or other contingency situation, the contracting officer will notify the contractor of any changes in performance requirements. Under no circumstances will the contractor be paid for services not delivered.
- b. Contractor will only be paid for the reagents and consumables they provide.
- c. Services performed under this contract have been determined not to be essential for performance during crisis declared by the National Command Authority.
- d. The Government will restrict the performance on this contract by any individual who is identified as a potential threat to the health, safety, security, general well-being, or operational mission of the Blood Donor Center / Clinical Research Lab.
- e. The Contractor shall not use Government facilities or other Government property for personal use or other business not related to this contract.
- f. Contractor shall not respond to any media inquiries nor provide interviews, comments, or any other responses to the media regarding any subject related to this contract. All inquiries or complaints from the media or other sources shall be immediately relayed to the COR.
- g. The contractor shall ensure that its employees conduct themselves in a professional manner while on the installation and refrain from disruptive, offensive, or otherwise improper behavior that undermines order and discipline. The CO may direct the contractor to remove from performance of this contract on this installation any contractor employee engaging in such misconduct.
- h. Weapons, Firearms, and Ammunition: Contractor employees are prohibited from possessing weapons, firearms, or ammunition, on themselves or within their contractor-owned vehicle or privately-owned vehicle while on JBSA Lackland.

4. SECURITY AND BASE ACCESS

- a. Installation Access. Contractor will be responsible for obtaining access to JBSA-Lackland for contractor personnel. 59 MDW personnel may facilitate installation access on as-needed basis if the Contractor provides a minimum of 24- hour notice and all information required by JBSA-Lackland visitor access policies.
- b. Physical Security. The contractor shall comply with Force Protection Condition (FPCON) procedures, Random Antiterrorism Measures (RAMS) and local search/identification requirements.
- c. Key Control. Contractor will not be issued any key access to facilities. The primary POC at the research lab will provide point of contact upon award.
- d. Reports. The Contractor shall submit invoices in WAWF upon completion of services for use in monitoring performance.

5. DESCRIPTION OF SUPPLIES

Description	Quantity
HIV Ag/Ab Combo Reagent	12
Anti-HCV II Reagent	24
HBSAg Reagent	12
HTLV I/II Reagent	12
Anti-HBc Reagent	24
Chagas	24
HIV Ag/Ab Combo Calibrator	12
HIV Ag/AB Assay Control	12
HI Ag/Ab Release Control	6
HCV II Calibrator	12
HCV II Assay Control	12
HCV II Release Control	6
HBSAG Calibrator	12
HBSAG Assay Control	12
HBSAG Release Control	6
Concentrated wash buffer	102
HTLV I/II Calibrator	12
HTLV I/II Assay Control	12
HTLV I/II Release Control	6
HBC calibrator	12
HBC Assay control	12
Chagas Release control	6
Chagas Calibrator	12
Chagas Assay Control	12
Chagas Release Control	6
Pre-Trigger Solution	24
Reaction Vessels	30
Trigger Solution	24
