

Attachment 3 – Outline of the District Plan

1. Introduction (including purpose and District description) with vicinity graphic
2. Relationship to Overall Installation Development Plan
3. District Analysis
 - a. Planning Strategies
 - b. Constraints and Opportunities* with constraints and opportunities graphic utilizing measurable analysis (red, yellow, green)
 - c. Developable Areas
 - d. Regulating Plan
4. Program Analysis
 - a. Capacity Plan
 - b. Condition/Configuration
 - c. Requirements Prioritization
5. Alternative Analysis
6. Findings and Recommendations with final Illustrative graphic.**

* Shall include hypertext links to appropriate Plan section for more information and appropriate photos, maps, and graphics to add Plan context. The A-E will obtain digital photographs from the installation photo lab and shall also take photographs that are to be included or considered for use in the document or associated briefings. All photos will be provided to and approved by the installation POC.

** Shall be sufficiently detailed to show building footprints, building setbacks, new construction, demolition, renovation, transportation arrangements, parking areas, pedestrian circulation, landscaping, open space, and significant utility requirements.

Government Furnished Items (GFI)

- GIS Mission Data Sets (MDS) for planning
- Sustainment Management System (SMS) (Builder & Paver)
- Tactical Mission Dependency Index (MDI) or traditional MDI
- Real property inventory
- Customer (Stakeholder) List / Facility manager listing
 - Unit Manning Document: this may not be need if facility space authorizations have been calculated
 - Organizational chart (or phone rosters)
- Open work orders
- Programmed Projects, to include funded, approved, and future projects
- Life, Health, or Safety Violations on facilities, such as RAC Code or Fire Safety Deficiency (FSD)
- Planning Waivers, such as airfield criteria waivers or facilities in violation of an explosive safety zone
- Review of other planning documents and the IDP for specific recommendation and concerns
 - Listing of cultural resource sites
 - Listing of historic buildings
 - Traffic management improvements in the Transportation Management Plan
