

FEDERAL BUREAU OF PRISONS REPLACEMENT OF FIRE ALARM SYSTEMS

WHERE AT?

- BOP plans to replace or upgrade 12 institutions across 4 Regions in FY26.
- Mid-Atlantic Region Sites: FCI Cumberland, USP Big Sandy, FCI Manchester
- North Central Region Sites: MCC Chicago, FCI Marion, ADX Florence, FCI Florence, MCFP Springfield
- Northeast Region Sites: FCI Danbury, MDC Brooklyn, FCI Berlin
- Southeast Region Sites: FCI Talladega

BUREAU OF PRISON FY26 FIRE ALARM UPGRADES

To Include 12 Institutions:

FCI Berlin, NH
FCI Cumberland, MD
FCI Danbury, CT
FCI Florence, CO
ADX Florence, CO
FCI Manchester, KY
FCI Marion, IL
FCI Tallahassee, FL
MCC Chicago, IL
MDC Brooklyn, NY
USP Big Sandy, KY
USMCFP Springfield, MO

BOP INVOLVEMENT FOR INSTALLATION

Installation of conduit and field devices will be performed by inmates with BOP staff supervision.

Up to 10 inmates per site shall be trained on system basics and safety by the vendor/contractor.

Two (2) BOP staff per site trained by manufacturer-certified instructors on system operation, troubleshooting, and maintenance.

ESTIMATED FUNDING

- Estimated Base Year Value: \$5.0M
- Estimated Total with Two Option Years: \$15.9M
- Total Potential Period: 36 months.

This acquisition will provide critical fire alarm system replacements using the GSA MAS vehicle, ensuring life safety compliance and institutional readiness. The plan supports BOP operational needs while mitigating protest risk through structured CLINs, clear evaluation criteria, and defensible market research.
