USNS WALLY SCHIRRA (T-AKE 8)	
Length	689 FT
Beam	106 FT
Arrival Draft	30 FT 6 IN ABL
Gross Tons	43,758 TONS

It is requested that interested firms submit to the contracting office a brief capabilities package demonstrating your firm's ability to perform the work and experience in performing similar work. This document shall address, at a minimum the following:

- (1) Company Profile to include number of employees, office location(s), UEI number, CAGE Code and a statement regarding small business designation and status;
- (2) Description and location of the facility where the work will be performed;
- (3) This procurement will be solicited under NAICS Code 336611, Ship Building and Repair, which has a size standard of 1,300 employees. Indicate if your company is a large or small business and socioeconomic category (HUBZone, SDVOSB, WOSB, etc.), if applicable.
- (4) Partnership, teaming, joint ventures, or mentor-protégé agreements.

Please provide your response to this source sought notice by date/time to e-mail address. Submission of a capabilities statement is not a prerequisite to any potential future offerings, but participation will assist the Government as to the extent of shipyards available for this procurement. The Government is not obligated to and will not pay for any information received.
