13. SECURITY GUIDANCE

The security classification guidance for classified information needed for this effort is identified below. If any difficulty is encountered in applying this guidance or if any other contributing factor indicates a need for changes in this guidance, the contractor is authorized and encouraged to provide recommended changes; to challenge the guidance or the classification assigned to any information or material furnished or generated under this contract; and to submit any questions for interpretation of this guidance to the official identified below. Pending final decision, the information involved shall be handled and protected at the highest level of classification assigned or recommended.

(Fill in as appropriate for the classified effort. Attach, or forward under separate correspondence, any documents/guides/extracts referenced herein. The field will expand as text is added. When removing any expanded text area, use delete key or backspace key, then click out of the text field for it to shrink after the text has been deleted. Also allows for up to 6 internal reviewers to digitally sign. See instructions for additional guidance or use of the fillable PDF.)

Facility Security Clearance: The Contractor shall possess and maintain a facility clearance granted by the Defense Counterintelligence and Security Agency (DCSA). The Contractor's employees, performing work in support of this contract (not technicians as stated below) will require security clearance/eligibility determination based on a favorably adjudicated T5 or T5R with SCI eligibility; be within investigation scope and/or currently enrolled in Continuous Evaluation (CE) / Continuous Vetting (CV) at the time of contract award and throughout the life of the contract to include all potential option years identified in this PWS. The DD 254 will be housed within the NCCS through the life of the contract. The Contractor shall be registered within NCCS at time of award to gain access to the DD 254. It is incumbent upon the Contractor to ensure that the necessary security paperwork is submitted in sufficient time to enable each individual to be cleared prior to beginning work on this contract. In the event that the NCCS is superseded by another System of Record, the same requirements apply. The Contracting Officer will maintain the DD254 in the Official Contracts Records.

- Contractor personnel performing or assigned under this contract must be U.S. persons. Security Classification Guide requests should be presented to the Government Sponsor, if required, subsequent to contract award. All classified information received or generated under this contract is the property of the U. S. Government. The U. S. Government shall provide disposition instructions. No release of classified information or controlled unclassified information under this contract is authorized. All requirements for control and accounting of original documentation and copies apply. All applicable provisions of the NISPOM and its supplements and 32 CFR, part 117 apply. Any classified information shall be transmitted IAW DOD 5200.1-R, DOD Information Security Program

- Regulations. The contractor shall adhere to Chapter 8, NISPOM, which applies to non-DoD IT systems.
- Contractor is not authorized to subcontract on this effort without an approved subcontracting plan with written GCA/COR authorization
 - All Common Access Cards (CACs), building access badges, and parking passes must be returned immediately at the end of the period of performance date.
 - The Contractor shall comply with (1) Security Agreement (DD Form 441/DD Form 441-1), including the National Industrial Security Program Operating Manual (NISPOM), DoD 5220.22-M and any revisions and (2) 32 CFR, Part 117. Provisions of the Privacy Act apply to all records and reports maintained by the contractors.
 - All programs and materials developed at government expense during the performance period of this contract are the property of the US Government.
 - Prior to granting an employee access to classified information and/or materials, the contractor shall brief employees with regard to their obligation to comply with the NISPOM, to include any changes and/or amendments, and 32 CFR, Part 117. The contractor's employees shall be debriefed when access to the material is no longer needed or is terminated. A list of all employees who have had access to classified information during the period of this contract shall be maintained by the contractor company and be available for Defense Counterintelligence and Security Agency inspection
 - Access to General Protection/Security Policies and Procedures. All contractor employees, including subcontractor employees stationed or assigned on a US Government facility shall comply with applicable installation, facility access procedures and local security policies (provided by the US Government security personnel). The contractor workforce shall comply with all personal identification verification requirements as directed by local policy. In addition to the changes otherwise authorized by the changes clause in this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the US Government may require changes in the contractor security processes or procedures.
 - Contractors requiring access to US Government Information Technology (IT) systems must adhere to all US Government requirements. All contractor employees and any associated subcontractor employees shall annually complete the DoD Information Assurance Training and sign an Acceptable Use Policy (AUP). The training certificate and AUP must be provided to the designated personnel at US Government facilities before issuance of network access and annually thereafter.
 - Contractor employees shall abide by US Government Security Regulations and Security Standard Operating Procedures when working on-site at US Government facilities/installations and shall annually attend Government mandatory training including Operational Security, Security Awareness, Subversion and Espionage, Ethics and Prevention of Sexual Harassment, and any/all other training as directed by the US Government.
 - Common Access Cards (CACs) are authorized for contractor employees that work on-site at Government facilities. CACs are the property of the US Government and shall be given to the Contractor Facility Security Officer upon termination of employment with the company, expiration of the CAC, replacement of a CAC, or upon contract completion. The FSO shall immediately return the CACs to the Government Security Office, Government Contracting Officer, or Contracting Officer Representative. The loss of a CAC shall be reported on the first business day following the discovery of the lost CAC to your chain of command and to the issuing agency. Unauthorized possession of a CAC can be prosecuted criminally under section 701, title 18, United States Code. Photocopying of US Government Identification (CAC) is a violation of Title 18, US Code Part 1, Chapter 33, Section 01 and punishable by both fine and imprisonment. Although the asking for military/government identification is totally permissible by commercial establishments, there is a prohibition on duplication of government identification. A state issued driver license or other form of photo identification should be provided to be photocopied if an establishment insists on a photocopy of the traveler's identification. Contractor is required to ensure that all employees are aware of this law.
 - Contractor personnel shall utilize US Government or official company e-mail for transmitting official US Government business. Official US Government business shall NOT be transmitted via personal, private, and/or commercial e-mail accounts, i.e., YAHOO, HOTMAIL, GMAIL, VERIZON, etc.
 - Contractor is prohibited from using reference to this contract, classification, clearances, accesses (collateral and/or SCI), even by unclassified acronyms, in advertisements, websites, capabilities fliers, promotional efforts, or recruitment of employees.

Ref 10a: Classified COMSEC material is not releasable to contractor employees who have not received a FINAL clearance at the appropriate security level. COMSEC access shall be IAW the 32 CFR 117 and AR 380-40. When access is required at Government facilities, contractor personnel shall adhere to COMSEC rules and regulations as mandated by Command policy and procedures. Written concurrence of the KO is required prior to subcontracting. In addition, the prime contractor must notify the National Security Agency Central Office of Record before negotiating or awarding subcontracts.

Note: Written concurrence of the KO is required prior to subcontracting. In addition, the prime contractor must notify the National Security Agency Central Office of Record before negotiating or awarding subcontracts.

Ref 10b: Restricted Data Information is not releasable to contractor employees who have not received a FINAL clearance at the appropriate security level. Written concurrence of the KO is required prior to subcontracting.

Ref 10j: Controlled Unclassified Information will be required in the performance of this contract. All personnel must adhere to applicable regulation, guidance, distribution statements, and markings; and must abide by the security measures outlined in DoDI 5200.48, applicable local guidance and the requirements in CMMC/NIST SP 800-171 Interim rule. The current approved GCS Program Management OPSEC Plan will be provided as GFI upon award by KO, COR, or ISS.

Ref 11a: Contractor performance is restricted to government activity. Government agencies or activity will provide security classification guidance for performance on this contract. Contractor FSO will Submit visit requests to the Program Manager Security Manager via DISS for need-to-know verification.

Ref 11e: Contract is for equipment maintenance services on equipment which processes classified information. Actual knowledge of,

generation, or production of classified information is not required for the performance of the contract. Cleared personnel are required to perform this service because access to classified information cannot be precluded by escorting personnel. Any classification guidance needed will be provided by the contractor.

11f. Have access to U.S. classified information outside the U.S., Puerto Rico, U.S. Possessions and Trust Territories: Check this block if access to classified information, with travel outside the U.S., Puerto Rico, or U.S. Possessions and Trust Territories, is required. Provide details in Item 13 regarding the Army/U.S. activity, to include the city and country where the overseas performance will occur.

a) Check Item 14 if additional security requirements are imposed on the contract.

Check Item 15 because DCSA does not provide oversight for contractors performing classified work outside of the U.S., Puerto Rico, U.S. Possessions and Trust Territories. Designate the supporting security office that will provide security oversight and perform the security inspections. Provide a copy of the 254 to the supporting security office.

Ref 11g: The sponsoring KO must submit DD Form 1540 to DTIC on behalf of the contractor. For subcontractors, the prime contractor submits the DD Form 1540 with the KO verifying the need-to-know. (2) The contractor may also submit DD Form 2345 Militarily Critical Technical Data Agreement (after registration with DTIC) to the Defense Logistics Services.

Ref 11j: Contractor employees will have access and be subject to the current PM MAV OPSEC Plan supplied by the KO. These requirements shall flow down to all approved U.S. subcontractors with access to either or both CUI and classified material.

Ref 11l: Contractors will be required to maintain storage of Controlled Unclassified Information (CUI) information at the contractor facility and will abide by all NISPOM Rule 32 CFR 117 and AR 380-40, the DODI 5200.48, as well as all local guidance and AFC OPORD s directing the control and protection of CUI. Contractor facilities and requirements will remain under DCSA authority for inspections. All CUI material created and/or received by the contractor company will be returned to PEO GCS or destroyed upon completion of the contract and IAW CUI destruction guidance. All electronic transmission of CUI will be done over authorized/approved systems only and Contractor Company will be required to abide by the CMMC implementation if selected or the NIST SP 800-171 Interim Rule until such time that company is phased into CMMC requirements.

Ref 11m: Counter-Intelligence Awareness and Reporting (CIAR): IAW NISPOM rule, part 117.8 Reporting Requirements: The contractor shall report suspicious contacts, threat-related incidents, behavioral indicators, and other matters of counterintelligence (CI) interest specified in AR 381-12, Chapter 3, through the facility security officer to the government security officer, the nearest military CI office, the Federal Bureau of Investigation, and the Defense Counterintelligence Security Agency. Annually, train personnel who handle classified information IAW AR 381-12, Chapter 2. This requirement shall be flowed down to all U.S. subcontractors that have access to classified information/material. Contact the individual in Block 17 to obtain local CI office information.
