

PERFORMANCE WORK STATEMENT (PWS) TEMPLATE

Brooke Army Medical Center
Material Handler Support Services
W9124J26RMH26
26 March 2026

PART 1 GENERAL INFORMATION

1. General: This is a non-personal services contract to provide Material Handler Facilities Support Services. The government will not exercise any supervision or control over the contract service providers performing the services herein. Contractor service providers shall be accountable solely to the contractor who, in turn, is responsible to the government.

1.1 Description of Services/Introduction: The contractor shall provide all personnel and other items and non-personal services necessary to perform BAMC material handling facilities support services as defined in this Performance Work Statement. The government will furnish items, equipment, supplies, facilities, transportation, tools, materials, and supervision. The contractor shall perform to the standards in this contract.

1.2 Background: The mission of the United States Army (USA) Medical Command (MEDCOM) is to provide quality healthcare to its beneficiaries who include Active Duty, Reserve, National Guard and Retired Soldiers and their Family Members. BAMC is a modern state-of-the-art, 450-bed healthcare facility that provides level- one trauma and graduate medical education. The multi-storied medical treatment facility has 1.5 million square feet of operational space and a normal bed capacity of 450, of which 48 are ICU beds and 40 are dedicated to the Institute of Surgical Research Burn Unit. The hospital is capable of expanding to 653 beds if needed to support a wartime mobilization. The direct patient care settings, such as the operating rooms, emergency rooms, critical and noncritical care units and burn care units, require support services 24 hours a day, seven (7) days a week. Other healthcare related settings such as clinics, laboratories and administrative areas require support services on an area/room specific scheduled basis.

1.3 Objectives: The principal objective of this contract is to enhance the operational efficiency and service delivery of the BAMC Furniture Section. The contractor shall provide qualified material handling personnel to supplement the existing government workforce, with the primary goal of reducing the average completion time for Furniture Work Requests (FWRs) from the current 4-6 months to a target of 2-4 months. This augmentation is expected to enable the completion of approximately 600 additional FWRs annually, thereby reducing the existing backlog. The contractor shall be responsible for providing a stable and reliable workforce, demonstrated by fulfilling a minimum of 80% of all requested shifts and maintaining a personnel turnover rate that does not exceed 20% within any 12-month period.

1.4 Scope: The contractor shall provide the services described to support all existing and new furniture set up, Re-configuration and area changes; while receiving and processing a variety of materials for furniture and workplace support projects. Unload, segregate and verify furniture items for accuracy as reflected on

accompanying documents. Exercise proper warehousing techniques to preclude breakage or damage to furniture support materials. Store stock in appropriate bins and/or storage location. Correct and update bin labels. Store and stack materials in accordance with established warehousing plan-- considering size, shape and quantity. Report shortages or damaged items to supervisor. Manage and support all methods of ergonomic furniture movement, general repairs and the use of materials and the tools needed to accomplish projected maintenance tasks. Conduct inventory of stock and submits replenishment requests to supervisor for review and reorder. Participate in warehouse operations and projects as either a truck driver or Forklift Operator when required. Schedule with numerous activities for modification of work orders and furniture arrangement request. To ensure patient care and daily operations are not disturbed, contractors may be asked to work outside of regular business hours, including weekends.

1.5 Period of Performance: The period of performance shall be for one (1) base year of 12 months, four (4) 12-month option years, and one (1) six-month period.

1.6 General Information:

1.6.1 Quality Control: The contractor shall develop and maintain an effective quality control program to ensure services are performed in accordance with this PWS. The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The contractor's quality control program is the means by which he assures himself that his work complies with the requirement of the contract.

1.6.2 Quality Assurance: The government will evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan. This plan is a government only document primarily focused on what the government must do to assure that the contractor has performed in accordance with the requirements of the contract.

1.6.3 Federal Government Holidays: [Contractor is not required to perform services on holidays.]

New Year's Day	1st day of January
Martin Luther King Jr. Day	3rd Monday of January
Washington's Birthday	3rd Monday of February
Memorial Day	Last Monday of May
Juneteenth Day	19 th day of June
Independence Day	4th day of July
Labor Day	1st Monday of September
Columbus Day	2nd Monday of October
Veterans Day	11th day of November
Thanksgiving Day	4th Thursday of November
Christmas Day	25th day of December

1.6.4 Hours of Operation: The contractor is responsible for conducting business, between the hours of [0700 thru 1600] Monday thru Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. For other than firm fixed price contracts, the contractor will not be reimbursed when the

government facility is closed for the above reasons. The Contractor shall at all times maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the workforce are essential.

1.6.4.1 Personal Appearance/Word Attire: Contract personnel working under this contract shall maintain a clean, neat, and professional appearance upon entering the Medical Treatment Facility (MTF) (prior to changing into scrubs, if applicable). Contract personnel shall not wear clothing made of see-through material, cutoffs, tank tops, torn/ripped clothing, sleepwear, sandals or clothing that displays offensive slogans or images. Contract personnel shall not wear athletic or athletic styled clothing (e.g., shorts, jogging suits, sweat suits, leggings, or t-shirts). In all cases, contract personnel clothing shall fit to provide a professional appearance in keeping with the normally accepted standards of dress, and not present an unfavorable appearance upon the Government.

1.6.5 Place of Performance: The work to be performed under this contract will be performed at Brooke Army Medical Center (BAMC), Joint Base San Antonio – Ft Sam Houston, Texas and surrounding medical facilities within San Antonio area. The locations of the medical facilities are: Center for the Intrepid (CFI), Troop Medical Clinic (TMC), Camp Bullis, CPT Jennifer Moreno Primary Care Clinic, SPC Taylor J. Burk Clinic, Rhoades and Budge Dental Clinic, Blood Donor Lab, Optical Fabrication Lab, Soldier Physical Therapy Bldg., Schertz Medical Home, Westover Hills Medical Home, Veterinary Lab, Operational Reserve and National Guard units and occasionally in Corpus Christi Clinic.

1.6.6 Security Requirements: Work under this contract is UNCLASSIFIED. The Contractor shall comply with all applicable DoD security regulations and procedures during the performance of this contract. The Contractor shall not disclose and must safeguard procurement sensitive information, computer systems and data, Privacy Act data, and Government personnel work products obtained or generated in the performance of this contract. Contractor employees shall not disclose or cause to disseminate any information concerning operations of military activities. Such action(s) could result in violation of the contract and possible legal actions. All inquiries, comments or complaints arising from any matter observed, experienced, or learned of as a result of or in connection with the performance of this contract, the resolution of which may require the dissemination of official information, shall be directed to the contracting officer representative (COR) and the contracting officer. The Contractor shall only conduct business with designated CORs listed as points of contact (POCs). Names of authorized personnel shall be provided in writing within 5 days of award and updated as necessary throughout the contract period. US Government records, copies of original results and reports, verified original data, corrected data and corrected supporting final reports remain the property of the U. S. Government.

1.6.6.1 Physical Security: The contractor shall be responsible for safeguarding all government equipment, information and property provided for contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured.

1.6.6.2 Key Control: The contractor shall establish and implement methods of making sure all keys/key cards issued to the contractor by the government are not lost or misplaced and are not used by unauthorized persons. NOTE: All references to keys include key cards. No keys issued to the contractor by the government shall be duplicated. The contractor shall develop procedures covering key control that shall be

included in the Quality Control Plan. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The contractor shall immediately report any occurrences of lost or duplicate keys/key cards to the contracting officer.

1.6.6.2.1. In the event keys, other than master keys, are lost or duplicated, the contractor shall, upon direction of the contracting officer, re-key or replace the affected lock or locks; however, the government, at its option, may replace the affected lock or locks or perform re-keying. When the replacement of locks or re-keying is performed by the government, the total cost of re-keying or the replacement of the lock or locks shall be the responsibility of the contractor.

1.6.6.2.2_The contractor shall prohibit the use of government issued keys/key cards by any persons other than the contractor's employees to whom the keys/key cards are issued. The contractor shall prohibit the opening of locked areas by contractor employees to permit entrance of persons other than contractor employees engaged in the performance of assigned work in those areas, or personnel authorized entrance by the contracting officer.

1.6.6.2.3 Lock Combinations: The Contractor shall establish and implement methods of ensuring that all lock combinations are not revealed to unauthorized persons. The Contractor shall ensure that lock combinations are changed when personnel having access to the combinations no longer have a need to know such combinations. These procedures shall be included in the Contractor's Quality Control Plan.

1.6.6.2.4 Installation Access: Access to U.S. installations, buildings and controlled areas is limited to personnel who meet security criteria and are authorized. Failure to submit required information/data and obtain required documentation or clearances will be grounds for denying access to U.S. installations, buildings, and controlled areas. The Contractor shall ensure that any subcontract personnel used in performance of this contract complies with these requirements and that all contract personnel, of both the Contractor and any subcontractor utilized by the Contractor, are made aware of and comply with these requirements.

The Contractor shall be aware of and comply with the requirements associated with Installation Access Control. The Government is not liable for any costs associated with performance delays due solely to a firm's failure to comply with Installation Access Control System (IACS) processing requirements.

The Contractor shall return installation passes to the issuing IACS office when the contract is completed or when a Contractor employee no longer requires access.

1.6.6.2.5 Common Access Cards (CACs): The Contractor shall provide the COR with any necessary information required to obtain a CAC or installation access card within seven (7) calendar days prior to contract personnel commencing services (A.005).

1.6.7 Visit Notification: N/A

1.6.8 Anti-Terrorism (AT) Level I Training: All contract personnel, including subcontractor personnel, who are employed under the contract, shall complete AT Level I Training within 30 calendar days after contract

start date or effective date of incorporation of this requirement into the contract, whichever applies, or within 30 calendar days after employment of new personnel. The Contractor shall submit certificates of completion (A.009) for each affected contract personnel and subcontractor personnel to the COR (or to the KO, if a COR is not assigned) within seven (7) calendar days after completion of this training by all contract personnel and subcontractor personnel. AT Level I awareness training is available at <https://jkodirect.jten.mil>. Contract personnel shall complete refresher training every 12 months except AOR specific AT Level I Training which shall be completed as required by local AT policies. Verification of the refresher training shall be provided to the COR within seven (7) calendar days after completion of the training (A.009).

If training cannot be conducted on the website, the Contractor shall coordinate with the COR who will contact the local AT Officer at their assigned location for classroom training. Contract personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the AT Officer. Verification of the training shall be provided to the COR within seven (7) calendar days after completion of the training (A.009).

1.6.8.1 Operations Security (OPSEC) Training: All contract personnel, including subcontract personnel, shall complete Level I OPSEC training Per AR 530-1, within 30 calendar days of employment under this contract (A.010). Verification of the training shall be provided to the COR within seven (7) calendar days after completion of the training. OPSEC Level I Training is available at <http://www.cdse.edu/catalog/elearning/GS130.html>. Contract personnel must complete refresher training every 12 months. Verification of the refresher training shall be provided to the COR within seven (7) calendar days after completion of the training (A.010).

If training cannot be conducted on the website, the Contractor shall coordinate with the COR, who will contact the local OPSEC Officer at their assigned location for classroom training. Contract personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the OPSEC Officer. Verification of the training shall be provided to the COR within seven (7) calendar days after completion of the training (A.010).

1.6.8.2 Post Award Conference/Periodic Progress Meetings: The contractor shall agree to attend any post award conference convened by the contracting activity or contract administration office in accordance with Federal Acquisition Regulation Subpart 42.5, Post Award Orientation. The contracting officer, COR, and other government personnel, as appropriate, will meet periodically, quarterly as a minimum, with the contractor to review the contractor's performance. At these meetings the contracting officer will apprise the contractor of how the government views the contractor's performance and the contractor shall apprise the government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.6.8.3 Contracting Officer's Representative (COR): The COR will be identified by separate letter. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: assure that the contractor performs the technical requirements of the contract; perform inspections necessary in connection with contract performance; maintain written and oral communications with the contractor concerning technical aspects of the contract; issue written interpretations of technical requirements, including government drawings, designs, and specifications; monitor contractor's performance and notify both the contracting officer and contractor of

any deficiencies; coordinate availability of government furnished property; and provide site entry of contractor personnel. A letter of designation issued to the COR, a copy of which is sent to the contractor, states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order.

1.6.8.4 Key Personnel: The contractor shall provide a contract manager who shall be responsible for the performance of the work. The name of this person and an alternate who shall act for the contractor when the manager is absent shall be designated in writing to the contracting officer. The contract manager or alternate shall have full authority to act for the contractor on all contract matters relating to daily operation of this contract. The contract manager or alternate shall be available between 0700 thru 1600, Monday thru Friday except Federal holidays or when the government facility is closed for administrative reasons.

1.6.8.5 Identification of Contractor Employees: The contractor (to include subcontractors) shall provide each employee an identification (ID) badge, which includes at a minimum, the company name, employee name and a color photo of the employee. ID badges for key personnel shall also indicate their job title. ID badges shall be worn at all times during which the employee is performing work under this contract. Each contractor (to include subcontractors) employees shall wear the ID badge in a conspicuous place on the front of exterior clothing and above the waist except when safety or health reasons prohibit. The contractor (to include subcontractors) shall be responsible for collection of ID badges upon completion of the contract or termination of employee. A listing of issued identification cards shall be furnished to the contracting officer prior to the contract performance date and updated as needed to reflect contractor and subcontractor personnel changes. All contract personnel attending meetings, answering government telephones, and working in other situations where their contractor status is not obvious to third parties are required to identify themselves as such to avoid creating an impression in the minds of members of the public that they are government officials. They must also ensure that all documents or reports produced by contractors are suitably marked as contractor products or that contractor participation is appropriately disclosed.

1.6.8.6 Anti-Terrorism (AT) Level I Training: All contract personnel, including subcontractor personnel, who are employed under the contract, shall complete AT Level I Training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever applies, or within 30 calendar days after employment of new personnel. The Contractor shall submit certificates of completion (A.009) for each affected contract personnel and subcontractor personnel to the COR (or to the KO, if a COR is not assigned) within seven (7) calendar days after completion of this training by all contract personnel and subcontractor personnel. AT Level I awareness training is available at <https://jkodirect.jten.mil>. Contract personnel shall complete refresher training every 12 months except AOR specific AT Level I Training which shall be completed as required by local AT policies. Verification of the refresher training shall be provided to the COR within seven (7) calendar days after completion of the training (A.009).

If training cannot be conducted on the website, the Contractor shall coordinate with the COR who will contact the local AT Officer at their assigned location for classroom training. Contract personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the AT Officer. Verification of the training shall be provided to the COR within seven (7) calendar days after completion of the training (A.009).

1.6.8.7 Contractor Travel: Contractor Travel: The contractor may be required to travel, when acting in the capacity of authorized Government driver, between BAMC clinics, departments, and divisions geographically dispersed within the San Antonio metropolitan area. Government furnished vehicles will be provided. Therefore, no local travel reimbursement applies nor is authorized. Occasionally, travel for delivery and pick up of materials and supplies in performance of logistics and warehousing services will require travel outside of the San Antonio geographical areas (Fort Cavazos – Killeen, TX, Camp Mabry - Austin, TX, Corpus Christi, TX). Driver's license class "C" is required to be able to drive vehicles as last resort of government driver is unable. Contractor shall provide insurance coverage as required by the state of Texas for all employees driving government vehicles.

1.6.8.8 Other Direct Costs: *N/A*

1.6.8.9 Data Rights: The government has unlimited rights to all documents/material produced under this contract. All documents and materials, to include the source codes of any software, produced under this contract shall be government owned and are the property of the government with all rights and privileges of ownership/copyright belonging exclusively to the government. These documents and materials may not be used or sold by the contractor without written permission from the contracting officer. All materials supplied to the government will be the sole property of the government and may not be used for any other purpose. This right does not abrogate any other government rights.

1.6.8.10 Organizational Conflict of Interest: Contractor and subcontractor personnel performing work under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent Organizational Conflict of Interests (OCI) as defined in FAR Subpart 9.5. The Contractor shall notify the Contracting Officer immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the Contracting Officer to avoid or mitigate any such OCI. The Contractor's mitigation plan will be determined to be acceptable solely at the discretion of the Contracting Officer and in the event the Contracting Officer unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the Contracting Officer may affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.6.8.11 Phase-In / Phase-Out Period: *N/A*

PART 2 DEFINITIONS & ACRONYMS

2. DEFINITIONS AND ACRONYMS:

2.1. DEFINITIONS:

CONTRACTOR. A supplier or vendor awarded a contract to provide specific supplies or services to the government. The term used in this contract refers to the prime.

CONTRACTING OFFICER (KO). A person with authority to enter into, administer, and/or terminate contracts, and make related determinations and findings on behalf of the government. Note: The only individual who can legally bind the government.

CONTRACTING OFFICER'S REPRESENTATIVE (COR). An employee of the U.S. government appointed by the contracting officer to administer the contract. Such appointment shall be in writing and shall state the scope of authority and limitations. This individual has authority to provide technical direction to the contractor as long as that direction is within the scope of the contract, does not constitute a change, and has no funding implications. This individual does not have authority to change the terms and conditions of the contract.

DEFECTIVE SERVICE. A service output that does not meet the standard of performance associated with the performance work statement.

DELIVERABLE. Anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

GOVERNMENT-FURNISHED PROPERTY (GFP) OR GOVERNMENT PROPERTY (GP). Property in the possession of, or directly acquired by, the government and subsequently made available to the contractor.

KEY PERSONNEL. Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the key personnel listed in the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

PHYSICAL SECURITY. Actions that prevent the loss or damage of government property.

QUALITY ASSURANCE (QA). The government procedures to verify that services being performed by the contractor are acceptable in accordance with established standards and requirements of this contract.

QUALITY ASSURANCE SPECIALIST (QAS). An official government representative concerned with matters pertaining to the contract administration process and quality assurance/quality control. Acts as technical advisor to the contracting officer in these areas.

QUALITY ASSURANCE SURVEILLANCE PLAN (QASP). An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance.

QUALITY CONTROL. All necessary measures taken by the contractor to assure that the quality of an end product or service shall meet contract requirements.

SUBCONTRACTOR. An entity that enters into a contract with a prime contractor. The government does not have privity of contract with the subcontractor.

WORKDAY. The number of hours per day the contractor provides services in accordance with the contract.

WORK WEEK. Monday through Friday, except for federal holidays unless specified otherwise.

2.2. ACRONYMS: Although not inclusive of every term used within this PWS, or that may be included in an acquisition, the following provides a list of acronyms commonly used in the acquisition field.

AAAH	Accreditation Association for Ambulatory Health Care
ABEM	American Board of Emergency Medicine
ACGME	Accreditation Council for Graduate Medical Education

DRAFT

PART 3
GOVERNMENT FURNISHED PROPERTY, EQUIPMENT, AND SERVICES

3. GOVERNMENT FURNISHED ITEMS AND SERVICES:

3.1. Services: Reserved

3.2 Facilities: The Government will provide the necessary workspace for the contractor staff to provide the support outlined in the PWS to include desk space, telephones, computers, and other items necessary to maintain a workspace. Contractor staff shall not alter the office/clinic space without written approval from the Department/Service Chief. Items of clothing or equipment may not be able to be secured at all locations. The government will not incur any liability for theft, damage to, or loss of such personal items.

3.3 Utilities: The Government will provide all utilities in the facility and will be available for the contractor's use in performance of tasks outlined in this PWS. The Contractor shall instruct employees in utilities conservation practices. The contractor shall be responsible for operating under conditions that preclude the waste of utilities, which include turning off the water faucets or valves after using the required amount to accomplish cleaning vehicles and equipment.

3.4 Incidental Equipment: *N/A*

3.5 Equipment: The Government will provide, and/or the contractor will have access to, i.e., computers, software, scanners, fax machines, copiers, printers, vehicles, carts etc., and other equipment and supplies necessary to complete contractor duties and responsibilities as listed in this performance work statement.

3.6 Materials: Reserved

PART 4
CONTRACTOR FURNISHED ITEMS AND SERVICES

4. CONTRACTOR FURNISHED ITEMS AND RESPONSIBILITIES:

4.1 General: The Contractor shall provide all contract personnel necessary to perform services as described in the PWS and associated contract documents, except for those items specified in Part 3.

4.2 Security Facility Clearance: *N/A*

4.3. Materials: *N/A*

4.4. Equipment: *N/A*

DRAFT

PART 5
SPECIFIC TASKS

5. SPECIFIC TASKS:

5.1. Basic Services: The contractor shall provide services in accordance with this PWS to support the mission, operation, goals and objectives for Logistics Division and its three branches. Contractor shall be responsible for providing staff to work at each branch during operating hours, Monday thru Friday, except for holidays and weekends.

5.2. FURNITURE SET UP, RE-CONFIGURATION AND AREA CHANGES. Contractor shall support all furniture set up, re-configuration, and area changes, while receiving and processing a variety of materials for furniture and workplace support projects. Unload, segregate and verify furniture items for accuracy as reflected on accompanying documents. Store stock in appropriate bins and/or storage location. Correct and update bin labels. Store and stack materials in accordance with established warehousing plan--considering size, shape and quantity. Report shortages or damaged items to their Government Lead/Supervisor.

5.3. ERGONOMIC FURNITURE MOVEMENT. Contractors shall manage and support all methods of ergonomic furniture movement, general repairs and the use of materials and the tools needed to accomplish projected maintenance tasks. Exercise proper warehousing techniques to preclude breakage or damage to furniture support materials. Conduct inventory of stock and submits replenishment requests to supervisors or for review and reorder. Participate in warehouse operations and projects as either a truck driver or Forklift Operator as required.

5.4 MODIFICATION WORK ORDERS. The Contractor shall coordinate with the appropriate activities to schedule modification work orders and furniture arrangement request as required due to the patient care mission and its priorities. Contract Employee will need to infrequently work as required after duty or on weekends to ensure patient care and flow is not degraded during normal duty hours.

5.5 Technical Exhibit B Deliverables Schedule

5.5.1 Attachment/Technical Exhibit List:

5.5.2 Attachment 1/Technical Exhibit 1 – Contract Deliverables Schedule

<u>Deliverable</u>	<u>Frequency</u>	<u># Of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
Work Schedules (Paragraph a.)	Contractor provides schedule at least two weeks prior to starting date of each pay period.	One (1) copy to the COR	Electronic delivery via email using Microsoft Office.	To the COR

List of Excluded Individuals/Entities (LEIE) (Paragraph b.)	Contractor performs quarterly check on current and newly hired employees.	One (1) certified copy to the COR	Send list electronically via Microsoft Office.	To the COR
Weekly Summary Report	Contractor submits weekly.	One (1) for each affected individual to the COR	Send log via email using Microsoft Office.	To the COR
Quality Control Plan	Within 30 Days of Contract Award	One (1) for each affected individual to the COR	Send list electronically via Microsoft Office.	To the COR

5.5.3 Deliverables:

a. Work Schedules: Contractor shall provide a copy of the work schedule to the COR at least two weeks prior to the starting date of each pay period. This allows the government adequate time to schedule Government personnel to fill the absence or discuss staffing needs. Contractor shall be responsible for completing contract employee schedules and submit changes, corrections, and reporting errors. Contractor shall be responsible for submitting completed work schedules to the appointed COR within 7 days of the end of payment cycle before submitting invoice in WAWF to verify information.

b. LEIE Report: In accordance with OTSG/MEDCOM Policy Memo 15-037, all contractors (Individual or Entity) who supply healthcare items or services must not have their names or employee's names listed in the List of Excluded Individuals/Entities (LEIE) database. Individual or Entity names appearing in the LEIE are not eligible to perform services under this contract. Contractor shall perform individual query on the data base at following site: <http://exclusions.oig.hhs.gov> for all employees (current and newly hires) working under this contract and certify in writing to the Contracting Officer and appointed CORs that the contractor has queried the list and no such names appear on the list. During performance of contract, the contractor will perform a quarterly check on current employees and immediately on those newly hires and send certified copy of this list to the COR of the branch where employee is/will be assigned.

c. Weekly summary report: The Contractor is responsible for taking prompt and appropriate action regarding employees who fail to meet performance standards, including issues with attendance, tardiness, or customer service. The Contractor must maintain internal attendance and tardiness records to validate the labor hours invoiced. A weekly summary report shall be submitted to the Contracting Officer's Representative (COR) detailing total hours worked, any deviations from the scheduled coverage, and the resulting impacts on contract performance. Individual employee timecards or attendance logs are to be provided only upon request to validate invoiced hours.

5.6 Steps for Submitting a Service Contract Report (SCR)

1. Go to www.sam.gov and log in.
2. Select Entity Registrations and then select Service Contract Reporting.
3. SAM displays your entities which have service contracts and meet the reporting criteria. Select View by entity to see the service contracts for each entity.
4. Next, select Add for the service contract against which you want to create a Service Contract Report. Each service contract which meets the FAR Subpart 4.1703 reporting thresholds is displayed.
5. You will be taken to the Complete Service Contract Report page. SAM displays the contract details and allows you to report. You are required to enter the following information:
 - a. Total Amount Invoiced: Total dollar amount invoiced for services performed during the previous Government fiscal year under the contract (this amount should include the prime and any subcontract amount).
 - b. Prime Contractor Hours Expended: Prime contractor direct labor hours expended on the services performed during the previous Government fiscal year. The amount you enter is automatically divided by 2,080 hours to calculate a Full Time Equivalent (FTE) employee, displayed under the Prime Contractor Hours Expended as Prime Contractor FTEs.
6. Report any required Tier 1 subcontractor information by selecting the Add Tier 1 Subcontract Information button.
7. When you are ready to submit the report, select Submit. This saves your report and returns you to the Select Service Contract page where you can create other SCRs or edit an existing SCR.

Steps for Editing a Submitted Report

1. Follow steps 1-4 above. Any previously submitted SCR will have a View/Edit button instead of an Add button.
2. Select View/Edit. You will be able to view the current SCR, edit available fields, and resubmit the record. You can also delete previously entered information altogether.

STD: All information provided by the Contractor shall be accurate, complete, and not exceed suspense dates noted in corresponding paragraph above.

AQL: 100% Compliant

SCR reporting is mandatory for service contracts in excess of \$3 Million in the following service acquisition portfolio groups:

- *Logistics Management Services*
- *Equipment Related Services*
- *Knowledge-Based Services*
- *Electronics & Communications Services*

PART 6 APPLICABLE PUBLICATIONS

6.1 The contractor must abide by all applicable regulations, publications, manuals, and local policies and procedures. Current issues of many DA publications can be accessed at Army Publishing Directorate at <https://armypubs.army.mil/>. Publications and forms not on the internet can be obtained from the HRP. The Publications have been coded as mandatory or advisory. The contractor is obligated to follow those coded as mandatory only to the extent that they apply to this contract. Supplements, amendments, or changes to these mandatory publications may be issued during the life of the contract. The contractor will not implement any such changes to mandatory publications, which cause a change in performance within the meaning of the Changes clause, unless or until the contracting officer issues a change order or modification to the contract.

6.1. The contractor (to include sub-contractors) must abide by all applicable regulations, publications, manuals, and local policies and procedures.
