Parts are as follows: QTY - (2) each: QUINCY QDGV3046FM QGDV-30 Rotary Screw Air Compressor, 125psi, 30HP, 141 ACFM, Floor Mount (56" x 33" x 50"), 1" MPT Outlet. QTY - (1) each: QUINCY QDGV3046FMD QGDV-30 Rotary Screw Air Compressor and Dryer, 125psi, 30HP, 120 ACFM, Floor Mount, Integral Dryer (76" x 33" x 50"), 1" MPT Outlet; QTY- (2) each: QMF 175' Compressed Air Filter; QTY - (1) each: QCF 175' Compressed Air Filter.

The requested material or service represents the minimum requirements of the government (select Y/N):

Select One: Yes

Specific characteristics of the material or service that limit the availability to a sole source or brand name. For example, the material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. (unique features, function of the item, etc.). Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources. Choose the appropriate box(s) below and describe the equipment/function you have now and how the new item/service must coordinate, connect, or interface with the existing system.

Quincy air compressors are currently installed on board this vessel. OEM parts are required and must be compatible in all aspects with existing Quincy air compressors. Any deviations from using non-OEM parts may result in personal injury and/or equipment failure and damage the Quincy air compressors. Proper refurbishment and maintenance of these air compressors are critical to safe operation of the MSC vessel.

☒ A patent, copyright or proprietary data limits competition. The proprietary data is *(If applicable, include patent/copyright drawing numbers, technical manual (TM) numbers, etc)*

Quincy retains the manufacturing proprietary data to drawings, technical information and replacement parts for the required compressors on-board the ship. TM has not been developed for the vessel class.

☒ These are “direct replacements” parts/components for existing equipment as specified below. *(NOTE: Identify main unit or existing equipment and why no other parts will work.)*

Quincy is the OEM of the T-ALT designed Compressor. OEM direct replacement parts are required in order to complete installation, no substitutes are authorized.

☒ Other information to support a sole source or brand name buy:

T-ALT developed and approved by MSC N72 and ABS for the specific Brand and Model of Compressor requested. No Substitutions are allowed.
