PART III: PROJECT DESCRIPTION *(900 Character Limit)*

DRAFT

Instructions for Work Sample Cover Sheet - Subcontract Efforts

PART I: WORK SAMPLE IDENTIFICATION

Contractor Name: Enter the Contractor's Name that performed as the Prime for this work sample.

Subcontractor Name: Enter the Offeror's Name that performed as a Subcontractor on this work sample.

Contract Number: Enter the Contract Number associated with the Prime contract.

Order Number: Enter the Task Order Number, if applicable.

Customer: Enter the Office Symbol and Program Name this work sample supports.

Total Period of Performance, Including Options: Enter the period of performance for the Prime contract in MM/YYYY – MM/YYYY format. Do not use the period of performance for the subcontract.

Work Sample Value: Enter the final or most recent total contract value of the work sample. Do not use the value of the subcontract.

Work Sample Identifier: Enter a unique identifier for each of the provided work samples (e.g., WS-1, WS-2, WS-3, ..., WS-20).

PART II: WORK SAMPLE INFORMATION/POCs

Program Manager / Contracting Officer / COR / Other Customer Representative: Provide the contact information for POCs currently working the contract/task order or the most recent POCs if the contract has ended. Each Offeror shall provide at least two POCs for each work sample.

PART III: WORK SAMPLE DESCRIPTION (900 Character Limit)

This space is provided to allow the Offeror to present a brief synopsis of the work sample. The information provided will not be evaluated.
