

The Bureau of Engraving and Printing (BEP) is issuing a Sources Sought to determine if there are any Service Disabled Veteran-Owned Small Businesses (SDVOSB), Veteran-Owned Small Businesses (VOSB), Women Owned Small Business (WOSB), 8(a), Historically Underutilized Business Zone (HUBZone), or Small Business (SB) that can manage, operate, maintain supplies and perform maintenance and provide technical support for the Wastewater and Storm Water Programs at the District Currency Facility (DCF) in Washington, D.C.

A draft Performance Work Statement (PWS) is attached. This is a request for planning purposes and information only, and does not constitute an Invitation for Bids,

Requests for Proposals, Quotations. In accordance with FAR 15.201(e), responses to this notice are not offers and cannot be accepted by the Government to form a binding contract, nor do they affect a potential offeror's ability to respond to any future synopsis/solicitation, which may or may not follow or restrict the U.S. Government's eventual acquisition approach. Additionally, the U.S. Government will not provide reimbursement for any information that may be submitted in response to this notice. Respondents are solely responsible for all expenses associated with responding to this notice. Performance Work Statement:

This is a non-personal services contract to provide services to manage, operate, maintain supplies and perform maintenance and provide technical support for the Wastewater and Storm Water Programs. The WWPP requires services to support the BEP on a 24/7 basis. The WWPP currently consists of four (4) systems: (1) Wiping Solution Wastewater Pretreatment Plant (WSWPP), (2) Plating Wastewater Pretreatment Plant (PWPP), (3) Grease Trap Wastewater Pretreatment Plant (GTWPP), and (4) Wiping Solution Recycling Plant (WSRP). The WWPP includes an on-site lab and a materials storage area..

No formal solicitation document exists at this time. The proposed NAICS code is 561210 Facilities Support Services and the business size standard is \$47 million.

Specifically, BEP is interested in businesses that are able to perform the requirement as stated in the PWS. Those interested are requested to provide a capability statement of their businesses ability to perform the PWS, including the name of the business, DUNs number, and responses to the specific questions listed below.

1) Are you able to provide services to manage, operate, maintain supplies and perform maintenance and provide technical support for the Wastewater and Storm Water Programs. The WWPP requires services to support the BEP on a 24/7 basis. The WWPP currently consists of four (4) systems: (1) Wiping Solution Wastewater Pretreatment Plant (WSWPP), (2) Plating Wastewater Pretreatment Plant (PWPP), (3) Grease Trap Wastewater Pretreatment Plant (GTWPP), and (4) Wiping Solution Recycling Plant (WSRP). The WWPP includes an on-site lab and a materials storage area.

At this point in the procurement process the BEP is performing market research to determine the interest of SDVOSB, VOSB, HUBZone, 8(a), WOSB and SB.

Only businesses interested should send their information and/or capability statement by email to Mr. Marico Sellers at marico.sellers@treasury.gov no later than 12:00 p.m. EST Friday March 20, 2026.

No phone calls will be accepted. Information shall also include: Name of your Company, POC name, phone numbers, email address, SAM certification, and indicate the Socio-economic status i.e. SDVOSD, VOSB, HUBZone, 8(a), WOSB and/or Small Business.
