STANDARD FORM 33 (REV. 12/2022)
Prescribed by GSA - FAR (48 CFR) 53.214 (c)

Section A - Solicitation/Contract Form

32 Admin/FM/Technical Support Seaport

THIS REQUIREMENT IS FOR NAVY SEAPORT NEXT GENERATION CONTRACT HOLDERS ONLY. OFFERORS THAT DO NOT HAVE A SEAPORT IDIQ CONTRACT WILL NOT BE CONSIDERED FOR AWARD.

This is a 100% Service Disabled Veteran Owned Small Business Set-Aside for small business concerns holding contracts under SeaPort Next Gen. Proposals from other offerors will not be considered.

The NAICS Code for this requirement is 541330, using exception - Military and Aerospace Equipment and Military Weapons, with a size standard of \$41.5M.

The anticipated award will be a Firm Fixed Price Level of Effort Task Order with Cost Reimbursement (no fee) Other Direct Cost (ODC) CLINs.

The incumbent contractor is Allegient Defense, Inc. as awarded under N0017819D7025/N0001421F3002.

Offerors are reminded that Contract Rate Caps proposed for Fixed Fee, Pass-through costs, and direct labor escalation shall be no greater than the maximum percentage rates specified in the offeror's basic SeaPort Next Gen Contract.

Offerors are reminded that in accordance with Offeror's basic SeaPort Next Gen IDIQ contract, Section H.7, entitled "SUBSTITUTION OF TEAM MEMBERS AND SUBSTITUTION OF PERSONNEL," it is required that SeaPort Next Gen Prime Contractor proposed teams will be comprised of subcontractors that are members of their respective established teams.

Section B - Supplies or Services & Prices or Costs

Option Line Item 8400	(Option IV, Year 5) Contract Data Requirements List (CDRLs); See Exhibit A.				

Section C - Description/Specifications/Statement of Work

BACKGROUND

The Office of Naval Research (ONR) coordinates, executes and promotes the science and technology programs of the United States Navy and Marine Corps through schools, universities, government laboratories and non-profit and for-profit organizations. ONR formulates and executes the Naval Science and Technology (S&T) portfolio to address the most responsible and promising technology opportunities and solutions in both basic and applied science; transitions the most useful technologies to Acquisition and the Warfighter; and provides technical advice and information to the Chief of Naval Operations (CNO), the Secretary of the Navy, and the Department of Defense (DoD).

OBJECTIVE

The Ocean Battle Space Sensing, Code 32, explores science and technology in the areas of oceanographic and meteorological observations, modeling, and prediction in the battlespace environment; submarine detection and classification (anti-submarine warfare); and mine warfare applications for detecting and neutralizing mines in both the ocean and littoral environment. The department supports the Ocean, Atmosphere, and Space Science and Technology Focus Area at Office of Naval Research through these general research areas Understanding the Physical Battlespace, Battlespace Sensing Technology, Battlespace Prediction Systems, Battlespace Exploitation. Specific research areas and portfolios within Code 32 are:

Anti-Submarine Warfare - Innovative anti-submarine warfare technologies for detection, tracking, and countermeasures

Explosive Hazards Defeat - Cutting-edge technologies to detect, neutralize, and mitigate explosive hazards.

Maritime Sensing - Technologies for improved acoustic and non-acoustics surveillance and threat detection

Mine Warfare/Ocean Engineering and Marine Systems - Shaping and understanding mine warfare, mine countermeasures, explosive ordnance disposal, and naval special warfare

Undersea Signal Processing - Improved detection, localization, and classification of submarines in shallow and deep ocean environments.

Arctic and Global Prediction - Enhanced understanding of the physical battlespace at a variety of time and space scales

Littoral Geosciences - Innovative expeditionary warfare, naval special warfare, mine warfare and antisubmarine warfare in shelf, near-shore, estuarine, riverine, and riparian environments

Marine Mammals - Understanding the effects of sound on marine mammals

Marine Meteorology and Space Weather - Broad thrust areas of atmospheric prediction and processes, atmospheric effects, air-sea interaction, atmospheric boundary layer processes, satellite remote sensing, and ionospheric analysis and prediction

Ocean Acoustics: A National Naval Responsibility - Fundamental understandings of the physics relating to underwater sound

Oceanographic Research Facilities Program - Manage six Navy-owned charter-leased oceanographic research vessels to include fleet modernization to maintain the level of excellence required to support world-wide oceanographic research

Physical Oceanography - Improved observation and forecasting of ocean circulation and stratification on naval relevant time and length scales

Tactical Oceanography: A National Naval Responsibility - Enhance naval operations through battlespace awareness

The tasks identified in this PWS are designed to provide administrative, financial, and technical support services required to enable maritime domain access and distributed operations for naval forces in contested ocean environments through superior maritime battlespace awareness and undersea threat detection, identification and neutralization.

The execution of Code 32's S&T objectives require a multitude of unique technical and professional skills, and institutional knowledge of the DoD financial, acquisition, and S&T environment. Contractors providing services in this mission space are required to have the professional maturity and communication skills to seamlessly interact with Senior US Navy and Marine Corps Leaders, US Government S&T agencies, and researchers in academia, industry and international partners.

REQUIREMENT TASKS

FOCUS AREA #1 ADMINISTRATIVE TASKS

Code 32 requires administrative support in the execution of its basic, applied and advanced technology development programs. Tasks to be performed include but are not limited to:

1. Provide meeting scheduling and logistical support for official departmental activities. Includes managing senior official calendar(s) to identify best time for all meeting attendees, create calendar invitations, ensure there are no meeting conflicts, and provide administrative support for in-person and virtual meetings with internal and external organizations. Record and maintain meeting minutes as requested.

2. Ensure timely distribution of preparatory materials to all meeting participants.
3. Provide weekly summary of upcoming senior leader engagements, tasks due, and travel that will occur over the upcoming fourteen (14) days.
4. Reserve conference rooms inside and outside of ONR. Work with the ONR Corporate Strategic Communications (CSC) and Information Technology (IT) departments as necessary for coordinating all administrative aspects of on-site and off-site events.
5. Prepare domestic and foreign travel documents within two business days of receiving approved travel requests. This includes preparing and routing authorizations, vouchers, local vouchers, invitational/cross organizational travel orders and vouchers, passport requests, VISA requests, visit requests, official diplomatic and country clearances, letters of expediting, and other associated travel documentation and tasks.
6. Provide completed travel documents to traveler two days prior to trip start date. This includes approved travel orders from DTS, transportation reservation confirmations (i.e., air, train, rental car), lodging tax exemption forms, and any other travel reservation details associated with each trip.
7. Ensure each trip entered in DTS conforms with all travel regulations/policies and that vouchers are submitted in DTS within one business days of receiving receipts from traveler.
8. Track the status of each trip to ensure vouchers are submitted in DTS within five business days of trip completion. Provide updates to Travel Reviewer and Approver with status of any late submissions or missing documentation.
9. Maintain travel tracker to ensure the details of all trips are tracked, leadership has approved each request, and alert department business and financial manager when there is a projected travel funding shortfall.
10. Understand and provide recommendations related to regulations and policies regarding travel arrangements including the Federal Joint Travel Regulations (JTR), foreign clearance guide, national and international visit requests, short and standard lead country clearances, Aircraft and Personnel Automated Clearance System (APACS), Joint Personnel Adjudication System (JPAS), standard and short lead VISAs, as well as fee and no-fee standard and short lead passports. Work with ONR Travel Office as needed to resolve travel issues.
11. Provide administrative support for standard office operations and logistics. Includes ordering supplies for department supply room and requests from individuals, collecting burn bags and providing to ONR mail room, making copies, scanning documents, and ensuring all printers, scanners, copiers, and fax machines are in proper working order.
12. Draft correspondence as needed following DoN official correspondence guidelines.
13. Assist department Military Deputy with ensuring proper DoN protocol practices are followed for each meeting.
14. Collect, compile, print, and bind presentations and reports as requested.
15. Attend informational and training events that impact administrative support role. This includes internal Code 32 meetings and training sessions, team development events and activities, ONR policy and guidance trainings (i.e., travel training, brown bag meetings).
16. Serve as department primary point of contact for all administrative actions including personnel management, records, reports, property management (IT devices, equipment, and supplies), and facilities management (office space, security within assigned space).
17. Coordinate check-in and check-out procedures for new Code 32 government and contractor employees.
18. Maintain training records for Code 32 government personnel. Help Resolve training-related issues that arise from Code 32 government and contractor personnel.
19. Assist with human resource-related items and serve as liaison with ONR Human Resources Office.
20. Manage personnel documents related to IPAs, detailees, and interns, and assist with billet-related memorandums of understanding (MOUs).
21. Collaborate with Program Officers in the development, review, and updates of spend plans and associated reporting and analysis;
22. Develop and provide recommendations for corrective action or improvement as necessary;
23. Proactively partner with Program Officers in order to understand and track program risks and challenges and ensure risk mitigation activities are in place as necessary to avoid performance issues;
24. Prepare and/or support preparation of client monthly status reports, integrated program reviews, and/or ad-hoc program related financial requests;
25. Provide analyst team with timely feedback and mentoring including performance reviews and training;
26. Monitor the department's financial execution status and prepare reports for Code 32 and ONR senior leadership; and,

27. Interact with ONR Financial Management and Contracting Offices to help Code 32 program officers move financial actions smoothly through the building's financial workflow processes; Government planning, forecasting, program budgeting, funding, program execution monitoring, and reporting commitment, obligation, and expenditure benchmarks.

FOCUS AREA #2- FINANCIAL REQUIREMENTS (PROGRAM ANALYSTS)

Code 32 requires programmatic-, business-, and financial-support in the execution of its basic, applied, and advanced technology development programs. Tasks to be performed include, but are not limited to:

1. Assist Program Officers with the development of award-level execution and phasing plans. This includes understanding/analyzing the status of prior, current, and future program fiscal plans, developing a recommended plan for the Program Officer's budget, providing justifications for deviations from the original plan, and assisting the department with administrative actions to improve financial performance.
2. Translate Program Officer's approved funding plan into executable transactions. Notify Program Officer when a purchase requisition (PR) might be needed, prepare all grant, contract, and government laboratory PRs according to agency and department guidelines/deadlines and with 95% accuracy.
3. Track all PRs until funding is obligated and performer is notified. Contact government financial and technical points of contact to follow-up on status of unobligated reimbursable documents no later than fifteen (15) days after the funding document is approved at the ONR comptroller level. Contact government financial and technical points of contact to follow-up on status of unobligated direct citation PRs no later than 30 days after the funding document is approved at the ONR comptroller level. Record the status of unobligated funding in the Comptroller's Outstanding Commitment Report.
4. Manage and maintain financial tracker documents showing the status of all awards and contract line item numbers (CLINs) for each Program Officer. This includes performer name, principal investigator name, title of effort, award number, PR number, total award value, obligated amount, expended amount, period of performance, out-year funding plans (tails), and the status of all PRs for core, congressional plus-up, and outside source funding. Ensure financial tracker is up to date on a weekly basis.
5. Notify Program Officer 90 days before award expiration date and make recommendation on whether providing funding or processing and extension will be needed. Coordinate extension requests with vendors and relevant parties (e.g. ONR's acquisition and comptroller departments) to ensure they are executed in a timely manner.
6. Utilize Procurement Integrated Enterprise Environment (PIEE), Contract Award Management Information System (CAMIS), and ADVANA Jupiter reports to collect and report information on status of obligations, invoices and payment. Assist performers with troubleshooting and resolving any invoicing issues.
7. Contact performers who have not invoiced in the prior 90 days to help Program Officer ensure all funding is expended in a timely manner. Determine when funding needs to be deobligated and submit PRs if required.
8. Provide draft input and analysis to BFM and Program Officers to facilitate completion of various programmatic tasks such as data calls, deviation reports, dormant account reviews, budget reductions, continuing resolutions, or other tasks that require financial analysis/input.
9. Review proposal packages for completion of all required information and documents, draft Program Officer checklist by completing the non-technical sections, and save all files to program officer's repository using an agreed upon file naming and storage convention. Coordinate with performer and program officer to obtain missing proposal documentation and updates as needed. Track contract / grant preparation processes and note status, exceptions / delays.
10. Collect human/animal/rDNA research documentation from performer, draft the human research protection official (HRPO) checklist for Program Officer to review/sign, submit package to HRPO for review, and provide approved package to Code 02 as required. Ensure HRPO packages are completed prior to submission of contracts packages to Code 02.
11. Respond to all administrative and financial issues/questions from Program Officers, performers, stakeholders, and personnel from acquisition, comptroller's office, and Code 32 leadership.
12. Support annual program/peer reviews. This includes contacting performers to identify availability, coordinating with ONR meeting planners, collecting, organizing, printing, and binding meeting materials, obtaining public release approval on meeting materials, and providing on-site meeting support in accordance with Code 32/ONR program review/event procedures.
13. Maintain electronic filing and organization of PO program data, including progress and final reports, deliverables, proposal documents, and all related budget and administrative documents.
14. Assist Program Officer with identifying awards that are required to submit an annual report. Ensure receipt of those reports and maintain in Program Officer's electronic file repository.
15. Coordinate public release processes for papers and presentations submitted to or by the Program Officer, process JPAS/visitor requests, Pentagon (OLC) visit requests, and provide miscellaneous administrative and financial support as needed.
16. Attend informational and training events that impact program analyst support role. This includes internal Code 32 Program Analyst meetings and training sessions, team development events and activities, ONR policy and guidance trainings (e.g., Quarterly S&T Sync, brown bag meetings).

FOCUS AREA #3 - TECHNICAL REQUIREMENTS

Code 32 requires technical and programmatic support in the execution of its basic, applied, and advanced technology development S&T programs. Tasks to be performed include, but are not limited to:

1. Assist in responding to data calls and maintain the data archive of planning letters, accepted proposals, proposals for contracts, contract package preparation, and contract package submissions.
2. Assist the Program Officers with the administration of proposals submitted to the department in response to the annual Broad Agency Announcement (BAA) for Science and Technology and for other special programs such as Defense University Research Instrumentation Program (DURIP), Defense Experimental Program to Stimulate Competitive Research (DEPSCOR) or, the Young Investigator Program (YIP) and specific Broad Agency Announcements (BAA's) Tasks, to include , but is not limited to, cataloging of proposals by topic area, assisting with assignment of ONR - internal reviewers, and collection of reviews.
3. Assure the proper designation and distribution of documents, materials, and information protected under Commerce Department Export Administration Regulations (EAR) and State Department International Trafficking in Arms Regulations (ITAR). When needed for classified project execution, maintain classified files including management of safe inventories and document destruction records.
4. Support ONR program officers who lead the Navy's High Performance Computing Program. The responsibilities include:
5. Interacting with approximately 500 scientists and engineers who use the Navy's High Performance Computing systems.
6. Setting up user accounts and tracking usage of Central Processing Unit (CPU) hours
7. Allocating CPU hours based on Navy science and technology priorities and ONR leadership decisions
8. Interacting with ONR Security to ensure that user have the proper security clearances and credentials to use classified computational time
9. Assist in the overall management of programs. This includes assisting in developing program plans, strategies, metrics to assess performance and identify needed improvements, budgets, and coordination with other ONR and DoD organizations.
10. Assist Program Officer (PO) with drafting technical milestones for each technical thrust area and monitor performance of awards (compare plan vs. actual).
11. Collect, report, and archive regulations, policy, guidance, legislations, laws, and Congressional language related to supported programs and systems.
12. Draft content for R2 Budget Exhibit, Congressional Staffer briefings, release papers, appeals, program pitches, data calls, and other briefings as required.
13. Develop capability and technology road maps. This includes thrust-level road maps showing when they started, important milestones, funding profile, progression through budget activities and when/where they will transition.
14. Review and understand DoD/DON S&T strategy guidance documents. Assist Program Officer in aligning portfolio to short-term and long-term strategies and by mapping technical thrusts/efforts to National Defense Strategy (NDS) and other strategic, requirement, and guidance documents.
15. Identify and review emerging requirements and opportunities for transition in areas related to Code 32's objectives for selected technology programs. Assist PO in identifying Technology Candidates / Future Naval Capabilities (FNCs) from existing portfolio and assist with development of topics for special programs.
16. Assist and advising Program Officers with drafting research solicitations and collecting/organizing white papers and proposals.
17. Collect and maintain electronic repository of all contract, grant, and government laboratory proposal and award documents, deliverables, and correspondence associated with the programs supported.
18. Assist Program Officers with collection and ensuring completion of new proposal documents (such as S&T responses or responses to Broad Agency Announcements). This includes ensuring all required documents are received, complete, and accurate; proposal objectives and deliverables align to program objectives; and assisting performers with modifications. Draft S&T contract data requirement list (CDRLs) and assisting Program Officer with evaluation documents within 5 business days of receipt of final documents.
19. Understand research portfolio and provide recommendations for follow-on awards, changes in the effort, and transitioning to different budget activities and portfolios
20. Assist in monitoring performers' progress by tracking deliverables due on all efforts, following-up with performers to collect deliverables, reviewing and providing feedback to Program Officer, and loading to Program Officer's repository.
21. Develop documentation necessary to support the acquisition, funding, monitoring and close-out of contracts and grants. This includes compiling and reviewing interim/final reports and providing feedback and recommendations to Program Officer.

22. Track, coordinate, oversee, and develop/revise content in response to data calls and tasks from senior Navy leadership, DoD, other government agencies, and Congress. Oversee these processes by preparing guidance and templates, collecting input from appropriate sources, reviewing content for completion and accuracy, routing for approval, and submitting.
23. Conduct analyses on research investments and provide summary of accomplishments and impact to the DoN/DoD.
24. Draft annual timeline for program reviews, Principal Investigator engagement, site reviews, travel, etc. Assist Program Officer in establishing milestones and dates for reviews. Coordinate with ONR's Corporate Strategic Communications (CSC) department to schedule location/venue and develop cost worksheet for meetings.
25. Coordinate meetings with performers as deemed necessary according to scope of effort. Collect materials presented at program reviews from performers and post them to ONR Code 32's file repository. Extract success stories and accomplishments from performer presentations and reports, such as annual reports, and consolidate/summarize them for program officer and department-level reviews.
26. Oversee various aspects of meeting/workshop planning and logistics, including development of meeting agenda, overall organization of meeting requirements, meeting content/material, and providing on-site or virtual meeting support to include note taking, and drafting summary highlights and meeting minutes.
27. Assist in the development of marketing materials such as posters, briefings, webpage content, to include graphics support and production of materials.
28. Schedule, coordinate, attend, and support program preliminary and critical design reviews, program technical and financial reviews, and key demonstrations or tests. This includes engaging with performers/stakeholders, escorting visitors, collecting briefings, drafting presentations and agendas, taking meeting minutes, summarizing key take-aways, and recording action items to follow-up after the meeting.
29. Participate in field experiments. This includes observing the technical developments, approaches for each vendor, and developing a report summarizing the event.
30. Prepare and draft analyses, presentations, speeches, website content and reports relative to project and program management goals, objectives and results. This includes maintaining summary of program objectives, goals, and current investment information, such as performers, title of efforts, funding profile, transition status, and programmatic milestones.
31. Identify noteworthy items that should be provided to Code 32 department leadership and ONR senior leadership. Draft content for these submissions.
32. Co-author journal articles, conference papers, and proceedings with Code 32 Government personnel.
33. Present and participate at Code 32 Government approved research and programmatic briefings at various technical exchange meetings.
34. Provide graphics support/web assistance to develop, update, and maintain a variety of visual aids, including text and illustrations, for highly technical programs/concepts including 2-D and 3-D illustrations, posters, videos, and models representative of products/concepts being developed by ONR.
35. Assist Program Officers with drafting new technical ideas and concepts and identifying best funding mechanisms for resourcing.
36. Attend informational and training events that impact SETA support role. This includes internal Code 32 meetings and training sessions, team development events, ONR policy and guidance trainings (i.e., Quarterly S&T Sync, brown bags).
37. Coordinate duties of preparing, handling, storing, couriering, and arranging for digital projection of classified material.

<u>LABOR CATEGORY</u>	<u>KEY OR NON KEY PERSONNEL</u>	<u>PERCENTAGE OF TIME</u>	<u>NUMBER OF HOURS PER PERIOD*</u>	<u>ON SITE OR OFF SITE**</u>	<u>TELEWORK AUTHORIZED***</u>
On-Site Support Staff Lead	Key	1 FTE	1920	On Site at ONR	Three days of telework per week may be authorized
High Performance Computing Specialist	Key	1 FTE	1920	On Site at ONR	Five days of telework per week may be authorized
Program Analyst	Key	7 FTE	13440	On Site at ONR	Three days of telework per week may be authorized

Junior Program Analyst ****	Non-Key	1 Optional /SURGE FTE	1920	On Site at ONR	Three days of telework per week may be authorized
Position Program Analyst ****	Non-Key	2 Optional /SURGE FTE	3840	On Site at ONR	Three days of telework per week may be authorized
Senior Program Analyst /Financial SME ****	Non-Key	2 Optional /SURGE FTE	3840	On Site at ONR	Five days of telework per week may be authorized
SETA ****	Non-Key	10 Optional /SURGE FTE	19200	On Site at ONR	Five days of telework per week may be authorized

*Number of hours per year is 1920. **On Site location is ONR HQ. ****Number of days authorized telework is allowed by the Government pending it is consistent with contractor policies. ***** (Optional/SURGE) The Contractor may elect to bring on additional resources if needed.

LABOR QUALIFICATIONS

All personnel working under this task order shall:

The Contractor shall provide qualified personnel to manage and execute all aspects of the Performance Work Statement (PWS). The contractor team shall work both as a group and independently to respond to office requirements. All personnel proposed under this requirement shall:

Meet security clearance requirements: See individual labor categories for security requirements;

Be a US Citizen;

Have experience and be proficient in the following:

Microsoft Office 365 (specifically, Word, Power Point, Outlook, SharePoint Online, Teams, and Excel);

Communicating clearly, effectively, both orally verbally and in writing;

Being effective working independently and collaboratively;

Organizing and coordinating meetings;

Demonstrating creativity, foresight, professionalism, and mature judgment in anticipating and addressing scientific, business, financial, or program management tasks; and,

Be required to demonstrate professionally polite, proficient and effective verbal and written communications skills that are void of slang, colloquialisms and/or phases that could be interpreted as vulgar or offensive.

The phrase recent is used throughout the qualifications. The Government defines recent as within the last 5 years as of the date the solicitation would be released.

Position 1 - On-Site Support Staff Lead - One (1) FTE - On Site; Key Personnel

At a minimum, this position requires:

Current SECRET level clearance or the ability to obtain a Secret clearance prior to award;

A bachelor's degree (a master's degree preferred) from an accredited college or university and ten (10) years of management experience providing business and financial support to organizations with S&T and/or R&D missions.

Ability to quickly learn the Code 32 organizational structure and functions of the components of the Naval Research Enterprise (NRE); to include the roles of ONR program officers and science advisors in S&T development.

Demonstrated recent experience providing leadership to the on-site contractor team of 10 or more personnel. Coordinate and oversee their efforts to ensure tasks are properly assigned and completed on time and within ONR Business Rules for execution;

Position 2 - High Performance Computing Specialist - One (1) FTE - On Site; Key Personnel

At a minimum, this position requires:

A high school diploma with at least six (6) years of experience providing similar support to other organizations; or a bachelor's degree from an accredited university and three (3) years of experience providing similar support to other organizations

Position 3 - Program Analyst - Seven (7) FTEs - On Site; Key Personnel

This position includes a surge option for 3,840 hours of support. If this option is exercised, and additional personnel are brought on board, this position for the Optional / SURGE FTEs is deemed to be Non Key.

At a minimum, this position requires:

CURRENT Secret clearance or the ability to obtain a Secret clearance prior to award;

Three (3) years of experience in SAP;

Bachelor's degree from a fully accredited college or university with at least five (5) years of experience providing business and financial support to organizations with S&T;

At least three (3) years of experience extracting and efficiently organizing cost analysis information for technical programs;

At least three (3) years of experience in tracking availability and use of funds and review financial documents and plans for impact on program objectives and requirements. This may include, but is not limited to, program specific financial issues related to deficiencies, excesses, trends and imbalances that directly impact execution benchmarks;

At least three (3) years of experience supporting organizations with Science and Technology (S&T) and/or Research and Development (R&D) missions;

At least three (3) years of experience assisting in the annual phasing and planning process and assist Program Officers in developing their spend plans;

At least three (3) years of experience responding to Data Calls which includes, but is not limited to, requests for information from multiple sources concerning technical, programmatic, and financial aspects of programs; and

At least three (3) years of experience planning and executing meetings, workshops, and program reviews at a scale that may include a dozen participants from multiple businesses, universities, and/or government organizations.

Desired additional qualifications:

Professional experience comparable to Legacy DAWIA or FAC-C and completion of core training requirements required for DAWIA Science and Technology Manager (S&TM) [Levels II or III], and/or for Business Financial Management (Business FM) [Levels I, II, or III] OR FAC-C equivalent; and/or,

Experience in Navy ERP.

Position 4 - Junior Program Analyst - One (1) Optional SURGE/ FTE - On Site; Non Key Personnel

This position includes a surge option for 1,920 hours of support. If this option is exercised, and additional personnel are brought on board, this position is deemed to be Non Key.

At a minimum, this position requires:

CURRENT Secret clearance or the ability to obtain a Secret clearance prior to award;

Bachelor's degree from a fully accredited college or university with at least one (1) year of verifiable experience providing business and financial support to organizations or a high school diploma with at least at least three (3) years of experience providing business, and financial support to organizations with S&T and/or R&D missions;

At least 1 year of experience extracting and efficiently organizing cost analysis information for technical programs;

At least 1 year of experience tracking availability and use of funds and review financial documents and plans for impact on program objectives and requirements. This may include, but is not limited to, program specific financial issues related to deficiencies, excesses, trends and imbalances that directly impact execution benchmarks;

At least 1 year of experience responding to Data Calls which includes, but is not limited to, requests for information from multiple sources concerning technical, programmatic, and financial aspects of programs; and,

At least 1 year of experience planning and executing meetings, workshops, and program reviews at a scale that may include a dozen participants from multiple businesses, universities, and/or government organizations.

Desired additional qualifications:

Professional experience comparable to Legacy DAWIA or FAC-C and completion of core training requirements required for DAWIA Science and Technology Manager (S&TM) [Levels II or III], and/or for Business Financial Management (Business FM) [Levels I, II, or III] OR FAC-C equivalent; and/or,

Experience in Navy ERP.

Position 5 - Senior Program Analyst/Financial SME - Two (2) Optional SURGE FTEs - On Site; Non Key Personnel

This position includes a surge option for 3,840 hours of support. If this option is exercised, and additional personnel are brought on board, this position is deemed to be Non Key.

At a minimum, this position requires:

CURRENT Secret clearance or the ability to obtain a Secret clearance prior to award;

At least five (5) years of experience in SAP;

Bachelor's degree from a fully accredited college or university with at least five (5) years of verifiable experience providing business and financial support to organizations with S&T and/or R&D missions or a high school diploma with at least at least ten (10) years of experience providing business, and financial support to organizations with S&T and/or R&D missions;

At least five (5) years of experience extracting and efficiently organizing cost analysis information for technical programs;

At least five (5) years of experience assisting in the annual phasing and planning process and assist Program Officers in developing their spend plans;

At least five (5) years of experience in tracking availability and use of funds and review financial documents and plans for impact on program objectives and requirements. This may include, but is not limited to, program specific financial issues related to deficiencies, excesses, trends and imbalances that directly impact execution benchmarks;

At least five (5) years of experience supporting organizations with Science and Technology (S&T) and/or Research and Development (R&D) missions;

At least five (5) years of experience responding to Data Calls which includes, but is not limited to, requests for information from multiple sources concerning technical, programmatic, and financial aspects of programs; and

At least five (5) years of planning and executing meetings, workshops, and program reviews at a scale that may include a dozen participants from multiple businesses, universities, and/or government organizations.

Desired additional qualifications:

Professional experience comparable to Legacy DAWIA or FAC-C and completion of core training requirements required for DAWIA Science and Technology Manager (S&TM) [Levels II or III], and/or for Business Financial Management (Business FM) [Levels I, II, or III] OR FAC-C equivalent; and/or,

Experience in Navy ERP.

Position 6 - SETA - Ten (10) Optional/SURGE FTEs - On Site; Non Key Personnel

This position includes a surge option for 19,200 hours of support. If this option is exercised, and additional personnel are brought on board, this position is deemed to be Non Key.

At a minimum, this position requires:

All SETA positions should have a CURRENT Secret clearance or the ability to obtain a Secret clearance prior to award. The Government notes that some SETA positions may require a TS clearance. If the SETA position requires a TS, the contractor shall have 12 months to obtain a TS.

Recent work experience in one of the following areas: military, finance, industrial policy, intelligence community, interagency experience, international relations, systems engineering, foreign policy, or similar field; and,

Doctor of Philosophy (PhD) or Doctor of Science (ScD) from an accredited college or university plus five (5) years of relevant work experience or Master's Degree from an accredited college or university plus ten (10) years of relevant experience in at least one of the following research disciplines: Anti-Submarine Warfare, Explosive Hazards Defeat, Ocean Engineering and Marine Systems, Maritime Sensing, Undersea Signal Processing, Arctic and Global Prediction, Marine Mammals and Biology, Ocean Acoustics, Littoral Geosciences and Optics, Marine Meteorology, Space Weather, Physical Oceanography.

4.0 Reports, Data and Other Deliverables

See to DD 1423, Section J - List of Attachments for reference.

5.0 Safeguarding Covered Defense Information and Cyber Incident Reporting Supplement

1. System Security Plan and Plans of Action and Milestones (SSP/POAM) Reviews

- a) Within thirty (30) days of contract award, the Contractor shall make its System Security Plan(s) (SSP(s)) for its covered contractor information system(s) available for review by the Government at the contractor's facility. The SSP(s) shall implement the security requirements in Defense Federal Acquisition Regulation Supplement (DFARS) clause 252.204-7012, which is included in this contract. The Contractor shall fully cooperate in the Government's review of the SSPs at the Contractor's facility.
- b) If the Government determines that the SSP(s) does not adequately implement the requirements of DFARS clause 252.204-7012 then the Government shall notify the Contractor of each identified deficiency. The Contractor shall correct any identified deficiencies within thirty (30) days of notification by the Government. The contracting officer may provide for a correction period longer than thirty (30) days and, in such a case, may require the Contractor to submit a plan of action and milestones (POAM) for the correction of the identified deficiencies. The Contractor shall immediately notify the contracting officer of any failure or anticipated failure to meet a milestone in such a POAM.
- c) Upon the conclusion of the correction period, the Government may conduct a follow-on review of the SSP(s) at the Contractor's facilities. The Government may continue to conduct follow-on reviews until the Government determines that the Contractor has corrected all identified deficiencies in the SSP(s).
- d) The Government may, in its sole discretion, conduct subsequent reviews at the Contractor's site to verify the information in the SSP(s). The Government will conduct such reviews at least every three (3) years (measured from the date of contract award) and may conduct such reviews at any time upon thirty (30) days' notice to the Contractor.

2. Compliance to NIST 800-171

- a) The Contractor shall fully implement the CUI Security Requirements (Requirements) and associated Relevant Security Controls (Controls) in NIST Special Publication 800-171 (Rev. 1) (NIST SP 800-171), or establish a SSP(s) and POA&Ms that varies from NIST 800-171 only in accordance with DFARS clause 252.204-7012(b)(2), for all covered contractor information systems affecting this contract.
- b) Notwithstanding the allowance for such variation, the contractor shall identify in any SSP and POA&M their plans to implement the following, at a minimum:
 - (1) Implement Control 3.5.3 (Multi-factor authentication). This means that multi-factor authentication is required for all users, privileged and unprivileged accounts that log into a network. In other words, any system that is not standalone should be required to utilize acceptable multi-factor authentication. For legacy systems and systems that cannot support this requirement, such as CNC equipment, etc., a combination of physical and logical protections acceptable to the Government may be substituted;
 - (2) Implement Control 3.1.5 (least privilege) and associated Controls, and identify practices that the contractor implements to restrict the unnecessary sharing with, or flow of, covered defense information to its subcontractors, suppliers, or vendors based on need-to-know principles;

- (3) Implement Control 3.1.12 (monitoring and control remote access sessions) - Require monitoring and controlling of remote access sessions and include mechanisms to audit the sessions and methods.
- (4) Audit user privileges on at least an annual basis;
- (5) Implement:
 - i. Control 3.13.11 (FIPS 140-2 validated cryptology or implementation of NSA or NIST approved algorithms (i.e. FIPS 140-2 Annex A: AES or Triple DES) or compensating controls as documented in a SSP and POAM); and,
 - ii. NIST Cryptographic Algorithm Validation Program (CAVP) (see <https://csrc.nist.gov/projects/cryptographic-algorithm-validation-program>);
- (6) Implement Control 3.13.16 (Protect the confidentiality of CUI at rest) or provide a POAM for implementation which shall be evaluated by the Navy for risk acceptance.
- (7) Implement Control 3.1.19 (encrypt CUI on mobile devices) or provide a plan of action for implementation which can be evaluated by the Government Program Manager for risk to the program.

3. Cyber Incident Response:

- a) The Contractor shall, within fifteen (15) days of discovering the cyber incident (inclusive of the 72-hour reporting period), deliver all data used in performance of the contract that the Contractor determines is impacted by the incident and begin assessment of potential warfighter/program impact.
- b) Incident data shall be delivered in accordance with the Department of Defense Cyber Crimes Center (DC3) Instructions for Submitting Media available at http://www.acq.osd.mil/dpap/dars/pgi/docs/Instructions_for_Submitting_Media.docx. In delivery of the incident data, the Contractor shall, to the extent practical, remove contractor-owned information from Government covered defense information.
- c) If the Contractor subsequently identifies any such data not previously delivered to DC3, then the Contractor shall immediately notify the contracting officer in writing and shall deliver the incident data within ten (10) days of identification. In such a case, the Contractor may request a delivery date later than ten (10) days after identification. The contracting officer will approve or disapprove the request after coordination with DC3.

4. Naval Criminal Investigative Service (NCIS) Outreach

The Contractor shall engage with NCIS industry outreach efforts and consider recommendations for hardening of covered contractor information systems affecting DON programs and technologies.

5. NCIS/Industry Monitoring

- a) In the event of a cyber incident or at any time the Government has indication of a vulnerability or potential vulnerability, the Contractor shall cooperate with the Naval Criminal Investigative Service (NCIS), which may include cooperation related to: threat indicators; pre-determined incident information derived from the Contractor's infrastructure systems; and the continuous provision of all Contractor, subcontractor or vendor logs that show network activity, including any additional logs the contractor, subcontractor or vendor agrees to initiate as a result of the cyber incident or notice of actual or potential vulnerability.
- b) If the Government determines that the collection of all logs does not adequately protect its interests, the Contractor and NCIS will work together to implement additional measures, which may include allowing the installation of an appropriate network device that is owned and maintained by NCIS, on the Contractor's information systems or information technology assets. The specific details (e.g., type of device, type of data gathered, monitoring period) regarding the installation of an NCIS network device shall be the subject of a separate agreement negotiated between NCIS and the Contractor. In the alternative, the Contractor may install network sensor capabilities or a network monitoring service, either of which must be reviewed for acceptability by NCIS. Use of this alternative approach shall also be the subject of a separate agreement negotiated between NCIS and the Contractor.

- c) In all cases, the collection or provision of data and any activities associated with this statement of work shall be in accordance with federal, state, and non-US law.

6.0 Acknowledgement of Sponsorship

(a) As used in DFARS 252.235-7010, 'Acknowledgement of Support and Disclaimer,' "material" also includes but is not limited to, news releases, letters to the editor, articles, abstracts, manuscripts, brochures, advertisements, photos, films, videos, slides, charts, graphs, drawings, speeches, trade association meetings, symposia, etc.

(b) Nothing in the foregoing shall affect compliance with the requirements of the clauses of this contract entitled "Disclosure of Information" (252.204-7000) and "Security Requirements" (FAR 52.204-2 and Alternate I) if such clause is a part of the contract.

(c) The Contractor further agrees to include this provision in any subcontract awarded as a result of this contract.

7.0 Key Personnel

a. The Contractor agrees to assign to the contract tasks those persons whose resumes were submitted with its proposal and who are necessary to fulfill the requirements of the contract as "key personnel." No substitutions may be made except in accordance with this clause.

b. The Contractor understands that during the first 180 days of the contract performance period, no personnel substitutions will be permitted unless these substitutions are unavoidable because of the incumbent's sudden illness, death, or should the company terminate the individuals' employment.

c. The Contractor understands that the below positions should be filled at all times and if the contractor is unable to continuously fill a Key Personnel position contract consideration may be assessed by the Government.

See Section H for Personnel Manning and Replacement for additional information.

The following are identified as key personnel:

TO BE COMPLETED AT TIME OF AWARD

[illegible]

Requirements

32 Admin/FM/Technical Support for Organization Code 032/Ocean Battlespace Sensing FY: 2025, AMS:
N00014-25-RFPREQ-Code 032-0107

Section D - Packaging and Marking

Packaging and marking shall be in accordance with Section D of the Navy Seaport IDIQ Contract.

Section E - Inspection and Acceptance

Inspection and Acceptance of deliveries under this Task Order will be accomplished by the Contracting Officer's Representative (COR) listed in Section G, who shall have thirty (30) days after contractual delivery for acceptance.

FAR 52.246-4 Inspection of Services-Fixed-Price (AUG 1996)

Section F - Deliveries or Performance

This section reflects the "anticipated" period of performance for this effort. The period of performance will be updated at time of task order award accordingly.

1. Distribution, consignment and marking instructions for all reports as identified in Exhibit A shall be FOB Destination to the cognizant Contracting Officer's Representative (COR) listed in Section G.

2. Place of Performance: The support services under this task order shall be performed on-site at ONR Headquarters, 875 North Randolph Street, Arlington, VA as well as off-site. See the PWS for on site and/or off site per labor category.

3.0 Type of Award

This is a Firm Fixed Price Level of Effort Task Order with Cost Reimbursable (No Fee) Other Direct Cost (ODC) CLINs.

4.0 DFARS 252.232-7007 Limitation of Governments Obligation (April 2014) (Applies to FFP Labor CLINS Only)

(a) Contract line item(s) **TO BE COMPLETED AT TIME OF AWARD** is/are incrementally funded. For this/these item(s), the sum of \$ **TO BE COMPLETED AT TIME OF AWARD** of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount

payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

TO BE COMPLETED AT TIME OF AWARD

5.0 Allotment of Funds (For Incrementally Funded Cost Reimbursable ODC CLINS Only)

a) It is hereby understood and agreed that CLIN 7000 (Base, Year 1) will not exceed a total amount of **\$200,000**, including an estimated cost of **\$200,000** and a fixed fee of **\$0.00**. The total amount presently available for payment and allotted to CLIN XXXX of this task order is \$TBD. It is estimated that the amount allotted of \$TBD will cover the period from TBD through TBD.

b) It is hereby understood and agreed that CLIN 7100 (Option I, Year 2) will not exceed a total amount of **\$200,000**, including an estimated cost of **\$200,000** and a fixed fee of **\$0.00**. The total amount presently available for payment and allotted to CLIN XXXX of this task order is \$TBD. It is estimated that the amount allotted of \$TBD will cover the period from TBD through TBD.

c) It is hereby understood and agreed that CLIN 7200 (Option II, Year 3) will not exceed a total amount of **\$200,000**, including an estimated cost of **\$200,000** and a fixed fee of **\$0.00**. The total amount presently available for payment and allotted to CLIN XXXX of this task order is \$TBD. It is estimated that the amount allotted of **\$TBD** will cover the period from **TBD** through **TBD**.

d) It is hereby understood and agreed that CLIN 7300 (Option III, Year 4) will not exceed a total amount of **\$200,000**, including an estimated cost of **\$200,000** and a fixed fee of **\$0.00**. The total amount presently available for payment and allotted to CLIN XXXX of this task order is \$TBD. It is estimated that the amount allotted of **\$TBD** will cover the period from **TBD** through **TBD**.

e) It is hereby understood and agreed that CLIN 7400 (Option IV, Year 5) will not exceed a total amount of **\$200,000**, including an estimated cost of **\$200,000** and a fixed fee of **\$0.00**. The total amount presently available for payment and allotted to CLIN XXXX of this task order is \$TBD. It is estimated that the amount allotted of **\$TBD** will cover the period from **TBD** through **TBD**.

6.0 Award Notification/Distribution

Office of Naval Research (ONR) award and modification documents are available via the Department of Defense (DoD) Electronic Document Access System (EDA) within the Procurement Integrated Enterprise Environment (PIEE) (<https://piee.eb.mil/>).

EDA is a Web-based system that provides secure online access, storage and retrieval of awards and modifications to DoD employees and vendors (including contractors and recipients).

ONR creates an award notification profile for every award prior to the execution of the award using email addresses provided in the proposal or application. The notification profile will use the email address from the Business Point of Contact in the proposal to notify the recipient of an award.

It is the responsibility of the contractor to provide names of individuals who may have access. If your organization needs to revise the EDA notification profile for an ONR award, please contact the Contract Specialist or Contracting Officer. ONR is not required to provide distribution in any other format.

The following information should be provided:

- a. Email Subject: EDA Award Notification Change Request;
- b. ONR Award Number
- c. The new email address to be added to the EDA award notification profile.
- d. First name
- e. Last name
- f. Organization

IMPORTANT: In some cases, EDA notifications are appearing in recipients' Junk Email folder. If you are

experiencing issues receiving EDA notifications, please check your junk email. If found, please mark EDA notifications as "not junk." EDA inactivates user accounts for non-use after 90 days. Failure to use your account will result in inactivation. A password reset and EDA POC approval is required to reactivate accounts.

7.0 Travel

Travel may be required to support this Performance Work Statement. For profit Contractor's travel costs shall be reimbursed in accordance with FAR 31.205-46 at rates not to exceed the maximum locality per diem rates (the combination of lodging, meals and incidentals) in effect at the time of travel, as set forth in the Federal Travel Regulations, Joint Travel Regulation and Standards Regulations, Section 925, as applicable. For educational Contractor's, travel shall be reimbursed in accordance with 2 CFR 200.475.

All Contractor travel arrangements including: clearance requests, hotel accommodations, travel orders, and via/passport requirements, are the Contractor's responsibility.

The contractor shall make every effort to make all travel arrangements at least 21 days in advance. Travel may be CONUS or OCONUS. The COR will provide further guidance during the period of performance. Prior to travel, the contractor shall provide a worksheet detailing the cost of travel to

the COR for written approval prior to any travel. All requests for travel must be made in advance to the Contracting Officer's Representative (COR) no later than seven (7) days prior to travel. No travel is allowable until authorized by the COR in writing.

8.0 Payment Instructions

These instructions are provided for the Contract Payment Office (DFAS Columbus) only. They are not instructions to the contractor.

The payment office shall allocate and record the amounts paid to the accounting classification citations in the task order using the table located at https://www.acq.osd.mil/dpap/dars/pgi/pgi_hm/current/PGI204_71.htm#payment_instructions, based on the type of payment request submitted (see DFARS 252.232-7006) and the type of effort.

9.0 Post Award Kick Off Meeting

The appropriate representative(s) of the contractor shall be prepared to attend a post award orientation kick-off meeting at Office of Naval Research Headquarters or via virtual teleconference. The Post award orientation kick-off will be scheduled within five (5) business days of award notification. The post award kick-off meeting will be attended by the Contracting Officer, Contract Specialist, Small Business Advisor, Contracting Officer's Representative and any other required members of the program office.

252.204-7002	Payment for Contract Line or Subline Items Not Separately Priced.	Apr 2020		

Section H - Special Contract Requirements

1.0 Security Requirements

i. General Security and Safeguarding Requirements

A DD Form 254, "Department of Defense Contract Security Classification Specification," **is** required. A draft DD 254 is attached in Section J.

ii. Safeguarding Information and Nondisclosure Agreement

Contractor personnel assigned to this award are required to execute a Nondisclosure Agreement (NDA) prior to starting work. The NDA is provided in Section J.

The parties acknowledge that, during performance of the contract resulting from this order solicitation, the Contractor may require access to certain proprietary and confidential information (whether in its original or derived form) submitted to or produced by the Government. Such information includes, but is not limited to, business practices, proposals, designs, mission or operation concepts, sketches, management policies, cost and operating expense, technical data and trade secrets, proposed Navy budgetary information and acquisition planning or acquisition actions, obtained either directly or indirectly as a result of the effort performed on behalf of ONR. The Contract shall take appropriate steps not only to safeguard such information, but also to prevent disclosure of such information to any party other than the Government. The Contractor agrees to indoctrinate company personnel who will have access to or custody of the information concerning the nature of the confidential terms under which the Government received such information and shall stress that the information shall not be disclosed to any other party or to Contractor personnel who do not need to know the contents thereof for the performance of the contract. Contractor personnel shall also be informed that they shall not engage in any other action, venture, or employment wherein this information will be used for any purpose by any other party.

iii. Privacy Act

All contractor personnel assigned to this task order will have access to information that may be subject to the Privacy Act of 1974. The contractor is required to ensure the proper safeguarding of such information to prevent unauthorized release. The Privacy Act clause(s) of the contractor's SeaPort contract are applicable to this task order.

2.0 Personally Identifiable Information

Under the performance of this contract, the contractor will have access to Personal Identifiable Information (PII). PII refers to information that can be used to distinguish or trace an individual's identity. This includes such items as (but not limited to) a person's name, social security number, home/cell telephone numbers, email addresses, bank account information, and biometric records. In accordance with agency standards, the Contractor must properly mark and protect PII that is collected, maintained, created, or disseminated.

3.0 Organizational Conflict of Interest

At time of award, the offeror **DOES OR DOES NOT WILL BE FILLED IN AT TIME OF AWARD** been found to have an actual or apparent Conflict of Interest. Should the contractor, during performance of this contract, determine they have an actual or apparent COI, they will notify the Government immediately in writing per the instructions below.

a. The parties hereto recognize that the effort to be performed by the Contractor under this contract creates a potential organizational conflict of interest such as is contemplated by Federal Acquisition Regulation (FAR) 9.505. Specifically, [explain basis of conflict]. The Contractor will not engage in any contractual undertakings or other activities that could create an organizational conflict of interest with its position under this contract, namely those activities [that might impair its ability to render unbiased advice and recommendations][from which it may derive an unfair competitive advantage as a result of knowledge, information, and experience gained or work undertaken during the performance of this contract]. The Contractor may submit a request to the Contracting Officer to waive the organizational conflict of interest as provided by FAR 9.503 or may submit a mitigation plan to the Contracting Officer for approval to allow participation in a related procurement or other activity. During the term of this contract, including any extensions by change order or supplemental agreement, [and for a period of [state duration] OR and until [state event]] the Contractor agrees that it will not supply the Office of Naval Research (ONR) [add activities as appropriate] under another contract or other arrangement as a prime contractor, subcontractor at any tier, or consultant to a supplier, any services, product, item or major component of an item or product that relates to any of the requirements under this contract or to work performed under them.

b. For the purpose of this clause, the term "Contractor" means the Contractor, its subcontractors, subsidiaries, affiliates, partners, joint ventures involving the Contractor, any entity with which the Contractor may hereafter merge or affiliate, and any other successor of the Contractor.

- c. Whenever performance of this contract requires access to another contractor's proprietary information, as required by FAR 9.505-4(b), the Contractor shall (i) enter into a written agreement with the other entities involved, as appropriate, to protect such proprietary information from unauthorized use or disclosure for as long as it remains proprietary and (ii) refrain from using such proprietary information other than as agreed to. An executed copy of all proprietary information agreements by individual personnel or on a corporate basis shall be furnished to the Contracting Officer within fifteen (15) calendar days of execution.
- d. The Contractor shall educate its employees through appropriate means on the principles of FAR Subpart 9.5. Such education shall include, but not be limited to, training to ensure that employees refrain from using or disclosing proprietary information except as provided by executed agreement or as allowed by the contract. Further, the Contractor shall obtain from each of its employees, whose anticipated responsibility in connection with the work under this contract may be reasonably expected to involve access to such proprietary information, a written agreement (Attachment *), which, in substance, shall provide that such employee will not, during his employment with the Contractor or thereafter improperly disclose such data or information.
- e. The Contractor shall hold the Government harmless and will indemnify the Government as to any cost or loss resulting from the unauthorized use or disclosure of any third-party proprietary information by its employees, the employees of its subcontractors, or by its agents.
- f. For breach of any of the above restrictions or for nondisclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government reserves the right to terminate this contract for default, disqualify the Contractor from subsequent related contractual efforts, and to pursue any other available legal remedies. If in compliance with this clause, the Contractor discovers and promptly reports an organizational conflict of interest subsequent to contract award, the contracting officer may choose to terminate this contract for the convenience of the government, when such termination is deemed to be in the best interest of the Government.
- g. The Contractor will include the same provisions as are expressed in this clause, including this paragraph, in all subcontracts awarded for performance of any portion of this requirement. Subcontract restrictions will be limited, however, to the technical area(s) addressed in the specific statement of work in the subcontractor's contract. The subcontractor shall not participate in any ONR contract in the applicable technical area(s) without written approval of the ONR Contracting Officer. This restriction is applicable throughout the period of performance of the subcontract, and any extensions thereof by change order or supplemental agreement. Use of a subcontractor on this contract is not permitted without prior approval of the ONR Contracting Officer. When the provisions of this clause are included in a subcontract, the term "contracting officer" shall represent the head of the contracting office of the prime contractor. Any deviations or less restrictive coverage deemed necessary or required by the prime contractor for a particular subcontract must first be submitted to the government contracting officer for approval. Subcontractors, on a case-by-case basis, may make a request, through the prime contractor, for a revision to the ONR OCI clause restrictions outlined above.

4.0 Information Technology Devices

To prevent forfeit of ownership, the contractor shall NOT connect any privately owned device to a Government network.

Forfeit of ownership per Navy Telecommunication Directive 03-11 shall not, however, grant the Government any rights, title, or interest in any intellectual property embodied within a forfeited device. Nor shall a forfeit of ownership alter any responsibility that the Government may have to prevent unauthorized use, release, or disclosure of proprietary information that may be embodied within a forfeited device.

5.0 Inherently Governmental Functions and Non Personal

- a. Inherently Governmental Functions - No inherently government functions as defined in FAR 2.101 and FAR 7.5 are to be performed by the contractor or contractor personnel performing under this contract. Contractor employees shall not participate in any deliberations or meetings intended to exercise an inherently governmental function. All final determinations such as binding the United States to take or not to take some action, selecting program priorities, and providing direction to Federal employees shall be made by the government. The contractor shall immediately notify the Contracting Officer's Representative (COR) and the Contracting Officer if performance of an activity would result in the performance of an inherently governmental function.
- b. Non-Personal Services Contract - In accordance with FAR 37.101, this contract is a non-personal services contract. Contractor personnel rendering the services shall not be subject, either by the contract's terms or by the manner of its administration, to the continuous supervision and control of a Government officer or employee. The contractor shall immediately notify the Government in writing should the contractor allege the actions of a Government employee may constitute a personal services. The notification shall include the name of the individuals involved and the circumstances.
- c. Identification of Contractor Personnel - In accordance with DFARS 211.106, contractor personnel shall never identify themselves as representing the Office of Naval Research (ONR), but rather shall identify themselves as being under contract to ONR. To that end, contractor personnel shall 1) identify themselves as contractor personnel at meetings by introducing themselves or being introduced as contractor personnel; 2) display distinguishing badges or other visible identification for meetings with Government personnel; 3) identify themselves as contractor employees in telephone conversations, formal and informal (e.g. email, email signatures) written correspondence, when using fax cover sheets, and on business

cards (letterhead, fax cover sheets, and business cards may include the "Office of Naval Research" name, but shall not include the Office of Naval Research logo or any related graphic); and 4) identify themselves as contractor personnel on office name plates and office space markings.

6.0 Personnel Manning and Replacement (Key and Non Key Personnel)

- a. Personnel provided under this requirement are critical to the mission of ONR. The contractor is expected to minimize employee turnover with respect to personnel performing under this requirement.
- b. All personnel under this task order shall possess sufficient breadth and depth of applicable experience to provide pertinent support independently.
- c. Should any Key or Non Key Personnel under this contract submit notification to the company contractor, the company contractor is required to immediately notify the COR in writing.
- d. Non Key Personnel substitutions shall adhere to the minimum labor qualifications as defined in Section C. While the Government is not obligated to review Non Key Personnel substitutions the Government has the right to request the contractor provide the Non Key Personnel replacements resume should there be any question of their ability to meet the minimum labor requirements.
- e. Should any Key Personnel named under this contract be replaced, the contractor shall:
 1. Provide notification immediately (via email) and then submit to the COR all proposed substitutions, in writing, at least 14 days in advance; (30 days if security clearance must be obtained) of any proposed substitution;
 2. Provide a document which correlates how the Key Personnel replacement meets the minimum labor qualifications in Section C for the position they will be taking; and,
 3. A copy of the Key Personnel replacements resume.
- f. The Government shall have a minimum of seven (7) business days to review the qualifications of replacement personnel prior to the personnel reporting to work. The Contractor shall be prepared to provide other personnel immediately (within seven (7) business days) should the replacement personnel be considered unqualified.
- g. In the event that any contractor personnel are not meeting the requirements in the PWS, the COR shall document the issues and notify the contractor of the issues regarding the contractor's personnel. The contractor will have thirty (30) days to remedy the situation in a manner that is acceptable to the Government. A mutual effort will be made to resolve all problems and issues identified.
- h. In the event that any of the identified Key Personnel cease to perform under the contract and the substitute is disapproved, the contract may be immediately terminated in accordance with the Termination clause of the contract.
- i. If the contractor is unable to provide qualified personnel in a timely manner, the contractor shall not include charge for labor hours not performed by personnel listed in PWS. Contract consideration may be assessed.
- j. If the contractor is unable to provide qualified personnel in a timely manner, the contractor shall not include charge for labor hours not performed by personnel listed in PWS. Contract consideration may be assessed.

7.0 Contractor Personnel Check In/Check Out Procedures

- a. It shall be the contractor's responsibility to ensure that all contractor personnel (Prime and all subcontractor(s)) comply with ONR's internal check-in for onboarding contractor personnel. Contractor personnel shall obtain check in information from the COR or the Code Administrative Officer.
- b. It shall be the contractor's responsibility to ensure that all contractor personnel (Prime and subcontractor(s)) comply with ONR's internal check-out Procedures for contractor personnel. Contractor personnel shall obtain check out information from the COR or the Code Administrative Officer.

8.0 Common Access Card (CAC) for Contractor Employees

All new contractor employees shall be "CAC Card Ready" before any direct labor charges may be accumulated under this task order.

"CAC Card Ready" means:

- a. Subject's fingerprints have been submitted to the Office of Personnel Management (OPM) and determined favorable;

- b. Subject has an initiated or completed NACI or equivalent investigation type; and
- c. If the contract includes a DD 254, a visit request shall be submitted to ONR Security and approved by the appropriate ONR Code Administrative Office (AO).

9.0 Contractor Personnel Termination or Resignation

The contractor shall be responsible for returning ONR or other government assets to ONR when contract personnel are terminated or resign their position.

It shall be the contractor's responsibility to ensure that termination of any/all contractor personnel (prime and subcontractor(s)) during the performance of this contract be handled at a location other than the Office of Naval Research.

- a. *On Site Contractor Personnel or Off-Site Personnel within the local community area of ONR HQ* Contractor personnel who resign their position and possess ONR or other government assets shall return all assets to the appropriate division within ONR, the contractor's Program Manager, or other designated contractor personnel, on their last day of working at ONR.

Terminated contractor personnel who possess ONR or other government assets shall return all assets to the contractor's Program Manager or other designated contractor personnel.

The contractor's Program Manager, or other designated contractor personnel, shall deliver all ONR and other government assets to ONR no later than three (3) business days after termination of the contractor employee and notify the COR that ONR and other government assets have been returned

- b. *Off Site Contractor Personnel outside the local commuting area of ONR HQ*

Terminated contractor personnel, or personnel who resign their position, who possess ONR or other government assets shall return all assets to the prime contractor..

Within three (3) business days after resignation or termination of the contractor employee, the prime contractor shall ship all ONR or other government assets to ONR HQ. At the request of the COR, the prime contractor may be required to provide proof of shipping or tracking information.

Shipping charges for returning all ONR or other government assets shall not be charged directly to the contract.

Failure to follow this instruction may lead to contract remedies by the Government.

10.0 Contractor Training

All contractor personnel shall attend Counter Intelligence Awareness and Reporting (CIAR) Training in accordance with the DoD Directive 5240.06 within thirty (30) days of their first day of work supporting ONR and annually thereafter. This training will be provided by ONR Security.

Some training, like Cyber Awareness training and/or Personally Identifiable Information (PII), may be required to be taken prior to onboarding. Discuss this with the COR.

All Contractor support personnel shall complete annual organization specific mandatory training as required in accordance with DoD, Navy, and ONR policy. Training will include but is not limited to: DoD Cyber Awareness Challenge, Privacy and Personally Identifiable Information (PII) Awareness, and general operation security (OPSEC), Counterintelligence Awareness & Reporting, Level One Antiterrorism Training and Records Management training.

Training performed by the contractor for their personnel (i.e. training of contractor personnel on contractor's time keeping policies) shall not be charged directly to the contract.

11.0 On Site Working Conditions, Holidays, and Other Closures

- a. ONR Headquarters is a smoking and vaping restricted workplace. Due to the nature of the work, facilities, and requirements, contractor staff may smoke or vape only outside in designated areas.

- b. ONR conforms to public holidays for federal employees. Contractor support will not be required on public holidays or other days designated as holidays, except to the extent that travel for operational requirements are scheduled. ONR facilities will be closed and unavailable to contractor personnel on these days:

New Year's Day January 1st*

Birthday of Martin Luther King, Jr. Third Monday in January

Washington's Birthday Third Monday in February

Memorial Day Last Monday in May

Juneteenth National Independence Day June 19th*

Independence Day July 4th*

Labor Day First Monday in September

Columbus Day Second Monday in October

Veterans Day November 11th*

Thanksgiving Day Fourth Thursday in November

Christmas Day December 25th*

*If the holiday falls on a Saturday, the Government holiday will be observed the preceding Friday. If the Government holiday falls on a Sunday, the observance will be on the following Monday.

c. In addition to the days designed as holidays, the Government observes the following days:

- Any other day designated by Federal Statute
- Presidential Inauguration Day
- Any other day designated by Presidential Executive Order

In the event of an office closure, as it pertains to paragraph (c), the following work options are authorized to the Contractor for their decision-making purposes:

1. Contractors may take leave in accordance with their internal company policies; or
2. Contractors may work; however, the contractor shall not directly bill the Government on the day(s) the office is closed. If this is elected, all contractor(s) shall have a current telework agreement on file with the COR; or
3. Contractors may obtain permission from their COR to alter work schedules to make up time due to the ONR office closure; or,
4. On a case-by-case basis, the COR may allow contractors to work and bill the Government pending the following requirements are met:
 - The contract has sufficient funds to allow for contractor work;
 - The contractor provides a list of contractor employees who will work, attest that they have an approved telework agreement as the ONR building is physically closed to contractor support, and provide a list of contractor work that will be performed.

d. In the event the Government is closed for any other purpose (e.g., inclement weather, furlough), contractor support personnel may be authorized to work provided permission is granted by the COR.

e. Contractor employees who wish to attend ONR organizational events, such as a picnic or holiday party, must seek approval to do so from the Contractor. The Government will not reimburse the Contractor for the cost of labor or any other expense associated with attendance at such events.

f. Authorization for government personnel to depart early for reasons unrelated to the closure of government offices (e.g., granted 59 minutes) shall not apply to Contractor employees. The government will not reimburse the Contractor for the cost of labor or any other expense associated with the early departure of its employees under such circumstances.

g. Continuing Resolutions and/or Lapses in Appropriation(s) may occur during the life of the Task Order. The impact to the contractor relies on a series of matters including the funding on the Task Order and if the Task Order PWS requires Government employee oversight and/or involvement to perform the PWS tasks. Contractors are urged to reach out to the PCO and the COR for how this situation may impact the Task Order.

12.0 Hours of Operation

The stability and continuity of the workforce are essential. The Contractor must at all times maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS.

Support must be provided during ONR's core business hours, which begin between the hours of 6:00 and 10:00 am and end between 3:00 and 6:30 pm.

Consistent with ONR's core business hours, the Contractor shall provide effort described in this contract, eight (8) eight hours per day, forty hours per week, Monday through Friday.

With COR approval, the Contractor may adjust an individual employee schedules such that during a two-week period of eighty hours, an employee may work eight, nine-hour days; one, eight-hour day; and have one day off. The day off must be either a Monday or Friday.

13.0 Telework

The Performance Work Statement in Section C designates contractor personnel who are on site and/or off site. The PWS may also establish the number of days, or specify certain days, contractor personnel may be authorized to telework.

The Government may request to view the contractor employee's telework agreement with the contractor at any time during the performance period.

During authorized telework periods, contractors are authorized to use appropriate government furnished equipment to accomplish specific tasks outlined in the work plan.

The Government may rescind authorization to telework, for any position currently designated as on-site, at any time during the contract performance period by notification to the contractor. If telework is rescinded, the contractor employee will be required to come to ONR the following business day.

The Government shall not incur any additional cost nor provide additional equipment for contractor performance as a result of the Contractor's election to implement an alternative worksite and teleworking plan, if authorized.

Please see below for additional information on types of telework allowed.

Routine Telework

a. Routine telework may be authorized by the COR pursuant to the Contractor's policy on telework. If routine telework is authorized, the Contractor may permit its employees who perform work onsite or offsite to work at other ONR HQ locations pursuant to the Contractor's alternative worksite and telework policy, provided the COR concurs the alternative worksite arrangements are not detrimental to contract performance.

b. The Government reserves the right to review the Contractor's alternative worksite and teleworking policy at any time during the performance of the contract. Regardless of work location, all contract terms and conditions, including security requirements and labor laws, remain in effect.

c. The Government shall not incur any additional cost nor provide additional equipment for contractor performance as a result of the Contractor's election to implement an alternative worksite and teleworking plan, if authorized.

d. Contractor employees under this requirement may be required to attend in person events (i.e. in person All Hands or in-person training) at the Office of Naval Research, 875 North Randolph Street, Arlington, VA 22203-1995 or other off site locations within as directed by the COR. Should one of these days fall on a routine day of telework, the COR may allow for the contractor employee to elect another day of routine telework. In the absence of COR approval, the contractor employee may not elect an alternative telework day.

e. If the routine telework day falls on a federal holiday, or any time the office is closed, the COR may allow for the contractor employee to elect another day of routine telework. In the absence of COR approval, the contractor employee may not elect an alternative telework day.

f. The COR may allow for additional days of telework, other than those specified in the PWS, at their discretion to meet the mission.

Non Routine Telework

Some personnel on this contract may be required to be onsite 100% of the time; however, these contractor personnel may be allowed to telework at other ONR HQ locations to ensure Continuity of Operations (COOP) on an ad hoc basis provided they have a current telework agreement. Examples of when non routine telework include, but are not limited to:

- *Federal Government's Office of Personnel Management (OPM) authorizes the closure of the Federal Government in the Washington DC metropolitan area due to inclement weather;

- *A man-made or natural disaster; an

- *An un-expected occurrences including restricted access to ONR Headquarters facilities and/or extended interruption to IT services; and/or,

- *Any other day, designated by the COR in writing, where the COR has determined the support may be performed at an alternate location other than ONR HQ.

Other

Personnel who are identified in the PWS as Off Site do not fall under the ONR Telework contract terms and conditions as their tasks have already been identified as having the ability to be performed at other locations other than ONR HQ.

***While up to five (5) days of telework per week may be available, the specific days will be determined by the COR in consultation with the awardee after task order award.**

14.0 Contract Management Meetings

The Contractor shall conduct Quarterly Contract Management Reviews (QCMRs) to review contract performance. QCMRs are a contract administration mechanism to review the Contractor's performance with delivering services/supplies under contract, enhance communication on contract administration matters, and assess the Contractor's compliance with several contract terms and conditions. Contractor shall make at a minimum the following Contractor personnel available at each QCMR: Program Manager and Contracting Manager. QCMR briefing slides and meeting minutes will be provided in accordance with Exhibit A.

15.0 Technical Direction

a. Performance of the work hereunder is subject to the technical direction of the COR designated in this contract, or duly authorized representative. Technical direction includes the following:

1. Direction to the Contractor which shifts work emphasis between work areas or tasks, requires pursuit of certain lines of inquiry, fills in details or otherwise serves to accomplish the objective described in the PWS; and,
2. Guidelines to Contractor which assist in the interpretation of drawings, specifications or technical portions of work description.

b. Technical direction must be within the PWS stated in the contract. Technical direction may not be used to:

1. Assign addition work under the contract;
2. Direct a change as defined in the contract clause entitled "Changes;"
3. Increase or decrease the price or the time required for contract performance; or
4. Change any of the terms, conditions or specifications of the contract.

c. The only individual authorized to in any way amend or modify any of the terms of this contract shall be the Contracting Officer. When, in the option of the Contractor, any technical direction calls for effort outside the scope of the contract or inconsistent with this special provision, the Contractor shall notify the Contracting Officer in writing within ten working days after it receipt. The Contractor shall not proceed with the work affected by the technical direction until the Contractor is notified by the Contracting Officer that the technical direction is within the scope of the contract.

d. Nothing in the foregoing paragraphs may be construed to excuse the Contractor from performing that portion of the work statement which is not affected by the disputed technical direction.

16.0 Changes Only by the Contracting Officer

a. No order, statement or conduct of Government persons who meet or communicate with the contractor during the performance of this contract shall constitute a change under the "changes" clause of this contract.

b. The contractor shall not comply with any order, direction or request of Government personnel that alters the terms of the task order unless it has been approved in writing and signed by the Contracting Officer.

c. The Contracting Officer is the only person authorized to approve changes to any of the requirements of this contract. In the event the contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in contract price or period of performance to cover any increase in costs incurred as a result thereof.

17.0 Government Furnished Resources

For this contractors on site, the Government will provide a basic workstation consisting of a desk, chair, phone, lighting, and computer for contractor personnel working on government facilities. The computer will be Navy Marine Corps Intranet (NMCI) approved and adhere to Navy Information Technology regulations. The Government will also provide office supplies, information, material and forms unique to the Government for supporting the task order. If the Contractor believes that other Government resources are necessary for task order performance, it must request those resources from the Contracting Officer through the COR. The Contracting Officer is not obligated to provide those resources.

With the exception to the basic facility terms items noted above and in accordance with the general guidance in FAR Part 45.102, Contractors are required to furnish all property necessary to perform on Government contracts or orders. The purchase of computer equipment shall not be proposed as a direct charge under this solicitation. For security purposes, computers may be required to be authorized and approved by ONR for use.

During the term of the task order, the Government may replace, modify, or improve equipment, systems, at the Government's expense and by means not associated with this task order. All replaced, improved, updated, or modernized, equipment and systems shall be operated by the Contractor at no additional cost to the Government unless such changes result in an increase or decrease in task order requirements. Any training for software updates for Government systems will be provided by the Government to contractor personnel.

18.0 Parking and Local Transportation

Contractors with CAC cards may park in the parking garage at ONR for a daily or monthly charge. Contractors also have the option to park at several private (pay) parking facilities are located in the area. The ONR facility is within walking distance of the Ballston Metro Station. Monthly parking fees or any other type of transportation expenses (metro farecards) for proposed personnel to commute to and from the place of performance shall not be charged directly to this contract.

19.0 Printing and High Speed Volume Duplicating

Contractors who have a requirement to print documents as a result of their Government tasks shall do so by using their NMCI issued computers. Contractors shall not forward documents they have created for the Government, as a result of any PWS tasks included herein, to personal devices or contractor provided devices. All printing of Government documents shall be done on NMCI printed devices at ONR.

The scope of this order does not include printing and high speed high volume duplicating. The Defense Logistics Agency shall serve as the manager for printing and high speed high volume duplicating. Requests shall be forwarded to the COR for review one month before the required due date. The COR will then submit approved requests to ONR 054 two (2) weeks before the required due date.

20.0 Food

Food shall not be charged directly to this contract. This excludes per diem rates for meals which are associated with travel.

21.0 Government Rights in Data

Contractors asserting any/all data rights under this effort at time of solicitation or during performance of award shall follow DFARS 227 procedures. In the absence of asserted data rights, the Government has unlimited rights to any/all data created by the Contractor under this contract which is identified in Exhibit A, CDRLS. See Section J.

22.0 Small Business Subcontracting Plan

In accordance with FAR 19.705-2, the Contracting Officer has determined that a subcontracting plan is not required under this Task Order.

23.0 Evaluation of Six (6) Month Extension

The solicitation, and resultant contract, include FAR 52.217-8. The Government has also evaluated pricing for a 6 month extension and may use this extension per the clause.

24.0 Intelligence Oversight

1. In compliance with DoDD 5148.13 paragraph 4.1.e and SECNAVINST 3820.3F, all contractor personnel conducting Intelligence or Intelligence-related activities or supporting those efforts under Department of Defense authorities shall report any Questionable Intelligence Activity (QIA) or Significant or Highly Sensitive Matter (S/HSM) to the Office of Naval Research Contracting Officer Representative/Program Officer and the Senior Intelligence Officer.

Intelligence-Related Activities: Activities that are not conducted under the authority of Executive Order 12333 that involves the collection, retention, or analysis of information, and the activities' primary purpose is to:

- Train intelligence personnel.
- Conduct research, development, or testing and evaluation for the purpose of developing intelligence-specific capabilities. Activities that use intelligence funding (e.g., Military Intelligence Program or National Intelligence Program) are presumed to be intelligence or intelligence-related activities.

Specifically excluded from this definition are operational security activities, such as own force monitoring, force protection, maintenance of technologies or systems, cyberspace surveillance and reconnaissance operations. This is not an exhaustive list. See DODM 5204.01 Section 3.1.a (3) for additional information.

Questionable Intelligence Activity (QIA): Any Intelligence or Intelligence-related activity when there is reason to believe such activity may be unlawful or contrary to an Executive Order, Presidential Directive, Intelligence Community Directive, or applicable DoD policy governing that activity.

Significant or Highly Sensitive Matter (S/HSM): An Intelligence or Intelligence-related activity (regardless of whether the Intelligence or Intelligence-related activity is unlawful or contrary to an Executive Order, Presidential Directive, Intelligence Community Directive, or DoD policy), or serious criminal activity by Intelligence personnel, that could impugn the reputation or integrity of the Intelligence Community, or otherwise call into question the propriety of Intelligence activities. Such matters might involve actual or potential:

- Congressional inquiries or investigations.
- Adverse media coverage.
- Impact on foreign relations or foreign partners.
- Systemic compromise, loss, or unauthorized disclosure of protected information.

2. An activity or conduct that qualifies as either a Questionable Intelligence Activity (QIA) or a Significant or Highly Sensitive Matter (S/HSM) is reportable without waiting for substantiation, completion of an investigation, formal adjudication, or final resolution of the issue.

3. No adverse action will be taken against DoD contractor personnel because they intend to report to the appropriate authorities what they reasonably believe is a QIA or S/HSM.

4. The above requirements do not preclude, supersede, or limit the existing authorities and policies governing reporting of criminal or counterintelligence matters to the Defense Criminal Investigative Organizations (DCIO) and Military Department Counterintelligence Organizations (MDCO). NCIS is the DON DCIO and MDCO.

5. The contractor shall include paragraphs 1-4, including this paragraph (5), in all subcontracts, or similar contractual instruments.

52.217-8 Option to Extend Services. (Nov 1999)

Option to Extend Services (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days prior to the expiration of the contract.

(End of clause)

52.217-9 Option to Extend the Term of the Contract. (Mar 2000)

Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days prior to expiration of the contract provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days in advance of contract expiration. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 66 months.

(End of clause)

52.252-2 Clauses Incorporated by Reference. (Feb 1998)

Clauses Incorporated By Reference (Feb 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

252.204-7021 Contractor Compliance with the Cybersecurity Maturity Model Certification Level Requirements.

(Nov 2025)

CONTRACTOR COMPLIANCE WITH THE CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions.* As used in this clause-

"Controlled unclassified information" means information the Government creates or possesses, or information an entity creates or possesses for or on behalf of the Government, that a law, regulation, or Governmentwide policy requires or permits an agency to handle using safeguarding or dissemination controls (32 CFR 2002.4(h)).

"Current" means-

(1) With regard to Conditional Cybersecurity Maturity Model Certification (CMMC) Status-

(i) Not older than 180 days for Conditional Level 2 (Self) assessments and Conditional Level 2 (certified third-party assessment organization (C3PAO)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance by an affirming official (see 32 CFR 170.4); and

(ii) Not older than 180 days for Conditional Level 3 (Defense Industrial Base Cybersecurity Assessment Center (DIBCAC)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance by an affirming official;

(2) With regard to Final CMMC Status-

(i) Not older than 1 year for Final Level 1 (Self), with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.15); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official;

(ii) Not older than 3 years for Final Level 2 (Self) assessments and Final Level 2 (C3PAO) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(iii) Not older than 3 years for Final Level 3 (DIBCAC) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(3) With regard to affirmation of continuous compliance (32 CFR 170.22), not older than 1 year with no changes in compliance with the requirements at 32 CFR part 170.

"Cybersecurity Maturity Model Certification (CMMC) status" means the result of meeting or exceeding the minimum required score for the corresponding assessment. The potential statuses are as follows:

- (1) Final Level 1 (Self).
- (2) Conditional Level 2 (Self).
- (3) Final Level 2 (Self).
- (4) Conditional Level 2 (C3PAO).
- (5) Final Level 2 (C3PAO).
- (6) Conditional Level 3 (DIBCAC).
- (7) Final Level 3 (DIBCAC).

"Cybersecurity Maturity Model Certification unique identifier (CMMC UID)" means 10 alpha-numeric characters assigned to each CMMC assessment and reflected in the Supplier Performance Risk System (SPRS) for each contractor information system.

"Federal contract information (FCI)" means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government. It does not include information provided by the Government to the public, such as on public websites, or simple transactional information, such as information necessary to process payments.

"Plan of action and milestones" means a document that identifies tasks to be accomplished. It details resources required to accomplish the elements of the plan, any milestones in meeting the tasks, and scheduled completion dates for the milestones, as defined in National Institute of Standards and Technology Special Publication 800-115 (32 CFR 170.21).

(b) *Framework.* The Cybersecurity Maturity Model Certification (CMMC) is a framework for assessing a contractor's compliance with applicable information security protections (see 32 CFR part 170).

(c) *Duplication.* The CMMC assessments will not duplicate efforts from any other comparable DoD assessment, except for rare circumstances when a reassessment may be necessary, for example, when there are indications of issues with cybersecurity and/or compliance with CMMC requirements.

(d) *Requirements.* The Contractor shall-

(1)(i) Have and maintain for the duration of the contract a current CMMC status at the following CMMC level, or higher: *CMMC Level 2 (Self)* for all information systems used in performance of the contract, task order, or delivery order that process, store, or transmit FCI or CUI; and

(ii) Consult 32 CFR 170.23 related to the flowdown of the CMMC requirements, and flow down the correct CMMC level to subcontracts and other contractual instruments;

(2) Only process, store, or transmit FCI or CUI on contractor information systems that have a CMMC status at the CMMC level required in paragraph (d)(1) of this clause, or higher;

(3) Complete on an annual basis, and maintain as current, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required in paragraph (d)(1) of this clause in the Supplier Performance Risk System (SPRS) (<https://piee.eb.mil>) for each CMMC UID applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract;

(4) Ensure all subcontractors and suppliers complete prior to subcontract award, and maintain on an annual basis, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required for the subcontract or other contractual instrument for each of the subcontractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the subcontract; and

(5) If the Contractor has a CMMC Status of Conditional, successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(e) *Reporting.* The Contractor shall-

(1) Submit to the Contracting Officer-

(i) The CMMC UID(s) issued by SPRS for contractor information systems that will process, store, or transmit FCI or CUI during performance of the contract; and

(ii) Any changes in the CMMC UIDs generated in SPRS throughout the life of the contract, task order, or delivery order, if applicable;

(2) Enter into SPRS the results of a current self-assessment for each CMMC UID, not covered by a C3PAO assessment or DIBCAC assessment, applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract; and

(3) Complete in SPRS on an annual basis and maintain as current an affirmation of continuous compliance by the affirming official (see 32 CFR 170.4) for each self-assessment, C3PAO assessment, or DIBCAC assessment required under the contract in SPRS.

(f) *Subcontracts.* The Contractor shall-

(1) Insert the substance of this clause, including this paragraph (f) and excluding paragraph (e)(1), in subcontracts and other contractual instruments, including those for the acquisition of commercial products or commercial services, excluding commercially available off-the-shelf items, if the subcontract or other contractual instrument will contain a requirement to process, store, or transmit FCI or CUI; and

(2) Prior to awarding a subcontract or other contractual instrument, ensure that the subcontractor has a current CMMC certificate or current CMMC status at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor based on the requirements at 32 CFR 170.23.

(End of clause)

Section J - List of Attachments

Section K - Representations, Certification, & Other Statements

Section K REPRESENTATIONS, CERTIFICATIONS AND OTHER STATEMENTS OF OFFERORS

The requirement for Annual Representation and Certifications at 52.204-8 applies at the basic multiple award contract (MAC) level for each Offeror. Generally, offerors are not required to submit representation or certifications in response to this solicitation or its subsequent Task Order award, if any. All requests for representation or re-representation shall generally come from the MAC Contracting Officer in accordance with the terms of the basic contract. Until the annual representations and certifications at 52.408 are updated, the representation below must be completed and submitted with all responses submitted.

1.0 FAR 52.204-24 REPRESENTATION REGARDING CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (NOV 2021)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at [52.204-26](#), Covered Telecommunications Equipment or Services--Representation, or in paragraph (v)(2)(i) of the provision at [52.212-3](#), Offeror Representations and Certifications-Commercial Products or Commercial Services. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at [52.204-26](#), or in paragraph (v)(2)(ii) of the provision at [52.212-3](#).

(a) *Definitions.* As used in this provision--

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause [52.204-25](#), Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition.*

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to--

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to--

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) *Representation.* The Offeror represents that--

(1) It will, will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that--

It does, does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) *Disclosures.*

(1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment--

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services--

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded "does" in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment--

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services--

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(End of provision)

2.0 DFARS 252.225-7057 Preaward Disclosure of Employment of Individuals Who Work in the People's Republic of China. (AUG 2022)

(a) *Definitions.* As used in this provision--

"Covered contract" and "covered entity" have the meaning given in the clause [252.225-7058](#), Postaward Disclosure of Employment of Individuals Who Work in the People's Republic of China.

(b) *Prohibition on award.* In accordance with section 855 of the National Defense Authorization Act for Fiscal Year 2022 (Pub. L. 117-81, 10 U.S.C. 4651 note prec.), DoD may not award a contract to the Offeror if it is a covered entity and proposes to employ one or more individuals who will perform work in the People's Republic of China on a covered contract, unless the Offeror has disclosed its use of workforce and facilities in the People's Republic of China.

(c) *Preaward disclosure requirement.* At the time of submission of an offer for a covered contract, an Offeror that is a covered entity shall provide disclosures to include--

- (1) The proposed use of workforce on a covered contract or subcontract, if the Offeror employs one or more individuals who perform work in the People's Republic of China;
- (2) The total number of such individuals who will perform work in the People's Republic of China; and
- (3) A description of the physical presence, including street address or addresses, in the People's Republic of China, where work on the covered contract will be performed.

3.0 DFARS 252.239-7098 Prohibition on Contracting to Maintain or Establish a Computer Network Unless Such Network is Designed to Block Access to Certain Websites--Representation. (DEVIATION 2021-O0003) (APRIL 2021)

(a) In accordance with section 8116 of Division C of the Consolidated Appropriations Act, 2021 (Pub. L. 116-260), or any other Act that extends to fiscal year 2021 funds the same prohibitions, none of the funds appropriated (or otherwise made available) by this or any other Act for DoD may be used to enter into a contract to maintain or establish a computer network unless such network is designed to block access to pornography websites. This prohibition does not limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities, or for any activity necessary for the national defense, including intelligence activities.

(b) *Representation.* By submission of its offer, the Offeror represents that it is not providing as part of its offer a proposal to maintain or establish a computer network unless such network is designed to block access to pornography websites. (End of provision)

4.0 DFARS Verification of Eligibility of Small Business Joint Ventures (Deviation 2023-O0001) (October 2022)

A small business joint venture offeror must submit, with its offer, the representation required in paragraph (c) of FAR solicitation provision 52.212-3, Offeror Representations and Certifications-Commercial Products and Commercial Services, and paragraph (c) of FAR solicitation provision 52.219-1, Small Business Program Representations, in accordance with 52.204-8(d) and 52.212-3(b) for the following categories:

- (A) Small business;
- (B) Service-disabled veteran-owned small business;
- (C) Women-owned small business (WOSB) under the WOSB Program;
- (D) Economically disadvantaged women-owned small business under the WOSB Program; or
- (E) Historically underutilized business zone small business."

DFARS Clauses Incorporated by Reference

Number	Title	Effective Date	Alternate/ Deviation	Variation Effective Date

Section L - Instructions, Conditions, & Notices to Offerors or Quoters

1.0 GENERAL NOTICES

- a. This solicitation is reserved for 100% **Service Disabled Veteran Owned Small Business set-aside**. The contracting officer has determined there is a reasonable expectation of adequate competition for this acquisition. Submission of offers from other sources will not be evaluated or considered for award.
- b. Proposals shall be sufficiently detailed to enable the Government to perform an accurate and complete evaluation strictly from the proposal contents.
- c. After receipt of proposals, the Government will conduct a solicitation compliance review on all proposals. Offerors that are not compliant with the solicitation will not be evaluated and are not eligible for award. The Government is not obligated to inform the offeror of non compliance to the solicitation.
- d. The evaluation of this effort will be conducted in a phased approach. See Section M for additional details.
- e. Late proposals from a prime contractor and/or subcontractor/consultant shall follow SeaPort CONOPS rules.
- f. The Government shall not reimburse, as a direct cost, the Offeror's bid and proposal costs associated with proposals under this solicitation.

2.0 PROPOSAL SUBMISSION

Proposals shall be submitted electronically via the PIEE Solicitation Module. Any proposal received after the date and time specified for receipt of offers will be considered "late" and shall be rejected. It is the responsibility of the offeror to ensure that its proposal, to include submissions by subcontractors, is received in a timely manner.

- a. This requirement is for Navy Seaport contractors with the required set aside status (if any). All other offerors will not be considered.
- b. ONR is no longer accepting proposals from using the Seaport website.
- c. Prime offerors shall provide their electronic proposal via PIEE Solicitation Module. Offerors shall follow the PIEE registration instructions and posting instructions provided by PIEE below. The proposal must be received by the date and time specified in Block 9 of the Standard Form 33, Solicitation, Offer and Award.
- d. Emailed proposals and hard copy proposals are not accepted.
- e. Registration Instructions: https://www.acq.osd.mil/asda/dpc/ce/cap/docs/piee/PIEE_Solicitation_Module_Vendor_Access_Instructions.pdf
- f. Submitting an Offer: https://pieetraining.eb.mil/wbt/sol/Posting_Offer.pdf
- g. For assistance with the Solicitation module, contact the PIEE helpdesk at disa.global.servicedesk.mbx.eb-ticket-requests@mail.mil (866)-618-5988.
- h. Subcontractor(s) and/or consultant(s) submissions should be included in the prime submission package.
- i. Subcontractor(s) and/or consultant(s) that do not wish to submit their proprietary rates to the prime may submit their unsuppressed proposal to the PCO and the CS via email by the date and time established on the SF33.
- j. Subcontractor(s) and/or consultant(s) that submit a proprietary rate package shall follow the same instructions established below.
- k. Subcontractor(s) and/or consultant(s) are notified that Navy cannot receive .zip files.
- l. Should the subcontractor unsuppressed package be received AFTER the deadline for submission in PIEE, the information provided will not be used in the evaluation and only the information in the prime submission in PIEE will be reviewed.

3.0 SUBMISSION OF QUESTIONS

- a. ONR will no longer receive questions regarding the solicitation through Navy Seaport. Any/all questions regarding this solicitation must be submitted via email to the Contracting Officer and Contract Specialist.
- b. ONR requests that offerors provide limited emails with questions and urge offerors to thoroughly review the solicitation and send
- c. In order to allow sufficient time to answer questions, questions must be submitted no later than Monday 15 SEP 2026 at 2:00 pm local time, Washington D.C. The Government has the final discretion to extend or not extend the solicitation deadline and any deadline extensions will be done via a formal amendment.
- d. Answers to solicitation questions will be posted via an amendment to the solicitation and posted in the PIEE Solicitation module.
- e. Offeror's who continue to submit questions asking for extensions will not be answered date.
- f. Offerors shall not direct any questions concerning this solicitation to any Office of Naval Research (ONR) personnel with the exception of the Contracting Officer.

4.0 SOLICITATION AMENDMENTS

It is the offeror's responsibility to regularly check the PIEE Solicitation module for any postings of solicitations, amendments and questions and answers for this solicitation. Offerors shall acknowledge, via signature, all amendments to the solicitation in their proposal. Any unacknowledged amendments in the offeror's proposal will render the proposal deficient and ineligible for award.

5.0 ANTICIPATED AWARD DATE

The anticipated date of award is on/around 7 September 2026.

6.0 POINT OF CONTACT

The primary point of contact for this solicitation is Dunia Hickey, Contracting Officer, ONR-254, email: dunia.a.hickey.civ@us.navy.mil

7.0 PROPOSAL FORMAT AND PAGE LIMITS

- a. Offerors shall conform to the following Volumes.
 - i. Volume I - Business/Administrative
 - ii. Volume II - Technical Proposal
 - iii. Volume III - Past Performance Proposal
 - iv. Volume IV - Price Proposal
- b. All volumes containing text shall have single-spaced pages ("Exactly" spacing is not permitted), on an 8 1/2 x 11 inch sheet with a minimum one- inch margin all around.
- c. Font shall be Times New Roman no less than 12 point.
- d. Text within tables, diagrams, pictorial charts, or graphic material may use no smaller than 10- point font. 11 x 17 inch foldout pages are allowed for tables, diagrams, pictorial charts or other graphic material and will be counted as two pages.
- e. Every figure and table shall be numbered and included in a list of tables in the Table of Contents.
- f. Pages shall be numbered consecutively within each volume. The page limits prescribed are maximum page limits for each volume.
- g. When both sides of a sheet display printed material, it shall be counted as two (2) pages.
- h. Cover pages, tables of contents, cross-reference matrix, tabs, and glossaries shall not be counted against prescribed page limits.
- i. Pages submitted in excess of these limits will not be read or considered in the Government's evaluation of the proposal.
- j. Each volume shall be submitted as a separately labeled electronic file.
- k. All text within Volumes shall be in or compatible with Microsoft Word 2010 or Adobe Acrobat.
- l. All spreadsheets in Volume IV shall be capable of being manipulated in Microsoft Excel 2010 format, and shall be submitted with all formulas intact and unlocked. **Offerors shall round up to the nearest dollar with the exception of individual labor rates.** All labor rates shall be rounded to the nearest penny.
- m. Offerors shall submit all signature pages as scanned documents. Signatures must comply with the term "signature" as defined in FAR Subpart 2.101 and clearly express the Offeror's present intention to bind the Offeror to perform in accordance with the solicitation. Typed text or initials do not constitute a signature. Proposals with such markings will be considered as lacking a required signature.
- n. Offerors must ensure that pricing information is only included in the price proposal. Do NOT include any Pricing information in any other Volume of the proposal.
- o. All unit and extended prices provided shall be rounded to the nearest dollar. Extended prices must be divisible by the number of units proposed.
- p. All electronic submissions shall reference the complete solicitation number in the subject line.
- q. No classified information shall be included in the proposal.

r. Proposals shall be **limited to four (4)** volumes and shall be submitted electronically via the SeaPort Next Gen portal referenced in Table 1 below as follows:

Proposal Volume	Factor and/or Sub-Factor	Volume Contents and Document Order	Page Limitation
I	Business/Administrative	1. Cover Page* 2. Table of Contents* 3. Signed Offer 4. Any/All Signed Solicitation Amendments 5. VETS 4212 Report 6. NIST SP 800-171 Department of Defense Assessment showing a minimum Basic Rating Screenshot 7. Cybersecurity Maturity Model Certification (CMMC) Screenshot 8. OCI Attestation 9. OCI Mitigation Plan (if attestation is Yes) 10. Data Rights Assertion (if any) using DFARS Table 227)	Unlimited
II	Factor 1 - Technical Technical Sub-Factor 1.1 - Technical Approach to meeting Performance Work Statement Tasks	1. Cover Page* 2. Table of Contents* 3. Response to sub-factor 1.1 (Excel - Attachment 6)	NTE 20 Pages
II	Factor 1 - Technical Technical Sub-Factor 1.2 - Key Personnel Qualifications and Resumes	1. Response to sub-factor 1.2 (Excel - Attachment 7)	NTE 20 Pages
II	Factor 1 - Technical Technical Sub-Factor 1.3 - Contractor's Staffing Plan and Problem Resolution	1. Key Personnel Matrix (Excel -Attachment 8)* 2. Resumes for Key Personnel 3. Statement from Contingent Hires *	Resumes NTE 2 Pages per person Contingent Hire Statement NTE 1 Page per contingent hire
III	Factor 2 - Past Performance Proposal	1. Cover Page* 2. Table of Contents* 3. Example 1 PPIF, CPARS or PPQ, and SOW /PWS 4. Example 2 PPIF, CPARS or PPQ, and SOW /PWS	Unlimited

		5. Example 3 PPIF, CPARS or PPQ, and SOW /PWS	
IV	Factor 3 - Price	1. Cover Page* 2. Table of Contents* 3. Section B Fill Ins 4. Excel Pricing Summary Sheet 5. Pricing Narrative Form 6. Subcontractor/Consultant submissions (Excel and Pricing Narrative Form) *	Unlimited

*These documents do NOT count towards the overall page count per volume.

**If more than one subcontractor is proposed, each additional subcontractor shall follow the same format as noted above.

8.0 Volume I - Business/Administrative Content

a. Volume I - Business/Administrative

i. Cover Page -

- a. Solicitation Number
- b. Requirement Name
- c. Business Point of Contact - Name, Email, Phone
- d. Technical Point of Contact - Name, Email, Phone
- e. Cage Code and Unique Entity Identifier Number (UEI) for offeror and proposed subcontractors
- f. If an affiliate per SeaPort CONOPS Affiliate Rule, state as such
- g. Name of any/all subcontractors

ii. Table of Contents

iii. Signed Offer: The offer shall indicate the offeror's unconditional agreement to the terms and conditions in this solicitation. It shall state proposal validity through **245 days**. Finally it shall acknowledge and accept the terms and conditions reflected in any amendments to the solicitation. The Offer may be submitted in PDF format.

- a. Signed Offer from authorized representative
- b. Any/All signed Amendments

iv. VETS 4212 Report: In accordance with FAR 52.222-35, Equal Opportunity for Veterans, the offer must provide evidence regarding their submission of the required annual VETS-4212, Federal Contractor Veterans' Employment Report with respect to the preceding fiscal year if the offer was subject to the reporting requirements of 38 U.S.C. 4212 (d) for that fiscal year. Evidence of this submission may be submitted in PDF format.

v. NIST SP 800-171 Department of Defense Assessment showing a minimum Basic Rating

vi. Organizational Conflict of Interest Attestation: ONR has determined that an actual or potential organizational conflict of interest (OCI) exists when a contractor (including its parent, subsidiaries, and affiliates) performs for ONR both scientific and engineering technical assistance

(SETA) or other support services and Research and Development (R&D) work. Such situations give rise to OCIs or potential OCIs based on impaired objectively, biased ground rules, and unequal access to information. ONR prefers that companies avoid such situations altogether by choosing to do only one type of work for ONR.

- a. Disclosure. An offeror shall state in its proposal whether it is aware of any information bearing on the existence of any actual or potential OCI as defined in FAR 2.101 and further explained in FAR Subpart 9.5 as to itself and any proposed subcontractors, partners, affiliates or consultants. See also ONR's Statement of Policy on OCIs, which can be found at the following address: <https://www.nre.navy.mil/work-with-us/how-to-apply/compliance-protections/organizational-conflicts-of-interest>.
- b. An OCI may exist if an offeror, its subcontractors, affiliates, or consultants were previously or are currently under a contract, subcontract, or other agreement (e.g., grants, Other Transactions Agreements (OTA), Cooperative Agreements) that relates in any way to this solicitation and the work required thereunder. Offerors performing systems engineering and technical assistance (SETA) for ONR are considered to have an OCI that may not be susceptible to mitigation.
- c. The nondisclosure or misrepresentation of an interest creating an OCI may result in the disqualification of an offeror for award, or if such nondisclosure or misrepresentation is discovered after award, the Government may terminate the contract for default, recommend that the contractor be disqualified from subsequent related contracts, or be subject to such other remedial actions as may be permitted or provided by law (see 18 U.S.C. (S) 1001 and 31 U.S.C. (S) 3802(a)(2)). Therefore, offerors should interpret the requirements of this provision broadly.
- d. An offeror who does not provide support services to ONR or concludes no actual or potential OCI exists shall include the following statement in its proposal: "I [NAME] as an authorized negotiator on behalf of [NAME OF OFFEROR] certify that NO actual or potential organizational conflict of interest (OCI) exists under [SOLICITATION NUMBER]. I understand that the failure to disclose the existence of actual or potential OCI shall result in the offeror not being considered for award."
- e. An offeror who does provide support services to ONR or is aware of circumstances that may hinder its ability to render impartial, technically sound, and unbiased assessments, recommendations, and evaluations; or that circumstances exist that may result in the appearance that it may have an unfair competitive advantage shall submit the following with its proposal:
 - The name of the entity the offeror, its subcontractors, partners, consultants or affiliates supports.
 - The number of the contract, subcontract, or agreement that creates the actual or potential OCI. If ONR did not award the contract or agreement, provide a copy of the document. If ONR awarded the contract, provide the name of the technical point of contact.
 - A description of the actual or potential OCI. The statement must describe in a concise manner all relevant facts concerning any past, present or currently planned interest (financial, contractual, organizational, or otherwise) relating to the work to be performed hereunder and bearing on whether the offeror has a possible organizational conflict of interest with respect to impartial, technically sound, and unbiased assessments, recommendations, or evaluations, or being given an unfair competitive advantage. If relevant, offerors shall address the personal conflicts of their employees.
 - A Mitigation Plan. Offerors should refer to FAR Subpart 9.5 for policies and procedures for avoiding, neutralizing, or mitigating organizational conflicts of interest.
 - A concluding statement as follows: "I [NAME] as an authorized negotiator on behalf of [NAME OF OFFEROR] certify that I have, to the best of my knowledge and belief, disclosed all actual or potential organizational conflicts of interest (OCI) under [SOLICITATION NUMBER]. I understand that the failure to disclose the existence of an actual or potential OCI shall result in the offeror not being considered for award."

vii. OCI Mitigation Plan (if attestation is Yes) OCI Mitigation Plan Contents. At a minimum, a Mitigation Plan shall:

- a. Provide organizational charts showing the offeror's (and, as appropriate, those of its subcontractors, partners, consultants, and affiliates) structure as it relates to performance of the contract awarded under this solicitation and all contracts and agreements relevant to the OCI, highlighting those elements that create the actual or apparent OCI.
- b. Demonstrate how the elements that create the actual or apparent OCI will be isolated from the resources that will perform the contract awarded under this solicitation.
- c. Provide information showing whether the organizational elements that will perform the contract awarded under this solicitation will be geographically or physically separated from the elements that create the actual or apparent OCI.
- d. For each contract or agreement relevant to the OCI, describe the process for reassigning personnel, including those belonging to subcontractors, partners, consultants, and affiliates, from one organization to another. Include restrictions that apply.
- e. For each contract or agreement relevant to the OCI, describe the controls, including nondisclosure agreements, that are exercised over the future employment of departing employees as it relates to the OCI.

- f. For each contract or agreement relevant to the OCI, describe any OCI training the employees are offered or required to attend, along with the timing (before or after starting work on a government contract), frequency, length, and content of such training.
- g. Provide evidence of facts and circumstances that the offeror asserts mitigate or address the concerns related to the actual or potential OCI.

9.0 VOLUME II - TECHNICAL PROPOSAL - FACTOR 1 (SUBFACTOR 1.1, SUB-FACTOR 1.2 AND SUB-FACTOR 1.3)

Offerors shall demonstrate their understanding of the requirements and tasks for this solicitation. All of the requirements and tasks specified in the solicitation are mandatory. By your proposal submission, you are representing that your company and proposed subcontractors (if applicable) will perform all the requirements and tasks specified in the solicitation. Offerors shall not merely copy, paste, rephrase or restate the requirements and tasks specified in the solicitation; such will result in an "unacceptable" evaluation rating. See Section M for information on proposal evaluation criteria and ratings.

i. Cover Page -

- a. Solicitation Number
- b. Requirement Name
- c. Business Point of Contact - Name, Email, Phone
- d. Technical Point of Contact - Name, Email, Phone
- e. Cage Code and Unique Entity Identifier (UEI) Number for offeror and proposed subcontractors
- f. If an affiliate per SeaPort CONOPS Affiliate Rule, state as such
- g. Name of any/all subcontractors

ii. Table of Contents

A. Technical Sub-Factor 1.1 - Technical Approach to meeting Performance Work Statement Tasks

The contractor, using the form in Section J, will document their approach to the following seven (7) PWS requirements. **Offerors are advised to be as specific as possible to articulate their approach.**

TBD

B. Technical Sub-Factor 1.2 -Key Personnel Qualifications and Resumes

i. Using the Key Personnel matrix in Section J, the offeror shall identify how their proposed personnel meet the minimum required experience. Should the offeror have Key Personnel that meet the "Additional Desired Qualifications," the offeror shall annotate how the Key Personnel meet the additional qualifications.

ii. The offeror shall also provide resumes for the following Key Personnel:

On-Site Support Staff Lead (KEY) - 1 Resume

High Performance Computing Specialist (KEY) - 1 Resume

Program Analyst (KEY) - 3 Resumes

The resumes must be sufficiently detailed to permit assessment of the capability of the proposed personnel. At a minimum, the resume should include information that supports the Key Personnel matrix inputs.

iii. The resumes shall also include a statement regarding if the proposed Key Personnel are current employees or if they are contingent hires not currently employed by the offeror.

iv. In addition, the contingent hire shall sign a document stating they are aware their resume will be used for proposal purposes. The contingent hire letters are required to demonstrate the offeror's ability to satisfy personnel requirements on the first day of the task order period of performance.

v. The contractor shall return the Personnel Matrix to the Government in an Excel format.

vi. Contractors are reminded that some labor categories include multiple key individuals to be named.

vi. A failure of proposed Key Personnel to meet the minimum requirements will result in a deficiency and an overall Factor rating of Unacceptable.

C. Technical Sub-Factor 1.3 - Contractor's Staffing Plan and Problem Resolution

The contractor, using the form in Section J, shall address their Staffing Plan and Problem Resolution. **Offerors are advised to be as specific as possible to articulate their approach.**

The staffing plan shall include the following:

- i. Offeror's understanding to staffing (Key and Non Key Personnel) leading to the successful accomplishment of all requirements identified in the PWS;
- ii. How Offeror will ensure availability of personnel support in the technical areas specified in Section C;
- iii. Offeror recruitment strategies;
- iv. Offeror retention strategies;
- v. Offeror backfill strategies to include how your company will replace highly skilled technical personnel; and,
- vi. How Offeror plans to integrate subcontractors and/or consultants into fulfilling the requirement and comply with FAR 52.219-14.

The contractor shall also address how problems, which may occur during the performance of the contract will be handled. At a minimum, the contractor shall address the following:

- i. How does the Offeror plan to train their Key and Non Key Personnel who employees to perform the tasks under the PWS?
- ii. How does the Offeror address performance matters with Key and Non Key Personnel who are not performing to the standards of the contract? In addition, how would the Offeror address a subcontractor not performing to the standards of the contract?
- iii. How the Offeror would approach handling the requirement when Key and Non Key Personnel may be out for an extended period of time?
- iv. How would the Offeror address invoice issues, should they occur, on the contract?
- v. How does the Offeror plan to meet the QASP requirement for less than 10% turnover per POP year?

10.0 VOLUME III - PAST PERFORMANCE - FACTOR 2

- i. Cover Page -
 - a. Solicitation Number
 - b. Requirement Name
 - c. Business Point of Contact - Name, Email, Phone
 - d. Technical Point of Contact - Name, Email, Phone
 - e. Cage Code and Unique Entity Identifier Number for offeror and proposed subcontractors
 - f. If an affiliate per SeaPort CONOPS Affiliate Rule, state as such
 - g. Name of any/all subcontractors
- ii. Table of Contents
- iii. Past Performance Example 1
 - a. Past Performance Information Sheet. See Section J for reference.
 - b. CPARS or Past Performance Questionnaire. See Section J for reference.
 - c. Statement of Work for Example 1
- iv. Past Performance Example 2
 - a. Past Performance Information Sheet. See Section J for reference.
 - b. CPARS or Past Performance Questionnaire. See Section J for reference.

c. Statement of Work for Example 2

v. Past Performance Example 3

- a. Past Performance Information Sheet. See Section J for reference.
- b. CPARS or Past Performance Questionnaire. See Section J for reference.
- c. Statement of Work for Example 3

Offerors shall provide information relative to previous work for the same or similar services provided for all past and on-going work in Government and Non-Government contracts for technical, financial and program management support services.

Offerors must complete the Past Performance Information Form to detail and summarize the past performance information requested in this volume. See Section J for reference.

Offerors shall provide three (3) relevant past performance examples of contract efforts performed with similar size, scope, and complexity. Past performance examples must have been performed within the past three (3) years as of the date of the solicitation. Relevant past performance is defined as efforts performed in the past three (3) years that directly track to the functional areas of the PWS (Section C) for this effort. Data concerning the offeror shall be provided first, followed by the proposed major subcontractor (if applicable), in alphabetical order. A major subcontractor is defined as one who is performing at least \$10M worth of the total proposed price, excluding ODCs and profit/fee. Past performance information from subcontractors will not be considered unless the subcontractor is performing at least \$10M worth of the total proposed price, excluding ODC's and profit/fee. Subcontractor past performance can only replace one (1) past performance example for the offeror. The offeror is still required to provide two (2) past performance examples if a major subcontractor is providing one (1) past performance example.

Offerors citing an IDIQ award as an example shall also include the Task Order number work is performed under.

If the offeror does not have three (3) recent and relevant contract efforts, the offeror shall make such a statement in this section of the proposal.

Offerors can elect to submit their most recent final CPARS or a PPQ. If submitting a PPQ, Offerors shall request customer POC's to complete past performance questionnaires on their behalf. See questionnaire template in Section J. Completed Past Performance Questionnaires shall be e-mailed directly from the client (POC/COR) to dunia.a.hickey.civ@us.navy.mil on or prior to the closing date of this solicitation.

Questionnaires received after the due date for submission of proposals may not be considered.

While the Government may elect to consider data from other sources, the burden of providing detailed, current, accurate and complete past performance information rests with the Offeror.

11.0 VOLUME IV - PRICE PROPOSAL - FACTOR 3

i. Cover Page -

- a. Solicitation Number
- b. Requirement Name
- c. Business Point of Contact - Name, Email, Phone
- d. Technical Point of Contact - Name, Email, Phone
- e. Cage Code and Unique Entity Identifier Number for offeror and proposed subcontractors
- f. If an affiliate per SeaPort CONOPS Affiliate Rule, state as such
- g. Name of any/all subcontractors

ii. Table of Contents

iii. Section B Fill Ins

iv. Pricing Summary Sheet - Prime - Excel - Includes ONR Service Contract Metrics aka Tripwire

v. Pricing Narrative Form - Includes Prime's Compliance with FAR 52.219-14, Calculation of SeaPort Rate Caps, Prime's Analysis of Subcontractor Proposal

vi. Subcontractor Submissions

Section B Fill Ins

The Section B fill-ins shall be completed by the offeror in SeaPort NxG and a copy of the Section B fill-ins shall be included in Volume IV. Section B fill-ins may be submitted in PDF format. Offerors shall propose the exact Not-to-Exceed amount(s) established for the reimbursable Other Direct Costs (ODC) CLINs without burdens, profit, fee, handling charges, general and administrative costs, overhead, or any other indirect cost and shall not offer any higher than the amounts. The Section B fill-ins must match the amounts proposed in Pricing Spreadsheet or the Price volume III may be considered incomplete and non-responsive, rendering the prime's proposal ineligible for award.

Pricing Summary Sheet (Excel) - Prime

Offerors shall bid the Not-to-Exceed amount of **\$200,000.00** for each Other Direct Costs (ODC) CLINs (**7000, 7100, 7200, 7300, and 7400**). The NTE amount shall be proposed inclusive of G&A if required by the offeror's accounting practices, but without profit, fee, or any other burdens. Offerors shall not propose any higher or lower ODC amounts.

Offerors shall complete the Pricing Spreadsheet in Section J.

The price proposal submitted by offerors shall consist of the following: a general worksheet, a total amount worksheet, separate worksheets for each of the five (5) years of contract performance (Base through O-IV). To evaluate the option to extend services (FAR 52.217-8) CLINs, one-half of the proposed price for the last year of the performance period shall be added to the Total Evaluated Price. No offeror input on the Excel form is required.

All formulas shall remain in the spreadsheet(s), so as to allow for the Government's evaluation of cost. For example, the Government should be able to change a cell containing a specific labor rate for an individual and have the change flow through the spreadsheet automatically. However, offerors may revise the formulas to accurately reflect their proposed accounting practices. If offerors revise the formulas, the offeror must provide a detailed narrative explaining the changes made to formulas and the worksheet(s) impacted by the changes. Offerors who manipulate formulas without a narrative explanation of what is revised may be ineligible for award.

Any proposal that does not contain subcontractor price information (if applicable) may be considered incomplete and non-responsive, rendering the prime's proposal ineligible for award.

ONR Service Contract Metrics (aka Tripwire (Calculated in Excel Proposal Format))

The Office of Naval Research (ONR) has established service contracting tripwires for service contracts funded and executed at ONR. The service contracting tripwire applicable to the base and all option periods for this solicitation is a fully burdened labor rate of \$250 per hour. This tripwire applies to prime, subcontract, and consultant labor inclusive of all subcontractor, consultant, and prime contractor indirect costs and applicable fee or profit.

Offerors and their subcontractors must provide their fully burdened labor rate computations, via a separate worksheet within the Pricing Spreadsheet (see Section J) which shall be labeled "Tripwire Data". The worksheet will demonstrate how the fully burdened proposed labor rate(s) were computed by the offeror and subcontractor(s) in order to show compliance or non-compliance with ONR's service contracting tripwire requirement. This separate worksheet can be provided in contractor format and must be added to the Pricing Spreadsheet (see Section J) by the offeror and subcontractor in each of their respective cost proposal spreadsheets.

Offers and subcontractors who propose fully burdened labor rates in excess of \$250 per hour for the base and option periods identified within this solicitation must provide a written narrative to support the rationale for proposing fully burdened labor rates in excess of \$250 per hour. Offerors and subcontractors who propose fully burdened labor rates in excess of \$250 per hour shall be subject to additional analysis and a higher level of review to assess cost/price reasonableness.

Pricing Narrative Form - Prime (Use the Section J, Pricing Narrative Form)

All primes shall fill out Pricing Narrative Sheet (See Section J).

Prime's Compliance with FAR 52.219-14 (Use the Section J, Pricing Narrative Form)

Prime offerors are responsible for providing the applicable certification or assurance in accordance with FAR 52.219-14, that at least 50% of the cost of contract performance incurred for personnel shall be expended for employees of the concern. Prime offerors must demonstrate in the cost volume narrative how this will be accomplished; however, if the prime and subcontractor are similarly situated they should state as such in the document.

Calculation of SeaPort Rate Caps (Use the Section J, Pricing Narrative Form)

Offerors shall detail how their proposal is compliant with any/all Seaport IDIQ contract rate caps as they apply.

Prime's Analysis of Subcontractor Proposal (Use the Section J, Pricing Narrative Form)

The prime contractor shall include a detailed analysis of their proposed subcontractor(s) and/or consultants to determine the price the prime has included is fair and reasonable. At a minimum, this should include how the subcontractor(s) and/or consultants were selected, the type of contract they will be awarded, and analysis of the overall price. Subcontractor(s) and/or consultants that are selected on a sole source basis require additional scrutiny from the prime contractor. Primes that fail to provide this information, or do not perform an adequate analysis may be deemed to be non-compliant with the solicitation and removed from consideration.

Applicability of Documents to Proposed Subcontractors and Consultants

All proposed subcontractors and/or consultants shall use the following documents which are consistent with the prime offeror. Price Summary Sheet (Attachment 9), Pricing Narrative Form (Attachment 8) and the Key and Non-key Personnel Matrix (Attachment 7). The Key and Non-Key Personnel Matrix is NOT required for subcontractors pending that the prime contractor has filled in the attachment to identify that a subcontractor will be performing the task. See Section J for reference. Any proposal that does not contain subcontractor price information (if applicable) may be considered incomplete and non-responsive, rendering the prime's proposal ineligible for award.

FAR 52.201-1 Acquisition 360 Voluntary Survey (Sep 2023)

(a) All actual and potential offerors are encouraged to provide feedback on the preaward and debriefing processes, as applicable. Feedback may be provided to agencies up to 45 days after award. The feedback is anonymous, unless the participant self-identifies in the survey. Actual and potential offerors can participate in the survey by selecting the following link: <https://www.acquisition.gov/360>.

(b) The Contracting Officer will not review the information provided until after contract award and will not consider it in the award decision. The survey is voluntary and does not convey any protections, rights, or grounds for protest. It creates a way for actual and potential offerors to provide the Government constructive feedback about the preaward and debriefing processes, as applicable, used for a specific acquisition

Section M - Evaluation Factors for Award

1.0 GENERAL NOTICES

The Government intends to award a task order to the responsible Offeror whose proposal conforms to the solicitation requirements and is determined to be the best value to the Government. The evaluation of an offeror's proposal will be conducted using the procedures outlined in this solicitation and the process outlined in the most recent SeaPort ConOps version.

i. "Best Value" means the expected outcome of an acquisition that, in the Government's estimation, provides the greatest overall benefit in response to the requirement (FAR 2.101). In making this decision, the Government is more concerned with obtaining offers demonstrating superior merit under the non-cost evaluation factors at a reasonable price than with making an award to the Offeror with the lowest proposed price. Accordingly, the Government may be willing to pay a reasonable premium for a proposal offering superior merit under the non-cost factors. The determination of a reasonable premium rests with the Selection Official.

ii. Although the Government may waive informalities and minor irregularities in proposals received, the failure to comply with terms and conditions of the solicitation may adversely impact the Offeror's evaluation results, and could result in the Offeror being removed from consideration for award.

iii. Any proposal determined to have an existing organizational conflict of interest (OCI) pertaining to the prime or any of the proposed subcontractors may be removed from further consideration for award at any point during the evaluation. Task order award will only be made to an Offeror that has no organizational conflicts of interest as defined in FAR Subpart 9.5 or has provided a satisfactory mitigation plan, as determined by the Government.

iv. The evaluation of an offeror's proposal shall be done initially with a compliance review to ascertain if offerors have met the compliance requirements. Only those offerors who meet the compliance requirements will be evaluated. Should an offeror not meet the compliance requirements, the Government is NOT required to notify the offeror they will not be evaluated.

v. While OCI is not an evaluation factor, it is analyzed to determine OCI risk. Any proposal determined to have an organizational conflict of interest (OCI) pertaining to the prime or any of the proposed subcontractors may be removed from further consideration for award at any point during the evaluation. Task order award will only be made to an Offeror that has no organizational conflicts of interest as defined in FAR Subpart 9.5 or has provided a satisfactory mitigation plan. The determination regarding the satisfactory nature of the mitigation plan is determined by the Government.

vi. Offerors are hereby notified that formal source selection procedures DO NOT apply. Per SeaPort CONOPS, the source selection adjectival ratings are used for evaluation purposes; however, all offerors are hereby notified that this acquisition is subject to Federal Acquisition Regulation (FAR) part 16.5 and FAR part 15.3 procedures DO NOT apply. Because this streamlined evaluation and award is not using the formal source selection procedures of FAR Subpart 15.3, procedures such as a competitive range determination, pre- award notifications to Offerors excluded from a competitive range, and requesting final proposal revisions from all Offerors included within a competitive range are not required. The identification of terminology similar to use in FAR Subpart 15.3, the Government's questions and comments, and the Offeror's answers and responses do not constitute discussions, clarifications, communications, or exchanges as used in FAR Subpart 15.3. The Government may use evaluation terms such as strength, weakness, etc in the evaluation(s). The definitions of those terms may be found in the DOD source selection guide.

vii. The evaluation of an offeror's proposal shall be done initially with a compliance review to ascertain if offerors have met the compliance requirements. Only those offerors who meet the compliance requirements will be evaluated. Should an offeror not meet the compliance requirements, the Government is NOT required to notify the offeror they will not be evaluated.

2.0 EVALUATION PHASES

Proposals that are compliant with the solicitation shall then be reviewed in phases:

i. **Phase I:** will evaluate the Technical Proposal /Factor 1. Only those proposals rated Acceptable, Good, or Outstanding will move on to the Past Performance evaluation. Should a proposal be rated Unacceptable under one Sub-Factor of the Technical Proposal Factor, the proposal shall be rated Unacceptable overall for Factor 1 (Technical Proposal). In the event that an offeror is unacceptable under subfactor 1.1, the Government will stop the evaluation and will not evaluate the remaining technical factors.

ii. **Phase II:** will evaluate the Past Performance factor. Only those proposals rated Neutral, Satisfactory, or Substantial Confidence for Past Performance will move on to Phase III. Should a proposal be rated Unacceptable under either Factor 1 (Technical Proposal) or Factor 2 (Past Performance) the entire proposal shall be rated unacceptable.

iii. **Phase III:** will consist of a Price Analysis evaluation of only those proposals who are rated in Phases I and II shall undergo this analysis.

3.0 INTERCHANGES

The Government intends to make award based on the initial proposal submissions without conducting interchanges; therefore, each offer's proposal should contain the Offerors best terms. In the event interchanges are required, and after the Government has afforded all Offerors under the multiple-award contract a fair opportunity to submit an offer and have that offer fairly considered, the Selection Official may take or direct one or more of the following actions:

i. Award to the Offeror whose submission conforms to the solicitation requirements and is determined to be the best value for the Government based upon an integrated assessment of the evaluation methodology contained in the Basis for Award; OR

ii. Enter Interchanges with only one Offeror whose proposal is determined to be the most highly qualified in non price factors after an initial evaluation despite any weaknesses that may exist with that proposal, where other Offerors do not have a reasonable prospect for award; OR

iii. Enter Interchanges with more than one Offeror whose proposals are determined to be the most highly qualified in non price factors after an initial evaluation despite any weaknesses that may exist with that proposal, where other Offerors do not have a reasonable prospect for award; OR

iv. Not make an award to any Offeror.

The Government intends to make award based on the initial proposal submissions without conducting interchanges; therefore, each offer's proposal should contain the Offerors best terms.

The Government reserves the right to hold interchanges if, during the evaluation, it is determined to be in the best interest of the Government. Interchanges are fluid interaction(s) between the Government and Offerors that shall address any aspect of the proposal and may or may not be documented in real time.

v. Should Interchanges be required, the Selection Official shall determine if the Interchanges will occur with one or more than one Offeror. The Selection Official will determine if Interchanges are needed only after a comprehensive evaluation of all Factors (Technical, Past Performance, and Price). Interchanges with the offerors may focus on one or more than one factor.

Interchanges with Only One Offeror - Should the Selection Official determine only one Offeror requires interchanges, the Government will enter interchanges with only that Offeror after a comprehensive evaluation of all Factors (Technical, Past Performance, and Price) have been completed. This will be done via submission of an Interchange Notice to only that Offeror.

If the Government enters interchanges with only one Offeror, and the parties cannot successfully resolve outstanding issues, it is at the sole discretion of the Selection Official to cease interchanges with that Offeror. The offeror will be notified that interchanges have concluded. The Selection Official may then engage in interchanges with the next eligible Offeror. This process will continue until an agreement is successfully reached on all factors. In the event that an agreement cannot be made between the Offeror and the Government, the Government reserves the right to end Interchanges with the Offeror and proceed to initiate Interchanges with another Offeror(s). The offeror will be notified that interchanges have concluded.

If interchanges are concluded with no agreement reached, offerors are notified that no pre award debriefs will be provided.

Interchanges with More Than One Offeror - Should the Selection Official determine more than one Offeror requires interchanges, the Government will enter interchanges with those Offerors after a comprehensive evaluation of all Factors (Technical, Past Performance, and Price) have been completed. This will be done via submission of an Interchange Notice to multiple Offerors. The initial Interchange Notices will focus on all factors.

The Government may continue to have Interchanges with all Offerors or select only a certain number of Offerors to continue Interchanges until an agreement is successfully reached.

Should the Government cease interchanges with an Offeror, the Offeror will be notified that Interchanges have concluded. As noted above, no pre award debriefs will be provided.

4.0 EVALUATION FACTORS AND SUB FACTORS TO BE EVALUATED/WEIGHTING

The evaluation factors will be as follows:

1. Factor 1 - Technical Proposal

- a. Sub-Factor 1.1 - Technical Approach to meeting Performance Work Statement Tasks
- b. Sub-Factor 1.2 - Key Personnel Qualifications and Resumes
- c. Sub-Factor 1.3 - Contractor's Staffing Plan and Problem Resolution

2. Factor 2 - Past Performance

3. Factor 3 - Price

Factors are listed in descending order of importance. Factor 1 is significantly more important than Factor 2. Factor 2 is more important than Factor 3.

Factor 1 includes three sub-factors. Sub-Factor 1.1, is slightly more important than Sub-Factor 1.2 and . Sub-Factors 1.3 and 1.2 are equally when taken together are significantly more important than Sub-Factor 1.3.

Offerors are hereby notified that the closer the ratings are in Factors 1 and 2, the more important Factor 3 becomes.

A. EVALUATION OF SUB-FACTOR 1.1 - TECHNICAL PROPOSAL - FACTOR 1, VOLUME II (INCLUDES THREE SUBFACTORS):

The Government shall review the contractor responses to Technical SUBFACTOR 1.1 - Technical Approach to meeting Performance Work Statement Tasks

The Government shall evaluate the seven (7) PWS tasks selected from the PWS to determine if the offeror meets the minimum requirements. Offerors that proposed approaches in an attempt to exceed the acceptable ratings shall clearly and concisely identify how their approaches benefit the Government.

The Government shall review the Key Personnel Matrix in order to determine if proposed Personnel meet the minimum qualifications for Technical SUBFACTOR 1.2 - Key Personnel Qualifications and Resumes.

Resumes are required for the following KEY personnel:

***On-Site Support Staff Leader** - 1 Resume

***High Performance Computing Specialist** - 1 Resume

***Program Analyst** - 3 Resumes Only

- i. The Government will evaluate Key Personnel resumes to determine if they meet the minimum qualifications.
- ii. All personnel must meet the minimum qualifications in Section C to receive at least an acceptable rating for this factor.
- iii. Personnel with one (1) or more desired qualifications the Government may rate higher than acceptable.
- iv. A failure of proposed Key Personnel to meet the minimum requirements will result in a deficiency and an overall Factor rating of Unacceptable.

Refer to Section C for each labor category regarding proposed Personnel Requirements & qualifications.

v. Resumes are considered a material part of the proposal. Resumes for proposed Key Personnel that do not include a statement signed by the individual providing authorization to the offeror to include their resume in response to this solicitation will lead to an "unacceptable" rating. The failure to submit letters of intent if required will result in an "Unacceptable" rating.

The Government shall review the contractor responses to Technical SUBFACTOR 1.3 - Contractor's Staffing Plan and Problem Resolution

The Government will evaluate the responses to Section J, Attachment 7 to determine if the offeror meets the minimum requirement. Offerors that meet the minimum may be rated as acceptable for this subfactor. Offerors may receive one or more strengths if they are able to:

*Demonstrate a unique, cost saving approach to reduce staffing turn over;

*Identify internal personnel resources and/or tools that document how contractor staff will be trained in their positions to perform the PWS; and/or,

*Have the requisite facility clearance at time of award or demonstrate that they are able to obtain the required facility clearance within six (6) months after award.

The Technical Evaluation Board will evaluate Factor 1 and each sub-factor thereunder, using the following rating definitions:

Rating	Description
Outstanding	Proposal indicates an exceptional approach and understanding of the requirements and contains multiple strengths, and risk of unsuccessful performance is low.
Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength, and risk of unsuccessful performance is low to moderate.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements of the solicitation, and thus, contains one or more deficiencies, and/or risk of unsuccessful performance is unacceptable. Proposal is un-awardable.

An unacceptable rating under any of the sub-factors under Factor 1 will result in an overall unacceptable rating for Factor 1.

5.0 EVALUATION OF FACTOR 2 - PAST PERFORMANCE - FACTOR 2, VOLUME III:

The past performance evaluation results in an assessment of the offeror's probability of meeting the solicitation requirements. The past performance evaluation considers each offeror's demonstrated recent and relevant record of performance in furnishing services that meet the contract's requirements. A performance relevancy rating and a performance confidence assessment rating will be assigned for each offeror after evaluating the offeror's recent and relevant past performance, focusing on performance that is relevant to the contract requirements. Past performance information about the offeror as a prime contractor is considered more significant and given more weight in the past performance evaluation.

There are two aspects to the past performance evaluation. The first is to evaluate the offeror's past performance to determine how relevant a recent effort accomplished by the offeror is to the effort to be acquired through the source selection. In establishing what is relevant for the acquisition, consideration will be given to those aspects of an offeror's contract history that would give the greatest ability to measure whether the offeror will satisfy the current procurement. Common aspects of relevancy include similarity of service/support, complexity, dollar value, contract type, and degree of subcontract/teaming.

Past Performance Relevancy Ratings. In conducting a performance relevancy assessment, each offeror shall be assigned one of the following ratings:

Rating	Description
Very Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.
Relevant	Present/past performance effort involved similar scope and magnitude of effort and complexities this solicitation requires.
Somewhat Relevant	Present/past performance effort involved some of the scope and magnitude of effort and complexities this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

The second aspect to the past performance evaluation is to determine how well the contractor performed on the contracts. The past performance evaluation performed in support of a current source selection does not establish, create, or change the existing record and history of the offeror's past performance; rather, the past performance evaluation process gathers information from customers and other sources on how well the offeror performed those past contracts.

The Government will review any other sources of information for evaluating past performance. Other sources may include, but are not limited to, past performance information retrieved through the Past Performance Information Retrieval System (PPIRS), including Contractor Performance Assessment Reporting System (CPAR), using all CAGE/UEI numbers of team members (partnership, joint venture, teaming arrangement, or parent company/subsidiary/affiliate) identified in the offeror's proposal, inquiries of owner representative(s), System for Award Management (SAM) modules including information formerly found under Federal Awardee Performance and Integrity Information System (FAPIS), and any other known sources not provided by the offeror.

Performance Confidence Assessment. In conducting a performance confidence assessment, each offeror shall be assigned one of the following ratings:

Rating	Description
Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The offeror may not be evaluated favorable or unfavorable on the factor of past performance.

Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.

6.0 EVALUATION OF FACTOR 3 - PRICE (FIRM-FIXED-PRICE) - FACTOR 3, VOLUME IV:

i. Price analysis of proposed labor rates will be conducted using the techniques found in FAR 15.404-1(b)(2)(i)-(vii).

Offeror's Price proposal will be evaluated as follows.

ii. Overall Price Proposal Evaluation: The Price proposal for proposed labor rates will be evaluated for the following:

a. Compliance: The Price proposal submitted by the Offeror will be evaluated for compliance based upon the submission requirements contained in the Section L.

b. Unbalanced Pricing: The Offeror's overall Price proposal will be evaluated for unbalanced pricing as defined in FAR 15.404-1(g). An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the Government (see FAR 15.404-1(g)(1) through FAR 15.404-1(g)(3)).

c. Errors: The Offeror's Price proposal will be reviewed for errors. The Offeror may be given an opportunity to clarify certain aspects of their proposal at the sole discretion of the Contracting Officer via clarifications.

d. Total Evaluated Price: The Total Evaluated Price consists of summing the Offeror's proposed fixed-price for the base year, the four (4) one-year options and the six-month option to extend services.

e. The Government hereby notifies offerors that all offeror pricing may be used to conduct the price analysis even if the offeror does not make it through Phase I and/or Phase II.

iii. To evaluate the option to extend services (FAR 52.217-8) CLINs, one-half of the proposed price for the last year (Option IV) of the performance period shall be added to the Total Evaluated Price.

7.0 ORGANIZATIONAL CONFLICT OF INTEREST ANALYSIS

a. The Contracting Officer will review an offeror's certifications, statements, and OCI Mitigation Plan (if applicable) submitted and may require additional relevant information from an offeror. All such information and any other relevant information will be used by the Contracting Officer to determine whether an award to the offeror may create an OCI. If found to exist, the Government may: (1) impose appropriate conditions which avoid such conflict, (2) disqualify the offeror, (3) determine that it is otherwise in the best interest of the Government to contract with the offeror and include appropriate conditions mitigating such conflict in the contract award, or (4) seek a waiver. If the Contracting Officer determines that an actual or significant potential conflict of interest exists that cannot reasonably be avoided, neutralized or mitigated, the offeror will be ineligible for award. If accepted, the Mitigation Plan shall become part of the contract.

b. An offeror who has refused to disclose the information or make the certification required by this solicitation concerning an actual or potential OCI shall be disqualified from consideration for award.
