

45th SECURITY FORCES SQUADRON (SFS)
BOAT PROCUREMENT
STATEMENT OF OBEJECTIVE (SOO)
2 February 2026

14' x 8' Complete & Operational Airboat and Trailer

1. Objective:

The objective is to procure two (2) 14' x 8' Complete & Operational Airboat and Trailer for the 45th Security Force Squadron. The airboat will be designated for year-round operation in lakes, rivers, swamps, bays, and mudflats.

2. Technical Requirements:

This requirement includes one complete airboat and trailer, fully operational upon acceptance. The vessel and all components must be new; reconditioned or used parts will not be accepted. The airboat must conform to all federal and marine safety regulations and be constructed in accordance with or exceeding industry standards.

Table 2.1. Standards

Document Identification	Description
Federal & State Regulations	Conformance to all applicable marine safety regulations
State of Florida	Capable of eligibility for Florida Marine Vessel Registration
Industry Standards	Construction must meet or exceed standards for this vessel type

Table 2.1.1. Required Equipment & Specifications

Category	Specification	Details
1	Hull	14' L x 8' W; .190" 5086 Marine Grade Aluminum bottom; .125" 5052 Aluminum sides and bulkhead; 22" side height. Reinforced with 3" I-Beam cross bracing and (7) 2"x2"x1/4" T-Bars. 3/8" black UHMW polymer on bottom running surface. Grass Rake
2	Engine	PCM 7.4 LSX 525 HP EFI – Federal EPA Certified. Gear Driven, not belt or similar
3	Propulsion	OX BOX 2.38 Engine Reduction Unit; 3-Blade 82" Sensenich JX Series Propeller or similar

4	Overhead Guard	Polished stainless steel tubing with .135 heavy gauge stainless steel welded wire; includes (2) 4' aluminum foam-filled rudders.
5	Seating	Bridge Style: Rear Operator "Super Fat Man Seat" (22"); Triple passenger front seating with integrated aluminum storage box and tote basket.
6	Instruments	Custom panel with Teleflex gauges (Oil, Amp, Tachometer, Water Temp, Fuel), Rocker Switches, Starter/Ignition, and Kill Switch.
7	Electrical	Dual Heavy-Duty AGM batteries with dual switch; all wiring encased in high-abrasive convoluted tubing; Navigation lights (red/white/green); (2) 2000 GPH; Dual Hydraulic anchoring system w/remotes auto bilge pumps; VHF Radio w/Antenna.
8	Fuel System	50 Gallon low-profile aluminum tank with remote fuel fill; 5 Gallon "Cheater Tank".
9	Lighting	40" Single Row LED on grass rake; (1) set of 4-1/2" LED flood lights on prop guard; White LED lighting under seating and in storage boxes. Blue LED Strobe Police Lights
10	Coating	Powder Coat Painting – Standard OD Green on superstructure, rudders, and seating. Non-skid finish on deck and bow cap.
11	Trailer	14' x 8' Ram-Lin Tandem Axle Trailer with galvanized rims, surge brakes, LED lighting, spare tire, and side guides.

3. Delivery and Installation

a. Timeline: The final product shall be delivered and ready for acceptance within 365 days from the date of the purchase order.

b. F.O.B. Destination:

45th Security Force Squadron, Marine Patrol Unit, 1629 Atlas Avenue, Bldg. 312, Patrick SFB, FL 32925

c. Coordination: Delivery shall be coordinated no less than 7 days in advance.

d. Work Hours: Delivery and acceptance may be completed between the hours of 7:30 AM and 4:30 PM, Monday through Friday, excluding all federal holidays.

4. Contractor Requirements

4.1. Qualifications: The Bidder shall be a licensed airboat manufacturer or an authorized dealer of the manufacturer.

4.2. Documentation: The airboat will not be accepted without the following legal documents for proper State of Florida Registration:

- Original Invoice
- Manufacturer's Certificate of Origin (Signed and Notarized)
- Copy of Purchase Order

4.3. Warranty: The airboat manufacturer shall provide, in writing, a copy of the manufacturer's warranty.

4.4. Responsibility: The Contractor shall have ultimate responsibility for the successful delivery of the airboat and trailer. Any work deemed non-compliant during the acceptance inspection shall be immediately re-worked at the Contractor's expense.

5. Government Furnished Utilities

Water and electricity shall be furnished to the contractor from existing systems/outlets at no cost for the purpose of inspection and acceptance.

6. Base Access (if applicable)

Proof of current vehicle registration, driver's license, and vehicle insurance must be made available prior to issuance of base access permits. The contractor shall obtain base access for all personnel, subcontractors, vehicles, and equipment.

7. Regulations and Standards

The contractor shall comply with all applicable safety standards. Resolution of any violations is the contractor's responsibility.

8. Trash and Litter Control

The contractor shall be responsible for the removal and disposal of all packaging materials and associated litter from the installation site.
