

Performance Work Statement
(Includes associated Performance Requirements Summary (PRS))

PERFORMANCE WORK STATEMENT (PWS)

Dugway Proving Ground CBTD's Steris VHP-1000-ARD Type Vaporized Hydrogen Peroxide (VHP) Annual Certification, Maintenance, and Repair

Part 1
General Information

1. General: This is a non-personal service contract under which the personnel rendering the services are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees. The United States (U.S.) Government shall not exercise supervision or control over the Contractor's employees performing the tasks herein. Such contract employees shall be accountable solely to the Contractor who, in turn shall be responsible to the U.S. Government.

1.1 Description of Services/Introduction: This is a non-personal service(s) contract to provide annual certification, maintenance, and repair of Dugway Proving Ground CDC's Steris VHP-1000-ARD type vaporized hydrogen peroxide (VHP) machines.

1.2 Background: VHP equipment is necessary to decontaminate Biosafety Level 2 and 3 (BSL2 and BSL3) laboratories, chambers, sensitive electronics and other laboratory equipment. The equipment used in testing often needs to be de-contaminated during and after T&E. The methods used to de-contaminate are with steam and pressure, for example an autoclave or by chemical means like VHP. An autoclave will destroy electronics and cannot be used to de-contaminate a room while a VHP de-contamination will not destroy electronics and can be used to de-contaminate a room or other large equipment. The VHP units have a requirement to be certified annually. The VHP units need bi-annual cleaning and calibrations to ensure the equipment functions properly.

1.3 Scope: The Contractor shall provide non-personal service(s). The Contractor shall provide all personnel, equipment, supplies, transportation, tools, materials, supervision, and other items necessary to perform services as described in the PWS and associated contract documents, except for those items specified in Part 3 Government Property and Services. The Contractor shall perform to the standards and acceptable quality levels identified in this PWS and associated contract documents.

1.4 Objectives: The objective of this contract is to provide annual certification, maintenance and repair of the VHP units.

- The VHP units have a requirement to be certified annually.

- The VHP units need bi-annual cleaning and calibrations to ensure the equipment functions properly.
- Emergency repair of VHP units.

1.5 General Information:

1.5.1 Quality Control Plan (QCP): The Contractor shall develop and maintain a QCP to ensure services are performed in accordance with (IAW) this PWS. The Contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The Contractor's QCP is the means by which it assures that the work provided complies with the requirements of the contract.

The Contractor's Proposed QCP shall be submitted to the Contracting Officer (KO) through the Contracting Officer's Representative (COR) for review within 10 days after date of contract award.

The Government will review and either notify the Contractor in writing of acceptance of the plan or return their comments to the Contractor within 10 days. If the Government has provided comments, the Contractor shall then have 10 days to submit a Final QCP. After receipt of the Final QCP, the Contractor may receive the Contracting Officer's acceptance in writing. Any proposed changes to the accepted QCP are required to be resubmitted for acceptance by the Contracting Officer no later than 10 days prior to the anticipated change and before implementation by the Contractor. The timeline noted above will apply for review and acceptance for proposed changes. At a minimum, the QCP must include and answer the following to be acceptable:

(a) A chart showing the organizational structure and lines of authority, the names, qualifications, duties, responsibilities, and classification of each member of the Contractor's Quality Control Team;

(b) How the Contractor will monitor work to ensure performance complies with all deliverables (etc. timelines, deadlines, and goals);

(c) How the Contractor will monitor work to ensure performance complies with all specifications and requirements of the contract, including the contract's clauses;

(d) How the Contractor will monitor and ensure staff qualifications remain current and valid including Department of Defense (DoD) Contractor Personnel Office (DOCPER) processes/approvals throughout contract performance;

(e) How the Contractor will identify, investigate, and correct any non-conforming performance and prevent similar deficiencies in the future; and

(f) How the Contractor will file and save all Quality Control related documents for the life of the contract plus 5 years.

1.5.1.1 An Analysis of Quality Control and Timeliness of Submittals (i.e. deliverables) shall be provided to the COR within 30 days upon completion of each option period or Task Order.

1.5.1.2 The Contractor shall inform the COR of issues or potential issues that might affect the performance within 5 working hours identifying those issues. Verbal reports shall be followed up by written reports within 10 days (*{Deliverable #D01}*).

1.5.2 Quality Assurance: The Government will evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

1.5.3 Recognized Holidays: The following provides information on recognized holidays for the purpose of the PWS. If submittal of any documentation (e.g. deliverables, submittals, etc.) deadlines fall on a holiday, the closest work day prior to the holiday will apply as the deadline for submittal.

1.5.3.1 U.S. Holidays: Work shall not be performed on U.S. federally recognized holidays occurring during the normal workweek unless otherwise directed by the Contracting Officer. When a U.S. holiday occurs on a Saturday or a Sunday, the holiday is observed on the preceding Friday or following Monday, respectively.

New Year's Day January 1 st	M. L. King Memorial Day 3 rd Monday in Jan
Presidents Day 3 rd Monday in February	Memorial Day last Monday in May
Juneteenth June 19 th	Independence Day July 4 th
Labor Day 1 st Monday in September	Columbus Day 2 nd Monday in October
Veteran's Day November 11 th	Thanksgiving Day 4 th Thursday in November
Christmas Day December 25 th	

1.5.4 Operating Hours: The Government facility office hours, facility operating hours, and the Contractor support hour requirements often coincide, however, they may differ. Please refer to the following:

1.5.4.1 Government Facility Office Hours: The Government facility office hours are 0700-1730, and days Monday-Thursday except U.S. Holidays identified in paragraph 1.5.3.1 above or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings.

1.5.4.2 Government Facility Operating Hours: The Government facility operating hours occur between the hours of 0700-1730, and days Monday-Thursday except U.S. Holidays identified in paragraph 1.5.3.1 above or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings.

1.5.4.3 Contractor Support Hours: The Contractor shall provide support between the hours of 0700-1730, and days Monday-Thursday except U.S. Holidays identified in paragraph 1.5.3.1

above or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. The Contractor shall maintain an adequate workforce at all times, for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the workforce is essential.

1.5.4.3.1 Contractor Work Plan: The Contractor shall prepare and maintain a Work Plan. The plan, as a minimum, shall identify regularly scheduled work (to include location, work to be completed, timeline, etc.). The Contractor's proposed Work Plan shall be submitted to the Contracting Officer via the COR for review within 20 days after date of contract award (*{Deliverable #D02}*). The Government will review and either accept or return their comments to the Contractor within 10 days. The Contractor shall then have 3 days to submit a Final Work Plan. Any proposed change to the accepted Final Work Plan is required to be resubmitted via the COR for review and acceptance by the Contracting Officer at a minimum thirty (30) days prior to implementation. The timeline noted above shall apply for review and acceptance for proposed changes.

1.5.5 Training Holidays: Reserved

1.5.6 Place of Performance: The work to be performed under this contract will be performed at Chemical Biological Testing Division (CBTD), Building 2029, located on Dugway Proving Ground, a geographically remote, U.S. Army installation, and a government facility.

1.6 Security Requirements: Contractor personnel performing work under this contract do NOT required a security clearance. The security requirements are IAW with the DoD Contract Security Classification Specification (DD Form 254), may be required in the event the Government determines any work raises to the level of requiring a security clearance.

1.6.1 Security Program: Reserved

1.6.2 Personnel Security Clearance Requirements: This contract is unclassified and does not contain security requirements or a Contract Security Classification Specification, DD Form 254. However, the Government may require Operations Security (OPSEC) measures (when applicable) to protect sensitive unclassified contract information. If access to unclassified sensitive information (Controlled Unclassified Information - CUI) is authorized, the contractor may access only the information related to the subject matter of this contract.). Should the government determine that the technology has developed to a point where the information warrants protection, a DD Form 254 and an approved classification guide will be issued.

1.6.3 Access and general protection/security policy and procedures:

This standard language is for contractor employees with an area of performance within an Army controlled installation, facility, or area. Contractor and all associated subcontractors employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal

identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DoD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contractor security matters or processes.

1.6.3.1 Escorts The Contractor and all associated sub-contractor employees performing services under this contract may be escorted at times by facility personnel or by an individual designated by the Contracting Officer Representative (COR) while accessing U.S. facilities or activities.

1.6.3.2 Installation Pass Log: Reserved

1.6.3.3 Individual Termination or Expiration of Employment: Reserved

1.6.3.4 Contract Termination or Cancellation: Upon termination or cancellation of this contract, the Contractor shall collect all outstanding installation access passes and return them to the issuing office within 3 days (*{all certifications}*)

1.6.3.5 Common Access Cards (CAC) and CAC Log: Reserved

1.6.4 Personnel Security Clearance Requirements: Reserved

1.6.5 Background Checks The Contractor shall ensure contractor employees and subcontractor employees performing services under this contract have passed a security check conducted by the State Police Department of their U.S. residence. Security checks that have been completed as part of a personnel security clearance background investigation, or a previous background check that was a condition of employment, meet this requirement. Documentation of these checks will be made available to the KO or COR upon request. The Government retains the right to exclude any employee from performance of duties under this contract if a background security check reveals an employee is a security risk. The exclusion of an employee for security reasons will not relieve the Contractor from performance of services required under this contract. If the Government determines additional background checks are required, at a minimum, and upon request from the Government, the Contractor shall provide to the KO or COR, the following information on any contractor or subcontractor employee performing services under this contract:

- Full birth name
- Married name (if applicable)
- SSN or local equivalent (ID card number)
- Date of birth
- Place of birth (city, country)

1.6.5.1 Background Check Notification Requirements: If a background check on any employee or subcontractor employee performing services under this contract, whether the check was conducted as a condition of employment or as part of the contract with the

Government, reveals any information from any source (including host country law enforcement) of criminal activity by Contractor employees, subcontractors, or subcontractor employees, the Contractor shall immediately notify the KO and COR of that information. The Contractor shall make notification of:

(1) Traffic violations, other than parking, will be reported to the KO or COR only if the contract is for drivers for the Government;

(2) Any suspicious activity by Contractor employees, subcontractors, or subcontractor employees the Contractor believes may pose a risk to U.S. or host nation national security or imminent risk of deadly bodily harm to any person; and

(3) Any actions taken against Contractor employees, subcontractors, or subcontractor employees pursuant to this requirement.

1.6.5.2 Remedies. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of this paragraph may result in requiring the Contractor to remove a contractor employee or employees from the performance of the contract.

1.6.5.3 Subcontracts. The Contractor shall include the substance of this paragraph and the preceding paragraph in all subcontracts.

1.6.6 Uncleared Contractor Common Access Card (CAC) Credentialing and Access Procedures Reserved

1.6.6.1 Contractor Common Access Card (CAC) Eligible Requirements Reserved

1.6.6.1.1 Federal Installation/Facility Access Contractor and all associated sub-contractor employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative). The employee performing services under this contract shall also provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services, Security Office or the host nation equivalent.

Contractor personnel installation access:

The job site is located at BioTesting Division (BTD), Building 2029, located on Dugway Proving Ground, a geographically remote, U.S. Army installation. All visitors are required to complete the BTD Visitor Request Form for a background check. This form will be provided to vendor after contract award. Documentation contractor personnel must possess to access the installation include:

1. a valid driver's license or other federal/state issued identification card;
2. current vehicle registration;
3. current proof of vehicle insurance.

Directions to BioTesting Division, Building 2029, will be provided upon vendor request. See Technical Exhibit C for installation access criminal and discipline evaluation.

1.6.6.2. Contractor Non CAC Eligible Requirements for DOD Facility and Installation

Access : Contractor and all associated sub-contractors employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III) and Terrorist Screening Database (TSDB) (Army Directive 2014-05/AR 190-13), applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative).

1.6.7 Access to Government Information Systems Reserved

1.6.8 Physical Security: The Contractor shall safeguard all Government equipment, information, and property provided for Contractor use. At the close of each work period, Government facilities, equipment, and materials shall be secured IAW the Army Physical Security Program (AR 190-13).

1.7 Post Award Conference/Periodic Progress Meetings: The Contractor shall attend post award conference convened by the contracting activity or contract administration office in accordance with FAR Subpart 42.5. The Contracting Officer, COR, and other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the Contracting Officer will apprise the Contractor of how the Government views the Contractor's performance and the Contractor shall apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the Government.

1.7.1 The Contractor shall attend, participate in, and furnish input to scheduled and unscheduled meetings, conferences, and briefings that relate to the functions and services herein as required by the Government to provide effective communication and impart necessary information. The Contract Manager or designated representative shall attend meetings as requested by the Government. Meeting attendees shall at times include Contractor managerial, supervisory, and other personnel knowledgeable of the subject matter. Meetings may start or end outside of regular duty hours.

1.8 Contracting Officer's Representative (COR): Refer to Part 2 of this PWS for the definition of a COR. As determined by the Contracting Officer, a COR will be appointed and identified by letter of designation, a copy of which will be provided to the Contractor by the Contracting Officer. The designation letter states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is not authorized to obligate the Government. If the work is not written in the contract, the COR is not authorized to request new work. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract, perform inspections necessary in connection with contract

performance, maintain written and oral communications with the Contractor concerning technical aspects of the contract, issue written interpretations of technical requirements, including Government drawings, designs, specifications, monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies, coordinate availability of Government property, and coordinate site entry of Contractor personnel.

1.9 Key Personnel: The following personnel are considered key personnel by the Government. The Contractor shall provide a Program/Contract Manager who shall be responsible for the performance of the work. The name of this person and an Alternate Program/Contract Manager, who shall act for the Contractor when the Program/Contract Manager is absent, along with a Curriculum Vitae (CV) for each of these individuals, shall be provided in writing to the Contracting Officer no later than during the post-award meeting. Acceptance of the CV by the Contracting Officer is required before these individuals are permitted to perform any task on this contract. The Contract Manager and Alternate Contract Manager shall have full authority to act for the Contractor on all contract matters relating to daily operation of this contract. The Contract Manager or Alternate Contract Manager shall be available between 1- 3 days.

1.10 Identification of Contractor Employees: All Contractor personnel attending meetings, answering Government telephones, and working in other situations where their Contractor status is not obvious to third parties must identify themselves, to include proper marking of signature blocks in correspondence, to avoid creating an impression in the minds of members of the public that they are Government officials. The Contractor shall ensure that all documents or reports, produced by Contractors are suitably marked as Contractor products or that Contractor participation is appropriately disclosed.

1.11 Contractor Travel: Reserved

1.12 Other Direct Costs (ODCs): Reserved

1.13 Data Rights: Reserved

1.14 Non-Disclosure Requirements: Performance under this contract may require the Contractor to access data and information proprietary to a Government agency, another Government Contractor, or of such nature that its dissemination or use other than as specified in this work statement would be adverse to the interests of the Government or others. The Contractor and Contractor personnel, shall not divulge or release data or information developed, or obtained under performance of this PWS, except to authorized Government personnel or upon written approval of the Contracting Officer. The Contractor shall not use, disclose, or reproduce proprietary data, which bears a restrictive legend, other than as specified in this PWS. All documentation showing individual names or other personal information shall be controlled and protected under the provisions of the Privacy Act of 1974, Public Law 93-579, 5 United States Code (U.S.C.) Section 552a.

1.15 Protection of Government and Contract Information: Per Public Use Notice of

Limitations stated by Defense imagery Management operations Center and contained at www.dimoc.mil/resources/limitations/, the Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any hard copy or digital marketing tools to include its company website.

1.16 Non-Disclosure Statements: Reserved

1.17 Advertisement and Social Media: The Contractor shall NOT post information to public website or social media locations, personal or professional, that in any way disclose names, locations, hotel data, participants, discussions, pictures, etc. before, during or after the contract period of performance without the express consent of the Government. The use of propaganda violates DOD Commercial Use of Imagery Guidelines stated at (<http://www.defenseimagery.mil/products/DODimagery/commercialuse.html>). The Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any marketing tools to include its company website.

1.18 Information Assurance: At no time will the Contractor or associated sub-contractor employees transmit government documents or information over using methods that do not meet the security requirements specified in the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information (CUI) in Nonfederal Information Systems and Organizations" such as personal electronic mail accounts, public digital data storage sites (cloud storage), social media platforms or instant messaging. Approved government sites such as DoD SAFE at <https://safe.apps.mil>, or All Partners Access Network (APAN) at <https://community.apan.org/>, or other transmission means determined by the government must be used.

1.19 Organizational Conflict of Interest (OCI): Contractor and subcontractor personnel performing work under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent OCI as defined in FAR Subpart 9.5. The Contractor shall notify the Contracting Officer immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the Contracting Officer to avoid or mitigate any such OCI. The Contractor's OCI Mitigation Plan will be determined to be acceptable solely at the discretion of the Contracting Officer. In the event the Contracting Officer unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the Contracting Officer may affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.20 Phase In /Phase Out Period: Reserved

1.21 Safety: The following provides information pertaining to Safety and Accident Prevention: All contractor personnel are required to complete an annual, one hour safety briefing prior to starting work, wear a BTD visitor pass whenever in the facility, and sign in/out daily at the Bldg 2029 front desk.

1.21.1 Safety Laws and Regulations: The Contractor shall comply with FAR 52.236-13, Accident Prevention (November 1991), the references contained therein (e.g. *U.S. Army Corps of Engineers Safety and Health Requirements Manual (EM 385-1-1)*),

1.22 Environmental Compliance: Reserved

1.23 Required Training: Reserved

1.24 Government Property and Services: Reserved

PART 2 DEFINITIONS & ACRONYMS

2. Definitions and Acronyms

2.1 Definitions: Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

Contracting Officer – means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings on behalf of the Government. Note: The only individual who can legally bind the Government.

Contracting Officer's Representative (COR) – As defined in DFARS 202.101, means an individual designated and authorized in writing by the Contracting Officer to perform specific technical or administrative functions. DoD Instruction (DoDI) 5000.72, Part II Definitions states the following when defining a COR: “Defined in subpart 202.101 of Reference (f). Any individual delegated responsibilities pursuant to subpart 1.602-2 of Reference (e), regardless of local terminology, must be certified in accordance with this instruction. For example, local terminology can be COR, Contracting Officer’s technical representative, technical point of contact, technical representative, alternate COR, administrative COR, assistant COR, line item manager, task order manager, quality assurance personnel, quality assurance evaluator, or COR management.” In addition, Army Regulation 70-13, Chapter 2, paragraph 2-2g, states, in part, the following when providing other surveillance support personnel to assist the COR when needed, “...These other surveillance support personnel may serve as on-site representatives of the COR in performance of actual contract surveillance if they meet all COR requirements and have been appointed by the Contracting Officer as alternate CORs.”

Contractor – means a supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

Contractor-acquired Property - means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract and to which the Government has title.

Day – means, unless otherwise specified, a calendar day.

Defective Service – means a service output that does not meet the standard of performance associated with the Performance Work Statement.

Deliverable – means anything that can be physically delivered, but may include non-manufactured things such as meeting minutes or reports.

Government-furnished Property – As reflected in FAR 52.245-1, Government-furnished Property “means property in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract

Government Property - means all property owned or leased by the Government. Government property includes both Government-furnished and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Property Administrator - means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

High Level Objective (HLO) – means a key overarching result-based objective for a project necessary to achieve the project’s vision. HLOs are similar to Level 2 in a Work Breakdown Structure. Each HLO may contain several statements to flesh out the areas necessary to meet the objective.

Physical Security – means that part of security concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

Quality Assurance – (or Government contract quality assurance) means the various functions, including, inspection, performed by the Government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

Quality Assurance Surveillance Plan (QASP) – means the key Government-developed surveillance process document, and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the Performance Work Statement (PWS). It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor

performance results to determine if the Contractor has met the required standards for each objective in the PWS. The QASP, with very few if any exceptions, is an internal to Government document.

Quality Control – means all necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

Statement – means the specific results-based activities required to satisfy HLOs. A statement contains a result, the context of the statement, and the required action(s). Statements focus on “what” is to be accomplished; however they are not prescriptive in describing “how” the outcome is to be achieved. Each HLO may have several statements to flesh out the areas necessary to meet the objective. Statements are similar to Level 3 in a Work Breakdown Structure.

Subcontractor – means one that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subcontractor.

Work Day - The number of hours per day the Contractor provides services in accordance with the contract.

Work Week - Monday through Friday, unless otherwise specified.

2.2 Acronyms: Although not inclusive of every term used within this PWS, or that may be included in an acquisition, the following provides a list of acronyms commonly used in the acquisition field.

ACOR	Alternate Contracting Officer's Representative
AFARS	Army Federal Acquisition Regulation Supplement
AHA	Activity Hazard Analysis
AOR	Area of Responsibility
AR	Army Regulation
AT	Anti-terrorism
ATCTS	Army Training Certification Tracking System
CAC	Common Access Card
CCE	Contracting Center of Excellence
CFR	Code of Federal Regulations
CONUS	Continental United States (excludes Alaska and Hawaii)
COR	Contracting Officer's Representative
COTS	Commercial-Off-the-Shelf
DA	Department of the Army
DD250	Department of Defense Form 250 (Receiving Report)
DD254	Department of Defense Contract Security Requirement List
DFARS	Defense Federal Acquisition Regulation Supplement
DMDC	Defense Manpower Data Center
DoD	Department of Defense
FAR	Federal Acquisition Regulation

GFP	Government Furnished Property
HLO	High Level Objective
HIPAA	Health Insurance Portability and Accountability Act of 1996
IA	Information Awareness
IAC	Installation Access Control
IACO	Installation Access Control Office
ID	Identification
IGCE	Independent Government Cost Estimate
IT	Information Technology
JTR	Joint Travel Regulation
JPAS	Joint Personnel Adjudication System
KO	Contracting Officer
OCI	Organizational Conflict of Interest
OCONUS	Outside Continental United States (includes Alaska and Hawaii)
ODC	Other Direct Costs
OPSEC	Operations Security
PA	Property Administrator
PII	Personally Identifiable Information
PIPO	Phase In/Phase Out
POC	Point of Contact
PRS	Performance Requirements Summary
PWS	Performance Work Statement
QA	Quality Assurance
QAP	Quality Assurance Program
QASP	Quality Assurance Surveillance Plan
QC	Quality Control
QCP	Quality Control Program
RA	Requiring Activity
TE	Technical Exhibit
USAG	United States Army Garrison
UOM	Unit of Measure
VHP	Vapor Hydrogen Peroxide

PART 3

GOVERNMENT PROPERTY (GP) AND SERVICES

3. Government Furnished Property Reserved

3.1 Emergency and Rescue

3.1.1 The Government will furnish emergency medical and rescue services to prevent loss of life, limb, or undue suffering within the areas serviced by the applicable installation emergency services provider. The Government will seek reimbursement for medical services rendered, as appropriate.

3.1.2 The Government will provide installation fire services to include firefighting, fire prevention inspections and investigations; Installation security services; confined space rescue; and Hazardous Material (HAZMAT) first response.

3.2 Telecommunications/Utilities

3.2.1 The Government will provide reasonable access to Government-furnished telecommunications for official use related to this effort. Line service will include on-post service, and Defense Switched Network (DSN). The cost of unofficial telephone service (e.g., telephone service not incidental to performance of the contract) shall be reimbursed to the Government. The contractor shall ensure compliance with AR 25-1 Information Assurance as related to telecommunications use and access. The Government will not provide reimbursement for additional services or special connectivity relative to contractor unique equipment, software, or corporate requirements.

3.2.2 The Government will furnish appropriate amounts of heat, heating fuels, gas, electricity, sewage, and water utilities, as currently installed in GFF, for use under this contract. All facilities do not receive the same utility services. The contractor shall not change or modify any Government provided utility systems or components or install any CFE components or system without prior KO or designated representative written approval as coordinated through the DPW.

PART 4 CONTRACTOR FURNISHED ITEMS AND SERVICES

4. Contractor Furnished Property and Services

4.1 General: The Contractor shall furnish all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items necessary to perform services as described in the PWS and associated contract documents, except for those items specified in Part 3 Government Property and Services.

4.2 Secret Facility Clearance: Reserved

4.3 Materials: The Contractor shall provide all items needed to perform the PWS.

4.4 Vehicles and Equipment: The Contractor shall provide all necessary vehicles (no GSA vehicles provided to Contractor for use on this contract) and equipment to perform the work described in this PWS.

4.5 Background Checks): The Contractor shall provide Background Checks in accordance with this PWS and as determined by the Government.

PART 5 SPECIFIC TASKS

5.1 Basic Services: The Contractor shall provide services for the calibration, certification, maintenance, inspection and cleaning of the Steris VHP-1000-ARD type vaporized hydrogen peroxide (VHP) units. The VHP units have a requirement to be certified annually. The VHP units need bi-annual cleaning and calibrations (PM). The Contractor shall provide (if needed) unscheduled call-out repairs outside the manufacturer's recommended preventative maintenance requirements.

The Contractor shall provide Detailed Field Service Report ({*Deliverable #D03*}).. The Contractor shall provide NIST Traceable Calibration Report (Test Report with the certification Pass/Fail reported) ({*Deliverable #D04*}), "Certification Sticker" Visual indicator attached to the certified equipment indicating the identity of the equipment ({*Deliverable #D06*}) with date of certification, and the technician's signature. The Contractor shall provide Performance of Maintenance Report base on the most current and revision of the applicable Preventative maintenance checklist ({*Deliverable #D06*}).. Contractor shall provide Assessment Report and Quote for unscheduled maintenance ({*Deliverable #D07*}).. (provided as soon as completion of the services).

5.2 Tasks: Tasks consist of the following:

5.2.1 Scheduled Preventive Maintenance

5.2.1.1 Scheduled preventive maintenance for all VPH units will be conducted in accordance with the Original Equipment Manufacturer's (OEM) current Preventative Maintenance Checklist (PMCL)

(a) STD : OEM Certification and testing must be performed by experienced, qualified and accredited field certifiers. Provide the OEM's Technician certification to COR prior to services. The OEM's certification and accreditation shall be current and verifiable with the Contractor .

AQL: 100% Compliant

(b) STD: Customer Support must be provided by the OEM as per the service coverage description which is to provide Priority Technical Support 24/7, Customer Care Center, Place a Service Request online at eService.com, and Detailed Service Documentation.

AQL: 100% Compliant

(c) The Contractor shall provide a Performance of Maintenance Report base on the most current and revision of the applicable Preventative maintenance checklist.

AQL: 100% Compliant

5.2.1.2 Annual Certification. Contractor shall preform an annual certification on every Vaporized Hydrogen Peroxide (VHP) machine. This certification will validate the unit's operational efficacy, safety mechanisms, and compliance with all applicable manufacturers requirements..

(a) STD: The Contractor shall complete each VHP machine annually.
AQL: 100% Compliant

(b) STD: The Contractor shall provide a NIST Traceable Calibration Report (Test Report with the certification Pass/Fail reported), "Certification Sticker" Visual indicator attached to the certified equipment indicating the identity of the equipment, date of certification, and the technician's signature.
AQL: 100% Compliant

5.2.1.3 Emergency Services The Contractor shall provide (if needed) unscheduled call-out repairs outside the manufacturer's recommended preventative maintenance requirements.

(a) STD: The Contractor shall complete unscheduled repair as soon as possible.
AQL: 100% Compliant

(b) STD: The Contractor shall provide all necessary reports for the unscheduled repair.
AQL: 100% Compliant

PART 6 APPLICABLE PUBLICATIONS

6. Applicable Publications (Current Editions): The following publications, manuals, regulations, etc. are mentioned in this PWS and are listed below.

- 6.1.1 Department Of Defense Contract Security Classification Specification (DD Form 254)
- 6.1.2 Department of Defense Security Agreement (DD Form 441)
- 6.1.3 National Industrial Security Program Operating Manual (DoD 5220.22-M)
- 6.1.4 Installation Access Control (AE Reg 190-16)
- 6.1.5 The Army Physical Security Program (AR 190-13)
- 6.1.6 Contractor Identification (AE Reg 27-715)
- 6.1.7 U.S. Army Corps of Engineers Safety and Health Requirements Manual (EM 385-1-1)
- 6.1.8 Information Assurance Workforce Improvement Program (DoD 8570-M)
- 6.1.9 Information Assurance Training Certification and Workforce Management Directive (DoDD 8570.01)
- 6.1.10 Information Assurance (AR 25-2)
- 6.1.11 Electromagnetic Compatibility Directive (2004/108/EC)
- 6.1.12 Policies and Procedures for Property Accountability (AR 735-5)

PART 7
ATTACHMENT AND TECHNICAL EXHIBIT LISTING

7. Attachment and Technical Exhibit List

7.1 Technical Exhibit A – Performance Requirements Summary

7.2 Technical Exhibit B – Deliverables Schedule

7.3 Technical Exhibit C– Good Order and Discipline Evaluation

TECHNICAL EXHIBIT A
Performance Requirements Summary (PRS)

Performance Objective (The Service required—usually a shall statement)	Standard	Performance Threshold (THIS IS THE MAXIMUM ERROR RATE. IT COULD POSSIBLY BE "ZERO DEVIATION FROM STANDARD")	Incentive (Positive and/or Negative)
PRS #1 The Contractor shall provide services for the calibration, certification, maintenance, inspection and cleaning of the Steris VHP-1000-ARD type vaporized hydrogen peroxide (VHP) units. The VHP units have a requirement to be certified annually. The VHP units need bi-annual cleaning and calibrations. <u>Deliverables:</u> D03- Test Report with the certification Pass/Fail reported. D05- Certification sticker which is a Visual indicator attached to the certified equipment indicating the identity of the equipment, date of certification, and the technician's signature. D04- NIST Traceable Calibration Report (Test Report with the certification Pass/Fail reported)	a) OEM Certification and testing must be performed by experienced, qualified and accredited field certifiers. Provide the OEM's Technician certification to COR prior to services. The OEM's certification and accreditation shall be current and verifiable with the Contractor. AQL: 100% Compliant b) Customer Support must be provided by the OEM as per the service coverage description, which is to provide Priority Technical Support 24/7, Customer Care Center, Place a Service Request online at eService.com, and Detailed Service Documentation. AQL: 100% Compliant c) Certification and testing must be performed by experienced, qualified and accredited field certifiers. AQL: 100% d) The Contractor shall provide a Performance of Maintenance Report base on the most current and revision of the applicable Preventative maintenance checklist. AQL: 100% Compliant e) The Contractor shall provide Detailed Field Service Report. The Contractor shall provide NIST Traceable Calibration Report (Test Report with the certification Pass/Fail reported), "Certification Sticker" Visual indicator attached to the certified equipment indicating the	100% Compliance	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform the service

	identity of the equipment, date of certification, and the technician's signature.		
PRS #2 The Contractor shall provide (if needed) unscheduled call-out repairs outside the manufacturer's recommended preventative maintenance requirements <u>Deliverables:</u> D07- Assessment Report and Quote for unscheduled maintenance	a) The Contractor shall complete unscheduled repair as soon as possible. b) The Contractor shall provide all necessary reports for the unscheduled repair.	100% Compliance	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform the service

TECHNICAL EXHIBIT B
DELIVERABLES SCHEDULE

<u>Deliverable</u>	<u>Frequency</u>	<u># of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
D01- Potential Issue Report	The Contractor shall inform the COR of issues or potential issues that might affect the performance within 5 working hours identifying those issues. Verbal reports shall be followed up by written reports within 10 days	One to the Contracting Officer through the Contracting Officer's Representative (COR)	Electronic delivery via email using Microsoft Office Word or Power Point 2013	To the Contracting Officer through the Contracting Officer's Representative (COR)
D02- Contractor Work Plan	within 20 days after date of contract award	One to the Contracting Officer via the COR for review	Electronic delivery via email using Microsoft Office Word or Power Point 2013	To the Contracting Officer through the Contracting Officer's Representative (COR)
D03- Detailed Field Service Report	No later than 1 week following service	One to the COR	Electronic delivery via email using Microsoft Office Word or Power Point 2013	To the COR
D04- NIST Traceable Calibration Report (Test Report with the certification Pass/Fail reported)	No later than 1 week following service	One to the COR	Electronic delivery via email using Microsoft Office Word or Power Point 2013	To the COR

<u>Deliverable</u>	<u>Frequency</u>	<u># of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
D05- "Certification Sticker" Visual indicator attached to the certified equipment indicating the identity of the equipment with date of certification and the technician's signature	At time of service	One to the COR	Electronic delivery via email using Microsoft Office Word or Power Point 2013	To the COR
D06- Performance of Maintenance Report based on the most current and revision of the applicable Preventative maintenance checklist	No later than 1 week following service	One to the COR	Electronic delivery via email using Microsoft Office Word or Power Point 2013	To the COR
D07- Assessment Report and Quote for unscheduled maintenance	No later than 1 week following request of service	One to the COR	Electronic delivery via email using Microsoft Office Word or Power Point 2013	To the COR
