Sources Sought Synopsis: Alarm Monitoring and Telephonic Support Services

**1. Introduction**

This is a Sources Sought notice for market research purposes only, issued by the Department of the Army, Darnell Army Medical Center. This is not a solicitation for proposals, and no contract will be awarded from this notice. The purpose of this notice is to assist the Government in determining the availability and capability of potentially qualified small businesses, including:

- 8(a)
- HUBZone
- Service-Disabled Veteran-Owned Small Business (SDVOSB)
- Woman-Owned Small Business (WOSB)
- Small Disadvantaged Business (SDB)
- Other Small Business concerns

**2. Requirement Description**

The Government requires a follow-on, non-personal services contract to provide 24/7/365 intrusion detection system monitoring and remote telephonic technical support for three (3) of its community-based clinics. The Intrusion Detection and Duress systems at the specified locations are Government Furnished Equipment (GFE).

The contractor shall provide:

- Alarm Monitoring & Reporting: Continuous (24/7/365, including public holidays) monitoring of the Intrusion Detection System. Upon alarm activation, the contractor shall immediately notify designated Government personnel and/or local authorities.
- Technical Support: Provide telephone-based technical support to Government personnel during normal business hours to assist in performing system maintenance and repairs.

**TECHNICAL SUPPORT RESPONSE TIMES**

The Contractor shall respond to requests for technical support as follows:

| Event Type     | Acknowledge Request | Provide Technical Guidance | Definition                                            |
|----------------|---------------------|----------------------------|-------------------------------------------------------|
| Critical Event | 1 Hour              | 4 Hours                    | An event where a pharmacy cannot be properly secured. |

|                     |         |          |                                                                                    |
|---------------------|---------|----------|------------------------------------------------------------------------------------|
| <b>Normal Event</b> | 4 Hours | 24 Hours | Any other event where the system requires repair, but the pharmacy remains secure. |
