SUBJECT: FY26 Airfield Runway Taxiway Light Removal
NAICS: 238210 – Electrical Contractors and Other Wiring Installation Contractors
PCS: J062 – Maintenance, Repair of Equipment: Lighting Fixtures and Lamps

1. ***The Government is only conducting market research and attaining information*** to identify contractors that are able to provide all items listed below and the cost associated to acquire these specific items/services. ***All information provided is STRICTLY VOLUNTARY.***

The Government anticipates the need to replace the raised lights and signs in relation to the B-52 RADAR Modernization Program as the B-52 aircraft is towed or taxied on the runway as defined in the draft Statement of Work (SOW). Contractor shall be responsible for ensuring the B-52 has access to the runway from Boeing and ensure the lights and signs are restored back to original condition. The B-52 path will be from the Boeing Ramp to taxiway Echo, crossing Taxiway Alpha, and stay on Taxiway Echo to the runway. The runway and taxiway lights and runway signs, as described in the drafted SOW, are included in this contract.

After the runway lights/signs are reinstalled, if found inoperable as originally determined, then the contractor shall repair the lights/signs. Contractor shall be responsible for lights/signs that were damaged during this contract, if the Government has replacement parts available, they may be used; however, the Contractor shall be responsible for replenishing the Government's stock with identical part(s).

Please see the attached ***Draft SOW*** for further details on the requirement.
