Request for Information: Preventive and corrective maintenance services on Government owned Draeger Anesthesia Units, Apollo Model

Background: U.S. Naval Hospital (USNH) Naples is a twenty-nine (29) bed community hospital with one Naval Branch Health Clinic (NBHC) located at Capodichino and a Navy Fleet Liaison Detachment at Landstuhl Regional Medical Center, Landstuhl, Germany.

Objectives:

- The contractor shall provide two (2) scheduled preventive maintenance visits per year. The contractor shall provide technical support via an English-speaking service technician.
- The contractor shall provide unlimited on-site corrective repairs during normal business hours (8:00 A.M. to 4:30 P.M. Monday through Friday).
- The contractor shall provide replacement parts, technical modifications, working hours and travel necessary to maintain the machines in proper operating condition to assure continued operation at their designated efficiency and capacity.

This Request for Information (RFI) is issued to assist the Contracting Officer in conducting market research to establish if two or more responsible participants are present on SAM.gov that can provide the required services.

Submission Instructions:

1. Please respond with a maximum of a five (5) pages capabilities document. The capabilities document should document the potential Offeror's ability (or inability) to meet the requirements as indicated in the sample performance work statement below and highlight any other information requested by the RFI.
2. Please save the capabilities document as an MS Word document. Please send the capabilities document as an attachment to an email using "SAM.gov RFI_12403667" in the Subject line.
3. Responses, both positive and negative (ability or inability), shall be provided via email to:
joshua.m.grim.civ@health.mil
4. Responses (closing date) are requested no later than 10:00 AM, Eastern Time, 19 March 2026.
5. Questions are permitted but should be restricted to items that if unanswered would limit a potential Offeror's ability to respond accurately as to their capability to provide the required services. The deadline for questions is 10:00 AM 10 March 2026..
6. All communications shall be restricted to email. Defense Health Agency (DHA) will not accept phone calls.
7. Release of this RFI does not guarantee that a solicitation will be forthcoming, nor does it in any way limit the Contracting Officer's ability to set the acquisition strategy for any potential future requirements.

Administrative Information:

1. The period of performance for this sample requirement includes a base period of 12 months, four (4) 12-month option periods, for a total of 60 months (if all options are exercised).
2. This sample requirement is for Non-personal Services. This sample requirement will be performance based and services are considered to be severable services. A Quality Assurance Surveillance Program (QASP) will be provided in the event a solicitation is issued.
