5. **Authority Cited:** In accordance with FAR 13.106-1(b)(1), for purchases not exceeding the Simplified Acquisition Threshold (SAT), only one source is reasonably available due to urgency, exclusive licensing agreements, brand name requirements, or industrial mobilization. This action is not a brand name restriction and falls under \$250,000; therefore, posting a justification is not required per FAR 13.105(c).

KNS Culinary Group, LLC is an authorized vendor and is fully qualified to provide the required catering services. Additionally, this sole-source acquisition is conducted under the authority of Title 41 U.S.C. §1901(e)(2), as implemented in FAR 13.501(a)(1)(ii), utilizing simplified procedures for certain commercial items.

6. **Reason for Authority Cited:**

- a. **Background:** The United States Southern Command (USSOUTHCOM) will host a [REDACTED] luncheon on 5 March 2026 as part of the [REDACTED] Conference ([REDACTED]) at its headquarters in Doral, Florida. This event will be attended by approximately 200 [REDACTED] guests, [REDACTED]

To support this event, USSOUTHCOM requires professional catering services [REDACTED]. The catering must provide a gourmet buffet lunch with high-quality food and beverages, accompanied by professional staffing and elegant service ware. The event will be held at the USSOUTHCOM [REDACTED], and the contractor will be responsible for all aspects of food preparation, presentation, service, and cleanup, ensuring compliance with government food safety standards and security requirements.

Due to the short notice for this conference, directed by [REDACTED] [REDACTED] the availability of high-quality, vetted catering companies for March 5, 2026, is extremely limited. Our search has identified only one company that meets all requirements and is available on the specified date.

USSOUTHCOM does utilize catering BPA's for smaller events that can provide catering services. However, given previous acquisition history with local caterers, the magnitude, complexity, and size of the current requirement. This event requires a vendor that can meet all specific requirements in a timely manner. Three years ago, the JEVb team executed a similar event with a BPA vendor and received mixed results. Additionally, last year the Government executed a community leaders event with negative results from another BPA vendor. The Government has determined that the circumstances of the contract action deem only one source reasonably available, KNS Culinary Group, LLC, that can deliver all specifications.

[REDACTED]

This requirement is critical to ensuring the success of the [REDACTED] event by providing a dignified and seamless dining experience that supports USSOUTHCOM's mission and diplomatic engagements.

- b. **Impact if not approved:** Failure to approve this requirement would significantly impact the success of [REDACTED] and USSOUTHCOM's ability to host a [REDACTED] luncheon for [REDACTED] attendees, including [REDACTED]. [REDACTED] The luncheon is a critical component of the conference, serving as a platform for diplomatic engagement and fostering collaboration among key stakeholders. Without the necessary catering services, USSOUTHCOM risks compromising the professionalism and prestige of the event, potentially damaging its reputation and undermining its mission to strengthen regional partnerships and counter transnational threats.

7. **Efforts to Obtain Competition:** Despite extensive efforts to identify potential vendors, the short notice required to fulfill this requirement has limited the availability of qualified providers. Only one vendor has been identified as capable of delivering the requested services for March 5, 2026. No other viable sources were found that could meet the Government's needs within the specified timeframe. This approach represents the most advantageous solution for the Government.
8. **Market Research:** Even though market research indicates there are small businesses in the area that can provide catering services, given previous acquisition history with local caterers, the magnitude, complexity, and size of the requirement the Government has determined that the circumstances of the contract action deem only one source reasonably available that can deliver all specifications.

As a result, the Government intends to award this requirement as a Firm-Fixed Price contract. This acquisition will be solicited as a sole-source, small business set-aside to KNS Culinary Group, LLC for catering services, in accordance with FAR Part 13.106-1(b)(1).

11. Technical Certification: I certify that the supporting data under my cognizance, which are included in the justification, are accurate and complete to the best of my knowledge and belief.

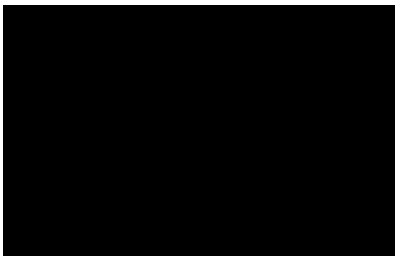

12. Fair and Reasonable Cost Determination: I hereby determine that the anticipated price/cost to the Government for this contract action will be fair and reasonable. This determination will be made using as described in FAR 15.404-1(b)(2)(i). Specifically, I will compare the vendor's proposed prices with previous Government prices for similar items. This analysis will provide sufficient evidence to conclude that the proposed price is fair and reasonable, considering prevailing market conditions and historical pricing data for comparable goods or services.
