

The following document provides some guidance on uploading proposals through DIBBS.

The offer must be signed and completed in its entirety in accordance with the solicitation requirements. Do not select submit until all associated documents are added. No data will be saved unless the offer is submitted. Once submitted, documents may be added, but not removed.

CAUTION - LATE Submissions, Modifications, and Withdrawals: See Section L, Provision No. 52.212-1, 52.214-7 or 52.215-1. All offers are subject to all terms and conditions contained in the solicitation.

Reference FAR 15.208(a), which states "Offerors are responsible for submitting proposals, and any revisions, and modifications, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. Offerors may use any transmission method authorized by the solicitation (i.e., regular mail, electronic commerce, or facsimile). If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposals are due."

NOTE: if the ability to upload proposals is unavailable for any reason, this does not constitute an acceptable reason for a late bid. Please refer to your solicitation for other acceptable submission methods.

Once logged in, you will be able to submit an offer in response to a solicitation found on the RFP search screen by selecting the **"Offer"** icon. The button will only be selectable for vendors who are logged onto DIBBS. If not logged in yet, DIBBS will take you to the log in screen.
