

MES Industry Day 19/20 March 2026

Enhancing Installation Readiness

Capability Infusion

Manufacturing:

Robotics

Automation (Including Coordinate Measuring Machine)

3D Printing

Digital Modeling

Enhanced Quality Inspection Technology

Electronic Support

Mobile printing marking systems

Inventory/Storage:

Material Handling/real time tracking

Igloo/Storage upgrades - climate control

Predictive Maintenance Technology

Demil:

Alternative demil technologies: Closed detonation chambers, incineration and cryofracture.

Autonomous hazardous equipment vehicles
