MEMORANDUM FOR AFSC/PZIOC

FROM: 72 ABW/CEED

SUBJECT: WWYK150083, Repair Transformer Vault 6, B9001

This requirement has been reviewed by appropriate technical personnel and to the best of my knowledge and belief, it does not require the contractor to use Class 1 Ozone Depleting Substances (ODS) identified in Air Force Policy in the performance of the contract, nor does it require the delivery of these Class 1 ODS in any item or as part of any service.
